1100 DISTRICT ORGANIZATION

The Board of Education directs the establishment and implementation of an organizational plan for the management and control of school district operations. The plan will require the identification and resolution of problems at appropriate organizational levels. All references to school district administrators in policies or regulations shall be construed to mean that administrator or their designee.

All members and employees of this Board are directed to observe faithfully the chain of communications established by the district organizational plan. In general, a problem should be identified and its resolution attempted at the level most immediate to the problem's origin. When a resolution cannot be found at that level, remedy may be sought through appropriate resolution and remediation procedures.

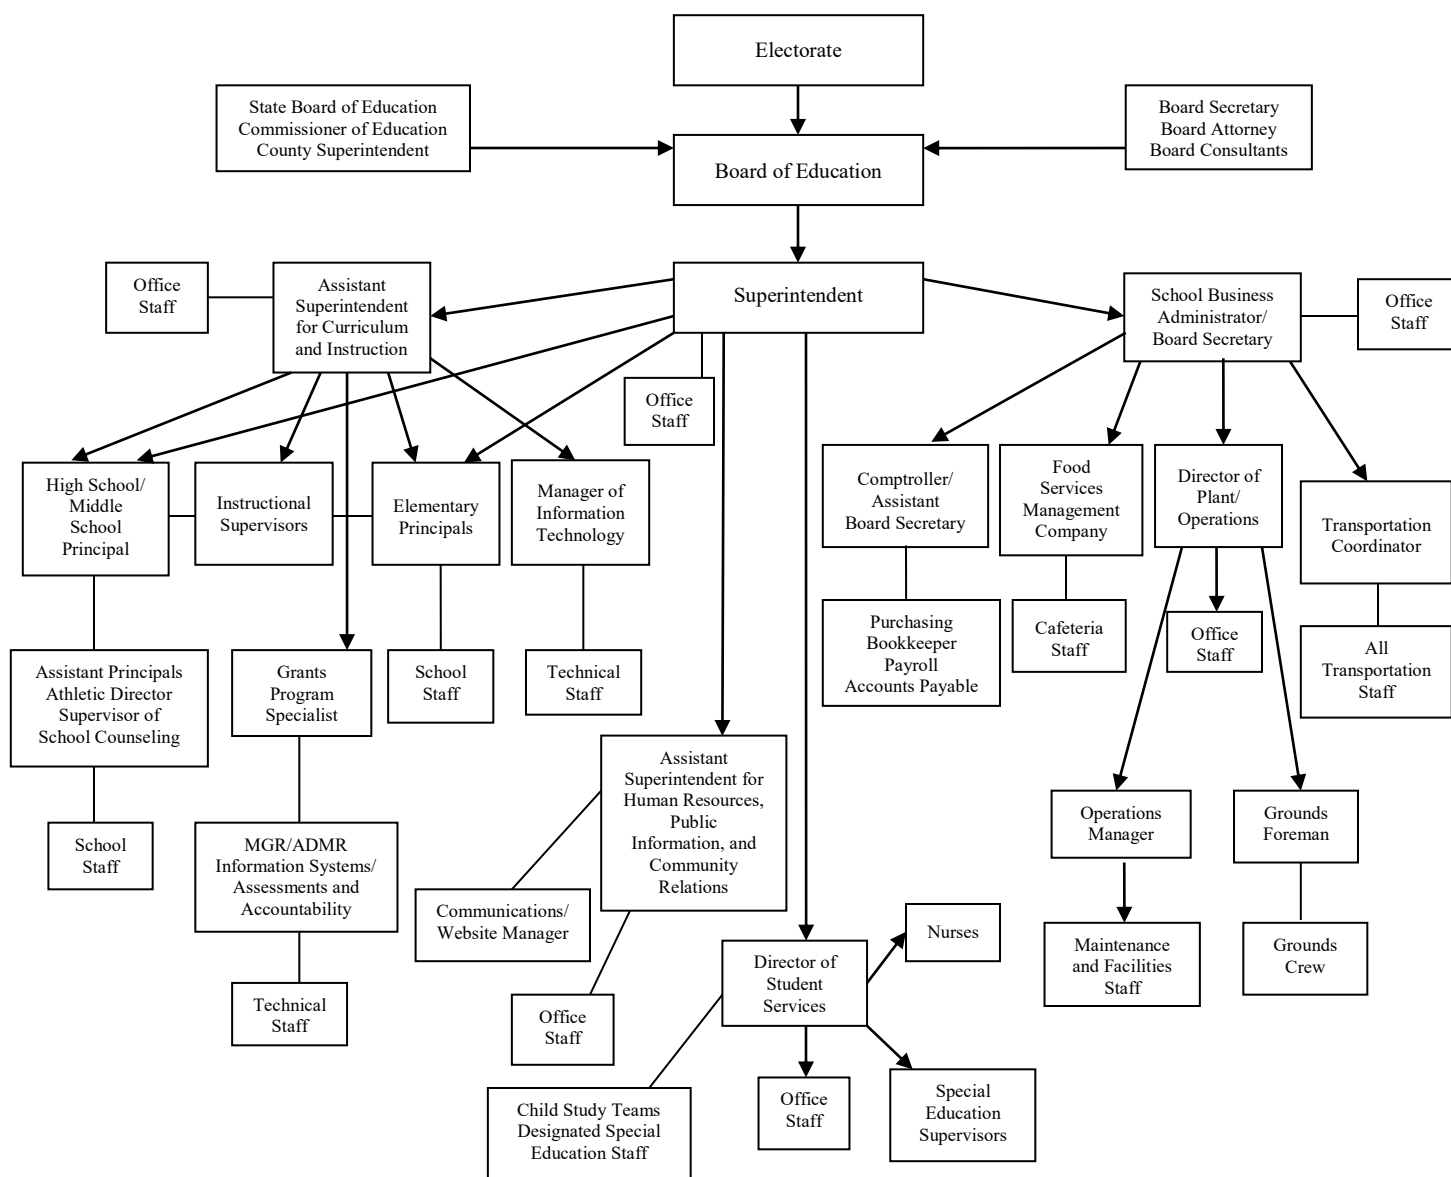

The Board expressly disapproves of any attempt to expedite the resolution of a problem by disregard of the organizational plan and the appropriate processes. A staff member's persistent disregard for the established management organization of this district in violation of this policy will be considered an act of insubordination subject to discipline.

1210 BOARD-SUPERINTENDENT RELATIONS

The Board of Education believes that it is the primary duty of the Board to establish policies and the primary duty of the Superintendent to implement and administer those policies.

The Superintendent, as Chief Administrative Officer of the school district, is the primary professional advisor to the Board. Policy should not be adopted or revised without consultation with the Superintendent.

The Superintendent is responsible for the development, supervision, and operation of the school program and facilities and will be given latitude to implement and administer policies in accordance with such standards as may have been set forth in the policies. The Superintendent will discharge their responsibility in part through the establishment and promulgation of administrative regulations.

1211 DISCLOSURE OF PERSONNEL DECISIONS

The Superintendent and their staff will work in good faith at all times to solicit Board input in early stages of any personnel decision, either through communications with the Board executives, one or more Board committees, and/or the full Board at its monthly meetings. To the extent possible, the Superintendent and their staff will not post a job description without prior review by the Board's personnel committee.

Moreover, in advance of any posting specifically of an administrative or supervisory position, whether permanent or temporary, the Superintendent or their staff will inform either the full Board or its personnel committee.

The Superintendent and their staff will provide the Board's personnel committee with all necessary information about a recommended staff member appointment in a timely manner, and obtain Board approval prior to all staff member appointments. Subject only to certain limited exceptions set forth below, no offer of any term of appointment shall be made, and no appointment terms shall begin, prior to the date of the Board's actual approval of such appointment.

The Superintendent will direct their staff to provide all Board members with notice of and information about recommended personnel appointments at least four calendar days in advance of a Board meeting at which such recommended appointment will be on the agenda. If such timely notice is not provided, the recommended appointment will be tabled, and the appointment start date postponed, until the next Board meeting.

Notwithstanding the general requirements set forth above, the Board recognizes that personnel needs may change quickly in certain unavoidable, emergent circumstances. When an unforeseen, emergency appointment is necessary to ensure a school or program's basic operations before the next opportunity to seek Board approval, the Superintendent will inform the Board President and the chair of the Board's personnel committee immediately, and will inform all other Board members as soon as possible. The Superintendent will provide assurance that there is funding for the position. Such emergency appointments are still subject to the Board's retroactive approval at its next meeting.

The application must include documented evidence that includes, but is not limited to, an independent, third-party written assessment that the alternative system, approach or process will achieve the same safeguards, efficiency, and other purposes as the specified internal control requirement(s).

The school district shall evaluate business processes annually and allocate available resources appropriately in an effort to establish a strong control environment pursuant to the requirements of N.J.A.C. 6A:23A-6.5. Access controls shall be established for key elements of financial systems to ensure that a single person does not have the ability to make system edits that would violate segregation of duties controls.

The school district shall maintain an accurate, complete, and up-to-date automated position control roster to track the actual number and category of employees and the detailed information for each. Districts are required to maintain a position control roster by December 31, 2009. The position control roster shall share a common database and be integrated with the district's payroll system, agree to the account codes in the budget software, and ensure that the data within the position control roster system includes, at a minimum, the required information as required in N.J.A.C. 6A:23A-6.8(a)3.

1581 DOMESTIC VIOLENCE

Policy and Regulation 1581 - Section A. sets forth the New Jersey Civil Service Commission's Uniform Domestic Violence Policy that all public employers shall adopt and distribute to all their employees in accordance with the requirements of N.J.S.A. 11A:2-6a. The purpose of the Uniform Domestic Violence Policy is to encourage public employees who are victims of domestic violence, and those impacted by domestic violence, to seek assistance from their public employer's human resources officer(s) and to provide a standard for a public employer's human resources officer(s) to follow when responding to employees.

Policy and Regulation 1581 – Section B. provides employment protection for employees of those employers as defined in N.J.S.A. 34:11C-2, who are victims of domestic violence or sexual violence in accordance with the provisions of the New Jersey Security and Financial Empowerment Act (NJ SAFE Act) - N.J.S.A. 34:11C-1 et seq.

A. Uniform Domestic Violence Policy (N.J.S.A. 11A:2-6a)

All New Jersey public employees are covered under N.J.S.A. 11A:2-6a and Policy and Regulation 1581 – Section A. All public employers shall designate a Human Resources Officer (HRO) or equivalent to assist employees who are victims of domestic violence. The name and contact information of the designated HRO must be provided to all employees. Managers and supervisors are required to refer any employee who is experiencing domestic violence or who report witnessing domestic violence to the designated HRO.

Employees who are victims of domestic violence are encouraged to seek immediate assistance from their HRO. Employees who have information about or witness an act of domestic violence against an employee are encouraged to report that information to the designated HRO, unless the employee is required to report the domestic violence pursuant to applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General directives and guidelines that impose a duty to report, in which case the employee must report to the appropriate authority in addition to reporting to the designated HRO.

Nothing in the Uniform Domestic Violence Policy and Policy and Regulation 1581 – Section A. shall preclude an employee from contacting 911 in emergency situations. HROs shall remind employees to contact 911 if they feel they are in immediate danger.

Each designated HRO shall comply with the requirements outlined in Regulation 1581 – Section A.4.d. In responding to reports of domestic violence, the HRO shall seek to maintain confidentiality to protect an employee making a report of, witnessing, or experiencing domestic violence, to the extent practical and appropriate under the circumstances and allowed by law.

To ensure confidentiality and accuracy of information, the Uniform Domestic Violence Policy 1581 and Regulation 1581 – Section A.6. require the HRO to keep all documents and reports of domestic violence in a confidential personnel file separate from the employee's other personnel records.

Public employers in the State of New Jersey shall develop an action plan to identify, respond to, and correct employee performance issues that are caused by domestic violence, pursuant to N.J.S.A. 11A:2-6a, and in accordance with the guidelines outlined in Regulation 1581 - Section A.7.

Resources and program information will be readily available to assist victims of domestic violence.

A public employer may seek to modify Policy and Regulation 1581 to create additional protocols to protect victims of domestic violence, but may not modify in a way that reduces or compromises the safeguards and processes set in the Uniform Domestic Violence Policy.

B. The New Jersey Security and Financial Empowerment Act – (N.J.S.A. 34:11C-1 et seq. - NJ SAFE Act)

The New Jersey Security and Financial Empowerment Act, N.J.S.A. 34:11C-1 et seq. (NJ SAFE Act), is a law that provides employment protection for victims of domestic or sexual violence. Any employee of an employer in the State of New Jersey as defined in N.J.S.A. 34:11C-2, who was a victim of an incident of domestic violence as defined in N.J.S.A. 2C:25-19, or a sexually violent offense as defined in N.J.S.A. 30:4-27.26, or whose parent-in-law, sibling, grandparent, grandchild, child, parent, spouse, domestic partner, or civil union partner individual, or any other individual related by blood to the employee, and any other individual that the employee shows to have a close association with the employee which is the equivalent of a family relationship, was a victim shall be entitled to unpaid leave of no more than twenty days in one twelve-month period, to be used in the twelve-month period next following any incident of domestic violence or any sexually violent offense as provided in N.J.S.A. 34:11C-3.

The unpaid leave may be taken intermittently in intervals of no less than one day, as needed for the purpose of engaging in the activities outlined in N.J.S.A. 34:11C-3 and Regulation 1581 - Section B.3.a.(1)-(6) as they relate to the incident of domestic violence or sexually violent offense as outlined in Regulation 1581 - Section B.3.b.

An eligible employee may elect to use any accrued paid vacation leave, personal leave, or medical or sick leave of the employee, or any family temporary disability leave benefits provided pursuant to N.J.S.A. 43:21-27 during any part of the twenty-day period of unpaid leave provided under N.J.S.A. 34:11C-3.a.

Prior to taking the leave provided for in N.J.S.A. 34:11C-3 and Regulation 1581 - Section B., an employee shall, if the necessity for the leave is foreseeable, provide the employer with written notice of the need for the leave, unless an emergency or other unforeseen circumstance precludes prior notice. The notice shall be provided to the employer as far in advance as is reasonable and practical under the circumstances.

Nothing contained in the NJ SAFE Act (N.J.S.A. 34:11C-1 et seq.) and Regulation 1581 - Section B., shall be construed to prohibit an employer from requiring that a period of leave provided pursuant to N.J.S.A. 34:11C-3 and Regulation 1581 - Section B. be supported by the employee with documentation of the domestic violence or sexually violent offense which is the basis for the leave. If the employer requires documentation, the employee shall be regarded as having provided sufficient documentation if the employee provides supporting documentation outlined in N.J.S.A. 34:11C-3.c and Regulation 1581 – Section B.3.d.

An employer shall display conspicuous notice of its employees' rights and obligations pursuant to the provisions of the NJ SAFE Act.

An employer shall not discharge, harass, or otherwise discriminate, retaliate, or threaten to discharge, harass, or otherwise discriminate or retaliate against an employee with respect to the compensation, terms, conditions, or privileges of employment on the basis that the employee took or requested any leave to which the employee was entitled pursuant to N.J.S.A. 34:11C-3 of the NJ SAFE Act or on the basis that the employee refused to authorize the release of information deemed confidential pursuant to N.J.S.A. 34:11C-3.f of the NJ SAFE Act.

Upon a violation of any of the provisions N.J.S.A. 34:11C-3 or N.J.S.A. 34:11C-4, an employee or former employee may institute a civil action in the Superior Court for relief. All remedies available in common law tort actions shall be available to a prevailing

plaintiff. The Court may also order any or all of the relief outlined in N.J.S.A. 34:11C-5. An action brought under N.J.S.A. 34:11C-5 shall be commenced within one year of the date of the alleged violation. A private cause of action provided for in N.J.S.A. 34:11C-5 shall be the sole remedy for a violation of the NJ SAFE Act.

The applicant shall also provide a written statement as to whether the applicant has any employment history regarding child abuse or sexual misconduct pursuant to N.J.S.A. 18A:6-7.7.a.(3).

The failure of an employer to provide the information requested by the hiring entity pursuant to N.J.S.A. 18A:6-7.7.b. within a twenty-day timeframe may be grounds for the automatic disqualification of an applicant from employment with a hiring entity in accordance with N.J.S.A. 18A:6-7.9.c.

In accordance with the provisions of N.J.S.A. 18A:6-7.9.c., a hiring entity shall not be liable for any claims brought by an applicant who is not offered employment or whose employment is terminated because of any information received or due to the inability to conduct a full review of the applicant's employment history pursuant to N.J.S.A. 18A:6-7.7.

Disclosure and Review of Applicant's Employment History

In accordance with the provisions of N.J.S.A. 18A:6-7.9.d., a hiring entity shall have the right to immediately terminate an individual's employment or rescind an offer of employment if the applicant is offered employment or commences employment following June 1, 2018 and information regarding the applicant's history of sexual misconduct or child abuse is subsequently discovered or obtained by the employer that the employer determines disqualifies the applicant or employee from employment under N.J.S.A. 18A:6-7.6 et seq. The termination of employment pursuant to N.J.S.A. 18A:6-7.9 shall not be subject to any grievance or appeals procedures or tenure proceedings pursuant to any collectively bargained or negotiated agreement or any law, rule, or regulation.

A hiring entity may employ or contract with an applicant on a provisional basis for a period not to exceed ninety days pending review of information received pursuant to N.J.S.A. 18A:6-7.7.b. provided the conditions outlined in N.J.S.A. 18A:6-7.10.b. are satisfied.

All requests for information sent to this school district, charter school, or nonpublic school from a hiring entity regarding a current or former employee in accordance N.J.S.A. 18A:6-7.6 et seq. shall be directed to the Superintendent or designee. 1. New employment contracts, including contracts that replace expired contracts for existing tenured and non-tenured employees;
2. Renegotiations, extensions, amendments, or other alterations of the terms of existing employment contracts that have been previously approved by the Executive County Superintendent; and
3. Provisions for contract extensions where such terms were not included in the original employment contract or are different from the provisions contained in the original approved employment contract.

In counties where there is no Executive County Superintendent, an Executive County Superintendent from another county shall be designated by the Commissioner to review and approve all contracts listed above.

The contract review and approval shall take place prior to any required public notice and hearing pursuant to N.J.S.A. 18A:11-11 and prior to the Board of Education approval and execution of the contract to ensure compliance with all applicable laws, including but not limited to N.J.S.A. 18A:30-3.5, 18A:30-9, 18A:17-15.1 and 18A:11-12.

In accordance with the provisions of N.J.S.A. 18A:11-11 and N.J.A.C. 6A:23A-3.1(c)1, the public notice and public hearing required shall be applicable to a Board of Education that renegotiates, extends, amends, or otherwise alters the terms of an existing contract with a Superintendent of Schools, Deputy Superintendent of Schools, Assistant Superintendent of Schools, or School Business Administrator. In accordance with N.J.S.A. 18A:11-11, notice must be provided to the public at least thirty days prior to the scheduled action by the Board. The Board shall provide the public with at least ten days' notice of the public hearing.

In accordance with N.J.A.C. 6A:23A-3.1(c)1, the public notice and public hearing required pursuant to N.J.S.A. 18A:11-11 shall not apply to new contracts, including contracts that replace expired contracts for existing employees in one of these positions, whether tenured or not tenured. Nothing shall preclude a Board from issuing a public notice and/or holding a public hearing on new contracts, including new contracts that replace expired contracts for existing tenured and non-tenured employees.

The public notice and public hearing required pursuant to N.J.S.A. 18A:11-11 is also required in the event an existing contract for a Superintendent of Schools, Deputy Superintendent of Schools, Assistant Superintendent of Schools, or School Business Administrator is rescinded or terminated by the Board of Education before it is due to expire and the parties agree to new employment terms.

In connection with the Executive County Superintendent's review of the contract, the Board shall provide the Executive County Superintendent with a detailed statement setting forth the total cost of the contract for each applicable year, including salary, longevity (if applicable), benefits, and all other emoluments.

The review and approval of the employment contracts of Superintendents of Schools, Deputy Superintendents of Schools, Assistant Superintendents of Schools, and School Business Administrators conducted by the Executive County Superintendent shall be consistent with the following additional standards outlined in N.J.S.A. 18A:7-8.1 and N.J.A.C. 6A:23A-3.1:

No contract shall include provisions for the reimbursement or payment of employee contributions that are either required by law or by a contract in effect in the school district with other teaching staff members, such as payment of the employee's State or Federal taxes, or of the employee's contributions to FICA, Medicare, State pensions and annuities (TPAF), life insurance, disability insurance (if offered), and health benefit costs.

4. No contract shall contain a payment as a condition of separation from service that is deemed by the Executive County Superintendent to be prohibited or excessive in nature. The payment cannot exceed the lesser of the calculation of three months pay for every year remaining on the contract with pro-ration for partial years, not to exceed twelve months, or the remaining salary amount due under the contract.
5. No contract shall include benefits that supplement or duplicate benefits that are otherwise available to the employee by operation of law, an existing group plan, or other means; e.g., an annuity or life insurance plan that supplements or duplicates a plan already made available to the employee. Notwithstanding the provisions of this section, a contract may contain an annuity where those benefits are already contained in the existing contract between the employee and the district.
6. Contractual provisions regarding accumulation of sick leave and supplemental compensation for accumulated sick leave shall be consistent with N.J.S.A. 18A:30-3.5. Supplemental payment for accumulated sick leave shall be payable only at the time of retirement and shall not be paid to the individual's estate or beneficiaries in the event of the individual's death prior to retirement. Supplemental payments for unused vacation leave accrued consistent with the provisions of N.J.S.A. 18A:30-9 after June 8, 2007 as well as unused vacation leave accumulated prior to June 8, 2007 that has not been paid, shall be payable at the time of separation and may be paid to the individual's estate or beneficiaries in the event of the individual's death prior to separation.
8. Contractual provisions that include a calculation of per diem for twelve month employees shall be based on a two hundred sixty day work year.

9. No provision for a merit bonus shall be made except where payment is contingent upon achievement of quantitative merit criterion and/or qualitative merit criterion:
 - a. A contract may include no more than three quantitative merit criteria and two qualitative merit criteria per contract year.
 - b. The Executive County Superintendent shall approve or disapprove the selection of quantitative merit and qualitative merit criteria and the data that forms the basis of measuring the achievement of quantitative merit and qualitative merit criteria.
 - c. A contract may provide for merit bonuses in an amount not exceeding 3.33 percent of annual salary for each quantitative merit criterion achieved and 2.5 percent of annual salary for each qualitative merit criterion achieved. Any such merit bonus shall be considered "extra compensation" for purpose of N.J.A.C. 17:3-4.1 and shall not be cumulative.
 - d. 10. No provision for a bonus shall be made except where payment is contingent upon achievement of measurable specific performance objectives expressly contained in a contract approved pursuant to N.J.A.C. 6A:23A-3.1, where compensation is deemed reasonable relative to the established performance objectives and achievement of the performance objectives has been documented to the satisfaction of the Board of Education.
11. No provision for payment at the time of separation or retirement shall be made for work not performed except as otherwise authorized in N.J.A.C. 6A:23A-3.1 and N.J.S.A. 18A:7-8.1.
12. No contract shall include a provision for a monthly allowance except for a reasonable car allowance. A reasonable car allowance shall not exceed the monthly cost of the average monthly miles traveled for business purposes multiplied by the allowable mileage reimbursement pursuant to applicable law and regulation and New Jersey Office of Management and Budget (NJOMB)

circulars. If such allowance is included, the employee shall not be reimbursed for business travel mileage nor assigned permanently a car for official district business. Any provision of a car for official district business must conform with N.J.A.C. 6A:23A-6.12 and be supported by detailed justification. No contract shall include a provision of a dedicated driver or chauffeur.

13. All Superintendent contracts shall include the required provision pursuant to N.J.S.A. 18A:17-15.1 which states that in the event the Superintendent's certificate is revoked, the contract is null and void.

1631 RESIDENCY REQUIREMENT FOR PERSON HOLDING SCHOOL DISTRICT OFFICE, EMPLOYMENT, OR POSITION

Every person holding an office, employment, or position in a school district shall have his or her principal residence in New Jersey in accordance with the provisions of N.J.S.A. 52:14-7.

For the purpose of this Policy, “school district” means any local or regional school district established pursuant to Chapter 8 or Chapter 13 of Title 18A of the New Jersey Statutes and any jointure commission, county vocational school, county special services district, educational services commission, educational research and demonstration center, environmental education center, and educational information and resource center.

For the purpose of this Policy, a person may have at most one principal residence and the State of a person’s principal residence means the State where the person spends the majority of his or her nonworking time, which is most clearly the center of his or her domestic life, and which is designated as his or her legal address and legal residence for voting. Having a home in New Jersey is not significant enough by itself to meet the principal residence requirement of the law. The fact that a person is domiciled in New Jersey shall not by itself satisfy the requirement of principal residency.

A person, regardless of the office, employment, or position, who holds an office, employment, or position in the school district on September 1, 2011, but does not have his or her principal residence in New Jersey on September 1, 2011, shall not be subject to this residency requirement of N.J.S.A. 52:14-7 while the person continues to hold office, employment, or position without a break in public service of greater than seven days.

A person may request an exemption from the provisions of N.J.S.A. 52:14-7 on the basis of critical need or hardship. The request shall be made to a five-member committee established in accordance with the provisions of N.J.S.A. 52:14-7 to consider applications for such exemptions. The decision on whether to approve an application from any person shall be made by a majority vote of the members of the committee, and those voting in the affirmative shall so sign the approved application. If the committee fails to act on an application within thirty days after the receipt thereof, no exemption shall be granted and the residency requirement of N.J.S.A. 52:14-7 shall be operative.

Any person holding or attempting to hold an office, employment, or position in violation of N.J.S.A. 52:14-7 shall be considered as illegally holding or attempting to hold the office, employment, or position; however, the person shall have one year from the time of taking the office, employment, or position to satisfy the requirement of principal residency. If such person fails to satisfy the requirement of principal residency as defined in N.J.S.A. 52:14-7 after the

365-day period, that person shall be deemed unqualified for holding the office, employment, or position. The Superior Court shall, in a civil action in lieu of prerogative writ, give judgment of ouster against such person, upon the complaint of any officer or citizen of the State, provided that any such complaint shall be brought within one year of the alleged 365-day period of failure to have his or her principal residence in this State.

Notice of the residency requirements as outlined in N.J.S.A. 52:14-7 and this Policy should be provided to all existing persons holding office, employment, or a position in the school district and to candidates seeking to hold office, employment, or a position in the school district.

N.J.S.A. 52:14-7

1642 EARNED SICK LEAVE LAW

All persons holding any office, position, or employment in local school districts, regional school districts, or county vocational schools of the State who are steadily employed by the Board of Education or who are protected by tenure in their office, position, or employment under the provisions of N.J.S.A. 18A:30-2 or any other law, except persons in the classified service of the civil service under Title 11, Civil Service, of the Revised Statutes, shall be allowed sick leave with full pay for a minimum of ten school days in any school year in accordance with the provisions of N.J.S.A. 18A:30-2.

However, a Board of Education may determine some persons holding an office, position, or employment are not eligible for sick leave in accordance with N.J.S.A. 18A:30-2. These persons shall be covered under the provisions of the New Jersey Earned Sick Leave Law (Act), N.J.S.A. 34:11D-1 through 34:11D-11. Policy and Regulation 1642 outline the provisions of the Act for those persons the Board of Education determines are not eligible for sick leave in accordance with the provisions of N.J.S.A. 18A:30-2 or any rule or law of New Jersey other than the Act.

For the purposes of Policy and Regulation 1642, “employer” means a local school district, regional school district, county vocational school, or charter school of the State who does not provide sick leave with full pay to an employee pursuant to N.J.S.A. 18A:30-2 or any other law, rule, or regulation of New Jersey and is required to comply with the requirements of the Act.

For the purposes of Policy and Regulation 1642, “employee” means an individual engaged in service for compensation to a local school district, regional school district, county vocational school, or charter school of the State who is not provided sick leave with full pay pursuant to N.J.S.A. 18A:30-2 or any other law, rule, or regulation of New Jersey and is eligible to accrue earned sick leave in accordance with the requirements of the Act.

In accordance with the provisions of N.J.S.A. 34:11D-2, for every thirty hours worked, an employee eligible to accrue earned sick leave under the Act shall accrue one hour of earned sick leave commencing no later than October 29, 2018.

The employer will not provide an employee with the full complement of earned sick leave for a benefit year as required under N.J.S.A. 34:11D-2 on the first day of each benefit year in accordance with the provisions of N.J.S.A. 34:11D-2.a.

The employer will not permit the employee to accrue or use in any benefit year, or carry forward from one benefit year to the next, more than forty hours of earned sick leave.

Unless the employee has accrued earned sick leave prior to October 29, 2018, the earned sick leave shall begin to accrue on October 29, 2018 for any employee who is hired and commences employment before October 29, 2018 and the employee shall be eligible to use the earned sick leave beginning February 26, 2019 after the employee commences employment.

If the employee's employment commences after October 29, 2018, the earned sick leave shall begin to accrue upon the date that employment commences. The employee shall be eligible to use the earned sick leave beginning on the 120th calendar day after the employee commences employment.

The employer shall be in compliance with N.J.S.A. 34:11D-2 if the employer offers paid time off to an employee, which is fully paid and shall include, but is not limited to personal days, vacation days, and sick days, and may be used for the purposes of N.J.S.A. 34:11D-3 in the manner provided by the Act, and is accrued at a rate equal to or greater than the rate described in N.J.S.A. 34:11D-2.

The employer shall pay the employee for earned sick leave at the same rate of pay with the same benefits as the employee normally earns, except that the pay rate shall not be less than the minimum wage required for the employee pursuant to N.J.S.A. 34:11-56a4.

The employer shall permit an employee to use the earned sick leave accrued pursuant to the Act for any of the reasons outlined in N.J.S.A. 34:11D-3.a.

No employer shall take retaliatory personnel action or discriminate against an employee who accrues sick leave under the Act because the employee requests or uses earned sick leave either in accordance with the Act or the employer's own earned sick leave policy for employees covered under the Act. Any complaints alleging a violation of the Act shall be filed in accordance with the provisions of N.J.S.A. 34:11D-4.

In accordance with N.J.S.A. 34:11D-5, failure of the employer to comply with the provisions of the Act shall be regarded as a failure to meet the wage payment requirements of the "New Jersey State Wage and Hour Law."

The employer shall retain records documenting hours worked and earned sick leave taken by employees covered under the Act in accordance with the provisions of N.J.S.A. 34:11D-6.

The employer shall provide notification, in a form issued by the Commissioner of Labor and Workforce Development, to employees of their rights under the Act; post the notification; and provide a copy of the notification to employees eligible to accrue earned sick leave under the Act in accordance with the provisions of N.J.S.A. 34:11D-7.

N.J.S.A. 34:11D-1 through 34:11D-11

Adopted: 07 June 2022

1643 FAMILY LEAVE

The Board of Education will provide family leave to staff members in accordance with the New Jersey Family Leave Act (NJFLA) and the Federal Family and Medical Leave Act (FMLA). These laws have similar and different provisions that provide different rights and obligations for a staff member and the Board.

If a staff member is eligible for leave for reasons recognized under both the FMLA and NJFLA, then the time taken shall run concurrently and be applied to both laws. The NJFLA provides twelve weeks leave in a twenty-four month period and the FMLA provides twelve weeks leave in a twelve month period

A. New Jersey Family Leave Act

1. Definitions Relative to New Jersey Family Leave Act

“Base Hours” means the hours of work for which a staff member receives compensation. Base hours shall include overtime hours for which a staff member is paid additional or overtime compensation, and hours for which a staff member receives workers’ compensation benefits. Base hours shall also include hours a staff member would have worked except for having been in military service. Base hours do not include hours for when a staff member receives other types of compensation, such as administrative, personal leave, vacation, or sick leave.

“Child” means a biological, adopted, foster child, or resource family child, stepchild, legal ward, or child of a parent, including a child who becomes the child of a parent pursuant to a valid written agreement between the parent and a gestational carrier.

“Eligible employee” means any individual employed by the same employer for twelve months or more, who has worked 1,000 or more base hours during the preceding twelve month period.

“Employer” includes the State, any political subdivision thereof, and all public offices, agencies, boards, or bodies.

“Family member” means a child, parent, parent-in-law, sibling, grandparent, grandchild, spouse, domestic partner, or one partner in a civil union couple, or any other individual related by blood to a staff member, and any other individual that a staff member shows to have a close association with a staff member which is the equivalent of a family relationship.

“Health care provider” means a duly licensed health care provider or other health care provider deemed appropriate by the Director of the Division on Civil Rights in the New Jersey Department of Law and Public Safety.

“Parent” means a person who is the biological parent, adoptive parent, foster parent, resource family parent, step-parent, parent-in-law, or legal guardian, having a “parent-child relationship” with a child as defined by law, or having sole or joint legal or physical custody, care, guardianship, or visitation with a child, or who became the parent of the child pursuant to a valid written agreement between the parent and a gestational carrier.

“Serious health condition” means an illness, injury, impairment, or physical or mental condition which requires:

- a. Inpatient care in a hospital, hospice, or residential medical care facility; or
- b. Continuing medical treatment or continuing supervision by a health care provider.

As used in the definition of a serious health condition, “continuing medical treatment or continuing supervision by a health care provider” means:

- a. A period of incapacity (that is, inability to work, attend school, or perform regular daily activities due to a serious health condition, treatment therefore, and recovery therefrom) of more than three consecutive days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves:
 - (1) Treatment two or more times by a health care provider; or
 - (2) Treatment by a health care provider on one occasion which results in a regimen of continuing treatment under the supervision of a health care provider;
- b. Any period of incapacity due to pregnancy, or for prenatal care;
- c. Any period of incapacity or treatment for such incapacity due to a chronic serious health condition;

- d. A period of incapacity, which is permanent or long-term, due to a condition for which treatment may not be effective (such as Alzheimer's disease, a severe stroke, or the terminal stages of a disease) where the individual is under continuing supervision of, but need not be receiving active treatment by, a health care provider; or
- e. Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), or kidney disease (dialysis).

“Spouse” means a person to whom a staff member is lawfully married as defined by New Jersey law.

“State of emergency” means a natural or man-made disaster or emergency for which a state of emergency has been declared by the President of the United States or the Governor, or for which a state of emergency has been declared by a municipal emergency management coordinator.

2. Reasons for NJFLA Leave

- a. A staff member may take NJFLA leave to provide care made necessary by reason of:
 - (1) The birth of a child of the staff member, including a child born pursuant to a valid written agreement between the staff member and the gestational carrier;
 - (2) The placement of a child into foster care with the staff member or in connection with adoption of such child by a staff member;
 - (3) The serious health condition of a family member of the staff member; or

- (4) A state of emergency declared by the Governor of New Jersey, or when indicated to be needed by the Commissioner of Health – New Jersey Department of Health or other public health authority, an epidemic or communicable disease, a known or suspected exposure to the communicable disease, or efforts to prevent spread of a communicable disease which:
 - (a) Requires in-home care or treatment of a child due to the closure of the school or place of care of the child of a staff member, by order of a public official due to the epidemic or other public health emergency;
 - (b) Prompts the issuance by a public health authority of a determination, including by mandatory quarantine, requiring or imposing responsive or prophylactic measures as a result of illness caused by an epidemic of a communicable disease or known or suspected exposure to the communicable disease because the presence in the community of a family member in need of care by a staff member would jeopardize the health of others; or
 - (c) Results in the recommendation of a health care provider or public health authority, that a family member in need of care by a staff member voluntarily undergo self-quarantine as a result of suspected exposure to a communicable disease because the presence in the community of that family member in need of care by a staff member, would jeopardize the health of others.

3. Staff Member Eligibility

- a. NJFLA leave may be taken for up to twelve weeks within any twenty-four month period. The NJFLA leave shall be unpaid with benefits subject to contributions required to be made by the staff member.
- b. A staff member is eligible for NJFLA leave if a staff member is employed by the same Board for twelve months or more, and has worked 1,000 or more base hours during the preceding twelve month period.

- c. The method to determine the twenty-four month period in which the twelve weeks of NJFLA leave entitlement occurs shall be a “rolling” twenty-four month period measured backward from the date a staff member uses any leave under NJFLA.
- d. This Policy shall serve as notice to all staff members of the method chosen in A.3.c. above. This method shall be applied consistently and uniformly to all staff members.
 - (1) If the Board transitions to another method, the Board is required to give at least sixty days’ notice to all staff members and the transition must take place in such a way that staff members retain their full benefit of twelve weeks of NJFLA leave under whichever method affords the greatest benefit to a staff member.
- e. The Board shall grant NJFLA leave to more than one staff member from the same family (for example, a husband and a wife, or a brother and a sister) at the same time, provided such staff members are otherwise eligible for NJFLA leave.
- f. The fact that a holiday may occur within the week taken by a staff member as NJFLA leave has no effect and the week is counted as a week of NJFLA leave.
 - (1) However, if a staff member is out on NJFLA leave and the staff member is not regularly scheduled to work for one or more weeks, the weeks the staff member is not regularly scheduled to work do not count against their NJFLA leave entitlement.

4. Types of NJFLA Leave

- a. Staff members are required to provide notice in writing for any NJFLA leave requested. In emergent circumstances, a staff member may provide the Board with oral notice when written notice is impracticable.
 - (1) Staff members must provide the Board written notice after submitting oral notice in emergent circumstances.
- b. Consecutive NJFLA leave is NJFLA leave that is taken without interruption based upon a staff member’s regular work schedule and does not include breaks in employment in which a staff member is not regularly scheduled to work.

- (1) A staff member must provide the Board with notice of consecutive NJFLA leave no later than thirty days prior to the commencement of consecutive NJFLA leave, except where emergent circumstances warrant shorter notice.
 - (2) A staff member shall provide the Board with certification pursuant to A.5. below.
- c. Intermittent NJFLA leave is NJFLA leave due to a single qualifying reason, taken in separate periods of time, broken up by periods in which the staff member returns to work.
 - (1) A staff member is entitled to take NJFLA leave intermittently for the birth of a child of the staff member, including a child born pursuant to a valid written agreement between the staff member and a gestational carrier or the placement of a child into foster care with the staff member or in connection with adoption of such child by the staff member.
 - (a) The staff member shall provide the Board with prior notice of not less than fifteen calendar days before the first day on which NJFLI benefits are paid for the intermittent NJFLA leave, unless an emergency or other unforeseen circumstance precludes prior notice.
 - (b) The staff member shall make a reasonable effort to schedule the intermittent NJFLA leave so as not to unduly disrupt the operations of the Board and, if possible, provide the Board, prior to the commencement of intermittent NJFLA leave, with a regular schedule of the days or days of the week on which the intermittent NJFLA leave will be taken.
 - (c) A staff member shall provide the Board with certification for intermittent NJFLA leave pursuant to A.5.b. below.
 - (2) The staff member is entitled to take intermittent NJFLA leave for the serious health condition of a family member of the staff member when medically necessary if:

- (a) The total time which the intermittent NJFLA leave is taken does not exceed twelve months if taken in connection with a single serious health condition. If the intermittent NJFLA leave is taken in connection with more than one serious health condition, the intermittent NJFLA leave must be taken within a consecutive twenty-four month period or until such time the twelve week NJFLA leave is exhausted, whichever is shorter;
 - (b) The staff member provides the Board with prior notice of not less than fifteen calendar days before the first day on which benefits are paid for the intermittent NJFLA leave.
 - (i) The staff member may provide notice less than fifteen days prior to the intermittent NJFLA leave if an emergency or other unforeseen circumstance precludes prior notice;
 - (c) The staff member makes a reasonable effort to schedule the intermittent NJFLA leave so as not to unduly disrupt the operations of the school district and, if possible, provide the school district, prior to the commencement of intermittent NJFLA leave, with a regular schedule of the days or days of the week on which the intermittent NJFLA leave will be taken; and
 - (d) The staff member provides the Board with a copy of the certification outlined in A.5.c. below.
- (3) In the case of NJFLA leave taken due to an epidemic of a communicable disease, a known or suspected exposure to the communicable disease, or efforts to prevent spread of the communicable disease, the NJFLA leave may only be taken intermittently if:
- (a) The staff member provides the Board with prior notice of the intermittent NJFLA leave as soon as practicable;

- (b) The staff member makes a reasonable effort to schedule the NJFLA leave so as not to unduly disrupt the operations of the school district and, if possible, provide the school district prior to the commencement of the intermittent NJFLA leave, with a regular schedule of the day or days of the week on which the intermittent NJFLA leave will be taken; and
 - (c) A staff member provides the Board with a copy of the certification outlined in A.5.d. below.
- (4) Intermittent leave taken on a reduced leave schedule is NJFLA leave due to a single qualifying reason, that is scheduled for fewer than a staff member's usual number of hours worked per workweek, but not for fewer than a staff member's usual number of hours worked per workday and may only be taken to care for the serious health condition of a family member of a staff member when medically necessary, except that:
 - (a) A staff member shall not be entitled to intermittent NJFLA leave on a reduced leave schedule for a period exceeding twelve consecutive months for any one period of NJFLA leave;
 - (b) The staff member must provide the Board with prior notice of the intermittent NJFLA leave on a reduced leave schedule as soon as practicable;
 - (c) A staff member shall make a reasonable effort to schedule intermittent NJFLA leave on a reduced leave schedule so as not to disrupt unduly the operations of the school district. A staff member shall provide the school district with prior notice of the care, medical treatment, or continuing supervision by a health care provider necessary due to a serious health condition of a family member, in a manner which is reasonable and practicable; and
 - (d) A staff member must provide the Board with a copy of the certification outlined in A.5.c. below.

- d. NJFLA leave taken because of the birth or placement for adoption of a child of the staff member may commence at any time within a year after the date of the foster care placement, birth, or placement for adoption.
- e. A staff member shall not, during any period of NJFLA leave, perform services on a full-time basis for any person for whom a staff member did not provide those services immediately prior to commencement of the NJFLA leave.
 - (1) A staff member on NJFLA leave may not engage in other full-time employment during the term of the NJFLA leave, unless such employment commenced prior to the NJFLA leave and is not otherwise prohibited by law.
 - (2) During the term of NJFLA leave a staff member may commence part-time employment which shall not exceed half the regularly scheduled hours worked for the Board from whom a staff member requested NJFLA leave. A staff member may continue part-time employment which commenced prior to a staff member's NJFLA leave, at the same number of hours that a staff member was regularly scheduled prior to such NJFLA leave.
 - (3) The Board may not maintain a policy or practice which prohibits part-time employment during the course of a NJFLA leave.

5. Certification

- a. The Board shall require a staff member who requests NJFLA leave to sign a form of certification established by the Board attesting that such staff member is taking NJFLA leave in accordance with the law.
 - (1) The Board may not require a staff member to sign or otherwise submit a form of certification attesting to additional facts, including a staff member's eligibility for NJFLA leave.
 - (2) The Board may subject a staff member to reasonable disciplinary measures, depending on the circumstances, when a staff member intentionally misrepresents the reason that such staff member is taking NJFLA leave.

- (3) The form of certification established by the Board shall contain a statement warning a staff member of the consequences of refusing to sign the certification or falsely certifying. Any staff member who refuses to sign the certification established by the Board may be denied the requested NJFLA leave.
 - (4) The Board requires that any period of NJFLA leave be supported by certification issued by a health care provider.
- b. Where the certification, issued by the health care provider, is for the birth of a child of a staff member, including a child born pursuant to a valid written agreement between the staff member and a gestational carrier or the placement of a child into foster care with the staff member or in connection with adoption of such child by the staff member, the certification need only state the date of birth or date of placement, whichever is appropriate.
- c. Any period of NJFLA leave for the serious health condition of a family member of a staff member shall be supported by certification provided by a health care provider. The certification shall be sufficient if it states:
 - (1) The date, if known, on which the serious health condition commenced;
 - (2) The probable duration of the condition;
 - (3) The medical facts within the knowledge of the provider of the certification regarding the condition;
 - (4) The serious health condition warrants the participation of the staff member in providing health care to the family member, as provided in the "Family Leave Act," P.L. 1989, c.261 (C.34:11B-1 et seq.) and regulations adopted pursuant to the NJFLA;
 - (5) An estimate of the amount of time the staff member is needed for participation in the care of the family member;

- (6) If the NJFLA leave is intermittent, a statement of the medical necessity for the intermittent NJFLA leave and the expected duration of the intermittent NJFLA leave; and
 - (7) If NJFLA leave is intermittent and for planned medical treatment, the dates of the treatment.
- d. In any case in which the Board has reason to doubt the validity of the certification provided pursuant to A.5.c. above, the Board may require, at its own expense, that a staff member obtain an opinion regarding the serious health condition from a second health care provider designated or approved, but not employed on a regular basis, by the Board. If the second opinion differs from the certification provided pursuant to A.5.c. above, the Board may require, at its own expense, that a staff member obtain the opinion of a third health care provider designated or approved jointly by the Board and a staff member concerning the serious health condition. The opinion of the third health care provider shall be considered to be final and shall be binding on the Board and a staff member.
- e. Where the certification is for an epidemic of a communicable disease, a known or suspected exposure to the communicable disease, or efforts to prevent the spread of the communicable disease, the certification shall be sufficient if it includes:
 - (1) For NJFLA leave taken to provide in-home care or treatment of a child due to the closure of the school or place of care of the child of a staff member, by order of a public official due to the epidemic or other public health emergency, the date on which the closure of the school or place of care of the child of a staff member commenced and the reason for such closure;
 - (2) For NJFLA leave taken due to a public health authority's issuance of a determination requiring or imposing responsive or prophylactic measures as a result of illness caused by an epidemic of a communicable disease or known or suspected exposure to the communicable disease because the presence in the community of a family member in need of care by a staff member would jeopardize the health of others, the date of issuance of the determination, and the probable duration of the determination; or

- (3) For NJFLA leave taken because a health care provider or public health authority recommends that a family member in need of care by a staff member voluntarily undergo self-quarantine as a result of suspected exposure to a communicable disease because the presence in the community of that family member in need of care by a staff member would jeopardize the health of others, the date of the recommendation, the probable duration of the condition, and the medical or other facts within the health care provider or public health authority's knowledge regarding the condition.
 - f. The Board shall not use the certification requirements as outlined in A.5. to intimidate, harass, or otherwise discourage a staff member from requesting or taking NJFLA leave or asserting any of a staff member's rights to NJFLA leave.
6. Denial or Exemption of NJFLA Leave
- a. Denial of NJFLA Leave
 - (1) The Board may deny NJFLA leave to a staff member if:
 - (a) A staff member is a salaried staff member who is among the highest paid 5% of the Board's staff members or the seven highest paid staff members of the Board, whichever is greater;
 - (b) The denial is necessary to prevent substantial and grievous economic injury to the Board's operations; and
 - (c) The Board notifies a staff member of its intent to deny the NJFLA leave at the time the Board determines that the denial is necessary.
 - (2) The provisions of A.6.a.(1) above shall not apply when, in the event of a state of emergency declared by the Governor of New Jersey or when indicated to be needed by the Commissioner of Health – New Jersey Department of Health or other public health authority, the NJFLA leave is for an epidemic of a communicable disease, a known or suspected exposure to a communicable disease, or efforts to prevent spread of a communicable disease.

- (3) In any case in which NJFLA leave has already commenced at the time of the notification pursuant to A.6.a.(1)(c) above, a staff member shall return to work within ten working days of the date of notification.

7. Reinstatement from NJFLA Leave

- a. Upon the expiration of a NJFLA leave, a staff member shall be restored to the position such staff member held immediately prior to the commencement of the NJFLA leave. If such position has been filled, the Board shall reinstate such staff member to an equivalent position of like seniority, status, employment benefits, pay, and other terms and conditions of employment.
- b. If, during NJFLA leave, the Board experiences a reduction in force or layoff and a staff member would have lost their position had a staff member not been on NJFLA leave, as a result of the reduction in force or pursuant to the good faith operation of a bona fide layoff and recall system including a system under a collective bargaining agreement where applicable, a staff member shall not be entitled to reinstatement to the former or an equivalent position. A staff member shall retain all rights under any applicable layoff and recall system, including a system under a collective bargaining agreement, as if a staff member had not taken the NJFLA leave.

8. Notice to Staff Members

- a. The Board shall display the official Family Leave Act poster of the Division on Civil Rights in the New Jersey Department of Law and Public Safety (Division) in accordance with N.J.A.C. 13:8-2.2. The poster is available for printing from the Division's website.
- b. Access to and/or distribution of this Policy shall serve as school district notice to staff members of their rights pursuant to N.J.A.C. 13:14-1.14.

9. Local Board of Education Practices

- a. Accrued Paid NJFLA Leave
 - (1) Whether a staff member is required to use any other accrued leave time concurrent with NJFLA leave time will depend upon either the school district's practice or a provision in a collective bargaining agreement, if applicable.

- (a) Sick leave may only be used concurrently with the NJFLA leave in accordance with the provisions of N.J.S.A. 18A:30-1 and N.J.S.A. 34:11B-3.
 - b. Multiple Leaves of Absence
 - (1) Where a Board maintains leaves of absence which provide benefits, other than health benefits, that differ depending upon the type of leave taken, the Board shall provide those benefits to a staff member on NJFLA leave in the same manner as it provides benefits to staff members who are granted other leaves of absence which most closely resemble NJFLA leave.
- 10. New Jersey Family Leave Insurance Program (NJFLI)
 - a. Board of Education staff members are eligible to apply for benefits under the NJFLI Program administered by the State of New Jersey Department of Labor and Workforce Development.
 - b. All applications for benefits under the NJFLI Program must be filed directly with the State of New Jersey Department of Labor and Workforce Development. The eligibility requirements, wage requirements, benefit duration and amounts, and benefit limitations shall be in accordance with the provisions of the NJFLI Program as administered by the State of New Jersey Department of Labor and Workforce Development. A formal appeal may be submitted to the State of New Jersey Department of Labor and Workforce Development if an employee or the Board disagrees with a determination on a claim.
 - c. The NJFLI Program provides eligible individuals a monetary benefit and not a leave benefit. The school district administrative and related staff will comply with the State of New Jersey Department of Labor and Workforce Development requests for information in accordance with the provisions of N.J.A.C. 12:21-3.9.
 - d. A printed notification of staff members' rights relative to the receipt of benefits under the NJFLI Program will be posted in each of the school district worksites and in a place or places accessible to all employees at the worksite.

- e. Each staff member shall receive a copy of this notification in writing at the time of the staff member's hiring, whenever the staff member provides written notice to the Superintendent of their intention to apply for benefits under the NJFLI Program, or at any time upon the first request of the staff member.
 - (1) The written notification may be transmitted to the staff member in electronic form.
 - (2) Access to and/or distribution of this Policy shall serve as school district notice to staff members of their rights under the NJFLI Program.

B. Federal Family and Medical Leave Act

1. Definitions Relative to Federal Family and Medical Leave Act

"Covered Employer" means any public or private elementary or secondary school(s) regardless of the number of employees employed.

"Employee" means a staff member eligible for family and medical leave in accordance with the Federal Family and Medical Leave Act (FMLA).

"Hours of Service" means hours actually worked by the employee. It does not mean hours paid. Thus, non-working time – such as vacations, holidays, furloughs, sick leave, or other time-off (paid or otherwise) – does not count for purposes of calculating FMLA eligibility for the employee.

"Parent" means a biological, adoptive, step, or foster father or mother, or any other individual who stood in loco parentis to a staff member when a staff member has a son or daughter as defined below. This term does not include parents "in law."

"Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves inpatient care in a hospital, hospice, or residential medical facility or continuing treatment by a health care provider. "Serious health condition" may include treatment of substance abuse pursuant to 29 CFR §825.119.

“Son” or “daughter” means a biological, adopted, or foster child, stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age eighteen or age eighteen or older and incapable of self-care because of a mental or physical disability at the time that FMLA leave is to commence.

“Spouse” means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under State law in the State in which the marriage was entered into or, in the case of a marriage entered into outside of any State, if the marriage is valid in the place where entered into and could have been entered into in at least one State. This definition includes an individual in a same-sex marriage or common law marriage.

“Week” or “Workweek” means the number of days a staff member normally works each calendar week.

2. Qualifying Reasons for FMLA Leave

- a. A staff member may take FMLA leave to provide care made necessary:
 - (1) For the birth of a son or daughter of a staff member and in order to care for such son or daughter;
 - (2) For the placement of a son or daughter with a staff member for adoption or foster care;
 - (3) In order to care for the spouse, son, daughter, or parent of a staff member if such spouse, son, daughter, or parent has a serious health condition;
 - (4) For a serious health condition that makes a staff member unable to perform the functions of the position of such staff member.
- b. FMLA leave taken in relation to military service shall be in accordance with 29 CFR §825.112.
- c. Entitlement to FMLA leave taken for the birth of a son or daughter or placement of a son or daughter with a staff member for adoption or foster care shall expire at the end of the twelve month period beginning on the date of such birth or placement.

3. Staff Member Eligibility

- a. A staff member is eligible for up to twelve weeks of FMLA leave in a twelve month period.
- b. A staff member shall become eligible for FMLA leave after the staff member has been employed at least twelve months by the Board and employed for at least 1,250 hours of service during the twelve month period immediately preceding the commencement of the FMLA leave.
 - (1) The twelve months a staff member must have been employed need not be consecutive months pursuant to 29 CFR §825.110(b).
 - (2) The minimum 1,250 hours of service shall be determined according to the principles established under the Fair Labor Standards Act (FLSA) for determining compensable hours of work pursuant to 29 CFR §785.
 - (3) The Board shall not provide pay for FMLA leave.
- c. The method to determine the twelve month period in which the twelve weeks of FMLA leave entitlement occurs will be a “rolling” twelve month period measured backward from the date a staff member uses any FMLA leave.
- d. Pursuant to 29 CFR §825.201, a husband and wife both employed by the Board are limited to a combined total of twelve weeks of FMLA leave during the twelve month period if the FMLA leave is taken for the birth of a son or daughter of a staff member or to care for such son or daughter after birth; for placement of a son or daughter with a staff member for adoption or foster care or in order to care for the son or daughter after placement; or to care for a staff member’s parent with a serious health condition.

4. Types of FMLA leave

- a. Continuous FMLA leave is taken by staff members for a continuous period of time. Such FMLA leave is not broken up by a period of work and is continuous when a staff member is absent for three consecutive working days or more. Continuous FMLA leave may be taken for any qualifying reason.

- b. Intermittent FMLA leave is FMLA leave taken in separate blocks of time due to a single qualifying reason. A reduced FMLA leave schedule is a FMLA leave schedule that reduces a staff member's usual number of working hours per workweek, or hours per workday. A reduced FMLA leave schedule is a change in a staff member's schedule for a period of time, normally from full-time to part-time.
 - (1) Intermittent or reduced FMLA leave may be taken for the following qualifying reasons:
 - (a) For the serious health condition of the staff member or to care for a parent, son, or daughter with a serious health condition.
 - (i) For intermittent FMLA leave or FMLA leave on a reduced FMLA leave schedule taken for the reason outlined in B.4.b.(1)(a) above there must be a medical need for FMLA leave and it must be that such medical need can be best accommodated through an intermittent or reduced FMLA leave schedule.
 - (ii) The treatment regimen and other information described in the certification of a serious health condition and in the certification of a serious injury or illness, shall address the medical necessity of intermittent FMLA leave or FMLA leave on a reduced FMLA leave schedule.
 - (iii) Intermittent FMLA leave may be taken for a serious health condition of a parent, son, or daughter, for a staff member's own serious health condition, which requires treatment by a health care provider periodically, rather than for one continuous period of time, and may include FMLA leave of periods from an hour or more to several weeks.
 - (b) For planned and/or unanticipated medical treatment of a serious health condition when medically necessary.

- (c) To provide care or psychological comfort to a covered family member with a serious health condition when medically necessary.
- (d) For absences where a staff member or family member is incapacitated or unable to perform the essential functions of the position because of a chronic serious health condition even if he or she does not receive treatment by a health care provider.
- (e) For FMLA leave taken after the birth of a healthy child or placement of a healthy child for adoption or foster care, only if the Board agrees.
 - (i) The Board's agreement is not required; however, for FMLA leave during which the mother has a serious health condition in connection with the birth of her child or if the newborn child has a serious health condition.
- (2) If a staff member needs FMLA leave intermittently or on a reduced FMLA leave schedule for planned medical treatment, then a staff member must make a reasonable effort to schedule the treatment so as not to disrupt unduly the Board's operations.
- (3) When a staff member takes FMLA leave on an intermittent or reduced FMLA leave schedule basis, the Board must account for the FMLA leave using an increment no greater than the shortest period of time that the Board uses to account for use of other forms of leave provided that it is not greater than one hour and provided further that a staff member's FMLA leave entitlement may not be reduced by more than the amount of FMLA leave actually taken.
 - (a) If the Board accounts for use of leave in varying increments at different times of the day or shift, the Board may not account for FMLA leave in a larger increment than the shortest period used to account for other leave during the period in which the FMLA leave is taken.
 - (b) If the Board accounts for other forms of leave use in increments greater than one hour, the Board must account for FMLA leave use in increments no greater than one hour.

5. Staff Member Notice Requirements

- a. A staff member eligible for FMLA leave must give at least a thirty day written advance notice to the Superintendent or designee if the need for the FMLA leave is foreseeable based on an expected birth, placement for adoption or foster care, or planned medical treatment for a serious health condition of a staff member or a family member.
 - (1) If thirty days is not practical, a staff member must provide notice “as soon as practicable” which means as soon as both possible and practical, taking into account all the facts and circumstances in the individual case.
 - (2) Where it is not possible to give as much as thirty days’ notice, “as soon as practical” ordinarily would mean at least verbal notification to the Superintendent or designee within one or two business days or when the need for FMLA leave becomes known to a staff member.
 - (3) The written notice shall include the reasons for the FMLA leave, the anticipated duration of the FMLA leave, and the anticipated start of the FMLA leave.
 - (4) When planning medical treatment, a staff member must consult with the Superintendent or designee and make a reasonable effort to schedule the FMLA leave so as not to unduly disrupt the educational program, subject to the approval of the health care provider.
 - (a) Staff members are ordinarily expected to consult with the Superintendent or designee prior to scheduling of treatment that would require FMLA leave for a schedule that best suits the needs of the Board and a staff member.
 - (5) Intermittent FMLA leave or FMLA leave on a reduced FMLA leave schedule must be medically necessary due to a serious health condition or a serious injury or illness. A staff member shall advise the Board of the reasons why the intermittent/reduced FMLA leave schedule is necessary and of the schedule for treatment, if applicable.

- (a) A staff member and the Board shall attempt to work out a schedule for such FMLA leave that meets a staff member's needs without unduly disrupting the Board's operations, subject to the approval of the health care provider.
 - (6) Where a staff member does not comply with the Board's usual notice and procedural requirements, and no unusual circumstances justify the failure to comply, FMLA-protected leave may be delayed or denied.
 - b. When the approximate timing of the need for FMLA leave is not foreseeable, a staff member should give notice to the Superintendent or designee for FMLA leave as soon as practicable under the facts and circumstances of the particular case.
 - (1) It is expected a staff member will give notice to the Superintendent or designee within no more than one or two business days of learning of the need for FMLA leave, except in extraordinary circumstances where such notice is not foreseeable.
 - (2) A staff member should provide notice to the Board either in person, by telephone, telegraph, fax machine, email, or other electronic means.
6. Outside Employment During FMLA Leave
- a. A staff member during any period of FMLA leave is prohibited from performing any services on a full-time basis for any person for whom a staff member did not provide services immediately prior to commencement of the FMLA leave.
 - (1) A staff member using FMLA leave may commence part-time employment that shall not exceed half the regularly scheduled hours worked for the Board.
 - (2) A staff member may continue the part-time employment that commenced prior to the FMLA leave at the same number of hours that a staff member was regularly scheduled prior to such FMLA leave.

7. “Instructional Employees” Exceptions for FMLA Leave
 - a. “Instructional Employees” are those staff members whose principal function is to teach and instruct students in class, a small group, or in an individual setting. This term includes teachers, athletic coaches, driving instructors, and special education assistants, such as signers for the hearing impaired.
 - (1) Teacher assistants or aides who do not have as their principal job actual teaching or instructing, guidance counselors, child study team members, curriculum specialists, cafeteria workers, maintenance workers, and/or bus drivers are not considered instructional staff members for the purposes of this Policy.
 - (2) For purposes of this Policy “Instructional Employees” shall be referred to as “Instructional Staff Members”.
 - b. “Semester” means the school semester that typically ends near the end of the calendar year and the end of the spring each school year. The Board can have no more than two semesters in a school year.
 - c. FMLA leave taken at the end of the school year and continues into the beginning of the next school year is considered consecutive FMLA leave.
 - d. Eligible instructional staff members that need intermittent or reduced FMLA leave to care for a family member or for a staff member’s own serious health condition which is foreseeable based on planned medical treatment and would be on FMLA leave more than twenty percent of the total number of working days over the period the FMLA leave would extend, the Board may:
 - (1) Require a staff member to take the FMLA leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
 - (2) Transfer a staff member temporarily to an available alternative position for which a staff member is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of FMLA leave than does a staff member’s regular position.

- e. If the instructional staff member does not give the required notice for FMLA leave that is foreseeable and desires the FMLA leave to be taken intermittently or on a reduced FMLA leave schedule, the Board may require a staff member to take FMLA leave of a particular duration, or to transfer temporarily to an alternative position. Alternatively, the Board may require a staff member to delay taking the FMLA leave until the notice provision is met.
- f. If an instructional staff member begins FMLA leave more than five weeks before the end of the school year, the Board may require a staff member to continue taking FMLA leave until the end of the semester if:
 - (1) The FMLA leave will last three weeks; and
 - (2) A staff member would return to work during the three-week period before the end of the semester.
- g. If an instructional staff member begins FMLA leave for a purpose other than a staff member's own serious health condition during the five week period before the end of the semester, the Board may require a staff member to continue taking FMLA leave until the end of the semester if:
 - (1) The FMLA leave will last more than two weeks; and
 - (2) The staff member would return to work during the two week period before the end of the semester.
- h. If an instructional staff member begins FMLA leave for a purpose other than a staff member's own serious health condition during the three week period before the end of a semester, the Board may require a staff member to continue taking FMLA leave until the end of the semester if the FMLA leave will last more than five working days.
- i. An example of FMLA leave falling within the situations outlines in B.7.f., B.7.g., and B.7.h. above:
 - (1) If a staff member plans two weeks of FMLA leave to care for a family member which will begin three weeks before the end of the term, the Board could require a staff member to stay out on FMLA leave until the end of the term.

- j. In the case of a staff member who is required to take FMLA leave until the end of an academic term, only the period of FMLA leave until a staff member is ready and able to return to work shall be charged against a staff member's FMLA leave entitlement.
 - k. The Board may require a staff member to stay on FMLA leave until the end of the school term. Any additional leave required by the Board to the end of the school term is not counted as FMLA leave; however:
 - (1) The Board shall be required to maintain a staff member's group health insurance; and
 - (2) The Board shall be required to restore a staff member to the same or equivalent job including other benefits at the conclusion of the leave.
8. FMLA Leave Related to Military Service
- a. Definitions for FMLA related to military service shall be in accordance with 29 CFR §§825.122; .126; .127; and .310.
 - b. The foreign deployment of the staff member's spouse, child, or parent in accordance with 29 CFR §§825.122 and .126:
 - (1) The district must grant an eligible staff member up to twelve work weeks of unpaid, job-protected FMLA leave during any twelve month period for qualifying exigencies that arise when the staff member's spouse, child, or parent is on covered active duty, or has been notified of an impending call or order to covered active duty.
 - c. Military caregiver FMLA leave provides care for a covered servicemember with a serious injury or illness in accordance with 29 CFR §§825.122 and .127:
 - (1) The district must grant up to a total of twenty-six workweeks of unpaid, job-protected FMLA leave during a "single twelve month period" to care for a covered servicemember with a serious injury or illness.

9. Verification

- a. The Board shall require that a staff member's FMLA leave to care for a staff member's covered family member with a serious health condition, or due to a staff member's own serious health condition that makes a staff member unable to perform one or more of the essential functions of a staff member's position, be supported by a certification issued by the health care provider of a staff member or a staff member's family member.
 - (1) The Board must give written notice of a requirement for certification each time a certification is required. The Board's oral request to a staff member to furnish any subsequent certification is sufficient.
- b. The Board shall require a staff member furnish certification at the time a staff member gives notice of the need for FMLA leave or within five business days thereafter, or, in the case of unforeseen FMLA leave, within five business days after the FMLA leave commences.
 - (1) The Board may request certification at some later date if the Board later has reason to question the appropriateness of the FMLA leave or its duration.
 - (2) A staff member must provide the requested certification to the Board within fifteen calendar days after the Board's request, unless it is not practicable under the particular circumstances to do so despite a staff member's diligent, good faith efforts or the Board provides more than fifteen calendar days to return the requested certification.
- c. When FMLA leave is taken because of a staff member's own serious health condition, or the serious health condition of a family member, the Board shall require a staff member to obtain a medical certification from a health care provider that sets forth the following information:
 - (1) The name, address, telephone number, and fax number of the health care provider and type of medical practice/specialization;
 - (2) The approximate date on which the serious health condition commenced, and its probable duration;

- (3) A statement or description of appropriate medical facts regarding the patient's health condition for which FMLA leave is requested. The medical facts must be sufficient to support the need for FMLA leave.
 - (a) Such medical facts may include information on symptoms, diagnosis, hospitalization, doctor visits, whether medication has been prescribed, any referrals for evaluation or treatment (physical therapy, for example), or any other regimen of continuing treatment;
- (4) If a staff member is the patient, information sufficient to establish that a staff member cannot perform the essential functions of a staff member's job as well as the nature of any other work restrictions, and the likely duration of such inability;
- (5) If the patient is a covered family member with a serious health condition, information sufficient to establish that the family member is in need of care, and an estimate of the frequency and duration of the FMLA leave required to care for the family member;
- (6) If a staff member requests FMLA leave on an intermittent or reduced schedule basis for planned medical treatment of a staff member's or a covered family member's serious health condition, information sufficient to establish the medical necessity for such intermittent or reduced schedule FMLA leave and an estimate of the dates and duration of such treatments and any periods of recovery;
- (7) If a staff member requests FMLA leave on an intermittent or reduced schedule basis for a staff member's serious health condition, including pregnancy, that may result in unforeseeable episodes of incapacity, information sufficient to establish the medical necessity for such intermittent or reduced schedule FMLA leave and an estimate of the frequency and duration of the episodes of incapacity; and

- (8) If a staff member requests FMLA leave on an intermittent or reduced schedule basis to care for a covered family member with a serious health condition, a statement that such FMLA leave is medically necessary to care for the family member, which can include assisting in the family member's recovery, and an estimate of the frequency and duration of the required FMLA leave.
 - d. A staff member may choose to comply with the certification requirement by providing the Board with an authorization, release, or waiver allowing the Board to communicate directly with the health care provider of a staff member or his or her covered family member.
 - (1) It is a staff member's responsibility to provide the Board with complete and sufficient certification and failure to do so may result in the denial of FMLA leave.
 - e. If the Board has reason to doubt the validity of a medical certification, the Board may require a staff member to obtain a second opinion at the Board's expense.
 - (1) The Board may designate the health care provider to furnish the second opinion, but the selected health care provider may not be employed on a regular basis by the Board.
 - f. If the opinions of a staff member's and the Board's designated health care providers differ, the Board may require a staff member to obtain certification from a third health care provider, again at the Board's expense. This third opinion shall be final and binding. The third health care provider must be designated or approved jointly by the Board and the staff member.
- 10. Reinstatement Following FMLA Leave
 - a. On return from FMLA leave a staff member is entitled to be returned to the same position a staff member held when FMLA leave commenced, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.
 - (1) A staff member is entitled to such reinstatement even if a staff member has been replaced or his or her position has been restructured to accommodate for a staff member's absence.

- (2) The requirement that a staff member be restored to the same or equivalent job with the same or equivalent pay, benefits, and terms and conditions of employment does not extend to de minimis, intangible, or unmeasurable aspects of the job.
- b. Denial of Reinstatement
 - (1) A staff member has no greater right to reinstatement or to other benefits and conditions of employment that if a staff member had been continuously employed during the FMLA leave period.
 - (a) The Board must be able to show that a staff member would not otherwise have been employed at the time reinstatement is requested in order to deny restoration to employment.
 - (2) The Board may deny job restoration to “key employees”, if such denial is necessary to prevent substantial and grievous economic injury to the operations of the Board.
 - (a) A “key employee” is a salaried FMLA-eligible staff member who is among the highest paid ten percent of all staff members employed by the Board within seventy-five miles of a staff member's worksite.
 - (3) If a staff member is unable to perform an essential function of the position because of a physical or mental condition, including the continuation of a serious health condition or an injury or illness also covered by workers’ compensation, a staff member has no right to restoration to another position under the FMLA.
 - (a) The Board’s obligation may; however, be governed by the Americans with Disabilities Act, State leave law, or workers’ compensation laws.
 - (4) A staff member who fraudulently obtains FMLA leave from the Board is not protected by FMLA's job restoration or maintenance of health benefits provisions.

c. Intent to Return to Work

- (1) The Board may require a staff member on FMLA leave to report periodically on a staff member's status and intent to return to work.

d. Fitness for Duty Certification

- (1) As a condition of restoring a staff member whose FMLA leave was a result of a staff member's own serious health condition that made a staff member unable to perform a staff member's job, the Board shall require all similarly-situated staff members (i.e., same occupation, same serious health condition) who take FMLA leave for such conditions to obtain and present certification from a staff member's health care provider that a staff member is able to resume work.
- (2) A staff member has the same obligations to participate and cooperate in the fitness-for-duty certification process as in the initial certification process.

11. The Board of Education Notice

a. Notice of Staff Member Rights Under FMLA

- (1) The Board shall post and keep posted on its premises, in conspicuous places where staff members are employed, a notice explaining the FMLA's provisions and providing information concerning the procedures for filing complaints of violations of the FMLA with the Wage and Hour Division.
 - (a) The notice will be posted prominently where it can be readily seen by staff members and applicants for employment.
 - (b) The poster and the text will be large enough to be easily read and contain fully legible text.
 - (c) Electronic posting is sufficient to meet this posting requirement as long as it otherwise meets the requirements of B.11.

(2) The Board shall also provide this general notice to each staff member by including the notice in staff members' handbooks or other written guidance to staff members concerning staff member benefits or FMLA leave rights, if such written materials exist, or by distributing a copy of the general notice to each new staff member upon hiring. In either case, distribution may be accomplished electronically.

(3) Access to and/or distribution of this Policy shall serve as school district notice to staff members of their rights pursuant to 29 CFR §825 et seq.

b. Eligibility Notice

(1) When a staff member requests FMLA leave, or when the Board acquires knowledge that a staff member's FMLA leave may be for an FMLA-qualifying reason, the Board must notify the staff member of the staff member's eligibility to take FMLA leave within five business days, absent extenuating circumstances.

c. Designation Notice

(1) The Board is responsible in all circumstances for designating leave as FMLA-qualifying, and for giving notice of the designation to a staff member. The Board must notify a staff member whether the leave will be designated and will be counted as FMLA leave within five business days absent extenuating circumstances.

(2) If the Board requires paid leave to be substituted for unpaid FMLA leave, or that paid leave taken under an existing leave plan be counted as FMLA leave, the Board must inform a staff member of this designation at the time of designating the FMLA leave.

12. Local Board of Education Practices

a. Substitution of Paid Leave

(1) Whether a staff member is required to use sick time or any other accrued leave time concurrent with FMLA leave time will depend upon either the district's practice or a provision in the district's collective bargaining agreement, if applicable.

b. Maintenance of Staff Member Benefits

- (1) The Board must maintain a staff member's coverage under any group health plan on the same conditions as coverage would have been provided if a staff member had been continuously employed during the entire FMLA leave period.

C. Shared Provisions

1. Interference with Family Leave Rights

The NJFLA and the FMLA prohibit interference with a staff member's rights under the law, and with legal proceedings or inquiries relating to a staff member's rights. Unless permitted by the law, no staff member shall be required to take family leave or to extend family leave beyond the time requested. A staff member shall not be discriminated against for having exercised their rights under the NJFLA and the FMLA nor discouraged from the use of family leave.

2. Non-Tenured Teaching Staff

Family leave granted to a nontenured staff member cannot extend a staff member's employment beyond the expiration of their employment contract.

3. Record Keeping

The Superintendent or designee shall ensure the keeping of accurate attendance records that distinguish family leave from other kinds of leave so a staff member's entitlement to NJFLA leave and FMLA leave can be properly determined.

4. Processing of Complaints

a. New Jersey Family Leave Act

- (1) Any complaint alleging a violation of the NJFLA shall be processed in the same manner as a complaint filed under the terms of N.J.S.A. 10:5-1 et seq. and N.J.A.C. 13:4 through the New Jersey Department of Law and Public Safety, Division on Civil Rights.

b. Federal Family and Medical Leave Act (FMLA)

- (1) If there is a dispute between the Board and a staff member as to whether leave qualifies as FMLA leave, it should be resolved through discussion between the staff member and the Superintendent or designee. Such discussions and the decision shall be documented by the Superintendent or designee.
- (2) A staff member also may file, or have another person file on their behalf, a complaint with the United States Secretary of Labor. A complaint may be filed in person, by mail, or by telephone with the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, at any local office of the Wage and Hour Division.
- (3) This Policy 1643 shall be posted on the school district website, in a manner accessible to all staff members and a hard copy shall be provided to all staff members annually prior to the beginning of the school year and upon initial employment in the school district during the school year.

1648.11 THE ROAD FORWARD COVID-19 – HEALTH AND SAFETY

The Board of Education plans to provide full-day, full-time, in-person instruction and operations for the 2021-2022 school year. In June 2021, the New Jersey Department of Health (NJDOH) and the New Jersey Department of Education (NJDOE) worked collaboratively to develop guidance, The Road Forward – Health and Safety Guidance for the 2021-2022 School Year (The Road Forward).

The Road Forward replaces the mandatory anticipated minimum standards outlined in the NJDOE’s “The Road Back – Restart and Recovery Plan for Education” (June 2020) and provides a range of recommendations rather than mandatory standards. These recommendations are meant to assist school districts in implementing protocols to reduce risks to students and staff from COVID-19 while still allowing for full-time learning.

The Board considered many factors as they prepared for the 2021-2022 school year, including the level of COVID-19 transmission in the community at large and in the school community, as well as vaccination coverage rates in both the community at large and the school community.

For the purpose of this Policy, “Order” shall mean any Governor of New Jersey Executive Order, New Jersey State Agency mandate, Centers for Disease Control and Prevention (CDC) guidance, New Jersey statute, or administrative code requiring compliance by the school district.

The Board considered the recommendations outlined in The Road Forward to develop health and safety protocols. The Board will consider all recommended Orders and comply with all mandatory Orders when developing health and safety protocols and reviewing them periodically.

The Board considered the recommendations outlined in The Road Forward to develop the school district’s COVID-19 protocols in the following areas and included in corresponding Appendices:

- A. General Health and Safety Concerns of Students, Staff Members, and Visitors
 - 1. Vaccination – See Appendix A.;
 - 2. Communication with the Local Health Department – See Appendix B.;
 - 3. Mask Wearing Protocol – See Appendix C.;
 - 4. Physical Distancing and Cohorting Protocols – See Appendix D.;

5. Hand Hygiene and Respiratory Etiquette Protocols – See Appendix E.;
 6. Provision of Meals – See Appendix F.; and
 7. Transportation Protocols – See Appendix G.
- B. Cleaning, Disinfection, and Airflow – See Appendix H.
- C. Screening, Exclusion, and Response to Symptomatic Students and Staff Members – See Appendix I.
- D. Contact Tracing – See Appendix J.
- E. Testing – See Appendix K.
- F. Student and Staff Member Travel – See Appendix L.

The absence of one or more of the recommendations outlined in The Road Forward and/or in the school district's health and safety protocols will not prevent the reopening of the school(s) in the district for full-day in-person operation with all enrolled students and staff members present.

Pursuant to N.J.S.A. 18A:7F-9, schools must be in session for 180 days to receive State Aid. The statute requires that school facilities be provided for at least 180 days during the school year. N.J.S.A. 18A:7F-9(b) indicates when a school district is required to close the schools of the district for more than three consecutive school days due to a declared state of emergency, declared public health emergency, or a directive and/or recommendation by the appropriate health agency or officer to institute a public health-related closure, days of virtual or remote instruction commensurate with in-person instruction will count toward the school district's 180-day requirement.

The school district may be confronted with the incidence of COVID-19 positive cases among staff and/or students. If the school district is required to exclude a student, group of students, a class, or multiple classes as a result of possible exposure to COVID-19, while the school itself remains open for in-person instruction, the school district may offer virtual or remote instruction to those students in a manner commensurate with in-person instruction to the extent possible. In circumstances when the school facilities remain open and in-person instruction continues in those classrooms that are not required to quarantine, those days in session will also count toward the school district's 180-day requirement in accordance with N.J.S.A. 18A:7F-9.

ADMINISTRATION

1648.11/page 3 of 3

The Road Forward COVID-19 – Health and Safety

The school district anticipates updates to The Road Forward and as such this Policy is subject to review by the Superintendent to ensure compliance with Orders that may arise after Board adoption of this Policy. All revisions to Orders affecting this Policy and corresponding Appendices shall be reviewed by the Superintendent with the Board Attorney, School Physician, and Board of Education, if appropriate. The Superintendent may revise the health and safety protocols included in any Appendix as necessary and appropriate. All students, parents, and staff members will be notified of any changes to school district-developed protocols implemented as a result of this Policy, as appropriate.

Adopted: 07 June 2022

1648.13 SCHOOL EMPLOYEE VACCINATION REQUIREMENTS

In accordance with Executive Order No. 253 signed by the Governor of New Jersey on August 23, 2021, the Board shall adopt and maintain a policy that requires all covered workers to either provide adequate proof that they have been fully vaccinated or submit to COVID-19 testing at a minimum of one to two times each week.

This requirement shall take effect on October 18, 2021, at which time any covered workers that have not provided adequate proof to the school district that they are fully vaccinated must submit to COVID-19 testing at a minimum of one to two times each week on an ongoing basis until fully vaccinated.

For purposes of Executive Order 253 and this Policy, “covered workers” shall include all individuals employed by the Board of Education, both full and part-time, including, but not limited to, administrators; teachers; educational support professionals; individuals providing food, custodial, and administrative support services; substitute teachers, whether employed directly by the Board of Education or otherwise contracted; contractors; providers; and any other individuals performing work in the school district whose job duties require them to make regular visits to the school district, including volunteers. Covered workers do not include individuals who visit the school district only to provide one-time or limited duration repairs, services, or construction.

A covered worker shall be considered “fully vaccinated” for COVID-19 two weeks or more after they have received the second dose in a two-dose series or two weeks or more after they have received a single-dose vaccine. Individuals will only be considered fully vaccinated after they have received a COVID-19 vaccine that is currently authorized for Emergency Use Authorization (EUA) by the United States Food and Drug Administration (FDA) or the World Health Organization (WHO), or that are approved for use by the same.

Workers who are not fully vaccinated, or for whom vaccination status is unknown, or who have not provided sufficient proof of documentation, shall be considered unvaccinated in accordance with the provisions of Executive Order 253.

Covered workers shall demonstrate proof of full vaccination status by presenting any of the following documents if they list COVID-19 vaccines currently authorized for EUA by the FDA or the WHO, or that are approved for use by the same, along with an administration date for each dose:

1. The Centers for Disease Control and Prevention (CDC) COVID-19 Vaccination Card issued to the vaccine recipient by the vaccination site, or an electronic or physical copy of the same;
2. Official record from the New Jersey Immunization Information System (NJIS) or other State immunization registry;
3. A record from a health care provider's portal/medical record system on official letterhead signed by a licensed physician, nurse practitioner, physician's assistant, registered nurse, or pharmacist;
4. A military immunization or health record from the United States Armed Forces; or
5. Docket mobile phone application record or any State specific application that produces a digital health record.

The Board of Education's collection of vaccination information from covered workers shall comport with all Federal and State laws, including, but not limited to, the Americans with Disabilities Act, that regulate the collection and storage of that information.

To satisfy the testing requirement of Executive Order 253 and this Policy, an unvaccinated covered worker must undergo screening testing at a minimum of one to two times each week, to be determined by the Superintendent of Schools.

An unvaccinated covered worker is required to submit proof of a COVID-19 test. The unvaccinated covered worker may choose either antigen or molecular tests that have EUA by the FDA or are operating per the Laboratory Developed Test requirements by the U.S. Centers for Medicare and Medicaid Services.

Where a Board of Education provides the unvaccinated covered worker with on-site COVID-19 test(s), the school district may similarly elect to administer or provide access to either an antigen or molecular test.

If the covered worker is not working on-site in the school district during a week when testing would otherwise be required, the Superintendent or designee may not require the worker to submit to testing for that week. This requirement shall not supplant any requirement imposed by the Board of Education regarding diagnostic testing of symptomatic workers or screening testing of vaccinated workers.

The Board of Education shall track test results required by Executive Order 253 and must report those results to the local public health department.

Nothing in Executive Order 253 and this Policy shall prevent a Board of Education from revising this Policy to include additional or stricter requirements, as long as such revisions comport with the minimum requirements of Executive Order 253.

Executive Order 253 authorizes the Commissioner of the Department of Health (DOH) to issue a directive supplementing the requirements outlined in Executive Order 253, which may include, but not be limited to, any requirements for reporting vaccination and testing data to the DOH. Actions taken by the Commissioner of the DOH pursuant to Executive Order 253 shall not be subject to the requirements of the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq.

This Policy shall be supplemented by Policy 1648.11 – Appendix A, which shall include the school district’s protocols implementing the provisions of this Policy.

The Superintendent is authorized to implement revisions to provisions in this Policy based on any subsequent Executive Orders or any additional mandates that affect any provisions of this Policy. Any such revisions in this Policy shall be submitted by the Superintendent to the Board of Education for ratification if the Board cannot approve such revisions before the effective date.

Executive Order 253 – August 23, 2021

Adopted: 07 June 2022

1648.15 RECORDKEEPING FOR HEALTHCARE SETTINGS IN SCHOOL BUILDINGS – COVID-19

The Board of Education is committed to providing a safe and healthy workplace for all employees. The school district shall maintain its records in accordance with Occupational Safety and Health Act of 1970 (OSHA) COVID-19 Emergency Temporary Standard (ETS) published on June 21, 2021 as adopted by the Public Employees Occupational Safety and Health (PEOSH), the agency with jurisdiction over public employers in New Jersey. The provisions of the ETS have expired and are no longer in effect for school districts except for the provisions addressing recordkeeping, outlined in 29 CFR §1910.502(q). The ETS and this Policy are only applicable for employees working in the school nurse's office and any adjoining clinical areas in the school building.

For the purpose of this Policy, "employee" means any district employee or contracted service provider working in a healthcare setting where people with suspected or confirmed COVID-19 are reasonably expected to be present. Therefore, the provisions of the ETS and this Policy only apply to employees or contracted service providers working in a nurse's office or any adjoining clinical areas.

For the purpose of this Policy, "healthcare setting" means all settings in the school district where any employee or contracted service provider provides healthcare services or healthcare support services. Where a healthcare setting is embedded within a non-healthcare setting (i.e. school nurse's office and any adjoining clinical areas in a school building), the ETS and this Policy only apply to the embedded healthcare setting and not to the remainder of a school building.

The school district will retain all versions of Policy 1648.14 – Safety Plan for Healthcare Settings in School Buildings, to comply with the ETS while the ETS remains in effect, even after Policy 1648.14 has been abolished.

The school district will establish and maintain a COVID-19 log to record each instance in which an employee is COVID-19 positive, regardless of whether the instance is connected to exposure to COVID-19 at work. The COVID-19 log will contain, for each instance, the employee's name, one form of contact information, occupation, location where the employee worked, the date of the employee's last day in the healthcare setting, the date of the positive test for, or diagnosis of, COVID-19, and the date the employee first had one or more COVID-19 symptoms, if any were experienced.

The school district will record the information in the COVID-19 log within twenty-four hours of learning the employee is COVID-19 positive. The school district will maintain the COVID-19 log as a confidential medical record and will not disclose it except as required by the ETS or other Federal law. The school district will maintain and preserve the COVID-19 log while the ETS remains in effect.

By the end of the next business day after a request, the school district will provide for examination and copying: all versions of Policy 1648.14; the individual COVID-19 log entry for a particular employee to that employee and to anyone having written authorized consent of that employee; and a version of the COVID-19 log that removes the names of employees, contact information, and occupation, and only includes, for each employee in the COVID-19 log, the location where the employee worked, the last day that the employee was in the healthcare setting before removal, the date of that employee's positive test for, or diagnosis of, COVID-19, and the date the employee first had one or more COVID-19 symptoms, if any were experienced, to all employees.

2220 ADOPTION OF COURSES

The Board of Education shall provide a comprehensive instructional program to serve the educational needs of the children of this district by the adoption of courses of study.

For purposes of this policy, a “course of study” means the planned content of a series of classes, courses, subjects, studies, or related activities.

No course of study will be taught in this district unless it has been formally adopted by the Board. The Board shall determine which units of the instructional program constitute courses of study and are thereby subject to the adoption procedures of the Board.

Each course of study approved for credit toward high school graduation shall include minimum course proficiencies. In order to satisfactorily complete a course of study, a student must demonstrate mastery of the established minimum level of course proficiencies. Core course proficiencies shall include, but need not be limited to, proficiencies established by the State Board of Education in the curriculum areas of mathematics; natural or physical sciences; English; social studies; foreign languages; fine, practical, and performing arts; career education; and health, safety, and physical education.

The Superintendent is responsible for the continuous evaluation of the courses of study against the educational goals of the Board and shall recommend to the Board such new or altered courses of study as are deemed to be in the best interests of the students of this district. The Superintendent’s recommendation will include the following information about the proposed course of study:

1. The specific objective of the course of study and the relationship of the course to the educational goals adopted by the Board;
2. The applicability of the course to students and an enumeration of those groups of students to be affected by it;
3. A description of course content, including any instructional method that departs significantly from the ordinary and is an integral part of the course of study;
4. A rationale for the course in terms of the goals of this district and a justification of the course, especially when it is proposed to take the place of an existing course of study;

5. The resources that implementation of the course will require, including textbooks, material, equipment, and specially trained personnel;
6. The course proficiencies to be mastered by students;
7. The methods and standards by which the efficacy of the course will be monitored and evaluated; and
8. A developmental history of the course and, where available, information on its use elsewhere.

The Superintendent shall maintain a current list of all courses of study offered by this district and shall provide each member of the Board with a copy.

2230 CURRICULUM GUIDES

The Superintendent shall oversee development of curriculum guides for every course and area of study for every grade level. Each guide shall contain objectives for concepts and skills to be taught and attitudes to be developed; necessary study skills; suggested materials and activities designed to achieve all of these; and evaluation criteria intended to test the extent to which learning objectives have been met. Curriculum guides shall include all requirements of the New Jersey Student Learning Standards.

Teachers shall use the guides as the core of their instructional planning. It shall be the responsibility of the Building Principal to ensure that curriculum guides are being followed. The Assistant Superintendent for Curriculum and Instruction shall approve all proposed deviations from the content of the guide. These must be approved in advance of its implementation of the proposed changes.

A copy of each guide in use shall be kept on file in each school office. Such guides shall be available for public inspection.

Because curriculum guides are the means of implementing instruction in courses adopted by the Board as the curriculum of the district, the Board shall approve any new curriculum guides or any revision to an existing guide before they are put into effect.

The current curriculum guides shall be kept in the office of the Assistant Superintendent for Curriculum and Instruction.

Adopted: 07 June 2022

2240 CONTROVERSIAL ISSUES

The Board of Education believes that the consideration of controversial issues has a legitimate place in the instructional program of the schools. Properly introduced and conducted, the consideration of such issues can help students learn to identify important issues, explore fully and fairly all sides of an issue, weigh carefully the values and factors involved, and develop techniques for formulating and evaluating positions.

For purposes of this policy a controversial issue is a topic on which opposing points of view have been expressed by responsible and thoughtful persons; likely to arouse both support and opposition in the community; not expressly enumerated in the course guide as appropriate for the course of study; and subject to interpretation as obscene, profane, doctrinaire, or grossly inappropriate, each in relation to the level of maturity of the students concerned.

The Board will permit the introduction and proper educational use of controversial issues provided that their use in the instructional program is related to the instructional goals of the course of study and level of maturity of the students. The discussion of controversial issues must not tend to indoctrinate students or persuade them to a particular point of view. Instead, teachers must encourage fair presentation and open-mindedness and the free exchange of ideas in a spirit of scholarly inquiry, drawing upon information and insights from the widest feasible range of resources.

When the consideration of controversial issues have not been specified in the course guide, the Board will permit the instructional use of only those issues that have been approved in advance by the Principal.

The discussion of controversial issues in the classroom will be conducted in an unprejudiced and dispassionate manner and cannot be allowed to disrupt the educational process. In the discussion of any issue, a teacher may express a personal opinion, provided the expression is characterized as personal opinion and does not attempt to persuade students to the teacher's point of view.

The Superintendent shall assist teaching staff members in developing a sensitivity to the occurrence of controversial issues in the context of the curriculum and developing techniques for the management of controversial issues that do not stifle a spirit of free inquiry.

1. Ensuring equal and barrier-free access to all school and classroom facilities;

6. Ensuring that a student is not discriminated against because of a medical condition. A student shall not be excluded from any education program or activity because of a long-term medical condition unless a physician certifies that such exclusion is necessary. If excluded, the student shall be provided with equivalent and timely instruction that may include home instruction, without prejudice or penalty.

The Board of Education shall ensure that the district's curriculum and instruction are aligned to the New Jersey Student Learning Standards and address the elimination of discrimination by narrowing the achievement gap, by providing equity in educational programs and by providing opportunities for students to interact positively with others regardless of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status, by:

1. Ensuring there are no differential requirements for completion of course offerings or programs of study solely on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status;
2. Ensuring courses shall not be offered separately on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status;
 - a. Portions of classes which deal exclusively with human sexuality may be conducted in separate developmentally appropriate sessions for male and female students, provided that the course content for such separately conducted sessions is the same.
3. Reducing or preventing the underrepresentation of minority, female, and male students in all classes and programs including gifted and talented, accelerated, and advanced classes;
4. Ensuring that schools demonstrate the inclusion of a multicultural curriculum in its instructional content, materials and methods, and that students understand the basic tenet of multiculturalism;
5. Ensuring that African American history, as well as the history of other cultures, is infused into the curriculum and taught as part of the history of the United States, pursuant to N.J.S.A. 18A:35-1 and the New Jersey Student Learning Standards; and
6. Ensuring that instruction on the Holocaust and other acts of genocide is included in the curriculum of all elementary and secondary schools, as developmentally appropriate, pursuant to N.J.S.A. 18A:35-28.

The Board of Education shall ensure all students have access to adequate and appropriate counseling services. When informing students about possible careers, professional or vocational opportunities, the Board shall not restrict or limit the options presented to students on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status. The district will not use tests, guidance, or counseling materials which are biased or stereotyped on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status.

The Board of Education shall ensure that the district's physical education program and its athletic programs are equitable, co-educational, and do not discriminate on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status, as follows:

1. The district shall provide separate restroom, locker room, and shower facilities on the basis of gender, but such facilities provided for students of each gender shall be comparable;
2. A school within the school district may choose to operate separate teams for both genders in one or more sports or single teams open competitively to members of both genders, so long as the athletic program as a whole provides equal opportunities for students of both genders to participate in sports at comparable levels of difficulty and competency; and
3. The activities comprising such athletic programs shall receive equitable treatment, including, but not limited to, staff salaries, purchase and maintenance of equipment, quality and availability of facilities, scheduling of practice and game time, length of season, and all other related areas or matters.

2270 RELIGION IN THE SCHOOLS

The Board of Education recognizes that religious belief and disbelief are matters of personal conviction rather than governmental authority and the students of this district are protected by the First Amendment of the United States Constitution and by Article I, Paragraph 4 of the New Jersey State Constitution from the establishment of religion in the schools. The First Amendment requires public school officials to show neither favoritism toward nor hostility against religious expression such as prayer.

The United States Department of Education's Guidance on Constitutionally Protected Prayer and Religious Expression in Public Elementary and Secondary Schools (USDOE Guidance) provides information on the current state of the law concerning religious expression in public schools.

The following activities as outlined in the USDOE Guidance will be permitted upon applying the governing constitutional principles in particular contexts related to: prayer during non-instructional time; organized prayer groups and activities; teachers, administrators, and other school employees' activities; moments of silence; accommodations for prayer during instructional time; prayer in classroom assignments; student assemblies and noncurricular events; prayer at graduation; and/or baccalaureate ceremonies.

The following activities as outlined in the USDOE Guidance will be permitted upon applying the governing constitutional principles in particular contexts related to religious expression: religious literature; teaching about religion; student dress codes and policies; and/or religious excusals.

The Equal Access Act, 20 U.S.C. Section 4071, is designed to ensure that student religious activities are afforded the same access to Federally funded public secondary school facilities as are student secular activities. The United States Department of Justice has developed guidance for interpreting the Equal Access Act's requirements outlined in the USDOE Guidance in the area of general provisions, prayer service and worship exercises, means of publicized meetings, lunch-time and recess, and leadership of religious student groups.

Any issues regarding religion in the schools and the provisions of this Policy shall be referred to the Superintendent of Schools who may consult with the Board Attorney.

2310 STUDENT GROUPING

The Board of Education believes that each student should be provided with the instruction that will best suit their intellectual, physical, emotional, and social capabilities. The Board authorizes the Superintendent to develop a schedule and class organization that will provide for the placement of students in instructional groups that will offer them the greatest educational benefit.

The grouping of students should be flexible and should take into consideration the age, mental ability, past academic record, emotional needs, physical maturity, and interests of each student.

Adopted: 07 June 2022

2312 CLASS SIZE

The Board of Education directs that the number of students assigned to any one class be governed by considerations of instructional quality and economy of operation.

A desired range for the minimum and maximum number of students that shall be assigned to regular classes shall be established by the Superintendent.

The Superintendent shall prepare guidelines for class size. Maximum limits shall take into account the subject matter, type of instruction, ability of students, availability of aides, and use of special facilities and equipment and may be waived to accommodate the demands of a temporary increase in enrollment.

Adopted: 07 June 2022

2330 HOMEWORK/MAKEUP WORK

The Princeton Public Schools Board of Education believes that homework relevant to material presented in class provides an opportunity to broaden, deepen, or reinforce the student's knowledge. Teachers must use discretion in deciding the number and length of assignments. The Board encourages the use of interrelated major homework assignments such as term papers, themes, and creative art projects.

Homework shall not be used for punitive reasons. Denial of recess shall not be used as discipline for students who fail to complete homework assignments. A student shall not be denied recess for any reason, except as a consequence of a violation of the school district's Code of Student Conduct, including a harassment, intimidation, or bullying (HIB) investigation pursuant to N.J.S.A. 18A:37-13 et seq. Homework assignments shall be appropriate to the age and maturity of the student and:

1. Be a properly planned part of the curriculum, extending and reinforcing the learning experience of the school;
2. Help the student learn by providing practice in the mastery of skills, experience in data gathering and integration of knowledge, and an opportunity to remediate learning problems;
3. Help develop the individual responsibility and provide an opportunity for the exercise of independent work and judgment;
4. Be based on the ability and needs of the student;
5. Take into account other activities that make a legitimate claim on the student's time when a teaching staff member determines the number, frequency, and degree of difficulty of homework assignments;
6. Be a valid educational tool that is clearly assigned and carefully evaluated and that evaluation reported to the student.

In assigning homework, teaching staff members as appropriate shall encourage participation of the parent by suggesting ways in which the parent may assist the school in helping a student carry out assigned responsibilities.

Students absent for any reason must make up assignments, classwork, and tests within a reasonable length of time. In most cases, a reasonable length of time shall be the same number of school days as the days missed.

Students being excused for any reason must make arrangements with the teacher of the missed classes in order to make up the work missed. This must be done before the absence from class.

Incompletes

When a student does not complete work missed for absence or other reasons, they will receive an “incomplete” for the marking period. The classroom teacher shall determine the number of school days following the end of the marking period a student may be permitted to make up the missed work.

If work critical to the student’s understanding of the subject is not made up by the end of the next marking period, the grade for that subject area may be an “F.”

If work is missing during the final marking period of the school year, the grade will be left to the discretion of the teacher. The teacher who has given an incomplete is responsible for reporting to the student the work they have missed and citing the consequences mentioned above.

In accordance with N.J.S.A. 18A:35-4.31, the Board of Education shall provide a daily recess period of at least twenty minutes for students in grades Kindergarten through five. A recess period is not required on a school day in which the day is substantially shortened due to a delayed opening or early dismissal. The recess period shall be outdoors, if feasible. A student shall not be denied recess for any reason, except as a consequence of a violation of the school district’s Code of Student Conduct, including a harassment, intimidation, or bullying (HIB) investigation pursuant to N.J.S.A. 18A:37-13 et seq. Students may not be denied recess more than twice per week for a violation of the Code of Student Conduct or HIB investigation and these students shall be provided restorative justice activities during the recess period.

Adopted: 07 June 2022

2340 FIELD TRIPS

The Board of Education recognizes that field trips properly planned and integrated with the curriculum are an educationally sound and important part of the program of the schools that can supplement and enrich classroom instruction by providing learning experiences in an environment outside the schools.

For purposes of this policy, a field trip means any journey by a group of students away from the school premises, under the supervision of a teacher, and integrally related to an approved course of study.

The Board of Education shall approve all proposed field trips.

The Board may authorize field trips for which all or part of the costs are borne by the students' parent(s) or legal guardian(s), except that no student in a special education class or student unable to pay the cost assessed shall be prohibited from attending a field trip. (N.J.S.A. 18A:36-21)

The determination of a student's inability to pay will be based upon the student's eligibility for free and reduced meals in accordance with Board Policy No. 8540.

Students on field trips remain under the supervision of this Board and are subject to its rules and regulations.

A student who violates rules or disregards the authority of supervisors on a field trip significantly endangers the safety of other students and may be summarily dismissed from the trip. The teaching staff member in charge will make arrangements for the dismissed student's transportation to home or school as appropriate. The cost of any such transportation will be borne by the parent(s) or legal guardian(s) of the student. The Board reserves the right to take further disciplinary measures in accordance with Policy No. 5600.

School trips, as defined in this Policy, can be categorized in one of three ways:

1. Field trips are defined as school trips integral to the curriculum outside the school grounds which are part of the regular curriculum. The cost of field trips or a portion of the cost may be charged to the students with the approval of the Building Principal, if it is assured that the cost shall not impose a hardship on students or their families. In cases of financial hardship as confirmed by the Principal or designee, an exemption shall be granted.

2. Interscholastic competitions are defined as school trips which are associated with school-sponsored athletic and nonathletic extracurricular activities. Some may be fully funded by the Board; others may require fund-raising.
3. Enrichment trips are defined as school trips offered to students who would like to participate and which are not required by the curriculum or an extracurricular activity. The cost of such trips shall be borne by the student or by district-approved fund-raising activities. The district cannot require these trips, and credit cannot be denied for non-participation.

The Superintendent shall develop regulations in accordance with this Policy that shall govern procedures for any type of school trip. In order to maintain continuity of instruction, each school shall make every effort to minimize extended field trips. Extended field trips which impact on academic instruction should be scheduled during or contiguous with major school breaks when possible. All efforts should be made to provide chaperones of appropriate genders to match those of the students attending.

2360 USE OF TECHNOLOGY

The Board of Education recognizes the use of technology in the educational process is an essential part of the schooling experience. Technology is to be viewed as a resource to enhance the learning process among other resources available to teachers and students. In addition, technology can be used to enhance the administration of the schools and the district. In order to provide direction and meaning to the use of technology as an instructional resource, the Board encourages and supports staff use of technology as a component of the learning process.

For purposes of this policy “technology” includes, but is not limited to, the use of computers and computer peripherals, communications networks, access to databases and libraries of information and the integration of audio, video, multimedia devices and media for purposes of teaching and learning.

The Superintendent, in consultation with teaching and support staff, shall recommend to the Board the acquisition of appropriate technology to best implement the curricular, instructional, and administrative program of the school district. The Superintendent shall prepare a technology plan for the school district to encompass the following:

Curricular, Instructional and Administrative Need

The technology plan shall define the curricular, instructional and administrative need for technological equipment and media for the district.

In-service Education

The Board shall provide opportunities for school staff to participate in in-service programs on hardware or software programs to be used in the execution of educational and administrative tasks. In-service programs may be provided in or out of the district.

Standards, Codes and References

All technology installations shall conform to the industry standards and applicable Federal, State and local statutes and codes.

Facilities Planning

In all facilities projects involving new constructions, additions, and renovations the Superintendent or designee shall ensure the plans include provisions for current and future technology needs in terms of the structural, electric/electronic, mechanical, acoustical and visual systems of the building(s). All educational specifications shall include features required for the use of instructional technology.

Computers

The school district will provide support or maintenance agreements for specified brands of computers. All other computers purchased or donated will be subject to repair only when non-allocated funding is available and therefore may remain unrepaired until funding is available.

Computer Software Acquisition and Upgrading

The school district will only support the specified upgrades and training. Staff members shall not purchase software that has not been included on a list of specified software or has been approved by the Director of Technology.

The Superintendent will recommend the purchase of upgrades to software as needed. An evaluation of upgrades shall be made by appropriate personnel and no upgrade shall be purchased without the express approval of the Director of Technology.

Site Licenses

In the case where more than one copy of a software program is required, the Director of Technology shall attempt to acquire or negotiate a site license with the software developers. In the event a site license is not possible, vendors shall be sought who will provide multiple copies at a discounted cost.

Software Copyright

All employees shall strictly adhere to the copyright laws of the United States. No software shall be copied and/or distributed except in accordance with these laws. All software placed on media workstations or any network with public access shall be copy protected by the Director of Technology, who shall assure that individuals who have access to such programs shall not copy them without authorization.

Internal Communication (District)

The school district shall provide communication between schools by a variety of means.

External Communications

The Board encourages the use of external communications so schools may utilize the vast resources of external databases and communicate with other schools, external agencies, and businesses throughout the world. Gateways to such communications will be supported by the school district. The use of particular gateways shall be approved by the Director of Technology. The Director of Technology shall be responsible for the installation of software in district owned computers and/or computer systems that prevents access to gateways and Internet sites that have material considered by the Director of Technology to be inappropriate for use by students.

Computer Laboratories and Distributed Computing

In order to provide teacher, staff, and student access to computers, the Board directs that provisions be made to provide computer access in computer laboratories, classrooms, and school libraries/media centers.

Audio/Video

All audio and/or video materials shall be used in accordance with the copyright laws of the United States. Teachers, students, or staff who create audio or video materials containing the voices or images of the individuals involved shall obtain proper releases from those individuals, their parent(s) or legal guardian(s) for instructional use within the school.

Informing Parents, Legal Guardians and Interested Parties

Upon request, the Building Principal shall make available to parent/legal guardians the computer hardware and software used in the district in order that a computer purchased privately for home use may be compatible with the computer and software the student uses in the school setting.

Technology Coordination

The Board shall appoint a Director of Technology to assure the technology needs of the district are met in the most efficient manner possible at the lowest costs available to meet specified needs.

Broadcast Rights and Copyrights

The Board specifically retains the Broadcast rights and copyrights to all materials created by employees of the Board as part of their responsibilities to the Board. Any financial remuneration for the use of such materials shall be retained by the Board.

Computer Security

The Director of Technology shall develop security procedures to include, but not be limited to, the following areas:

1. Physical Security of Equipment

All computer equipment shall be maintained in a secure manner appropriate to its location.

2. Data Security

- a. Back-up procedures for system files, libraries, and data shall be practiced in a timely fashion.
- b. Disaster recovery plans shall be kept up-to-date at all times.
- c. Password protection shall be in place and updated periodically.
- d. Resource security shall be in place to prevent unauthorized access to system files, libraries, and data.

3. Employee Training

All new employees having, as part of their job responsibilities, access to computers and information systems will be trained in the proper security procedures outlined above.

All employees having, as part of their job responsibilities, access to computers and information systems will be kept up-to-date on current security procedures for equipment and data.

4. Transaction Audit Trail

Appropriate procedures will be maintained in order to monitor system activity and users, as necessary.

5. Security Officer

The Superintendent shall designate the Director of Technology as the district's Computer Security Officer to monitor system security procedures.

Use of Facsimile (FAX) Machines

Fax machines provide a useful means of communicating and shall be subject to the same rules that apply to the use of telephones. All incoming faxes shall be considered confidential mail. No disclosure of the contents of any fax shall be made except to the individual for whom the fax is intended. Any individual violating this confidentiality shall be subject to discipline as provided by the policies and regulations of the Board.

2361 ACCEPTABLE USE OF COMPUTER NETWORKS/ COMPUTERS AND RESOURCES

The computing resources in the Princeton Public Schools support the instructional, research, and administrative activities of the school district. Examples of these computing resources include, but are not limited to, the administrative and instructional computing facilities and operations, local, wide and wireless networks, electronic mail, and access to the Internet. Users of these services and facilities have access to a vast amount of resources.

Consequently, it is appropriate for all users to behave in a responsible, ethical, and legal manner. In general, appropriate use means respecting the rights of other computer users, the integrity of the physical facilities and all pertinent license and contractual agreements. Individual departments and schools may have additional guidelines regarding computing equipment held in those departments and schools. Interested parties should contact the Director of Technology for more information concerning computing guidelines in a specific department or school. The Princeton Public Schools vests the responsibility for ensuring the integrity and performance of its computing systems in various system administrators. While respecting the rights of all users, when the integrity of the system is threatened, systems administrators are authorized to take those actions necessary to maintain the responsible, ethical, and legal use of Princeton Public Schools technology systems.

The guidelines apply to all users of computing resources owned or managed by the Princeton Public Schools, including faculty, staff, students, guests of the administration, and approved external individuals or organizations. When applied to students, it is understood that these signed guidelines will apply for the rest of the student's schooling in the Princeton Public Schools. Questions regarding the use and application of the Princeton Public Schools Guidelines for Responsible Computing are welcome. A meeting with the Director of Technology, Building Principal, and any other appropriate individuals can be scheduled to discuss the Acceptable Use Policy and its use in the school district in further detail. Major changes to the Guidelines for Responsible Computing will be communicated to the school community via email and posting on the district website. The Guidelines for Responsible Computing will always be available via the technology office website.

Compliance with Children's Internet Protection Act (CIPA)

Internet Safety Protection

As a condition for receipt of certain Federal funding, the school district shall be in compliance with the Children's Internet Protection Act, the Neighborhood Children's Internet Protection

Act, and has installed technology protection measures for all computers in the school district, including computers in media centers/libraries. The technology protection must block and/or filter material and visual depictions that are obscene as defined in Section 1460 of Title 18, United States Code; child pornography, as defined in Section 2256 of Title 18, United States Code; are harmful to minors including any pictures, images, graphic image file or other material or visual depiction that taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or depicts, describes, or represents in a patently offensive way, with respect to what is suitable for minors, sexual acts or conduct; or taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

This Policy also establishes Internet safety policy and procedures in the district as required in the Neighborhood Children's Internet Protection Act. Policy 2361 addresses access by minors to inappropriate matter on the Internet and World Wide Web; the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; unauthorized access, including "hacking" and other unlawful activities by minors online; unauthorized disclosures, use, and dissemination of personal identification information regarding minors; and measures designed to restrict minors' access to materials harmful to minors.

Notwithstanding blocking and/or filtering the material and visual depictions prohibited in the Children's Internet Protection Act and the Neighborhood Children's Internet Protection Act, the Board shall determine other Internet material that is inappropriate for minors.

In accordance with the provisions of the Children's Internet Protection Act, the Superintendent of Schools or designee will develop and ensure education is provided to every student regarding appropriate online behavior, including students interacting with other individuals on social networking sites and/or chat rooms, and cyberbullying awareness and response.

The Board will provide reasonable public notice and will hold one annual public hearing during a regular monthly Board meeting or during a designated special Board meeting to address and receive public community input on the Internet safety policy - Policy and Regulation 2361. Any changes in Policy and Regulation 2361 since the previous year's annual public hearing will also be discussed at a meeting following the annual public hearing.

The school district will certify on an annual basis, that the schools, including media centers/libraries in the district, are in compliance with the Children's Internet Protection Act and the Neighborhood Children's Internet Protection Act and the school district enforces the requirements of these Acts and this Policy.

Inappropriate Network Usage

To the extent practical, steps shall be taken to promote the safety and security of users of the school district online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications.

Specifically, as required by the Children's Internet Protection Act, prevention of inappropriate network usage includes:

1. Unauthorized access, including so-called "hacking," and other unlawful activities; and
2. Unauthorized disclosure, use, and dissemination of personal identification information regarding minors.

Education, Supervision, and Monitoring

It shall be the responsibility of all members of the school district staff to educate, supervise, and monitor usage of the online computer network and access to the Internet in accordance with this Policy and the Children's Internet Protection Act. Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Superintendent or designee.

The Superintendent or designee shall ensure that students and staff who use the school Internet facilities receive appropriate training including the following:

1. The district established standards for the acceptable use of the Internet;
2. Internet safety rules;
3. Rules for limited supervised access to and appropriate behavioral expectations for use of online resources, social network websites, and chat rooms;
4. Cyberbullying (Board Policy 5512 Harassment, Intimidation, and Bullying) awareness and response.

Student use of the Internet shall be supervised by qualified staff.

Policy Development

This Policy shall be adopted and revised through a procedure that includes reasonable public notice and at least one public hearing.

Acceptable Use of the Internet

Account Security, Passwords, and Integrity

The person to whom a network account is allocated is the only person allowed to use that account. No password sharing is permitted between students. Additionally, it is the user's job to be sure he or she does not create a security hole in the system. For instance, users must select passwords that are not guessable or "breakable" and should not write the password down anywhere. Breakable passwords are ones found in any common dictionary, parts of the user's name, etc. The best passwords tend to be multiple words utilizing both numbers and characters.

The district provides reasonable security against intrusion and damage to files stored on district computers. The district provides some facilities for archiving and retrieving files specified by users and for recovering files after accidental loss of data. However, neither the district nor its computing staff can be held accountable for unauthorized access by other users, nor can they guarantee protection against power or media failure, fire, flood, or other disaster. The use of personal universal serial bus (USB) keys and other storage media including those that are cloud-based, are acceptable as long as their use doesn't violate other components of these guidelines.

Privacy

The district participates in a range of computing networks and many members of the school district community regularly use these networked computers in their work. Statements in public files in this medium are protected by the same laws, policies, and guidelines, and are subject to the same limitations as communications in other media. The same holds true for personal electronic files and communications (e.g. email). However, users should exercise caution when committing confidential information via email because the confidentiality of such material cannot be guaranteed.

Network and system administrators are expected to treat the contents of electronic files as private and confidential and to respect the privacy of all users. Members of the computing staff are forbidden to log on to a user account or to access a user's files unless the user gives explicit permission. An exception to these privacy guidelines may be made when an individual is suspected of abusing the Princeton Public Schools Guidelines for Responsible Computing. All accounts for staff and students are monitored for viruses, SPAM/malware, and inappropriate files that could be used for malicious purposes and to ensure user privacy and safety. This is done through a combination of teacher and/or technology support activities and hardware and software installed on the networks. In such instances, the system administrator will immediately notify the Director of Technology and/or the Building Principal.

The Children's Online Privacy Protection Act (COPPA) is a Federal law governing the online collection of personal information from children under the age of thirteen. The rules spell out what a website operator must include in a privacy policy, when and how to seek verifiable consent from a parent and what responsibilities an operator has to protect children's privacy and safety online. The district utilizes several educational software applications and web-based services that are operated by third parties. In order for students to use these valuable programs and services, certain personal identifying information, generally the student's name and username and/or email address, must be provided to the website operator. Under Federal law, these websites must provide parental notification and obtain parental consent before collecting personal information from children under the age of thirteen. The law permits schools to consent to the collection of personal information on behalf of all of its students, eliminating the need for individual parental consent given directly to the website operator. These web-based services approved for use in the schools abide by CIPA and COPPA Federal privacy and online protection laws including the use and maintenance of student data and are reviewed extensively. Furthermore, the Princeton Public Schools are guided by Federal and State laws regarding technology use including, but not limited to, the Children's Internet Protection Act (CIPA), the Children's Online Privacy Protection Act (COPPA) and the Family Education Rights and Privacy Act (FERPA).

Encountering Controversial Material

Users may encounter material which is controversial and which users (parents, students, teachers, staff, and administration) may consider inappropriate or offensive. This is much more easily monitored and tracked on the district computing resources. A content filtering software application is utilized to minimize encounters of controversial material. The content filter blocks and filters Internet access to content, including audio and pictures that are:

1. Obscene;
2. Pornographic; and
3. Harmful to minors.

Any staff member, community member, or student believing a website is blocked in error, shall report this to district technical support personnel via email to support@princetonk12.org. On a global network such as the Internet, it is impossible to control effectively all data and a user may inadvertently discover controversial material. It is the user's responsibility not to initiate access to such material.

Student Instruction Relative to the Guidelines for Responsible Computing

All students in grades Kindergarten through twelve who use district technology shall receive age-appropriate instruction on all facets of the Guidelines for Responsible Computing. This instruction will include strategies for:

1. Preventing access by minors to inappropriate material on the Internet;
2. Ensuring the safety and security of minors when using email and other forms of electronic communications and social media;
3. Preventing unauthorized access, “hacking,” and other unlawful activities by minors online;
4. Defining cyberbullying and the responding to an incident according to Policy 5512 Harassment, Intimidation, and Bullying; and
5. The appropriate use of social networking sites.

Normal instructional procedure is to treat Internet safety instruction as not just a unit of instruction, but instruction that it is practiced and preached every day.

Personal Information

No personal information of students, including photos, is to be shared and available online without parent consent. Parents shall complete the Digital Media Consent Form. On this form, parents can give permission to:

1. Use technology resources as part of the student’s instruction including Internet;
2. Public releases from the school district that includes name, school, grade/teacher, performance role, name of course or activity, work product and/or photograph;
3. Public releases of photo image and/or other personal identifiers.

Student information, including name, grade, student identification (ID), school, teacher, and/or email address can be shared with third party instructional technology resources that are to be used within the curriculum but shall not be publicly viewable.

Appropriate Computer Behavior

Students and staff members using district computing resources are required to behave in their use of the technology in a manner consistent with the Board Policy and Regulation 5600 Student Discipline/Code of Conduct as well as the Guidelines for Responsible Computing. The following list does not cover every situation that pertains to proper or improper use of computer resources, but it does suggest some of the responsibilities that users accept if they choose to use a computer resource or the network access that the district provides:

1. If a student or staff member has any district network account, they are responsible for the use made of that account. The student or staff member should set a password which will protect their account from unauthorized use, and which will not be guessed easily. If a student or staff member discovers that someone has made unauthorized use of their account, the student or staff member should change the password and report the intrusion to the Director of Technology, the technology support staff, or a classroom teacher immediately. Students and staff members are to only use a network account that belongs to them.
2. Students and staff members must not intentionally seek information about, browse, obtain copies of, or modify files, passwords, or online content belonging to other people, whether in the district or elsewhere, unless specifically authorized to do so by those individuals. Students and staff members must not attempt to decrypt or translate encrypted material to which they are not entitled. Nor may students or staff members seek to obtain system privileges to which they are not entitled. Attempts to do any of these things will be considered serious transgressions.
3. If students or staff members encounter or observe a gap in system or network security, they must report the gap to the Director of Technology, the technology support staff or a classroom teacher immediately. Students and staff members must refrain from exploiting any such gaps in security.
4. Students and staff members must refrain from any unauthorized action that deliberately interferes with the operating system, software functions of either individual workstations or of network servers and of the hardware infrastructure. This would include the creation and distribution of destructive and interfering programs such as worms and viruses as well as interfering with the wireless network operation.

5. Students and staff members must be sensitive to the public nature of shared facilities, and take care not to display on screens in such locations images, sounds, or messages that could create an atmosphere of discomfort or harassment for others. Students and staff members must also refrain from transmitting to others in any location inappropriate images, sounds, or messages which might violate Board Policy 5512 Harassment, Intimidation, and Bullying.
6. Students and staff members must avoid the following activities: tying up shared computing resources for anything other than instructional applications and staff work requirements; sending frivolous or excessive email or messages locally or over the Internet; or printing excessive copies of documents, files, images or data. Students and staff members must refrain from using unwarranted or excessive amounts of storage, printing documents or files numerous times because they have not checked thoroughly for all errors and corrections. Students and staff members must be sensitive to special needs for software and services available in only one location to those whose work requires the special items.
7. Students and staff members must not create, send, post or forward, electronic chain letters.
8. Non-district hardware or software shall not be installed on the district networks without authorization. This includes document cameras, network hubs, wireless routers, etc. Copying of commercial software in violation of copyright laws will not be tolerated. In addition, no installation of computer programs, commercial or otherwise, will be configured on district computers without the knowledge of network and/or systems administrators. Contact the Director of Technology if there are specific requests for hardware and/or software.
9. Use of the district computing resources for personal financial gain or for political purposes is prohibited.
10. Use of impolite or abusive language or photographs is prohibited.
11. Because electronic information is volatile and easily reproduced, respect for the work and personal expression of others is especially critical in computer environments. Violations of authorial integrity, including plagiarism, invasion of privacy, unauthorized access, and trade secret and copyright violations, may be grounds for sanctions against members of the academic community.

Personal Technology Devices

Students may find it beneficial and may be encouraged to use personal technology devices for instructional purposes during the school day. The district is committed to moving students and staff forward in a 21st century learning environment. As part of this vision, the school district shall allow students, staff, parents, and guests to access the wireless network using their own technology tools during the learning day. Any personal technology devices that access the district wireless networks will be governed by the district Guidelines for Responsible Computing. With classroom teacher approval, students may use their own devices in the classroom to access information from the Internet and to communicate and use a variety of productivity tools that may be loaded on their personal technology devices.

No personal mobile devices shall be connected to the school district wired network. They may connect only to the school district wireless network. It is understood that the school district assumes no obligation for the support, either onsite or by other means, of the personal mobile equipment. It will not accept any liability for modifications made to the equipment as a result of establishing a connection within the school district. Users will not have any network services like DNS, DHCP, file-sharing programs or network utilities running on their personal device. Furthermore, no personal network routers, access points, switches, hubs, network printers, or any other devices may be plugged into the district network at any time. Users are prohibited from tethering, a technique in which a mobile device is used as a wireless modem to provide Internet access to other wireless-enabled devices. The network continues to be configured in the best interests of the district-owned devices that are using it. Users will not hold the Princeton Public Schools liable for theft, damage, or loss of personal equipment.

Violations of the Guidelines for Responsible Computing

Violations of the Guidelines for Responsible Computing shall be treated like any other legal or ethical violation as outlined in the student handbook, relevant contractual agreements, and applicable faculty and staff handbooks. Violators may also be subject to prosecution under applicable Federal and New Jersey statutes.

Any violation of this Policy may result in a cancellation of network computing privileges and/or disciplinary action. The administration, faculty, and staff of the Princeton Public Schools may request through each building administrator or their designees that the network administrators deny, revoke, or suspend specific use privileges. Anyone identified as a security risk or having a history of problems with other computer systems may be denied access to the Princeton Public Schools district-wide area network and Internet resources.

Limitation of Liability

The Internet constitutes an unregulated collection of resources that change constantly, so it is not possible to totally predict or control the resources that users may locate. The Board cannot guarantee the accuracy of the information or the appropriateness of materials that a user may encounter. Furthermore, the Board shall not be responsible for any damage users may suffer, including but not limited to, loss of data or interruptions of service. Nor shall the Board be responsible for financial obligations arising through the unauthorized use of the system.

Prohibited Recording

Classroom teachers may authorize the use of audio and visual recording technology for educational purposes. Only students requesting permission and receiving the permission of the classroom teacher may use audio or visual recording technology during school operational hours.

No student or staff member shall take video or audio recordings with school issued devices or personal devices of any student or staff member for any purpose without the consent of the student, the student's parent, and/or the school staff member. In addition, students and staff members are prohibited from recording educational material, student assessment instruments, and/or student assessment reviews. Students found recording individuals without consent or materials to use to compromise the integrity of the district's educational program or for academic dishonesty shall be subject to disciplinary measures up to and including suspension from school in accordance with the Policy and Regulation 5600 Student Discipline/Code of Conduct.

Implementation

The Superintendent may prepare regulations to implement this Policy.

2363 STUDENT USE OF PRIVATELY-OWNED TECHNOLOGY

The Board of Education recognizes technology is always changing and as a result of increased accessibility to technology many students possess technology devices for their use during non-school hours. These privately-owned devices may be beneficial to students during school hours for approved educational purposes. Therefore, the Board of Education will allow students to use their privately-owned technology devices under conditions outlined in this Policy.

For the purpose of this Policy, “technology” means hardware or software.

For the purpose of this Policy, “privately-owned” means technology hardware and software that is purchased, owned, and maintained by the student at no expense to the school or school district.

For the purpose of this Policy, “hardware” means any device that can store, access, retrieve, and/or communicate data or information. “Hardware” may include, but is not limited to, any type of computer device; wireless telephone; electronic reader; personal digital assistant (PDAs); video broadcasting and/or recording device; or camera.

For the purpose of this Policy, “software” means any computer program(s) or related data that provide instruction for telling a computer or other hardware device what to do and how to do it.

The use of privately-owned technology by a student in the educational program during the school day must be approved by the student’s parent or legal guardian and the school teaching staff member responsible for supervising and/or providing the student’s instructional program. A teaching staff member may approve a student’s use of privately-owned technology based on the assignment(s) to the student. The teaching staff member may also prohibit the use of privately-owned technology for an assignment(s).

Teaching staff members must get prior approval from their immediate supervisor or Principal before allowing students to use privately-owned technology during instructional time.

Students who use privately-owned technology in school will not be given access to the school district’s computer server(s) or network(s). In the event the teaching staff member approves the use of privately-owned technology to access the Internet, the access must be through the privately-owned technology without the use of any school district hardware or software. A teaching staff member who approves a student to use their privately-owned technology to access the Internet during instructional time will provide the student with a list of approved Internet sites the student is permitted to access. A student granted such permission must comply with school district policies and regulations regarding acceptable use of computers and technology. Any use of privately-owned technology by a student shall be in strict accordance with the teaching staff member’s specific approval(s) and Board policies and regulations. Any violation will subject the student to appropriate discipline and/or grading consequences.

The teaching staff member, in considering the use of privately-owned technology, will ensure such approval does not provide any advantage or benefit to the student who owns such technology over the student who does not own such technology. The teaching staff member will not approve the use of privately-owned technology if the teaching staff member determines the use would be advantageous or beneficial to the student who owns such technology over the student who does not own such technology.

The school district assumes no responsibility for any privately-owned technology brought to school by a student. The student shall be responsible for the proper operation and use of any privately-owned technology brought to school. School staff members shall not be responsible for the effective use and/or technical support for any privately-owned technology.

The school district shall assume no responsibility for the security of or damage to any privately-owned technology brought to school by a student. Students are encouraged to purchase private insurance for loss, damage, or theft of any privately-owned technology the student brings to school.

2411 SCHOOL COUNSELING

The Board of Education requires that a planned program of school counseling be an integral part of the educational program of the schools to assist students in making and implementing informed educational and occupational choices including academic, career and personal/social development.

A program of school counseling, including developmental career guidance and exploration, shall be offered to all students in this school district and shall include the services of teaching staff members certified as school counseling personnel and other designated teaching staff members.

The Superintendent is directed to implement a school counseling program that carries out the purposes of this policy and:

1. Involves teaching staff members at all appropriate levels;
2. Honors the individuality of each student;
3. Is integrated with the total educational program;
4. Is coordinated with available resources of the community;
5. Provides for cooperation of school staff with parents and shares parents' concern for the development of their children;
6. Provides for the means of sharing information among appropriate staff members in the student's interest;
7. Is available equitably to all students and prohibits biased school counseling and the use of materials that discriminate among students on the basis of their race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability; and
8. Establishes a referral system that utilizes all the aid the schools and community offer, guards the privacy of the student, and monitors the efficacy of such referrals.

Students shall be encouraged to avail themselves of the help of the school counseling department's personnel.

The school counseling department in the high school shall encourage the visits of educational and occupational representatives, including military recruiters. The administration shall have a positive attitude toward granting permission to seniors to visit schools, colleges, and places of employment during school time. Students must have prior approval of the school counseling department for the scheduled visit.

Students shall be aided in finding part time jobs when in school, and permanent employment upon graduation.

School counseling services shall include establishment of a referral system that guards the privacy of the student and monitors the efficacy of such referrals, when district resources are not sufficient, as in drug or alcohol counseling.

2412 HOME INSTRUCTION DUE TO HEALTH CONDITION

The Board of Education shall provide instructional services to an enrolled student, whether a general education student in Kindergarten through grade twelve or special education student age three to twenty-one, when the student is confined to the home or another out-of-school setting due to a temporary or chronic health condition or a need for treatment that precludes participation in their usual education setting, whether general or special education.

A parent's request for home instruction shall include a written determination from the student's physician documenting the projected need for confinement at the student's residence or other treatment setting for more than ten consecutive school days or twenty cumulative school days during the school year. The written determination from the student's physician shall be forwarded to the school physician, who shall either verify the need for home instruction or provide reasons for denial. The parent shall be notified concerning the school physician's verification or reasons for denial within five school days after receipt of the written determination by the student's physician.

The school district shall be responsible for the costs of providing instruction in the home or out-of-school setting either directly, or through online services, including any needed equipment, or through contract with another district Board of Education, Educational Services Commission, Jointure Commission, or approved clinic or agency. The school district shall provide instructional services within five school days after receipt of the school physician's verification or, if verification is made prior to the student's confinement, during the first week of the student's confinement to the home or out-of-school setting.

The home or out-of-school instruction shall meet the minimum standards as required in N.J.A.C. 6A:16-10.1(c). For a student with disabilities, the home instruction shall be consistent with the student's Individualized Education Plan (IEP) to the extent appropriate, and shall meet the New Jersey Student Learning Standards. When the provision for home instruction for a student with disabilities will exceed thirty consecutive school days in a school year, the IEP team shall convene a meeting to review and, if appropriate, revise the student's IEP.

For a student without disability, the home instruction shall meet the New Jersey Student Learning Standards, and the requirements of the Board for promotion to the next grade level. When the provision for home instruction for a student without disability will exceed sixty calendar days, the school physician shall refer the student to the Child Study Team for evaluation, pursuant to N.J.A.C. 6A:14.

The Board reserves the right to withhold home instruction when the reason for the student's confinement is such as to expose a teacher to a health hazard or dangerous home situation; when a parent or other adult twenty-one years of age or older, who has been designated by the parent, is not present during the hours of instruction; or when the condition of the student is such as to preclude benefit from such instruction.

Students on home instruction will be accounted for on the attendance register as required by the Department of Education. The name of a student on home instruction will not be released at a public Board meeting or placed in a public record.

2415 EVERY STUDENT SUCCEEDS ACT

The Every Student Succeeds Act (ESSA) is a reauthorization of the Elementary and Secondary Education Act (ESEA) of 1965 that provides Federal funds to help all New Jersey's school children achieve. The purpose of the ESSA is to ensure all students have equitable access to high-quality educational resources and opportunities and to close educational achievement gaps. The Board of Education elects to augment the instructional program of students by projects supported by Federal funds allocated under the ESSA and the district will comply with the requirements of all the programs authorized by the ESSA.

The district may be eligible for several grant programs funded through the ESSA, including, but not limited to, Title I through Title VII. Many of the Titles of the ESSA have several parts and subparts that provide a funding source for specific purposes.

Application Procedure

The district will submit an annual ESSA Consolidated Formula Subgrant Application to the New Jersey Department of Education (NJDOE). The school district's application shall include all information required by the NJDOE and the ESSA for the district to be considered for funding under the ESSA.

Covered Programs

Formula grants under the ESSA are non-competitive grants that school districts are eligible for based on the make-up of their student bodies. These formula grants for each Title are committed to different purposes and may be used to support different activities and programs.

Title I

The largest Federal program supporting elementary and secondary education is Title I. The ESSA strengthens Title I requirements for the State's assessments, accountability system, and support for school improvement. The law also requires minimum qualifications for teachers and paraprofessionals in Title I programs.

The school district must use the best available measure for identifying children from low-income families to: identify eligible school attendance areas, determine the ranking of each area, and determine allocations as identified in the Title I guidelines and regulations.

The school district will offer Title I services to eligible children enrolled in private elementary and secondary schools. The services and benefits will be equitable in comparison to services and benefits for participating public school children.

The school district will provide the New Jersey Department of Education assurances it will provide the maximum coordination between the Title I program, the regular school program, and services provided by other programs for specialized populations. The Title I program will consider the special needs of homeless children, migrant children, children with disabilities and limited English Language Learner (ELL) children. Title I funds will be reserved so that migrant children who are otherwise eligible to receive Title I services, even if they arrive during the school year, are served.

Type of Title I Program

The school district will offer a Target Assistance Title I program.

Target Assistance Program

Schools that are not eligible for (or do not choose to operate) school-wide Title I programs must use Title I funds to provide targeted services to low-achieving students. A Target Assistance program must be established in accordance with the Title I guidelines and regulations and the New Jersey Department of Education.

New Jersey Department of Education Accountability System

The district will comply with the accountability system established by the New Jersey Department of Education and outlined in the New Jersey State Plan and approved by the United States Department of Education.

Fiscal Responsibility

The district will comply with the requirements as outlined in Policy 2415.02 Title I – Fiscal Responsibilities in accordance with the NJDOE and the ESSA.

Parental Involvement

The district will comply with the requirements as outlined in Policy 2415.04 – Parental Involvement in accordance with the NJDOE and the ESSA.

Student Surveys, Analysis, and/or Evaluations

The Protection of Pupil Rights Amendment (PPRA) applies to school districts that receive Federal funding from the United States Department of Education. The district will comply with the requirements as outlined in Policy 2415.05 - Student Surveys, Analysis, and/or Evaluations in accordance with the PPRA.

Unsafe School Choice Option

In the event there is a school in the district designated as Persistently Dangerous in accordance with the Victims of Violent Criminal Offenses as outlined in the ESSA, the district will comply with the requirements of Policy 2415.06 – Unsafe School Choice Option in accordance with the NJDOE and the ESSA.

Property

Property acquired through Title I funds for use in public or private schools will be acquired in accordance with the Public School Contracts Law, will be held in title by the Board of Education, and will not be used for other purposes so long as it is required in the Title I program. Property no longer required for Title I purposes will be used for other, similarly funded projects or disposed of in accordance with State and Federal guidelines.

Capital Expenses

The Superintendent will assure the district abides by New Jersey's Public Contracts Law; consults appropriate private school officials prior to making any decisions regarding capital expenses; ensure funds that are received to cover capital expenses provide equitable Title I services to private school students; ensure accounts for any capital funding is separately maintained; and assure lease purchase agreements are consistent with applicable statute and administrative code.

Post-Award Requirements

The school district will maintain all project records for five years following the completion of the activity for which the funds were used. The school district will prepare and submit all reports as required by the State Department of Education in a timely manner.

Supplement, Not Supplant

Grant funds provided under Federal programs, including the ESEA of 1965 as amended by the ESSA, shall supplement, not supplant the funds that would, in the absence of such Federal funds, be made available from State and local sources for the education of students participating in programs assisted under the ESEA of 1965 as amended by the ESSA.

Comparability with Multiple Schools

To be in compliance with the requirements of the ESEA as amended by the ESSA, the Board of Education directs the Superintendent to assign teachers, administrators, and auxiliary personnel to the schools in such a way that the equivalence of personnel is ensured among schools. 2415.04 TITLE I – DISTRICT-WIDE PARENTAL INVOLVEMENT

GENERAL EXPECTATIONS

The school district will put into operation programs, activities, and procedures for the involvement of parents in all of its schools with Title I, Part A programs, consistent with Section 1118 of the Elementary and Secondary Education Act (ESEA). Those programs, activities, and procedures will be planned and operated with meaningful consultation with parents of participating children.

Consistent with Section 1118, the school district will work with its schools to ensure that the required school-level parental involvement policies meet the requirements of Section 1118(b) of the ESEA, and each include, as a component, a school-parent compact consistent with Section 1118(d) of the ESEA.

The school district will incorporate this District-Wide Parental Involvement Policy into its school district's plan developed under Section 1112 of the ESEA.

In carrying out the Title I, Part A parental involvement requirements, to the extent practicable, the school district and its schools will provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under Section 1111 of the ESEA in an understandable and uniform format, including alternative formats upon request, and to the extent practicable, in a language parents understand.

If the school district's plan for Title I, Part A, developed under Section 1112 of the ESEA, is not satisfactory to the parents of participating children, the school district will submit any parent comments with the plan when the school district submits the plan to the New Jersey Department of Education.

In the event the school district is required to reserve and spend at least one percent of the district's Title I, Part A allocation, the school district will involve the parents of children served in Title I, Part A schools in decisions about how these funds will be spent and will ensure that not less than ninety-five percent of the one percent reserved goes directly to the schools.

The school district will be governed by the following statutory definition of parental involvement, and expects Title I schools in the district will carry out programs, activities, and procedures in accordance with this definition:

Parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring-

2415.06 UNSAFE SCHOOL CHOICE OPTION

The New Jersey Department of Education (NJDOE) is required to establish an Unsafe School Choice Option (USCO) Policy per the Elementary and Secondary Act (ESEA) of 1965, as reauthorized under the Federal Every Student Succeeds Act of 2015 (ESSA). The USCO Policy requires that students who attend a persistently dangerous public elementary or secondary school as determined by the NJDOE, or become victims of a violent criminal offense while in or on school grounds of a public school that they attend, be allowed to attend a safe public school within the district. The USCO provision under the ESSA contains two provisions that apply to school districts that receive funds under ESSA: Provision I - Persistently Dangerous Schools and Provision II - Victims of Violent Criminal Offenses.

Effective the beginning of each school year, school districts receiving ESSA funds must be prepared to complete the transfer of students who choose to exercise Provision I and Provision II of this USCO Policy. Compliance with the Policy is a condition of receiving funds under any and all titles under ESSA. The Superintendent is required to certify compliance with this USCO Policy to the NJDOE in the application for ESSA funds.

USCO Policy Provision I - Persistently Dangerous Schools (PDS)

1. Criteria for Determining PDS.

A persistently dangerous school is a public elementary or secondary school building (except for Regional Day Schools, Educational Services Commissions and Special Services School Districts) that meets the objective criteria determined by the NJDOE for three consecutive years and is part of a school district that receives funds under ESSA. The NJDOE will use the most current available data from the Student Safety Data System (SSDS) to identify PDS on or before July 31 of each year.

2. Procedures and Guidelines for Schools Determined to be Persistently Dangerous.

A school district will be notified by the NJDOE on or before July 31 of each year if a school(s) in the school district has been identified as a PDS. Once the district receives notification a school is identified as persistently dangerous, the district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the date of the notice and offer them the option for their children to transfer to a safe public school within the district by the beginning of the respective school year. The district must complete all transfers by the beginning of the school year following the July notification.

Students are not required to accept the transfer option, but they must be afforded the opportunity to do so. Parental notice regarding the status of the school and the offer to transfer students should be made simultaneously. Parents of enrolled students must be notified of the persistently dangerous designation whether or not there is another school within the district for the transferring students.

To the extent possible, the district will allow transferring students to transfer to schools that have not been identified as low performing, under the State's ESSA accountability system. When a transfer school is not available within the school district, the district may seek arrangements for students to transfer to the nearest charter school or neighboring district; however, this is not required. The district may take into account the needs and preferences of the affected students and parents.

3. Corrective Action Plan for a School Identified as Persistently Dangerous.

If a school in the district is identified by the NJDOE as persistently dangerous, the district will submit to the NJDOE documentation of compliance with the parent notification requirement and actions taken to complete the transfer arrangements for all students exercising the option by the first day of the school year. Additionally, the district is required to develop and submit for approval a corrective action plan to the NJDOE on or before September 30 of the same year, which will apply to the respective school year. The corrective action plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the SSDS. The NJDOE will provide the school with guidance for its corrective action plan, as well as monitor the school district's timely completion of the approved plan.

In the spring of each following year, the NJDOE will re-evaluate the status of a school identified as persistently dangerous. The NJDOE will review the school's progress towards completing its corrective action plan and compare the current year's incidents of violence, as reported on the SSDS, to the criteria for determining PDS. A school identified as maintaining the persistently dangerous designation will be notified by the NJDOE on or before July 31 of the respective year and will be required to submit for approval a revised corrective action plan by September 30 of that year, which will apply to the respective school year. The school district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the date of notice and offer them the option for their children to transfer to a safe public school by the beginning of the respective school year in accordance with 2. above.

A school no longer designated persistently dangerous will be notified on or before July 31 of the respective year. The persistently dangerous designation will be removed after one or more years contingent upon successful fulfillment of the criteria for removal, as determined by evidence of the school's progress toward successfully completing the approved corrective action plan, and evidence of incidents that no longer meet the criteria for determining PDS, described above, for one school year, the year in which the corrective action plan was in effect.

4. Procedures and Guidelines for Early Warning of Schools.

When a school meets the criteria set forth in this Policy for one year, the district will be informed of the types of offenses reported that have led to an early notification. This notification, on or before August 15 of each year, will be informational only. A school that no longer meets the criteria for PDS for one year will no longer be considered in early notification status. A school that meets the criteria for two consecutive years will move into early warning status outlined below.

If a school meets the criteria set forth in this Policy for two consecutive years, the district will be notified of the pattern of offenses on or before August 15 of each year. If notified, the district will develop and submit for approval a school safety plan to the NJDOE on or before September 30 of the same year, which will apply to the respective school year. The school safety plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the SSDS. The NJDOE will provide an early warning school with guidance for its school safety plan, as well as monitor the school's timely completion of the approved plan. A school receiving an "early warning" notice is not required to provide the transfer option to students.

In the spring of each following year, the NJDOE will reevaluate the school's progress towards completing its school safety plan and compare the current year's incidents of violence, as reported on the SSDS, to the criteria for determining PDS. The school will be notified of its status on or before July 31 of the respective year.

A school that no longer meets the criteria for PDS for one school year, the year in which the school safety plan was in effect, will no longer be required to submit a school safety plan.

A school that meets the criteria for PDS for a third consecutive year will be designated persistently dangerous and will be required to submit for approval a corrective action plan on or before September 30 of that year, which will apply to the respective school year and provide the transfer option to students in the school designated as persistently dangerous.

5. Schools Not Receiving ESSA Funds, but Meeting the Criteria for PDS.

School buildings and districts that are not part of a local education agency (LEA) that receives Federal funds under ESSA, but meet any one of the criteria for PDS will be contacted by the NJDOE and be required to develop and submit for approval a school safety plan on or before September 30 of the respective year. The school safety plan must be completed in the format provided by the NJDOE and describe how the school will reduce the number of incidents of violence as determined by the SSDS. The NJDOE will provide the school with guidance for its school safety plan, as well as monitor the school's timely completion of the approved plan.

USCO Policy Provision II – Victims of Violent Criminal Offenses

The Unsafe School Choice Option provision under the ESSA requires a student who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the district, including a public charter school.

The individual victim provision of this Policy attempts to fulfill the requirement for the school district to provide relief to students who have been victimized, while providing a school with a practical means for making determinations on incidents of victimization that are within the purview of the school district. The individual victim section of this Policy has been crafted to enable school staff to make reasonable determinations and actions regarding this Policy. The Superintendent will consult with the Board attorney and communicate with designated local and/or county law enforcement authorities, per the provisions of the *Uniform State Memorandum of Agreement Between Education and Law Enforcement Officials and N.J.A.C. 6A:16-6.2(b)13*, on questions and issues that arise in the implementation of the individual victims of violent criminal offenses section of this Policy.

1. Criteria for Determining Victims of Violent Criminal Offenses

The following criteria must be used to determine when an enrolled student has become a victim of a violent criminal offense while in or on the grounds of a public elementary or secondary school that the student attends. These criteria only apply to a student who has become a victim of one or more of the violent criminal offenses enumerated below:

A student is considered a victim of a violent criminal offense when:

- a. A referral has been made to law enforcement officials for suspicion that one of the violent criminal offenses enumerated below has occurred; and
- b. One or more of the following applies:
 - (1) Law enforcement officials have filed formal charges against the offender(s) for commission of the violent crime; or
 - (2) The offender(s) has received sanctions in accordance with the Board of Education's Code of Student Conduct; or
 - (3) The offender(s) either has not been identified or is not an enrolled student(s), but it is clear that the student (victim) has become a victim of a violent criminal offense based on objective indicators such as physical evidence, eyewitness testimony, and/or circumstantial evidence; or
 - (4) The pre-existence of a restraining order against the offender(s).

2. Procedures and Guidelines

Effective the first day of each school year, the district must be prepared to begin the transfer of any student who chooses to exercise the individual choice option provision. The district must offer, within fourteen calendar days of the incident, an opportunity to transfer to a safe public school within the district to any student who has become a victim of a violent criminal offense while in or on the grounds of a public school that the student attends. While the student must be offered the opportunity to transfer, the student may elect to remain at the school.

To the extent possible, the district will allow any transferring student to transfer to a school that has not been identified as low performing, under the State's ESSA accountability system. In addition, when a transfer school is not available within the district, the district may seek arrangements for a student to transfer to the nearest charter school or neighboring district; however, this is not required. The district may take into account the needs and preferences of the affected student and his or her parent(s). Transfers must occur within thirty days of the determination that the student was a victim of a violent criminal offense.

3. Violent Criminal Offenses

The violent criminal offenses under New Jersey statutes that apply to the individual victim provision of this Policy are identified and explained below. The offenses apply to completed offenses, as well as attempts to commit the offenses. The offenses and attempts to commit the offenses apply only when they occur in or on the school grounds, as defined in N.J.A.C. 6A:16-1.3, of the school that the student attends. The offenses apply whether they occur wholly or in part in or on the grounds of the school that the student attends. The offenses apply only to acts or attempts that are directed at a person (victim) or a group of specified individuals (victims), rather than acts that indiscriminately affect the entire school population or non-specified individuals or groups.

4. Applicable Violent Criminal Offenses

Below is a description of each applicable violent criminal offense that is based upon New Jersey statutes and references to statutory citations that provide complete explanations of each designated offense. The descriptions provided below are not intended to be a complete explanation of each offense or a substitute for the actual provisions of the authorizing statutes. Instead, the descriptions are provided as an aid in facilitating understanding of the general intent and practical applications of the violent criminal offenses that pertain to this Policy.

- a. Homicide [N.J.S.A. 2C:11-2] - A student is a victim of a homicide when he or she is the child, sibling or other relative of a decedent, resulting from someone purposely, knowingly or recklessly causing the death of the student's parent, sibling, or relative in or on school grounds.
- b. Assault [N.J.S.A. 2C:12-1(A)(1-3) and 2C:12-1(B)(1-4)] - A person is a victim of an assault when the actor: purposely, knowingly, or recklessly causes bodily injury to the victim; negligently, recklessly, knowingly, or purposely causes bodily injury to the victim with a deadly weapon; attempts by physical menace to put the victim in fear of imminent serious bodily injury; or knowingly points a firearm at or in the direction of the victim, whether or not the actor believes it to be loaded.

- c. Sexual Assault [N.J.S.A. 2C:14-2] - A student is a victim of a sexual assault when the student is a victim of an act of sexual contact when the victim is less than thirteen years old and the actor is at least four years older than the victim, or the student is a victim of an act of sexual penetration under any of the following circumstances:
 - (1) The victim is less than thirteen years old.
 - (2) The victim is at least thirteen, but less than sixteen years old; and the actor is at least four years older than the victim.
 - (3) The victim is at least sixteen years old, but less than eighteen years old; and the actor has supervisory or disciplinary power over the victim.
 - (4) The actor uses physical force or coercion.
 - (5) The victim is one whom the actor knew or should have known was physically helpless, mentally defective, or mentally incapacitated.
- d. Bias Intimidation [N.J.S.A. 2C:16-1(A)] - A person is a victim of the crime of bias intimidation when an actor commits, attempts to commit, conspires with another to commit or threatens the immediate commission of an offense specified in Chapters 11 through 18 of Title 2C of the New Jersey Statutes; N.J.S.A. 2C:33-4; N.J.S.A. 2C:39-3; N.J.S.A. 2C:39-4 or N.J.S.A. 2C:39-5 in the following circumstances:
 - (1) With a purpose to intimidate a victim or a group of specified victims because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or
 - (2) Knowing that the conduct constituting the offense would cause a victim or a group of specified victims to be intimidated because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or
 - (3) Under circumstances that caused any victim of the underlying offense to be intimidated and the victim, considering the manner in which the offense was committed, reasonably believed either that:

- (a) The offense was committed with a purpose to intimidate the victim or any person or entity in whose welfare the victim is interested because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or
 - (b) The victim or the victim's property was selected to be the target of the offense because of race, color, religion, gender, handicap, sexual orientation, or ethnicity.
- e. Terroristic Threat [N.J.S.A. 2C:12-3(A) and 2C:12-3(B)] - A person is a victim of a terroristic threat when the actor threatens to commit one of the violent criminal offenses enumerated under this Policy against the victim with the purpose to put the student in imminent fear of one of the violent crimes enumerated in this Policy under circumstances reasonably causing the victim to believe the immediacy of the threat and the likelihood that it will be carried out. The definition of terroristic threat applies to N.J.S.A. 2C:12-3(a) insofar as the threat was directed at a person (victim) or a group of specified individuals (victims).
- f. Robbery [N.J.S.A. 2C:15-1] - A person is a victim of a robbery when the actor, in the course of committing a theft, inflicts bodily injury; or uses force upon the victim; threatens the victim with or purposely puts the victim in fear of immediate bodily injury.
- g. Kidnapping [N.J.S.A. 2C:13-1] - A person is a victim of a kidnapping when the actor unlawfully removes the victim from the school or school grounds; or the actor unlawfully confines the victim with the purpose of holding the victim for ransom or reward as a shield or hostage; or the actor unlawfully removes the victim from the school or school grounds or a substantial distance from where he or she is found in school or on school grounds; or if the actor unlawfully confines a student for a substantial period of time with any of the following purposes: to facilitate commission of a crime or flight thereafter, or to inflict bodily injury on or terrorize the victim.
- h. Arson [N.J.S.A. 2C:17-1] - A person is a victim of arson when the actor purposely or knowingly starts a fire or causes an explosion in or on the grounds of a school whereby the victim or group of specified victims are in danger of death or bodily injury; or with the purpose of destroying or damaging the victim's or group of specified victim's property that is in the school or on school grounds.

Miscellaneous Provisions of USCO

1. Transfer Time Period – PDS

The transfer will be temporary and will be in effect as long as the student's original school is identified as persistently dangerous.

The transfer may be in effect longer and the district will consider the educational needs of the student, as well as other factors affecting the student's ability to succeed if returned to the transferring school. (i.e. The school district may allow a student to complete his or her education through the highest grade level at the receiving school if the student would otherwise be required to return to their original school.)

2. Charter School Transfer Option

While ESSA permits affected students to be afforded the opportunity to attend a public charter school, in addition to a safe public elementary school or secondary school within the school district, the application of this provision in New Jersey is limited. Transfers to a charter school can only occur as a part of the charter school's "equal opportunity" selection process and among charter schools administered under the same managing authority (i.e., charter schools within the charter school district).

Since charter schools in New Jersey are considered public LEA's, pursuant to N.J.S.A. 18A:36A-3, operated independently of a local board of education, transfers may only take place among charter schools within the LEA. Therefore, students may be permitted to transfer to another charter school that is administered under the same managing authority of the charter school, but are not permitted to transfer to a school in the local public school district administered by a local board of education.

However, pursuant to N.J.S.A. 18A:36A-7, a charter school must be open to all students on a space available basis and may not discriminate in its admission policies or practices (although it may establish reasonable criteria to evaluate prospective students), and in accordance with N.J.S.A. 18A:36A-8, if there are more applications to enroll in the charter school than there are spaces available, the charter school must select students to attend using a random selection process for enrollment.

3. Funding Sources for USCO

The USCO statute does not authorize resources specifically to help cover USCO costs associated with transferring a student from a PDS. However, under certain circumstances Federal funds may be used. For example, ESEA Title IV, Part A [Section 4115(b)(2)(E)(v)] may be used to establish safe zones of passage to and from school to ensure that students travel safely on their way to school and on their way home. In addition, ESEA Title IV, Part A [Sections 5121(8) and 5131(12) and (25)] funds may be used to help cover costs such as tuition or transportation related to the USCO or expansion of public school choice.

4. Special Education Students

The district will provide transferred special education students with the program required by the student's Individualized Education Program (IEP).

5. Transfer Schools

In the event there is not another school within the school district for a transferring student, the district will explore other appropriate options such as an agreement with a neighboring school district to accept transfer students.

The district will use the school choice option as one response to incidents of victimization. Additionally, the district will develop and implement appropriate strategies for addressing the circumstances that contribute to or support victimization, as well as consistently and proactively manage individuals who have victimized students. The district will promote the importance of school safety and respond to the needs of students and staff. Pursuant to the law, the district will provide an opportunity for students, parents and school district and law enforcement personnel to discuss methods for keeping schools safe from violence; to create school safety plans; and to recognize students in need of help. The district will organize activities to prevent school violence, including, but not limited to, age-appropriate opportunities for student discussion on conflict resolution, issues of student diversity and tolerance. Law enforcement personnel will be invited to join members of the teaching staff in the discussions. Programs shall also be provided for school district employees that are designated to help school district employees recognize warning signs of school violence and to instruct school district employees on recommended conduct during an incident of school violence.

In accordance with the provisions of N.J.S.A. 18A:17-46, two times each school year, between September 1 and January 1 and between January 1 and June 30, at a public hearing, the Superintendent shall report to the Board of Education all acts of violence; vandalism; and harassment, intimidation, and bullying which occurred during the previous reporting period.

Title VIII, Part F, Subpart 2, SEC. 8532
Every Student Succeeds Act (ESSA) of 2015

Adopted: 07 June 2022

2415.20 EVERY STUDENT SUCCEEDS ACT COMPLAINTS

The Every Student Succeeds Act (ESSA) reauthorized the Elementary and Secondary Education Act of 1965 (ESEA). A Board of Education shall adopt a policy and written procedures for resolving a written complaint presented by an individual or organization that alleges violations in the administration of the ESSA programs as identified by the New Jersey Department of Education (NJDOE).

Policy and Regulation 2415.20 set forth the requirements for resolving complaints presented by any individual or organization that:

1. A school, school district, other agency authorized by the school district, or by the NJDOE violated the administration of education programs authorized by the ESEA as amended by the ESSA; and/or
2. The NJDOE violated the administration of education programs required by the ESEA as amended by the ESSA.

Complaints regarding nonpublic school officials alleging school district noncompliance must pertain to at least one of the following three specific reasons:

1. The school district did not engage in consultation that was meaningful and timely;
2. The school district did not give due consideration to the views of the nonpublic school officials; or
3. The school district did not make a decision that treats the nonpublic school or its students equitable and in accordance with ESEA Section 1117 or Section 8501.

A complaint shall be written and must identify, at a minimum, the alleged ESEA violation; a description of previous steps taken to resolve the matter; the facts supporting the alleged violation as understood by the complainant at the time of submission; and any supporting documentation.

A complaint alleging a school in the district, school district, or other agency authorized by the school district, or the NJDOE violated the administration of a program must be submitted to the Assistant Superintendent for Curriculum and Instruction. The Assistant Superintendent for Curriculum and Instruction shall be responsible to coordinate the investigation of the complaint. The Assistant Superintendent for Curriculum and Instruction shall submit a written report regarding the outcome of the investigation to the complainant.

If the complainant is not satisfied with the outcome of the investigation by the school district, the complainant must submit a written complaint to the Executive County Superintendent for the county where the school district is located. This process does not apply to alleged violations concerning participation of nonpublic school children.

The Executive County Superintendent will coordinate the investigation of a complaint. When the investigation is complete, the Executive County Superintendent will notify the complainant in writing regarding the outcome of the investigation. If it is determined a violation has occurred, the Executive County Superintendent will identify and impose the appropriate consequences or corrective action in accordance with statute and/or regulation to resolve the complaint. If the complainant is not satisfied with the determination that is made by the Executive County Superintendent, the complainant may submit a written request for review of that determination to the Assistant Commissioner.

A complaint alleging the NJDOE violated the administration of a program must be submitted to the designated New Jersey Department of Education Assistant Commissioner. The appropriate NJDOE Office assigned by the Assistant Commissioner will coordinate the investigation of a complaint. When the investigation is complete, the Assistant Commissioner will notify the complainant in writing regarding the outcome of the investigation. If it is determined a violation has occurred, the Assistant Commissioner will identify and impose the appropriate consequences or corrective actions as required by statute and/or regulation to resolve the complaint.

If a complainant does not agree with the NJDOE's decision, the complainant may appeal to the Secretary of the United States Department of Education.

To initiate a complaint regarding participation of nonpublic school children, a complainant must submit a written complaint to the NJDOE Nonpublic Ombudsman in accordance with NJDOE procedures.

New Jersey Department of Education Elementary and Secondary Education Act (ESEA)
Complaint Policy and Procedure

Adopted: 07 June 2022

2415.30 TITLE I – EDUCATIONAL STABILITY FOR CHILDREN IN FOSTER CARE

The Federal Every Student Succeeds Act (ESSA), which reauthorized the Elementary and Secondary Education Act (ESEA), initiated protections for children in foster care that further enhanced the requirements of the Fostering Connections to Success and Increasing Adoptions Act of 2008 (Fostering Connections Act). These provisions require school districts to work with child welfare agencies to ensure the educational stability of children in foster care. New Jersey statutes support and implement Federal legislation and require New Jersey's child welfare agencies and school districts to collaborate and to keep children placed in foster care in the same school when their living placements change if remaining in that school is in the child's best interest. The educational stability of children in foster care is the joint responsibility of both the educational and child welfare systems.

The Director of School Counseling shall be designated as the Board of Education's point of contact person for all matters related to the educational stability for children in foster care. The point of contact person for the school district shall not be the same person designated as the school district liaison for the education of homeless children.

For the purpose of this Policy, "child welfare agency" shall be the New Jersey Department of Children and Families.

For the purpose of this Policy, "foster care" means twenty-four hour substitute care for children placed away from their parents and for whom the child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions, and pre-adoptive homes.

For the purpose of this Policy, "school of origin" is the school district in which the child is enrolled at the time of placement in foster care or the school district of residence as per N.J.S.A. 30:4C-26 and N.J.S.A. 18A:7B-12.

A child in foster care shall remain in their school of origin if it is determined to be in the best interest of the child for the duration of time in foster care.

If a student attending the school district in accordance with the provisions of N.J.S.A. 18A:38-1 et seq. is placed in foster care, the school district contact person will collaborate with child welfare agencies to determine whether it is in the child's best interest to remain in the school district taking into consideration all factors relating to the child's best interest. These factors shall include the appropriateness of the current educational setting and proximity of placement (ESEA Section 1111(g)(1)(E)(i)). These factors may include, but are not limited to:

1. Preferences of the child;
2. Preferences of the child's parent(s) or educational decision maker(s);
3. The child's attachment to the school, including meaningful relationships with staff and peers;
4. The proximity of the resource family home to the child's present school;
5. The age and grade level of the child as it relates to the other best-interest factors;
6. The needs of the child, including social adjustment and well-being;
7. The child's performance, continuity of education, and engagement in the school the child presently attends;
8. The child's special education programming if the child is classified;
9. The point of time in the school year;
10. The child's permanency goal and likelihood of reunification;
11. The anticipated duration of the placement;
12. Placement of the child's sibling(s);
13. Influence of the school climate on the child, including safety;
14. The availability and quality of the services in the school to meet the child's educational and socioemotional needs;
15. History of school transfers and how they have impacted the child;
16. How the length of the commute would impact the child, based on the child's developmental stage;
17. Whether the child is a student with a disability under the Individuals with Disabilities Act (IDEA) who is receiving special education and related services or a student with a disability under Section 504 who is receiving special education or related aids and services and, if so, the availability of those required services in a school other than the school of origin; and

18. Whether the child is an English language learner (ELL) and is receiving language services, and, if so, the availability of those required services in a school other than the school of origin, consistent with Title VI and the Equal Educational Opportunities Act of 1974 (EEOA).

The school district's point of contact person will discuss these factors and will make every effort to gather meaningful input and participation from the relevant parties, including appropriate school personnel, in the best-interest determination.

Eligible students with disabilities retain their right to receive a free appropriate public education in the least restrictive environment. When making a best-interest determination regarding the educational placement of a student with a disability under IDEA and Section 504, the Board must ensure that all required special education and related services are provided in the least restrictive placement where the child's unique needs, as described in the student's Individualized Education Program (IEP) or Section 504 Plan, can be met. The school district will identify and assess all potential ELL students and provide all ELL students, including ELL students in foster care, with a language assistance program that is educationally sound and proven successful. When a best-interest determination is made for an ELL student in foster care, the Board of Education will comply with its obligations under Title VI and the EEOA.

To the extent feasible, a child shall remain in their school of origin until a final best-interest determination is made. The child welfare agency will notify the school district of origin of the child's school placement after collaboration with the Board of Education's point of contact person and after the child's best-interest determination has been made. If a change of school is recommended by the child welfare agency, the new school shall immediately contact the school of origin to obtain relevant academic and other records of the foster care child. The financial responsibility for the payment of tuition for a foster care child placed outside the school district of origin and attending school outside the school district of origin shall be determined by the Commissioner of Education in accordance with N.J.S.A. 18A:7B-12 – Determination of District of Residence.

A foster care child who has been placed in this district and exits foster care during the school year will be permitted to continue in this school district for the remainder of the school year.

In the event there is a disagreement regarding school placement for a child in foster care, the school district will comply with the legal requirements for resolving the dispute. A parent can appeal a best-interest determination whenever the child changes schools.

Children placed in foster care outside the school district of origin, attending a school in that district, will be provided transportation to and from school in accordance with N.J.A.C. 6A:27-6.1 et seq. and the Transportation Policy of that district. The district of origin is financially responsible for transportation costs to and from school.

Children placed in foster care outside the school district of origin, but remaining in a school within the school district of origin, shall receive transportation to and from school on a “cost-efficient” manner and in accordance with Section 475(4)(A) of the Social Security Act for the duration of the time the child is in foster care. The district of origin is financially responsible for transportation costs to and from school.

The cost of transportation shall not be considered when determining the best interest of the child.

Section 475(4)(A) of the Social Security Act provides guidance on “cost-effective” transportation as it relates to the cost of reasonable travel for foster care children placed outside the school district of origin to their school of origin indicating: the child may be dropped off at a bus stop just within the school district of origin to be transported to a school in the district of origin; the school district may offer a public transportation option; the foster care parents or other families may be willing to drive the child to school in the school district of origin; the school district may utilize pre-existing bus routes or stops close to the out-of-district foster care placement that cross school district boundaries; or the foster care child may be eligible for transportation under other Federal or State requirements.

In the event there is a disagreement regarding transportation for a child in foster care, the school district will comply with the New Jersey Department of Education requirements for resolving the dispute. The Board of Education shall provide or arrange for adequate and appropriate transportation for foster care children while any disputes are being resolved.

In all cases regarding student data and records, the Board of Education will comply with all statutory requirements to protect student privacy, including Family Education Rights and Privacy Act (FERPA), and all other privacy requirements under Federal laws, State statutes, and administrative codes.

2416.01 POSTNATAL ACCOMMODATIONS FOR STUDENTS

The Board of Education recognizes students may be returning to school shortly after their child's birth and may need to breastfeed their child or to express breast milk during the school day. The school district will accommodate a student who wants to breastfeed or express breast milk while attending school in the district.

A student shall be permitted to breastfeed their child or to express breast milk while attending school in accordance with a schedule provided by the student to the school nurse, who shall consult with the Principal or designee. The district encourages the student develop a schedule that does not impact a student's instructional time and encourages a student to schedule such time to breastfeed or to express breast milk during study hall time, lunch time, or other non-instructional times of the school day. The student may bring to school a breast pump and any other equipment necessary to express breast milk on school grounds. The student shall not incur an academic penalty for using any reasonable accommodations offered to the student and shall be provided the opportunity to make up any work missed due to such use.

The Principal or designee, in consultation with the school nurse, will designate a lactation/breastfeeding room that is shielded from view and free from intrusion by other students, staff members, and the public. The location must be functional as a space for breastfeeding or expressing breast milk and shall include an electrical outlet, a chair, and nearby access to running water. Expressed breast milk may be stored in a refrigerator in the school building or in the student's personal cooler. If the space is not a dedicated lactation/breastfeeding room, it must be available when needed. A space temporarily converted into a lactation/breastfeeding room or made available when needed by the student is sufficient; however, a bathroom, even if private, is not a permissible location. A student opting to breastfeed their child in the lactation/breastfeeding room will be responsible to make arrangements for their child to be brought to the school in accordance with a time schedule agreed to by the Principal or designee.

All staff members will assist in providing a positive atmosphere of support for students who are returning to school after the birth of their child. Conduct by a staff member or student that reasonably interferes with a student's performance in school; creates an intimidating, hostile, or offensive environment for a student that is complying with the provisions of this Policy; or that inhibits a student's ability to breastfeed their child or express breast milk while in school will not be tolerated.

The Principal shall ensure Policy 2416.01 is distributed to pregnant students and students who are returning to school after the birth of their child.

The Board of Education shall choose the appropriate multidisciplinary team approach, such as the Response to Intervention (RTI) or a Multi-Tiered System of Support (MTSS) model for planning and delivering the services required under N.J.A.C. 6A:16-8.

Students who are experiencing learning, behavior, or health difficulties shall be referred to the school's Intervention and Referral Services (I&RS) Team.

2423 BILINGUAL AND ESL EDUCATION

The Board of Education will provide programs of bilingual education, English as a second language (ESL), and English language services for English language learners (ELLs) as required by law and rules of the State Board of Education. ELLs are those students whose native language is other than English and who have varying degrees of English language proficiency in any one of the domains of speaking, reading, writing, or listening and is synonymous with limited English speaking ability pursuant to N.J.S.A. 18:35-15 to 26.

Identification of ELLs

The Board will conduct a screening process to determine the native language of each ELL at the time of enrollment in the school district. A census shall be maintained of all identified students whose native language is other than English. The English language proficiency of each student whose native language is not English shall be determined by a screening process that includes the administration of a New Jersey Department of Education-approved English language proficiency test, an assessment of the student's level of reading in English, a review of the student's previous academic performance including their performance on standardized tests in English, and a review of the input of teaching staff members responsible for the educational program for ELLs.

Program Implementation

The district shall provide the following programs:

1. An English language services program to improve the English language proficiency of ELLs whenever there are at least one, but fewer than ten ELLs enrolled in the school district. English language services shall be provided in addition to the regular school program;
2. An ESL program that provides at least one period of ESL instruction based on student language proficiency whenever there are ten or more ELLs enrolled in the school district; and
3. A bilingual education program whenever there are twenty or more ELLs in any one-language classification enrolled in the school district pursuant to N.J.S.A. 18A:35-18. Where the age range, grade span, and/or geographical location of eligible students makes a full-time bilingual program impractical, the Board may annually offer an instructional program alternative, provided a waiver for the alternative program has been requested and approval has been granted by the Department of Education. The Board may establish a program in bilingual education for any language classification with fewer than twenty students.

All teachers in these programs shall be appropriately certified in accordance with the requirements as outlined in N.J.A.C. 6A:15-1.9. Every student participating in a bilingual, ESL, or English language services program shall be entitled to continue such participation for a period of three years pursuant to N.J.S.A. 18A:35-19.

Bilingual, English as a Second Language, and English Language Services Program Enrollment, Assessment, Exit, and Re-entry

Students enrolled in a bilingual, ESL, or English language services program shall be assessed annually using a New Jersey Department of Education-approved English language proficiency test to determine their progress in achieving English language proficiency goals and readiness for exiting the program. ELLs enrolled in a bilingual, ESL, or English language services program shall be placed in a monolingual English program when they have demonstrated readiness to function successfully in the English-only program. The process to determine the readiness or inability of the individual student to function successfully in the English-only program shall be initiated by the student's level of English proficiency as measured by a New Jersey Department of Education-established standard on an English language proficiency test. The readiness of the student shall be further assessed on the basis of multiple indicators that shall include, at a minimum: classroom performance; the student's reading level in English; the judgment of the teaching staff member or members responsible for the educational program of the student; and performance on achievement tests in English.

In accordance with provisions of N.J.S.A. 18A:35-22.1, a parent may remove a student who is enrolled in a bilingual education program at any time; except that during the first three years of a student's participation in a bilingual education program, the parent may only remove the student at the end of each school year. If during the first three years of a student's participation in a bilingual education program, a parent wishes to remove the student prior to the end of each school year, the removal must be approved by the Executive County Superintendent of Schools. The parent may appeal the Executive County Superintendent's decision to the Commissioner of Education.

Newly exited students who are not progressing in the mainstream English program may be considered for re-entry to bilingual and ESL programs in accordance with the provisions of N.J.A.C. 6A:15-1.10(e)1 through (e)5.

When the review process for exiting a student from a bilingual, ESL, or English language services program has been completed, the student's parent shall be informed by mail of the placement determination. A parent or teaching staff member who disagrees with the proposed placement may appeal the decision in writing to the Superintendent of Schools or designee, who

will provide a written explanation for the decision within seven working days. The complainant may appeal this decision in writing to the Board within seven calendar days of receiving the Superintendent's or designee's written explanation of the decision. The Board will review the appeal and respond in writing to the parent within forty-five calendar days of the Board's receipt of the parent's written appeal to the Board. A complainant not satisfied with the Board's determination of the appeal may appeal to the Commissioner of Education.

Parental Involvement

The parents of ELLs will be notified in accordance with the provisions of N.J.A.C. 6A:15-1.13 that their child has been identified as eligible for enrollment in a bilingual, ESL, or English language services program. Notice shall be in writing and in the language in which the parent(s) possesses a primary speaking ability, and in English. The notice must also include a statement that the parents have the option of declining their child's enrollment in a bilingual program, and shall be given an opportunity to do so if they choose.

The district will notify the parents of ELLs by mail within thirty days of the child's identification.

Parents shall receive progress reports of students enrolled in bilingual, ESL, or English language services programs in the same manner and frequency as progress reports are sent to parents of other students enrolled in the district.

The Superintendent or designee will provide for the maximum practical involvement of parent(s) of ELLs in the development and review of program objectives and dissemination of information to and from the district Boards of Education and communities served by the bilingual, ESL, or English language services education programs. A school district that implements a bilingual education program shall establish a parent advisory committee on bilingual education of which the majority membership will be parents of ELLs.

Graduation

ELLs will qualify for graduation from high school in accordance with N.J.A.C. 6A:8-5.1(a) and Policy 5460.

Program Plan

The Superintendent shall prepare and submit a plan for a bilingual, ESL, or English language services program every three years to the Board and the New Jersey Department of Education for approval in accordance with the provisions of N.J.A.C. 6A:15-1.6.

N.J.S.A. 18A:35-15 through 18A:35-25

2430 CO-CURRICULAR ACTIVITIES

The Board of Education believes that the goals and objectives of this district are best achieved by a diversity of learning experiences, some of which are more appropriately conducted outside the regular instructional program of the school. The purpose of such co-curricular activities shall be to develop leadership capacities and good organizational skills, to aid in the socialization of students, and to enable students to explore a wider range of individual interests than might be available in the regular curricular program.

The Board shall make school facilities, supplies, and equipment available and assign staff members for the support of a program of co-curricular activities for students in grades Kindergarten through twelve. The Board shall maintain the program of co-curricular activities at no cost to participating students, except that students may be required to provide supplies in accordance with Board Policy No. 2520 on instructional supplies and students may be required to assume all or part of the costs of travel and attendance at co-curricular events and trips.

For purposes of this policy, co-curricular activities are those activities conducted on or off school premises by clubs, associations, and organizations of students sponsored by the Board and do not include athletic competitions and practices. Co-curricular activities must be related to the curriculum but are not offered for credit toward promotion or graduation and are ordinarily conducted wholly or partly outside the regular school day.

The Board will permit the use of school facilities by organizations of students during student activity periods. No group of students, regardless of the size of the group, will be denied an opportunity to meet on the basis of the religious, political, philosophical, or other content of the speech at their meeting.

No co-curricular activity shall be considered to be under the sponsorship of this Board unless it has been approved by the Board on recommendation of the Superintendent.

Students shall be fully informed of the co-curricular activities available to them and of the eligibility standards established for participation in co-curricular activities. Co-curricular activities shall be available to all students who voluntarily elect to participate.

The Board will not permit the organization of a fraternity, sorority, or secret society.

A student in grades Kindergarten through twelve is ineligible for participation in co-curricular activities if they have:

1. Demonstrated unsatisfactory attendance;

2. Failed to maintain the required grade point average;
3. Failed a course required for promotion or graduation in the preceding semester; or
4. Received a notice of warning of failure in a course required for promotion or graduation in the current semester.

The Superintendent shall prepare procedures to implement a co-curricular program and shall assess the needs and interests of the students of this district and provide for the continuing evaluation of the co-curricular program.

Emergency Procedures

Athletic coaches shall be trained in first aid to include sports-related concussion and head injuries, the use of a defibrillator, the identification of student-athletes who are injured or disabled in the course of any athletic program or activity, and any other first aid procedures or other health related trainings required by law or the Superintendent.

The Superintendent or designee shall establish and implement an emergency action plan for responding to a serious or potentially life-threatening sports-related injury in accordance with N.J.S.A. 18A:40-41.11. The plan shall document the proper procedures to be followed when a student sustains a serious injury while participating in sports or other athletic activity in accordance with N.J.S.A. 18A:40-41.11.

The emergency action plan shall be reviewed annually and updated as necessary. The plan shall be rehearsed annually in each school by the individuals who will be responsible for executing the plan in an emergency pursuant to N.J.S.A. 18A:40-41.11.

The Superintendent or designee shall prepare procedures for responding to a non-serious or non-life-threatening injury sustained by a student while participating in sports or other athletic activity. These procedures shall be reviewed annually, updated as necessary, and disseminated to appropriate staff members.

Interscholastic Standards

The Board shall approve annually a program of interscholastic athletics and shall require that all facilities utilized in that program, whether or not the property of this Board, properly safeguard both players and spectators and are kept free from hazardous conditions.

The Board adopts the Constitution, Bylaws, Rules, and Regulations of the New Jersey State Interscholastic Athletic Association as Board policy and shall review such rules on a regular basis to ascertain they continue to be in conformity with the objectives of this Board.

2431.3 HEAT PARTICIPATON POLICY FOR STUDENT-ATHLETE SAFETY

The Board of Education adopts this Policy as a measure to protect the safety, health, and welfare of students participating in school-sponsored athletic programs and extra-curricular activities. The Board believes practice and pre-season heat participation guidelines for students will minimize injury and enhance a student's health, performance, and well-being.

In accordance with the provisions of N.J.S.A. 18A:11-3.10, a school district which is a member of any voluntary association, pursuant to N.J.S.A. 18A:11-3, which oversees activities associated with Statewide interscholastic sports programs shall adopt and implement the most current "Heat Participation Policy" required by the New Jersey State Interscholastic Athletic Association (NJSIAA) for conducting practice or games in all sports during times of high heat or humidity.

The NJSIAA Policy shall address:

1. The scheduling of practice or games during times of various heat and humidity levels;
2. The ratio of time devoted to workouts to time allotted for rest and hydration during various heat and humidity levels; and
3. The heat and humidity levels at which practice or games will be canceled.

The guidelines included in the NJSIAA Heat Participation Policy shall provide a default Policy to those responsible or sharing duties for making decisions concerning the implementation of modifications or cancellation of practices or games based on the presence of heat and humidity.

The Board of Education shall purchase a WetBulb Globe Temperature (WBGT) tool to measure the heat stress in direct sunlight at the practice or game site. Heat stress consists of temperature, humidity, wind speed, the angle of the sun, and cloud coverage.

The Board of Education shall adopt and implement the provisions of the NJSIAA Heat Participation Policy concerning the frequency and recording of WBGT measurements.

The provisions and requirements of this Policy and of the NJSIAA current Heat Participation Policy, which shall be utilized in conjunction with the current NJSIAA Pre-Season Heat Acclimatization Policy, shall be carried out by the Athletic Trainer, certified designee, or individual as appointed by the school staff member designated by the Superintendent to supervise athletics, which may include a coach or individual responsible for sharing duties for making decisions concerning the implementation of modifications or cancellation of practices and games based on WBGT measurements.

A copy of this Policy and NJSIAA's current Heat Participation Policy and Pre-Season Heat Acclimatization Policy shall be provided to each coach, as appropriate, and reviewed with all coaches by the Principal or designee which may include, but not be limited to, the Athletic Trainer or staff member supervising athletics as designated by the Superintendent prior to the first practice session of the season for each team. The Superintendent shall designate the staff member responsible to ensure compliance with this Policy and NJSIAA's current Heat Participation Policy and Pre-Season Heat Acclimatization Policy.

This Policy and the requirements outlined in this Policy shall apply to all student-athletes in grades nine through twelve participating in Statewide high school interscholastic athletic programs.

2431.4 PREVENTION AND TREATMENT OF SPORTS-RELATED CONCUSSIONS AND HEAD INJURIES

A concussion is a traumatic brain injury caused by a blow or motion to the head or body that disrupts the normal functioning of the brain and can cause significant and sustained neuropsychological impairments including, but not limited to, problem solving, planning, memory, and behavioral problems. In order to ensure safety, it is imperative that students participating in athletic competition, coaches, and parents are educated about the nature and treatment of sports-related concussions and other head injuries. Allowing a student to return to athletic competition before recovering from a concussion increases the chance of a more serious brain injury.

For the purpose of this Policy and Regulation 2431.4, programs of athletic competition shall include high school interscholastic athletic programs, middle school interscholastic athletic programs where school teams or squads play teams or squads from other school districts, intramural athletic programs within a school or among schools in the district, and any cheerleading program or activity in the school district.

The school district shall adopt an athletic head injury safety training program. The program shall be completed by the school physician, any individual who coaches in an athletic competition, an athletic trainer involved in any athletic competition, and the school nurse. The training program shall be in accordance with guidance provided by the New Jersey Department of Education (NJDOE) and the requirements of N.J.S.A. 18A:40-41.2.

The school district shall annually distribute the NJDOE-developed educational fact sheet regarding sports-related concussions and other head injuries to all parents of students participating in any athletic competition or practice and shall obtain a signed acknowledgement of the receipt of the fact sheet by the student and their parent in accordance with N.J.S.A. 18A:40-41.2(c).

A student who participates in an athletic competition or practice and who sustains or is suspected of sustaining a concussion or other head injury shall be immediately removed from athletic competition or practice. A student removed from athletic competition or practice shall not participate in further athletic competition or practice until they are evaluated by a physician or other licensed healthcare provider trained in the evaluation and management of concussions and receives written clearance from a physician trained in the evaluation and management of concussions to return to athletic competition or practice; and the student returns to regular school activities and is no longer experiencing symptoms of the injury when conducting those activities in accordance with N.J.S.A. 18A:40-41.4.

The return of a student to athletic competition or practice shall also be in accordance with the graduated, six-step “Return to Play Progression” recommendations and any subsequent changes or other updates to these recommendations as developed by the Centers for Disease Control and Prevention (CDC). The Board shall revise this Policy and Regulation 2431.4 whenever the CDC changes or otherwise updates the “Return to Play Progression” recommendations.

The school district shall provide a copy of this Policy and Regulation 2431.4 to all youth sports team organizations that operate on school grounds. In accordance with the provisions of N.J.S.A. 18A:40-41.5, the school district shall not be liable for the injury or death of a person due to the action or inaction of persons employed by, or under contract with, a youth sports team organization that operates on school grounds, if the youth sports team organization provides the school district proof of an insurance policy of an amount of not less than \$50,000 per person, per occurrence insuring the youth sports team organization against liability for any bodily injury suffered by a person and a statement of compliance with this Policy and Regulation 2431.4.

Pursuant to N.J.S.A. 18A:40-41.5 and for the purpose of this Policy, a “youth sports team organization” means one or more sports teams organized pursuant to a nonprofit or similar charter or which are member teams in a league organized by or affiliated with a county or municipal recreation department.

This Policy and Regulation 2431.4 shall be reviewed and approved by the school physician annually and updated as necessary to ensure it reflects the most current information available on the prevention, risk, and treatment of sports-related concussions and other head injuries in accordance with N.J.S.A. 18A:40-41.3.

2431.8 VARSITY LETTERS FOR INTERSCHOLASTIC EXTRACURRICULAR ACTIVITIES

In accordance with the provisions of N.J.S.A. 18A:42-7, a school district that includes any of the grades nine through twelve shall adopt a policy to provide a student enrolled in those grades who participates in any school-sponsored, interscholastic extracurricular activity that includes competitions in which the student competes against students enrolled in schools outside of the school district may be eligible to earn a varsity letter awarded by the school district.

The Board of Education, upon the recommendation of the Superintendent of Schools, shall approve the school-sponsored, interscholastic extracurricular activities that include competitions in which students compete against other students enrolled in schools outside of the school district. The criteria for a student to earn a varsity letter in the school-sponsored, interscholastic extracurricular activity shall be approved by the Superintendent or designee.

Nothing in N.J.S.A. 18A:42-7 or this Policy shall be construed to require the school district to award varsity letters or to establish any school-sponsored, interscholastic extracurricular activity.

2432 SCHOOL SPONSORED PUBLICATIONS

The Board of Education permits and encourages the preparation and distribution of school sponsored publications under staff direction in order that students learn the rights and responsibilities of the press in a free society.

No school sponsored publication may contain materials that:

1. Are grossly prejudicial to an ethnic, national, religious, or racial group or to either gender;
2. Libel any person or persons;
3. Infringe rights of privacy protected by law or regulation;
4. Seek to establish the supremacy of a particular religious denomination, sect, or point of view over any other;
5. Advocate the use or advertise the availability of any substance or material that constitutes a direct and substantial danger to the health of students;
6. Contain obscenity or material otherwise deemed to be harmful to impressionable students;
7. Incite violence, advocate the use of force, or urge the violation of law or school regulations;
8. Advertise goods or services for the benefit of profit-making organizations;
9. Solicit funds for non-school organizations when such solicitations have not been approved by the Board;
10. Promote, favor or oppose any candidate for election to the Board or the adoption of any bond issue, proposal, or question submitted at any school election; or
11. Except as may be required for literary purposes, do not conform to acceptable standards of grammar, clear expression, and responsible research.

Issues on which opposing points of view have been responsibly promoted may be introduced in a school sponsored publication provided that all proponents are given an equal opportunity to present their views.

In order to ascertain that school sponsored publications do not violate the standards established by this policy, the Board requires that each publication be submitted to the Principal for review in advance of its distribution. A publication that contains material in violation of this policy may not be distributed.

Where the Principal cannot show, within two school days, that the publication violates the prohibitions of this policy, the publication must be released for distribution. The Principal's determination, if any, that the publication violates this policy must be supported by references to specific material in the publication. Material cannot be censored merely because it is personally offensive to the reviewer or may tend to embarrass the Board. Students must be offered the opportunity to modify or delete any material that violates this policy.

The Board requires that the distribution of school publications take place only at the places and during the times established by regulation in order that the instructional program is not disrupted.

2435 NJSIAA RANDOM TESTING FOR INTERSCHOLASTIC ATHLETICS

The Board of Education recognizes the use of harmful performance enhancing substances seriously threatens the health, safety, and welfare of student-athletes that participate in interscholastic athletics. This district's secondary school is a member of the New Jersey State Interscholastic Athletic Association (NJSIAA). It is a violation of NJSIAA's sportsmanship rule for any student-athlete to possess, ingest, or otherwise use any substance on NJSIAA's list of banned substances, without written prescription by a fully licensed physician, recognized by the American Medical Association, to treat a specific medical condition. Therefore, NJSIAA, in accordance with Executive Order 72, will test a random selection of student-athletes who have qualified, as individuals or as members of a team, for NJSIAA sanctioned State championship competition.

The list of banned substances, for the purposes of this Policy, shall be prepared and published by NJSIAA. Before participating in interscholastic sports, the student-athlete and their parent or guardian shall consent to random testing in accordance with NJSIAA's Steroid Testing Policy by completing and submitting to the school district NJSIAA's Consent To Random Testing Form. NJSIAA's list of banned substances shall be attached to the consent form and the consent form must be signed each school year. The failure to sign the consent form shall render the student-athlete ineligible to participate in all interscholastic sports until the form is signed. The signed Consent To Random Testing Forms shall be maintained in the Building Principal's office.

Student-athletes will be selected to be tested on a random basis from all athletes participating in championship competition in accordance with NJSIAA procedures. The test will analyze a urine sample. The methodology for taking and handling samples shall be in accordance with current legal standards and tests shall be administered by a certified laboratory designated by NJSIAA. No test shall be considered a positive result unless the approved laboratory reports a positive result and NJSIAA's medical review officer confirms there was no medical reason for the positive result. The sample will be split when taken and shall be available in the event of an appeal. A positive test result may be appealed in accordance with NJSIAA's appeal procedures. Results of all tests shall be considered confidential and shall only be disclosed to the individual, his or her parent(s) or legal guardian(s), and his or her school.

It is NJSIAA's Policy that any person who tests positive in an NJSIAA administered test, or any person who refuses to provide a testing sample when identified, or any person who reports his or her own violation, shall immediately forfeit his or her eligibility to participate in NJSIAA competition for a period of one year from the date of the test. Any such person shall also forfeit

any individual honor earned while in violation. No person who tests positive, refuses to provide a sample, or who reports his or own violation shall resume eligibility until he or she has undergone counseling and produced a negative test result. NJSIAA's Policy shall not prevent the school district from disciplining a student for violating the district's substance abuse policies or practices and a violation of a school district's testing program will not be reported to NJSIAA.

NJSIAA's Executive Committee shall annually compile and report the results of the Steroid Testing Policy and determine whether the Policy shall be renewed or discontinued.

New Jersey Executive Order 72, signed December 20, 2005

Adopted: 07 June 2022

The proposed program shall include the details of the summer session including, but not limited to, a list of the courses or programs offered, the hours of operation, the school(s) where the summer session(s) will be operating, any tuition fees to be charged in accordance with the provisions of N.J.A.C. 6A:32-10.3, and projected cost of operation. Scholarships for tuition fees are be available for resident students.

A student will be enrolled in a remedial course only on the written recommendation of the Principal of the school the student regularly attends. The recommendation shall state the name of the subject(s) which the student may take and the purpose for which each subject is taken. A student previously retained at grade level may be promoted on successful completion of a required remedial course, but no student shall be required to attend the summer session.

In accordance with the provisions of N.J.A.C. 6A:32-10.3, tuition may be charged to nonresident students enrolled in a summer session course and to resident students enrolled in enrichment courses which carry no credit and are determined by the Executive County Superintendent to have no direct relationship to the curriculum. Tuition may be charged to students domiciled within the district for enrollment in remedial or advanced courses in accordance with the provisions of N.J.S.A. 18A:11-15. Scholarships for tuition fees are be available for resident students.

The Superintendent shall develop regulations for the summer session that include provisions for appropriate planning, proper staffing, student assignments, student evaluation, student records, award of credit, grade placement, and the utilization of facilities. Such regulations for the operation of the summer session shall be consistent with rules of the State Board of Education and Board policies. 2464 GIFTED AND TALENTED STUDENTS

Definitions

“Gifted and talented student” means a student who possesses or demonstrates a high level of ability in one or more content areas when compared to their chronological peers in the school district and who requires modifications of their educational program if they are to achieve in accordance with their capabilities.

“Instructional adaptation” means an adjustment or modification to instruction enabling a student who is gifted and talented to participate in, benefit from, and demonstrate knowledge and application of the New Jersey Student Learning Standards in one or more content areas at the instructional level of the student, not just the student’s grade level.

The Board of Education shall ensure that appropriate instructional adaptations and educational services are provided to gifted and talented students in Kindergarten through grade twelve to enable them to participate in, benefit from, and demonstrate knowledge and application of the New Jersey Student Learning Standards at the instructional level of the student.

Gifted and Talented Program

The Board of Education directs that the Superintendent and appropriately trained and qualified staff members designated by the Superintendent shall:

1. Ensure that appropriate instructional adaptations are designed for students who are gifted and talented;
2. Make provisions for an ongoing Kindergarten through grade twelve identification process for gifted and talented students that includes multiple measures in order to identify student strengths in intellectual ability, creativity, or a specific academic area. The district shall ensure equal access to a continuum of gifted and talented education services. The identification process shall include consideration of all students, including those who are English language learners and those with individualized education programs (IEPs) or 504 plans;
3. Develop and document appropriate curricular and instructional modifications used for gifted and talented students indicating content, process, products, and learning environment, and including, but not limited to, additional education activities such as academic competitions, guest speakers, and lessons with a specialist;

4. Take into consideration the Gifted Programming Standards, Position Statements, and White Papers of the National Association for Gifted Children in identifying and serving gifted and talented students;
5. Provide the time and resources to develop, review, and enhance instructional tools with modifications for helping gifted and talented students acquire and demonstrate mastery of the required knowledge and skills specified by the standards at the instructional level of the student; and
6. Actively assist and support professional development for teachers, educational services staff, and school leaders in the area of gifted and talented instruction including their efforts to meet mandatory professional development requirements.

Gifted and Talented Curriculum and Instruction

The Board shall provide appropriate Kindergarten through grade twelve educational services for gifted and talented students.

The Superintendent shall develop and the Board shall approve criteria for identifying all gifted and talented students in Kindergarten through grade twelve. The identification process shall include multiple measures. Gifted and talented students shall be provided with appropriate instructional adaptations and services to encourage development of their special abilities in achieving the New Jersey Student Learning Standards.

The Superintendent or designee shall ensure that the curriculum and instruction are designed and delivered in such a way that all students are able to demonstrate the knowledge and skills specified by the New Jersey Student Learning Standards. The curriculum and instruction shall provide educational challenges to students identified as gifted and talented and shall be reviewed regularly.

Curriculum and instruction shall be designed with consideration for the individual learning styles of each student as well as the capacity of a gifted student to create concepts, respond to stimuli in a unique and creative manner, and develop higher levels of thinking. Appropriate accommodations, instructional adaptations, and/or modifications as determined by the IEP or 504 team shall be made for students with disabilities or 504 plans.

Because early discovery of a gift or talent is important, it is essential that the identification of these students be carried on as a continuing process, since special abilities and skills appear at different times in the development of many children.

The Superintendent shall coordinate development of appropriate curricular and instructional modifications used for gifted and talented students indicating content, process, products, and learning environment. The Board directs the Superintendent to take into consideration the Pre-Kindergarten through Grade Twelve Gifted Programming Standards of the National Association for Gifted Children in developing school and district programs for gifted and talented students.

The Superintendent shall devise indicators of achievement to evaluate the success of each program presented to the Board for adoption.

The Superintendent shall take the appropriate measures to ensure that minority and female students are not underrepresented in gifted and talented or accelerated/advanced courses.

Coordinator for Gifted and Talented Services

The State Coordinator for Gifted and Talented Services appointed by the Commissioner of Education, shall be responsible for reviewing the information about gifted and talented services provided by the district. The Superintendent or designee shall file a report with the coordinator on a schedule that coincides with the district's New Jersey Quality Single Accountability Continuum (NJQSAC) review. The report shall include, but not be limited to:

1. The gifted and talented continuum of services, policies, and procedures implemented in the school district;
2. The total number of students receiving gifted and talented services in each grade level Kindergarten through grade twelve disaggregated by race, gender, special education designation, and English language learner designation;
3. The professional development opportunities provided for teachers, educational services staff, and school leaders about gifted and talented students, their needs, and educational development; and
4. The number of staff employed by the school district whose job responsibilities include identification of and providing services to gifted and talented students.

Complaint Process

Any individual who believes that the district has not complied with the provisions in the law or administrative code related to gifted and talented services may file a complaint with the Board of Education. The complaint shall be submitted in writing to the Board office. The Superintendent or designee shall take the necessary actions to correct or remediate the complaint and report such actions to the Board. The Board shall issue a decision, in writing, to affirm, reject, or modify the district's action in the matter.

If the complaint is not resolved to the individual's satisfaction or the individual is not satisfied by the written decision of the Board, the individual may then file a petition of appeal of the Board's written decision to the Commissioner of Education through the Office of Controversies and Disputes in accordance with law (N.J.S.A. 18A:6-9) and the procedures set forth in State Board of Education regulations.

This complaint policy shall be linked to the homepage of the Board's website.

Information Available on Website

Detailed information shall be available on the district website regarding the policies and procedures used to identify students as gifted and talented and the continuum of services offered to gifted and talented students. The information shall include the criteria used for consideration for eligibility for the gifted and talented services, including the multiple measures used in the identification process to match a student's needs with services, and any applicable timelines in the identification process.

2466 NEEDLESS PUBLIC LABELING OF STUDENTS WITH DISABILITIES

The Board of Education guarantees the privacy provided by law that no student with a disability be labeled publicly. Therefore, any reference to a student with a disability brought to the attention of the Board and/or any other potential public reference to a student with a disability will be through the use of a district-developed method of coding that would ensure a student's name or other labeling would not identify the student as a student with a disability. Examples where public labeling of students with disabilities shall be avoided include, but are not limited to, Board meeting agenda information, public address announcements, building/classroom signs, public school documents, and/or any other school publication identifying a student with a disability or class/program of students with disabilities.

Special education classes shall be referred to publicly by the name of the teacher. This applies to schedules, class lists, transportation lists, public address announcements, and any other form of communication that has any potential for any exposure other than for the use by appropriately authorized school staff.

Exceptions to the prohibition of public labeling of students with disabilities may be made upon consent of the student's parent(s) or legal guardian(s).

All student records shall be maintained strictly in accordance with N.J.A.C. 6A:32-7.1 et seq.

2467 SURROGATE PARENTS AND RESOURCE FAMILY PARENTS

Federal and State laws require the Board ensure the rights of a student are protected through the provision of an individual to act as surrogate for the parent and assume all parental rights under N.J.A.C. 6A:14 when:

1. The parent cannot be identified;
2. The parent cannot be located after reasonable efforts;
3. An agency of the State of New Jersey has guardianship of the student or the student is determined a ward of the State and, if the student is placed with a resource family parent, the resource family parent declines to serve as the student's parent; or
4. The student is an unaccompanied youth as that term is defined in section 725(6) of the McKinney-Vento Homeless Assistance Act (42 USC §11434.(a)6) and N.J.A.C. 6A:17-1.2.

Qualifications and Selection

The district shall make reasonable efforts to appoint a surrogate parent within thirty days of the determination that a surrogate parent is needed for a student. If the district fails to appoint a surrogate parent for a ward of the State, a judge may appoint a surrogate parent if the judge determines a surrogate parent is necessary for such student.

The district shall establish a method for selecting and training surrogate parents.

The person serving as a surrogate parent shall:

1. Have no interest that conflicts with the interest of the student they represent;
2. Possess knowledge and skills that ensure adequate representation of the student;
3. Not be replaced without cause;
4. Be at least eighteen years of age; and
5. Complete a criminal history review pursuant to N.J.S.A. 18A:6-7.1 if the person serving as the surrogate parent is compensated.

The person(s) serving as a surrogate parent may not be an employee of the New Jersey Department of Education, this district, or a public or nonpublic agency that is involved in the education or care of the child.

The Director of Special Services shall serve as Surrogate Parent Coordinator and will: determine whether there is a need for a surrogate parent for a student; contact any State agency that is involved with the student to determine whether the State has a surrogate parent appointed for the student; and make reasonable efforts to appoint a surrogate parent for the student within thirty days of determining that there is a need for a surrogate parent for the student.

When a student who is or may be a student with a disability is in the care of a resource family parent, and the resource family parent is not the parent of the student, the district where the resource family parent resides shall contact the student's case manager at the Division of Child Protection and Permanency (DCP&P) in the Department of Children and Families to determine whether the parent retains the right to make educational decisions and determine the whereabouts of the parent.

If the parent retains the right to make educational decisions and the parent's whereabouts are known to the school district, the Superintendent or designee shall obtain all required consent from, and provide written notices to, the parent.

If the district cannot ascertain the whereabouts of the parent, the resource family parent shall serve as the parent unless that person is unwilling to do so. If there is no resource family parent, or if the resource family parent is unwilling to serve as the student's parent, the Surrogate Parent Coordinator shall consult with the student's case manager at DCP&P to assist in identifying an individual to serve as a surrogate parent, appointing a surrogate parent, and obtaining all required consent from, and providing written notices to, the surrogate parent.

Training

N.J.A.C 6A:14-2.2(d) requires the district train surrogate parents so they have the knowledge and skills that ensure adequate representation of the student. The Surrogate Parent Coordinator shall coordinate the training for surrogate parents. The training may include, but not be limited to:

1. Providing the surrogate parent a copy of:
 - a. Parental Rights in Special Education booklet;
 - b. N.J.A.C. 6A:14;

- c. The Special Education Process;
 - d. Administrative Code Training Materials from the Department of Education website; and
 - e. Other relevant materials.
- 2. Providing the surrogate parent an opportunity to meet with the Surrogate Parent Coordinator to discuss the rights of the surrogate parent and the applicable statutes, administrative codes, and Federal laws. The Surrogate Parent Coordinator shall provide the surrogate parent the opportunity to review and to become familiar with the State and Federal requirements for assessment, individualized educational program development, and parental rights with respect to the referral and placement process, including their rights with respect to seeking a due process hearing if they disagree with the local procedure or decisions;
 - 3. Providing the surrogate parent adequate time to become familiar with the student and the nature of the student's disability through a review of the student's record;
 - 4. Providing the surrogate parent an opportunity to confer with the student's case manager to discuss the student; and
 - 5. Other information and resources to provide the surrogate parent the knowledge and skills to ensure adequate representation of the student.

Rights of the Surrogate Parent

A surrogate parent appointed in accordance with N.J.A.C. 6A:14-2.2 shall assume all parental rights under N.J.A.C. 6A:14.

2468 INDEPENDENT EDUCATIONAL EVALUATIONS

Special education law permits a parent to request an independent educational evaluation (IEE) for their child if there is disagreement with any evaluation provided by the Board of Education. An “independent educational evaluation” is an evaluation conducted by a qualified examiner who is not an employee of the public school district responsible for the education of the child in question. Such IEEs shall be provided at no cost to the parent unless the school district initiates a due process hearing in accordance with the provisions of N.J.A.C. 6A:14-2.7 et seq. to show that its evaluation is appropriate and a final determination to that effect is made following the hearing. If it is determined the school district’s evaluation is appropriate, the parent still has the right to an IEE, but not at the school district’s expense.

Upon receipt of a parental request for an IEE, the school district shall provide the parent with information about where an IEE may be obtained and the criteria for IEEs according to N.J.A.C. 6A:14-2.5(c)3 and (c)4 and the additional criteria outlined below in this Policy:

1. Any IEE paid for with public funds shall:
 - a. Be conducted according to the provisions of N.J.A.C. 6A:14-3.4; and
 - b. Be obtained from another public school district, educational services commission, jointure commission, a clinic or agency approved under N.J.A.C. 6A:14-5, or private practitioner, who is appropriately certified and/or licensed, where a license is required.
2. An independent medical evaluation may be obtained according to N.J.A.C. 6A:14-5.1(e).

Additional criteria for an IEE shall be as follows:

1. The Board will not pay for an IEE unless it complies with the following criteria unless the parent can show that unique circumstances warrant deviation from same:
 - a. The independent evaluator must be appropriately certified and/or licensed in the State of New Jersey. In instances where no applicable certification/license exists, the evaluator must provide the Board with documentation of extensive and recent training and experience related to the assessment of the known or suspected disability;

- b. The independent evaluator may only charge fees for educational evaluation services that, in the judgment of the Board, are reasonable in accordance with 2. below;
 - c. The independent evaluator must be free from any conflict of interest;
 - d. The independent evaluator and members of the Child Study Team must be permitted to directly communicate and share information with each other. The independent evaluator must also agree to release the assessment information, results, and report(s) to the school district prior to receipt of payment for services;
 - e. For any independent evaluation, whether paid for with public or private funds, the school district shall permit the evaluator to observe the student in the classroom or other educational setting, as applicable; and
 - f. The independent evaluator shall make at least one contact with the student's case manager for the purpose of determining how the student is progressing in their current programming.
2. The maximum allowable cost for an independent evaluation will be limited to the reasonable and customary rate, as determined and approved by the Board annually. This rate shall be in the range of what it would cost the Board to provide the same type of assessment through either another public school district, educational services commission, jointure commission, a clinic or agency approved under N.J.A.C. 6A:14-5, or private practitioner, who is appropriately certified and/or licensed, where a license is required. This Board-approved rate shall be provided to the parent upon their request for an IEE. The Board shall not be responsible for any costs beyond the IEE, such as transportation, lodging, food, etc.
- a. The parent may provide documentation to the Board demonstrating unique circumstances to justify an IEE that exceeds the maximum allowable cost established by the Board. If, in the Board's judgment, there is no justification for the excess cost, the Board may agree to fund the IEE up to the school district's maximum allowable cost with the parent responsible for any remaining costs. In the alternative, the Board may request a due process hearing to enforce its established maximum allowable cost.

Upon receipt of a parental request for an IEE, the school district shall take steps to ensure the IEE is provided without undue delay or not later than twenty calendar days after receipt of the parental request, the school district shall request a due process hearing in accordance with the provisions of N.J.A.C. 6A:14-2.7 et seq. to show that its evaluation is appropriate.

If a parent requests an IEE, the school district may ask the parent to explain why he or she objects to the school district's evaluation. However, the school district shall not require such an explanation and shall not delay either providing the IEE or initiating a due process hearing to defend the school district's evaluation.

Any IEE submitted to the district, including an IEE obtained by the parent at private expense, shall be considered in making decisions regarding special education and related services.

If an Administrative Law Judge orders that an IEE be conducted, the IEE shall be obtained by the district in accordance with the decision or Order of the Administrative Law Judge, and the Board of Education shall pay the cost of the IEE in accordance with the provisions of this Policy.

A parent is entitled to only one IEE paid for by the Board each time the school district conducts an evaluation with which the parent disagrees.

The Board shall consider for approval only those textbooks that have been selected and recommended by the Superintendent.

The Board directs employees to adhere to all provisions of Title 17 of the United States Code of Federal Regulations entitled "Copyrights", and other Federal legislation and guidelines related to the duplication, retention, and use of copyrighted materials.

2631 NEW JERSEY QUALITY SINGLE ACCOUNTABILITY CONTINUUM (QSAC)

The Board of Education and Superintendent of Schools will work with the New Jersey Department of Education to comply with the requirements of the New Jersey Quality Single Accountability Continuum (QSAC) system in accordance with the provisions of N.J.A.C. 6A:30-1.1 et seq. QSAC is the New Jersey Department of Education monitoring and evaluating system for public school districts. Public school districts in New Jersey are evaluated in five key component areas of school effectiveness – instruction and program, personnel, fiscal management, operations, and governance – to determine the extent to which the school district is providing a thorough and efficient education.

Weighted quality performance indicators established by the Department of Education shall be used by the Commissioner of Education to assess school district performance and capacity during the comprehensive reviews pursuant to N.J.A.C. 6A:30-3.1 through 3.4, the in-depth evaluation pursuant to N.J.A.C. 6A:30-5.3, and monitoring of an approved QSAC district improvement plan pursuant to N.J.A.C. 6A:30-5.6. The weighted quality performance indicators shall also be used by the Commissioner in determining whether to initiate intervention activities pursuant to N.J.A.C. 6A:30-6.2, withdrawal from intervention pursuant to N.J.A.C. 6A:30-7.1, and initial placement of Level II, Level III, and State-Operated School Districts on the performance continuum pursuant to N.J.A.C. 6A:30-8.3.

The Commissioner shall conduct a comprehensive review of each public school district every three years. In the intervening years, the Commissioner shall assess the school district's performance to determine whether conditions exist in the school district that significantly and negatively impact the educational program or operations of the school district.

The Superintendent shall be responsible for completing the District Performance Review in accordance with the requirements as outlined in N.J.A.C. 6A:30-3.2. The District Performance Review and a Statement of Assurance prepared in accordance with N.J.A.C. 6A:30-3.2(e) shall be approved by the Board of Education by resolution and submitted to the Executive County Superintendent of Schools in accordance with the provisions of N.J.A.C. 6A:30-3.2(f) and (g). The district's District Performance Review and the Statement of Assurance will be reviewed and evaluated in accordance with the requirements of N.J.A.C. 6A:30-3.3. The Commissioner shall issue a final determination of the school district's performance and initial placement on the performance continuum in accordance with N.J.A.C. 6A:30-4.1.

The district will be required to commence improvement activities as set forth in N.J.A.C. 6A:30-5.3 through 5.7 in the event it satisfies less than eighty percent of the weighted quality performance indicators in one or more key components of school district effectiveness. Where

appropriate, pursuant to the factors as outlined in N.J.A.C. 6A:30-6.2, the Commissioner may seek forms of partial or full intervention in a school district as outlined in N.J.A.C. 6A:30-6.1 et seq. Withdrawal from partial or full State intervention shall be in accordance with the provisions of N.J.A.C. 6A:30-7 et seq.

No provision of N.J.A.C. 6A:30 – Evaluation of the Performance of School Districts, shall limit the ability of the Department to monitor public school districts’ practices by, among other things, conducting on-site visits to observe instructional practices and school facilities or take other such action as in the judgment of the Commissioner or designee that may be warranted to ensure the satisfaction of any statutory or constitutional obligation.

In accordance with the provisions of N.J.S.A. 18A:27-4.1, the Board shall appoint, transfer, remove, or renew a certificated or non-certificated officer or employee only upon the recommendation of the Superintendent of Schools and by a recorded roll call majority vote of the full membership of the Board. The Superintendent or designee shall select substitutes from the list approved by the Board to serve in the place of an absent teaching staff member.

In accordance with the provisions of N.J.S.A. 18A:16-1.1, the Board of Education will provide written notice to a teaching staff member, other than a per diem substitute, of their designation as a replacement when the teaching staff member has been designated or appointed by the Board to act in place of any officer or employee during an absence, disability, or disqualification of any such officer or employee subject to the provisions of N.J.S.A. 18A:17-13. The Board will employ only those candidates recommended by the Superintendent. Service as a summer school teacher will not count toward the accrual of tenure or seniority.

The Superintendent shall recommend to the Board the employment of qualified coaches for the district's interscholastic and/or intramural athletic programs. The Board will employ as athletic coaches only those persons who have experience in and knowledge of the specific sport, are properly certified, and possess the personal characteristics that qualify them to serve as role models to students.

The Board or contracted service provider may employ an applicant on an emergent basis for a period not to exceed three months, pending completion of a criminal history record check if the Board or contracted service provider demonstrates to the Commissioner of Education that special circumstances exist which justify the emergent employment as prescribed in N.J.S.A. 18A:6-7.1c. In the event the criminal history record check is not completed for an emergent hired employee within three months, the Board or contracted service provider may petition the Commissioner for an extension of time, not to exceed two months, in order to retain the employee.

No criminal history record check shall be performed unless the applicant shall have furnished written consent to such a check. The applicant shall bear the cost for the criminal history record check, including all costs for administering and processing the check. The district will deny employment to an applicant if the applicant is required and refuses to submit to a criminal history record check.

If the employee is not rated effective or highly effective on this next annual summative evaluation, the Superintendent shall promptly file a charge of inefficiency.

Within thirty days of the filing, the Board of Education shall forward a written charge to the Commissioner of Education, unless the Board of Education determines the evaluation process has not been followed.

Notwithstanding the provisions of N.J.S.A. 18A:6-16 or any other section of law to the contrary, upon receipt of a charge pursuant to N.J.S.A. 18A:6-17.3.a, and this Policy, the Commissioner of Education shall examine the charge. The individual against whom the charges are filed shall have ten days to submit a written response to the charges to the Commissioner of Education. The Commissioner of Education shall, within five days immediately following the period provided for a written response to the charges, refer the case to an arbitrator and appoint an arbitrator to hear the case, unless the Commissioner determines the evaluation process has not been followed.

The only evaluations which may be used for purposes of N.J.S.A. 18A:6-17.3 are those evaluations conducted in accordance with a rubric adopted by the Board of Education and approved by the Commissioner of Education pursuant to P.L.2012, c.26 – N.J.S.A. 18A:6-117 et seq.

3144.3 SUSPENSION UPON CERTIFICATION OF TENURE CHARGE

Upon certification of any tenure charge to the Commissioner of Education, the Board of Education may suspend the person against whom such charge is made, with or without pay. However, if the determination of the tenure charge by the arbitrator is not made within one hundred twenty calendar days after certification of the tenure charges, excluding all delays which are granted at the request of such person, then the full salary (except for said one hundred and twenty days) of such person shall be paid beginning on the one hundred twenty-first day until such determination is made.

Should the tenure charge be dismissed at any stage of the process, the person shall be reinstated immediately with full pay from the first day of such suspension. Should the tenure charge be dismissed at any stage of the process and the suspension be continued during an appeal, then the full pay or salary of such person shall continue until the determination of the appeal. However, the Board of Education shall deduct from said full pay or salary any sums received by such employee or officers by way of pay or salary from any substituted employment assumed during such period of suspension.

Should the charge be sustained on the original hearing or an appeal, and should such person appeal from the same, then the suspension may be continued unless and until such determination is reversed, in which event the employee or officer shall be reinstated immediately with full pay from the date of such suspension.

3146 CONDUCT OF REDUCTION IN FORCE

When teaching staff member positions have been abolished, in accordance with Board Policy No. 3112, the Board of Education will transfer and/or dismiss affected teaching staff members as required by law.

No tenured teaching staff member will be transferred or dismissed in a reduction in force affecting a category of employment in which a nontenured teaching staff member is employed. When two or more nontenured teaching staff members are employed within the category affected by a reduction in force, the nontenured teaching staff member(s) shall be retained in that category who has demonstrated greater competence.

Tenure and seniority entitlements will govern the transfer and dismissal of tenured teaching staff members affected by a reduction in force, except that, when two or more tenured teaching staff members within the same employment category affected by a reduction in force possess an identical seniority entitlement to that category, the teaching staff member(s) shall be retained in that category who has demonstrated greater competence.

The Superintendent shall collect and maintain the information requisite to the calculation of each tenured teaching staff member's seniority status. The Superintendent shall develop and maintain district seniority lists and shall recommend dismissals and transfers in a reduction in force in accordance with those lists. No seniority list shall be a public document or published in the absence of a reduction in force or reemployment from a preferred eligible list.

Teaching staff members affected by a reduction in force will be informed of their seniority status and of the effect of the reduction in force on their employment, as promptly as possible after the Board's action to abolish positions. Wherever possible, the Board will give sixty days notice of a pending dismissal. If notice cannot be given a full sixty days before the end of the employee's service, salary in lieu of notice will be given for the remaining notice period beyond the end of service.

3150 DISCIPLINE

The Board of Education directs all teaching staff members to observe statutes of the State of New Jersey, rules of the State Board of Education, policies of this Board, and duly promulgated administrative rules and regulations governing staff conduct. Violations of those statutes, rules, policies and regulations will be subject to discipline.

The Superintendent shall deal with disciplinary matters on a case by case basis. Discipline measures will include verbal and written warnings as appropriate and will provide, wherever possible, for progressive penalties for repeated violations. Penalties may include suspension, withholding one or more increments, and dismissal.

In the event disciplinary action is contemplated, notice will be given to the teaching staff member in ordinary and concise language of the specific acts and omissions upon which the disciplinary action is based; the text of the statute, policy, or rule that the member is alleged to have violated; a date when the member may be heard and the administrator who will hear the matter; and the penalty that may be imposed.

3152 WITHHOLDING AN INCREMENT

Advancements on the salary guide, including annual employment and adjustment increments, are not automatically granted and must be earned by satisfactory performance. Advancements require favorable evaluations of the employee's performance of assigned duties, a satisfactory attendance record, and adherence to the rules of this district and high standards of professional conduct.

The Board of Education may determine, by recorded roll call majority vote of the full membership and at any time prior to the commencement of the school year or contract year in which the employee's salary will vest, to withhold any or all of the increments indicated by the salary guide or by Board policy. In no case will the Board withhold a portion of an increment.

The Board shall, within ten days of its formal action to withhold an increment, give written notice to the affected employee of both the action and the reason or reasons for which it was taken.

The purpose of the Board in withholding increments is to improve the educational program and encourage the highest possible professional performance of its employees. Accordingly, all reasonable efforts will be made to inform employees of any deficiencies that may result in the withholding of an increment and to assist them in the correction of those deficiencies.

An increment withheld may be restored only by action of the Board. Nothing in this policy shall limit the right of a successor Board to restore an employee from whom an increment or increments have been withheld to that place on the salary guide they would have achieved had the increment or increments not been withheld.

3159 TEACHING STAFF MEMBER/SCHOOL DISTRICT REPORTING RESPONSIBILITIES

The Board of Education and all certificate holders shall adhere to the reporting requirements outlined in N.J.A.C. 6A:9B-4.3 and N.J.S.A. 18A:16-1.3. For the purpose of this Policy, “certificate holders” shall include all individuals who hold certificates, credentials, certificates of eligibility (CEs), and certificates of eligibility with advance standing (CEASs) issued by the New Jersey State Board of Examiners. For purposes of this Policy, the term “certificate” shall include all standard, emergency and provisional certificates, all credentials, and all CE and CEASs issued by the New Jersey State Board of Examiners.

All certificate holders shall report an arrest or indictment for any crime or offense to the Superintendent within fourteen calendar days of their arrest or indictment in accordance with the provisions of N.J.A.C. 6A:9B-4.3. The report submitted to the Superintendent shall include the date of arrest or indictment and charge(s) lodged against the certificate holder. Such certificate holders shall also report to the Superintendent the disposition of any charge within seven calendar days of the disposition. Failure to comply with these reporting requirements may be deemed “just cause” for revocation or suspension of certification pursuant to N.J.A.C. 6A:9B-4.4. The school district shall make these reporting requirements known to all new employees upon initial employment and to all employees on an annual basis.

The Superintendent shall notify the New Jersey State Board of Examiners when:

1. Tenured teaching staff members who are accused of criminal offenses or unbecoming conduct resign or retire from their positions;
2. Nontenured teaching staff members, including substitute teachers, who are accused of criminal offenses or unbecoming conduct resign, retire, or are removed from their positions;
3. A certificate holder fails to maintain any license, certificate, or authorization that is mandated pursuant to N.J.A.C. 6A:9B for the holder to serve in a position;
4. The Superintendent becomes aware that a certificate holder has been convicted of a crime or criminal offense while in the district’s employ; or
5. The Superintendent has received a report from the Department of Children and Families substantiating allegations of abuse or neglect, or establishing “concerns” regarding a certificated teaching staff member.

Teaching Staff Member/School District Reporting Responsibilities

The school district shall cooperate with the New Jersey State Board of Examiners in any proceeding arising from an order to show cause issued by the New Jersey State Board of Examiners and based on information about the certificate holder that the school district provided.

The Superintendent shall also notify the New Jersey State Board of Examiners, in accordance with the provisions of N.J.S.A. 18A:16-1.3, whenever a nontenured, certificated employee is dismissed prior to the end of the school year for just cause as a result of misconduct in office. This notification requirement shall not apply in instances where the employee's contract is not renewed. The Superintendent will comply with the additional notice requirements to the New Jersey State Board of Examiners in the event it is subsequently determined by a disciplinary grievance arbitration, a court, or an administrative tribunal of competent jurisdiction that the basis for the dismissal did not constitute misconduct in office. In addition, whenever the Superintendent notifies the New Jersey State Board of Examiners of an employee's dismissal for reasons of misconduct in accordance with the provisions of N.J.S.A. 18A:16-1.3, the employee shall receive a simultaneous copy of the notifying correspondence.

In the event the Board of Education determines, pursuant to a tenure charge finding under N.J.S.A. 18A:6-10 or a disorderly person conviction under N.J.S.A. 9:6-8.14, that a teaching staff member has failed to report an allegation of child abuse in accordance with State law or regulations, the Board shall submit a report to the New Jersey State Board of Examiners that outlines its findings. The New Jersey State Board of Examiners shall review the certification of the teaching staff member to determine if the teaching staff member's failure to report warrants the revocation or suspension of their certificate. In accordance with N.J.S.A. 9:6-8.14, any person failing to report an act of child abuse, having reasonable cause to believe that an act of child abuse has been committed, may be deemed a disorderly person.

3160 PHYSICAL EXAMINATION

The Board of Education requires each candidate for employment who receives a conditional offer of employment to undergo a physical examination(s) to determine whether the candidate is able to perform with reasonable accommodation job-related functions pursuant to P.L. 101-336, Americans with Disabilities Act of 1990 (ADA).

If upon completing an examination(s) it is determined a candidate for employment who received a conditional offer of employment is unable to perform with reasonable accommodation job-related functions pursuant to the provisions of the ADA, the conditional offer of employment will be rescinded either by the Superintendent of Schools, if the Board has not yet approved the appointment, or by the Board, if the Board had approved the appointment at a Board meeting.

The physical examination shall include, but is not limited to, a health history to include past serious illnesses and injuries; current health problems; allergies; and a record of immunizations. The physical examination shall also include a health screening to include, but not limited to: height and weight; blood pressure; pulse and respiratory rate; vision screening; and hearing screening.

Candidates for employment who have received a conditional offer of employment may also be required to undergo a comprehensive fitness for duty examination. This examination shall not be used to determine a candidate's disabilities and shall be used only to determine whether the applicant is able to perform with reasonable accommodation job-related functions pursuant to ADA. Comprehensive fitness for duty examinations, if required by the Board, will be required for all candidates for employment who receive a conditional offer of employment.

Pursuant to N.J.S.A. 18A:16-3, the Board shall bear the cost of physical examinations required by this Policy performed by a physician or institution designated by the Board. However, the candidate shall bear the cost if the examination is performed by a physician or institution designated by the candidate with approval of the Board. In the event the Board approves the physician or institution designated by the candidate to complete an examination required by this Policy, the candidate will be provided with the detailed requirements of the examination.

School employee physicals, examinations, and/or annual medical updates do not require screening or disclosure of HIV status.

A Mantoux tuberculosis test shall be given to all student teachers, school bus drivers on contract with the district, and contractors or volunteers who have contact with students.

All staff members' medical and health records, including computerized records, will be secured, stored, and maintained separately from other personnel files. The information contained in medical records will be kept confidential. Only the staff member, the Superintendent, and the school medical inspector shall have access to medical information regarding an individual employee. Health records may be shared only with authorized individuals in accordance with N.J.S.A. 18A:16-5. The staff member may provide health-status information, including medications that may be of value to medical personnel in the event of an emergency requiring treatment. In such instances, the staff member may also choose to share with the staff member's Building Principal and, if desired, with the certified school nurse, information regarding current health status to assure ready access in a medical emergency.

Additional individual psychiatric or physical examinations of any staff member may be required by the Board whenever, in the judgment of the Board, a staff member shows evidence of deviation from normal physical or mental health. Any additional individual examinations will be pursuant to the requirements of N.J.A.C. 6A:32-6.3. Additional examinations and/or certifications may be required to verify fitness in accordance with Policy 3161 or disability in accordance with Policies 3425 and 3435.

3161 EXAMINATION FOR CAUSE

The Board of Education may require the physical and/or psychiatric examination of any teaching staff member who shows evidence of deviation from normal physical or mental health in accordance with N.J.A.C. 6A:32-6.3(b).

The Superintendent shall require a physical and/or psychiatric examination on a teaching staff member whenever, in the judgment of the Superintendent, a teaching staff member shows evidence of deviation from normal physical or mental health, to determine the teaching staff member's physical and mental fitness to perform with reasonable accommodation the position the teaching staff member currently holds, or to detect any health risks to students and other employees.

A teaching staff member that is required to undergo a physical and/or psychiatric examination shall be provided a written statement of reasons for the required examination(s) and notice the teaching staff member has the right to request a hearing with the Board. The hearing shall be conducted in accordance with the provisions of N.J.S.A. 18A:25-7 and will offer the teaching staff member the opportunity to appear before the Board to refute the reasons for the required examination(s), provided any such hearing is requested by the teaching staff member in writing within five working days of the teaching staff member's receipt of the written statement of reasons. A teaching staff member shall be ordered to submit to the appropriate examination(s) by the physician or institution designated by the Board if the teaching staff member failed to timely request a hearing before the Board or failed to persuade the Board at the hearing that the teaching staff member should not be required to submit to the appropriate examination(s). The Board's determination at the conclusion of such a hearing is appealable to the Commissioner of Education pursuant to N.J.S.A. 18A:6-9 and N.J.A.C. 6A:4 – Appeals pursuant to N.J.A.C. 6A:32-6.3(b)2.

The Board shall bear the cost of the examination if the examination is performed by a physician or institution designated by the Board. The examination may be performed by a physician or institution of the teaching staff member's own choosing, approved by the Board, and at the teaching staff member's own expense in accordance with N.J.S.A. 18A:16-3 and N.J.A.C. 6A:32-6.3.

If the teaching staff member submits names of physicians or institutions to the Board for consideration to complete the appropriate examination(s) the Board is not required to designate the physician or institution submitted for consideration by the teaching staff member, but shall not act unreasonably in withholding its approval of the physician or institution. The Board shall require the teaching staff member to authorize the release of the examination results to the Superintendent.

If the results of any such examination indicate mental abnormality or communicable disease, the teaching staff member shall be ineligible for further service until proof of recovery, satisfactory to the Board, is furnished, but if the teaching staff member is under contract or has tenure, they may be granted sick leave with compensation as provided by law and shall, upon satisfactory recovery, be permitted to complete the term of their contract, if they are under contract, or be reemployed with the same tenure as they possessed at the time their services were discontinued, if they have tenure, unless their absence shall exceed a period of two years in accordance with N.J.S.A. 18A:16-4.

In order to return to work, the teaching staff member must submit to an appropriate examination and submit the results of the examination to the Superintendent. The examination must be conducted by a physician or institution upon which the Board and teaching staff member confer and agree. If the physician or institution conducting the examination is conducted by the Board's choice, the cost shall be borne by the Board; if the physician or institution conducting the examination is conducted by the teaching staff member's choice, the cost shall be borne by the teaching staff member.

A teaching staff member who refuses to submit to the examination required by this Policy and has exhausted the hearing procedures established by law and this Policy shall be subject to discipline, which may include, but not limited to, termination or certification of tenure charges to the Commissioner of Education, as applicable.

3211 CODE OF ETHICS

The Board of Education endorses the code of ethics for professional educators published by the National Education Association.

Preamble

The educator, believing in the worth and dignity of each human being, recognizes the supreme importance of the pursuit of truth, devotion to excellence, and the nature of democratic principles. Essential to these goals is the protection of freedom to learn and to teach and the guarantee of equal educational opportunity for all. The educator accepts the responsibility to adhere to the highest ethical standards.

The educator recognizes the magnitude of the responsibility inherent in the teaching process. The desire for the respect and confidence of one's colleagues, of students, of parent(s) or legal guardian(s), and of the members of the community provides the incentive to attain and maintain the highest possible degree of ethical conduct. The Code of Ethics of the Education Profession indicates the aspiration of all educators and provides standards by which to judge conduct.

The remedies specified by the NEA and/or its affiliates for the violation of any provision of this Code shall be exclusive and no such provision shall be enforceable in any form other than one specifically designated by the NEA or its affiliates.

Principle I - Commitment to the Student

The educator strives to help each student realize their potential as a worthy and effective member of society. The educator therefore works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals.

In fulfillment of the obligation to the student, the educator:

1. Shall not unreasonably restrain the student from independent action in the pursuit of learning.
2. Shall not unreasonably deny the student access to varying points of view.
3. Shall not deliberately suppress or distort subject matter relevant to the student's progress.
4. Shall make reasonable effort to protect the student from conditions harmful to learning or to health and safety.

5. Shall not intentionally expose the student to embarrassment or disparagement.
6. Shall not on the basis of race, color, creed, sex, national origin, marital status, political or religious beliefs, family, social or cultural background, or sexual orientation, unfairly:
 - a. Exclude any student from participation in any program;
 - b. Deny benefits to any student;
 - c. Grant any advantage to any student.
7. Shall not use professional relationships with students for private advantage.
8. Shall not disclose information about students obtained in the course of professional service, unless disclosure serves a compelling professional purpose or is required by law.

Principle II - Commitment to the Profession

The education profession is vested by the public with a trust and responsibility requiring the highest ideals of professional service.

In the belief that the quality of the services of the education profession directly influences the nation and its citizens, the educator shall exert every effort to raise professional standards to promote a climate that encourages the exercise of professional judgment, to achieve conditions which attract persons worthy of the trust to careers in education, and to assist in preventing the practice of the profession by unqualified persons.

In fulfillment of the obligation to the profession, the educator:

1. Shall not in an application for a professional position deliberately make a false statement or fail to disclose a material fact related to competency and qualifications.
2. Shall not misrepresent their professional qualifications.
3. Shall not assist entry into the profession of a person known to be unqualified in respect to character, education, or other relevant attribute.

4. Shall not knowingly make a false statement concerning the qualifications of a candidate for a professional position.
5. Shall not assist a non educator in the unauthorized practice of teaching.
6. Shall not disclose information about colleagues obtained in the course of professional service unless disclosure serves a compelling professional purpose or is required by law.
7. Shall not knowingly make false or malicious statements about a colleague.
8. Shall not accept any gratuity, gift, or favor that might impair or appear to influence professional decisions or actions.

Adopted: 07 June 2022

3211.3 CONSULTING OUTSIDE THE DISTRICT

The Board of Education recognizes that teaching staff members will have expertise and knowledge in areas that other school districts, agencies, and other entities may desire. Recognizing that the school district will request the expertise from teaching staff members from other school districts, agencies and other entities, the Board supports sharing of its teaching staff members with other school districts, agencies, and other entities to the extent it does not interfere with the efficient operation of the school district.

The Superintendent may recommend to the Board a teaching staff member's attendance in another school district, agency or other entity without additional remuneration to the teaching staff member or school district, upon a written request from the agency or from the teaching staff member.

The Board of Education recognizes teaching staff members will have expertise and knowledge in areas that other school districts, public and private agencies, and private business organizations may desire to compensate as a paid consultant. When a teaching staff member serves as a paid consultant, the teaching staff member is not permitted to use normal work hours for any paid consulting activities. The teaching staff member must complete any paid consulting activities on their own time to include vacation days, evenings, weekends, and/or school holidays.

The teaching staff member must comply with the New Jersey School Ethics Act N.J.S.A. 18A:12-21 et seq. and, if required, must comply with financial disclosure requirements of N.J.S.A. 18A:12-24 and 12-25.

N.J.S.A. 18A:12-21 et seq.

Adopted: 07 June 2022

3212 ATTENDANCE

The regular and prompt attendance of teaching staff members is an essential element in the efficient operation of the school district and the effective conduct of the educational program. Staff member absenteeism disrupts the educational program and the Board of Education considers attendance an important component of a staff member's job performance.

A teaching staff member who fails to give prompt notice of an absence, misuses sick leave, fails to verify an absence in accordance with Board policy, falsifies the reason for an absence, is absent without authorization, is repeatedly tardy, or accumulates an excessive number of absences may be subject to appropriate consequences, which may include the withholding of a salary increment, dismissal, and/or certification of tenure charges.

In accordance with N.J.S.A. 18A:30-1, sick leave is defined to mean the absence from work because of a personal disability due to injury or illness or because the staff member has been excluded from school by the school medical authorities on account of contagious disease or of being quarantined for such a disease in the staff member's immediate household. No teaching staff member will be discouraged from the prudent, necessary use of sick leave and any other leave provided for in the collective bargaining agreement negotiated with the member's majority representative, in an individual employment contract, or provided in the policies of the Board. In accordance with N.J.S.A. 18A:30-4, the Superintendent or Board of Education may require a physician's certificate to be filed with the Secretary of the Board in order to obtain sick leave.

The Superintendent, in consultation with administrative staff members, will review the rate of absence among the staff members. The review will include the collection and analysis of attendance data, the training of teaching staff members in their attendance responsibilities, and the counseling of teaching staff members for whom regular and prompt attendance is a problem.

Adopted: 07 June 2022

3214 CONFLICT OF INTEREST

No staff member of the Board of Education shall have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity which is in conflict with the proper discharge of the staff member's duties.

No staff member shall use or attempt to use their position to secure unwarranted privileges or advantages.

No staff member of the Board shall act in their official capacity in any matter wherein they have a direct or indirect personal financial interest.

No staff member of the Board shall accept any gift, favor, service or other thing of value under circumstances from which it might be reasonably inferred that such gift, service or other thing of value was given or offered for the purpose of influencing the staff member in the discharge of their duties.

Bribery and corrupt practices by employees as described in the criminal justice code are forbidden and shall be prosecuted to the full extent of the law.

The Board of Education discourages the presentation of gifts to staff members by students and their parent(s) or legal guardian(s), because it may embarrass students with limited means and give the appearance of currying favor.

The Board encourages that staff members instruct their students to express their appreciation by means other than gifts.

Teaching staff members may receive gifts of only nominal value from students or their parent(s) or legal guardian(s).

The Superintendent may approve an act or gift of appreciation to an individual staff member when special circumstances warrant.

Adopted: 07 June 2022

3216 DRESS AND GROOMING

The Board expects the staff conduct to be that of appropriate role models for students.

The Board expects all staff members to be neatly groomed and dressed in clothing suitable for the subject of instruction, the work being performed, or the occasion. As role models, employees are expected to maintain standards of dress and grooming that set a positive example for students.

The Board retains the authority to specify the following dress and grooming guidelines for staff, within law, that will prevent such matters from having an adverse impact on the educational process. All staff members shall, when assigned to district duty:

1. Be physically clean, neat and well groomed;
2. Dress in a manner reflecting their assignments;
3. Dress in a manner that does not cause damage to district property;
4. Dress and be groomed in such a way so as not to cause a health or safety hazard.

If a staff member feels that an exception to this Policy would enable them to carry out assigned duties more effectively, a request shall be made to the Superintendent.

N.J.S.A. 18A:27-4

Adopted: 07 June 2022

3217 USE OF CORPORAL PUNISHMENT

The Board of Education cannot condone an employee's resort to force or fear in the treatment of students, even those students whose conduct appears to be open defiance of authority. Each student is protected by law from bodily harm and from offensive bodily touching.

Teaching staff members shall not use physical force or the threat of physical force to maintain discipline or compel obedience except as permitted by law, but may remove students from the classroom or school by the lawful procedures established for the suspension and expulsion of students.

A teaching staff member who:

1. Uses force or fear to discipline a student except as such force or fear may be necessary to quell a disturbance threatening physical injury to others, to obtain possession of weapons or other dangerous objects upon the person or within the control of a student, to act in self-defense, or to protect persons or property;
2. Touches a student in an offensive way even though no physical harm is intended;
3. Permits students to harm one another by fighting; or
4. Punishes students by means that are cruel or unusual;

will be subject to discipline by this Board and may be dismissed.

N.J.S.A. 18A:6-1; 18A:37-1

Adopted: 07 June 2022

3218 USE, POSSESSION, OR DISTRIBUTION OF SUBSTANCES

The Board of Education recognizes a teaching staff member who reports to work under the influence of a substance poses a significant threat to their health, safety, and welfare and the health, safety, and welfare of others, including students and other staff members. The Board strongly advises any teaching staff member that has a dependency on a substance as defined in this Policy to seek appropriate treatment. The Board has an obligation and the right to maintain a safe and healthy work environment and adopts this Policy as an important component toward maintaining a safe environment in the school district.

For the purpose of this Policy, “substance” or “substances” as defined in N.J.S.A. 18A:40A-9 and N.J.A.C. 6A:16-4.1(a) means alcoholic beverages; any controlled dangerous substances, including anabolic steroids as defined in N.J.S.A. 24:21-2 and N.J.S.A. 2C:35-2; any chemical or chemical compound which releases vapors or fumes causing a condition of intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system, including, but not limited to, glue containing a solvent having the property of releasing toxic vapors or fumes as defined in N.J.S.A. 2C:35-10.4; and over-the-counter and prescription medications that are improperly used to cause intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system.

A teaching staff member shall be required to submit to an immediate medical examination to include a substance test if the Principal or designee has reasonable suspicion to believe a teaching staff member is under the influence of a substance during work hours or at a school-sponsored function where the teaching staff member has been assigned job responsibilities. Refusal by a teaching staff member to consent to the medical examination including a substance test will be deemed a positive test result for substances. In the event the results of the medical examination and substance test are not provided to the Superintendent, within twenty-four hours or as soon as the test results are available, it will be deemed a positive test result for substances and the teaching staff member shall be subject to appropriate discipline. Any required medical examination and testing shall be paid for by the Board.

In the event the Board physician determines the teaching staff member was under the influence of a substance, the determination shall be reported to the Superintendent and the teaching staff member will be subject to appropriate discipline. Appropriate discipline may include, but not be limited to, withholding an increment, terminating a non-tenured teaching staff member, and/or filing tenure charges for a tenured teaching staff member in accordance with law. The teaching staff member will be afforded the opportunity to have positive test results confirmed using acceptable confirmation test practices. This confirmation test shall be paid for by the teaching staff member.

3281 INAPPROPRIATE STAFF CONDUCT

The Board of Education recognizes its responsibility to protect the health, safety and welfare of all students within this school district. Furthermore, the Board recognizes there exists a professional responsibility for all school staff to protect a student's health, safety and welfare. The Board strongly believes that school staff members have the public's trust and confidence to protect the well-being of all students attending the school district.

In support of this Board's strong commitment to the public's trust and confidence of school staff, the Board of Education holds all school staff to the highest level of professional responsibility in their conduct with all students. Inappropriate conduct and conduct unbecoming a school staff member will not be tolerated in this school district.

The Board recognizes and appreciates the staff-student professional relationship that exists in a school district's educational environment. This Policy has been developed and adopted by this Board to provide guidance and direction to avoid actual and/or the appearance of inappropriate staff conduct and conduct unbecoming a school staff member toward students.

School staff's conduct in completing their professional responsibilities shall be appropriate at all times. School staff shall not make inappropriate comments to students or about students and shall not engage in inappropriate language or expression in the presence of students. School staff shall not engage in inappropriate conduct toward or with students. School staff shall not engage or seek to be in the presence of a student beyond the staff member's professional responsibilities. School staff shall not provide transportation to a student in their private vehicle or permit a student into their private vehicle unless there is an emergency or a special circumstance that has been approved in advance by the Building Principal/immediate supervisor and the parent/legal guardian.

Inappropriate conduct by a school staff member outside their professional responsibilities may be considered conduct unbecoming a staff member. Therefore, school staff members are advised to be concerned with such conduct which may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other medium that is directed and/or available to students or for public display.

A school staff member is always expected to maintain a professional relationship with students and to protect the health, safety and welfare of school students. A staff member's conduct will be held to the professional standards established by the New Jersey State Board of Education and the New Jersey Commissioner of Education. Inappropriate conduct or conduct unbecoming a staff member may also include conduct not specifically listed in this Policy, but conduct determined by the New Jersey State Board of Education, the New Jersey Commissioner of Education, an arbitration process, and/or appropriate courts to be inappropriate or conduct unbecoming a school staff member.

School personnel, compensated and uncompensated (volunteers), are required to report to their immediate supervisor or Building Principal any possible violations of this Policy. In the event the report alleges conduct by the Building Principal or the immediate supervisor, the school staff member may report directly to the Superintendent. In addition, school personnel having reasonable cause to believe a student has been subjected to child abuse or neglect or acts of child abuse or neglect as defined under N.J.S.A. 9:6-8.10 are required to immediately report to the New Jersey Department of Children and Families in accordance with N.J.A.C. 6A:16-11.1 and inform the Building Principal or immediate supervisor after making such report. However, notice to the Building Principal or designee need not be given when the school staff member believes such notice would likely endanger the referrer or child(ren) involved or when the staff member believes that such disclosure would likely result in retaliation against the child or in discrimination against the referrer with respect to their employment.

Reports may be made in writing or with verbal notification. The immediate supervisor or Building Principal will notify the Superintendent of Schools of all reports, including anonymous reports. The Assistant Superintendent for Human Resources will investigate all reports with a final report to the Superintendent of Schools. The Assistant Superintendent for Human Resources or the Superintendent may, at any time after receiving a report, take such appropriate action as necessary and as provided for in the law. 3282 USE OF SOCIAL NETWORKING SITES

The Board of Education has a strong commitment to quality education and the well-being of all students, as well as the preservation of the school district's reputation. The Board believes staff members must establish and maintain public trust and confidence and be committed to protecting all students attending the school district. In support of the Board's strong commitment to the public's trust and confidence, the Board holds all staff members to the highest level of professional responsibility.

The Commissioner of Education has determined inappropriate conduct outside a staff member's professional responsibilities may determine them as unfit to discharge the duties and functions of their position. Staff members should be advised communications, publications, photographs, and other information appearing on social networking sites deemed inappropriate by the Board could be cause for dismissal of a non-tenured staff member or to certify tenure charges against a tenured staff member to the Commissioner of Education.

Staff members are advised to be concerned and aware such conduct deemed inappropriate may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other form of electronic communication that is directed and/or available to students or for public display or publication.

While the Board respects the right of staff members to use social networking sites, staff members should recognize they are held to a higher standard than the general public with regard to standards of conduct and ethics. It is important that a staff member's use of these sites does not damage the reputation of the school district, employees, students, or their families. Staff members who utilize, post or publish images, photographs, or comments on social networking sites, blogs, or other forms of electronic communication outside their professional responsibilities shall ensure their use, postings, or publications are done with an appropriate level of professionalism and are appropriate conduct for a school staff member. Staff members should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public even without their knowledge or consent.

The school district strongly encourages all staff members to carefully review the privacy settings on social networking sites they use and exercise care and good judgment when posting content and information on such sites. Staff members should adhere to the following guidelines, which are consistent with the district's workplace standards on harassment, student relationships, conduct, professional communication, and confidentiality.

When using personal social networking sites, school staff members:

1. Should not make statements that would violate any of the district's policies, including its policies concerning discrimination or harassment;
2. Must uphold the district's value of respect for the individual and avoid making defamatory statements about the school district, employees, students, or their families;
3. May not disclose any confidential information about the school district or confidential information obtained during the course of their employment, about any individual(s) or organization, including students and/or their families;
4. Shall not use social networking sites to post any materials of a sexually graphic nature;
5. Shall not use social networking sites to post any materials which promote violence;
6. Shall not use social networking sites which would be detrimental to the mission and function of the district;
7. Are prohibited from using their school district title as well as adding references to the district in any correspondence including, but not limited to, e-mails, postings, blogs, and social networking sites unless the communication is of an official nature and is serving the mission of the district. This prohibition also includes signature lines and personal e-mail accounts;
8. Shall not post updates to their status on any social networking sites during normal working hours including posting of statements or comments on the social networking sites of others during school time unless it involves a school project. Employees must seek approval from the Superintendent of Schools for such use; and
9. Shall not post or publish any information the Commissioner of Education would deem to be inappropriate conduct by a school staff member.

The Policy of this district is to maintain a level of professionalism both during and after the school day. Any publication through any means of electronic communication which is potentially adverse to the operation, morale, or efficiency of the district, will be deemed a violation of this Policy. If the Board or Superintendent believes that a staff member's activity on any social networking site violates the district's policies, the Board or Superintendent may request that the employee cease such activity. Depending on the severity of the incident, the staff member may be subject to disciplinary action.

This Policy has been developed and adopted by this Board to provide guidance and direction to staff members on how to avoid actual and/or the appearance of inappropriate conduct toward students and/or the community while using social networking sites.

3283 ELECTRONIC COMMUNICATIONS BETWEEN TEACHING STAFF MEMBERS AND STUDENTS

The Princeton Public Schools Board of Education recognizes the importance of electronic communications between school employees and students. Electronic communication and the use of social media can facilitate communication between students and school employees in a variety of beneficial ways including: questions during non-school hours regarding homework or other assignments; scheduling issues for school-related co-curricular and interscholastic athletic activities; school work to be completed during a student's extended absence and distance learning opportunities. However, as required by N.J.S.A. 18A:36-40, the Board of Education implements this Policy to provide guidance and direction to school employees to prevent improper electronic communications between school employees and students. The purpose of this Policy is to allow school employees and students to communicate electronically, while being mindful that school employees and students can be at risk without proper guidelines in place relating to electronic communications.

Based on a school employee's professional responsibilities, electronic communications between a school employee and a student may be permitted with written approval of the Superintendent or the Building Principal. The approval is only for the school year in which the approval is granted. Once approval of electronic communications between a school employee and a student is given, the school employee must comply with all provisions of this Policy.

The Commissioner of Education has determined inappropriate conduct may determine a school employee unfit to discharge the duties and functions of their position. Improper electronic communications by school employees may be determined to be inappropriate conduct.

For the purposes of this Policy, "electronic communication" means a communication transmitted by means of an electronic device including, but not limited to, a telephone, cellular telephone, tablet, computer or computer network. "Electronic communications" include, but are not limited to, emails, text messages, instant messages, and any other communications made by means of an Internet website, including social media and social networking websites.

For the purposes of this Policy, "professional responsibility" means a school employee's responsibilities assigned to the school employee by the administration or Board of Education.

For the purposes of this Policy, "improper electronic communications" means an electronic communication between a school employee and any student of the school district when:

1. The content of the communication is inappropriate as defined in this Policy; and/or
2. The manner in which the electronic communication is made is not in accordance with acceptable procedures for electronic communications between a school employee and a student as defined in this Policy.

Inappropriate Content

Inappropriate content of an electronic communication between a school employee, who has been approved by the Superintendent or designee to have electronic communications, and a student includes, but is not limited to:

1. Communications of a sexual nature, sexually oriented humor or language, sexual advances, or content with a sexual overtone;
2. Communications involving the use, encouraging the use, or promoting or advocating the use of alcohol or tobacco, the illegal use of prescription drugs or controlled dangerous substances, illegal gambling, or other illegal activities;
3. Communications regarding the school employee's or student's past or current romantic relationships;
4. Communications which include the use of profanities, obscene language, lewd comments, or pornography;
5. Communications that are harassing, intimidating, or bullying;
6. Communications requesting or trying to establish a personal relationship with a student beyond the school employee's professional responsibilities;
7. Communications related to personal or confidential information regarding another school employee or student; and
8. Communications between the school employee and a student that the Commissioner of Education would determine to be inappropriate in determining the school employee is unfit to discharge the duties and functions of their position.

Guidelines for Electronic Communication with Students

School employees should use the district's learning management system for electronic communications and social media communications whenever possible. School employees may use these systems in their work with students to the extent they further the curricular and co-curricular goals of the district. School employees must receive the approval of the Principal or designee of all the websites and social media platforms they use in their work communications with students. Approvals may be granted for their use for the entire school year. All such websites must be means of communication and must be available to: every student in the class; every member of the co-curricular activity and their parents; and the Principal or designee;
 - c. A school employee is prohibited from communicating with any student through the school employee's personal social networking website or another Internet-based website. Communications on personal websites are not acceptable between a school employee and a student. Notwithstanding this Policy, the Board recognizes that there may be extenuating situations in which such communication will occur, and the district will take this under consideration;
 - d. A school employee shall not accept "friend" requests from any student on their personal social networking website or other Internet-based social media website. Any communication sent by a student to a school employee's personal social networking website or other Internet-based social media website shall not be responded to by the school employee;

3310 ACADEMIC FREEDOM

The curriculum adopted by the Board of Education is designed to address the educational goals established for this school district and to meet the needs of students. The course guides prepared for each course of study describe the material to be covered in each course and, in general, the approach to be employed by the teaching staff member responsible for the course.

The Board recognizes that some deviation from the course guide is necessary to the free exchange of ideas within the classroom. Exposure to a wide range of ideas encourages the spirit of inquiry that is essential to the learning process; the thorough examination of those ideas aids students in developing powers of reasoning and in acquiring habits of academic discipline.

The Board directs that the discussion of any issue not specifically covered by the course guide be conducted in an unprejudiced and dispassionate manner. The Board will not condone classroom discussion that is unrelated to the educational goals of this district or to the subject of the course of study, disrupts the educational process, does not match the maturity level of the students, neglects to inform students of various responsible points of view on the subject under discussion, or fails to take into account the sensibilities of the community.

3321 ACCEPTABLE USE OF COMPUTER NETWORK(S)/COMPUTERS AND
RESOURCES BY TEACHING STAFF MEMBERS

The Board recognizes that as telecommunications and other new technologies shift the manner in which information is accessed, communicated and transferred that those changes will alter the nature of teaching and learning. Access to telecommunications will allow teaching staff members to explore databases, libraries, Internet sites, bulletin boards and the like while exchanging information with individuals throughout the world. The Board supports access by teaching staff members to information sources but reserves the right to limit in-school use to materials appropriate to educational purposes. The Board directs the Superintendent to effect training of teaching staff members in skills appropriate to analyzing and evaluating such resources as to appropriateness for educational purposes.

OTHER COMMUNICATION DEVICES

The Board of Education recognizes a teaching staff member may need to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday. Electronic communications include, but are not limited to: voice conversations, text-messaging, accessing social networking or other internet sites, or any other type of electronic communication.

In the event the teaching staff member needs to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday, the teaching staff member may do so provided the communication is made during the teaching staff member's duty free lunch or break periods and is made outside the presence of students in an area inside the school building designated by the Principal or teaching staff member's immediate supervisor.

A teaching staff member's personal cellular telephone or other personal communication device shall be secured by the teaching staff member and outside the view of others when the teaching staff member is performing assigned school district responsibilities.

3324 RIGHT OF PRIVACY

The Board of Education will provide facilities and school district-owned property to assist staff members in their job responsibilities or for the staff members' convenience. These facilities or district-owned property may include, but are not limited to, an office, a storage closet, a filing cabinet, a locker, and/or a desk. The Principal or designee may provide a staff member with exclusive use and access to such facilities or school district-owned property or may require the facility or school district-owned property be shared with other staff members. The staff member may be provided a lock or key by the school district or may secure the facility or school district-owned property using their own locking device with permission from the Principal or designee.

School staff members should be aware their expectation of privacy in these facilities and/or the school district-owned property provided by the Board of Education is reduced by virtue of actual office practices and procedures, for searches conducted pursuant to an investigation of work-related employee misconduct, or by legitimate school district policies or regulations. In addition, staff members shall have a reduced expectation of privacy in these facilities and school district-owned property if there is reasonable suspicion the staff member is violating a law or school policy. School staff members shall be on notice this reduced expectation of privacy may result in such facilities and/or school district-owned property being searched without a search warrant. In order to avoid exposing personal belongings to such a search, school staff members are discouraged from storing personal papers and effects in these facilities or school district-owned property.

3340 GRIEVANCE

The Board of Education shall develop and practice reasonable and effective means for the resolution of disputes that may arise in the employment of teaching staff members not covered by the terms of a negotiated agreement.

The Board directs that any grievance not provided for by negotiated agreement be resolved by submission to the following grievance procedure, which is designed to promote proper and equitable settlement of grievances at the lowest appropriate level and to facilitate an orderly process for the resolution of grievances.

For the purposes of this policy, "grievance" means an unresolved problem concerning the application or interpretation by an officer or employee of this district of law, regulations of the State Board of Education, the bylaws or policies of the Board, or the administrative regulations of the Superintendent; "grievant" is a district employee who alleges a grievance or the employee's representative; "party" means the grievant or any person named in the grievance as allegedly having violated a law, bylaw, policy, or regulation; and "day" means a school day.

A grievant may be represented or accompanied at any time by a person whom the grievant chooses.

A grievant may use personal leave time when it becomes necessary to process a grievance during school hours. A grievance that arises late in the school term will be submitted to an expedited process in order that the grievance may be resolved as soon after the school term as possible. There will be no reprisal of any kind taken against any employee or employee's representative for participation in a grievance.

All documents, communications, and records regarding the processing of a grievance will be filed in a separate grievance file and will not be kept in the personnel file of any of the participants of the grievance.

Any alleged grievance should, at the first instance, be discussed in one or more private, informal conferences between the parties involved or between the grievant and their immediate supervisor. A grievance not resolved in one or more such private meetings may be processed in accordance with the following procedure.

Level One

Within three working days of the occurrence of the act or omission giving rise to the grievance, the grievant must present their grievance in writing to the grievant's immediate supervisor. The written document will be a clear, concise statement of the grievance and will include the law, rule, policy, or regulation that the grievant alleges to have been violated; the factual circumstances on which the grievance is based; the person or persons involved; the decision, if any, rendered at the private conference; and the remedy sought.

Any party to the grievance may request a personal conference with the supervisor in order to resolve the grievance.

Within seven working days the supervisor shall present a decision to the grievant in writing. If the supervisor does not respond during the time permitted, the grievant may appeal to the next level.

Level Two

A grievant not satisfied with a decision at Level One may appeal that decision in writing to the Assistant Superintendent for Human Resources within three working days after receipt of the decision or the expiration of the time during which the decision must be rendered. The written appeal will include a copy of the original grievance; the decision rendered, if any; the name of the grievant's representative, if any; and a clear, concise statement of the reasons for the appeal of the decision.

The Assistant Superintendent for Human Resources shall present a decision to the grievant within seven working days. If no decision is rendered within that time limit, the grievant may appeal to the next level.

Level Three

A grievant not satisfied with a decision at Level Two may appeal that decision in writing to the Superintendent within three working days after receipt of the decision or the expiration of the time during which the decision must be rendered. The written appeal to the Superintendent will include copies of the original grievance, the appeal of that grievance at Level Two, and the decision, if any, rendered at Level Two. Within ten working days after the delivery of the appeal, the Superintendent shall investigate the grievance, giving all persons who participate in Levels One and Two a reasonable opportunity to be heard.

Within seven working days of the presentation of the appeal, the Superintendent shall submit a decision in writing together with the reasons that support that decision to the grievant and any other party to the grievance. If the Superintendent does not render a decision within that time limit, the grievant may appeal to the next level.

Level Four

A grievant not satisfied with the Superintendent's decision may appeal that decision in writing to the Board within three working days after the receipt of the decision or the expiration of the time during which the decision must be rendered. The written appeal to the Board will include copies of the original grievance, the appeal of that grievance at Level Two, and the decisions, if any, rendered at Levels Three and Four.

The Board shall schedule the grievance for hearing at a private session to be held within forty-five calendar days of the presentation of the appeal. The grievant shall be present at the hearing and may require the presence of a party to the grievance.

Within ten calendar days of the hearing, the Board shall submit its decision in writing together with reasons that support the decision to the grievant. A copy of the decision shall be given to the Superintendent and to any other party to the grievance.

The decision of the Board shall be final.

3351 HEALTHY WORKPLACE ENVIRONMENT

The Board of Education recognizes a healthy workplace environment enables school district administrative and teaching staff members to fully contribute their expertise and skills to their school district responsibilities. A healthy workplace environment can improve productivity, reduce absenteeism, and reduce staff turnover while having a positive impact on the school district's programs provided to students in the school district.

A significant characteristic of a healthy workplace environment is that employees interact with each other with dignity and respect regardless of an employee's work assignment or position in the school district. Repeated malicious conduct of an employee or group of employees directed toward another employee or group of employees in the workplace that a reasonable person would find hostile or offensive is unacceptable and is not conducive to establishing or maintaining a healthy workplace environment. This unacceptable conduct may include, but is not limited to, repeated infliction of verbal abuse such as the use of derogatory remarks; insults; verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating; or the gratuitous sabotage or undermining of a person's work performance. A single act of such conduct shall not constitute the unacceptable conduct prohibited by this policy unless it is especially severe and egregious.

Unacceptable conduct, for the purposes of this policy, is not conduct toward an employee of a protected class or because of the employee's protected activity. These employees and activities are afforded the legal protections under various Federal and State anti-discrimination laws. In addition, unacceptable conduct for the purposes of this policy shall not be confused with conduct of management employees exercising management rights including, but not limited to, assigning tasks, reprimanding, assigning discipline, or directing.

Employees who believe the conduct prohibited by this policy has been directed toward them or to another employee of the school district shall submit a written report to the Superintendent of Schools. The written report shall provide specific details supporting the claim including, but not limited to, the specific conduct; the names of witnesses (if any) who may have observed such conduct; dates or times when such conduct occurred; and any other information the person(s) making the report believes will be informative and helpful to an investigation of the allegations. Upon receipt of a report, the Superintendent or designee will conduct an investigation and upon completion of the investigation will inform the person(s) who made the report such an investigation was completed. The amount of investigation information shared with the person(s) making the report will be at the discretion of the Superintendent or designee and may vary depending on whether the conduct reported was directed to the person(s) making the report, confidential personnel matters, and/or other issues as determined by the Superintendent or designee.

Healthy Workplace Environment

If the investigation determines conduct prohibited by this policy has taken place, the Superintendent or designee will meet with the offender(s) and the victim(s) to review the investigation results and to implement remedial measures to ensure such conduct does not continue or reoccur. Appropriate disciplinary action may be taken depending on the severity of conduct.

There shall be no reprisals or retaliation against any person(s) who reports conduct prohibited by this policy.

3362 SEXUAL HARASSMENT

The Board of Education recognizes that an employee's right to freedom from employment discrimination includes the opportunity to work in an environment untainted by sexual harassment. Sexually offensive speech and conduct are wholly inappropriate to the harmonious employment relationships necessary to the operation of the school district and intolerable in a workplace to which the children of this district are exposed.

Sexual harassment includes all unwelcome sexual advances, requests for sexual favors, and verbal or physical contacts of a sexual nature that would not have happened but for the employee's gender. Whenever submission to such conduct is made a condition of employment or a basis for an employment decision, or when such conduct is severe and pervasive and has the purpose or effect of unreasonably altering or interfering with work performance or creating an intimidating, hostile, or offensive working environment, the employee shall have cause for complaint.

The sexual harassment of any employee of this district is strictly forbidden. Any employee or agent of this Board who is found to have sexually harassed an employee of this district will be subject to discipline which may include termination of employment. Any employee who has been exposed to sexual harassment by any employee or agent of this Board is encouraged to report the harassment to an appropriate supervisor. An employee may complain of any failure of the Board to take corrective action by recourse to the procedure by which a discrimination complaint is processed. The employee may appeal the Board's action or inaction to the United States Equal Employment Opportunity Commission or the New Jersey Division of Civil Rights. Complaints regarding sexual harassment shall be submitted following the procedures outlined in Regulation No. 1530, Equal Employment Opportunity.

The Affirmative Action Officer shall instruct all employees and agents of this Board to recognize and correct speech and behavior patterns that may be sexually offensive with or without the intent to offend.

3370 TEACHING STAFF MEMBER TENURE

The Board of Education recognizes that the benefit of tenure is conferred by law on teaching staff members who have completed the requisite period of probationary service in this school district. The Board also recognizes that certain service does not qualify the teaching staff member who performs that service for the grant of tenure.

Tenure in any administrative or supervisory position as listed in N.J.S.A. 18A:28-5 shall accrue only by employment in that administrative or supervisory position. Tenure so accrued will not extend to any other administrative or supervisory position and nothing shall limit or restrict tenure rights which were or may be acquired pursuant to N.J.S.A. 18A:28-6.

The Board specifically directs that service in the following positions will not accrue toward the tenure status and will be performed only under contract renewable at the discretion of the Board:

1. Substitute teacher acting in the absence of another employee;
2. Summer school teacher;
3. Co-curricular advisor;
4. Athletic coach; and
5. Department chairperson other than a supervisor.

Nothing in this policy will be deemed to confer tenure on any employee who serves in a position not listed above and for whom tenure is not provided by law.

1. The expiration of a period of employment of two consecutive calendar years in the new position unless a shorter period is fixed by the employing Board of Education for such purpose; or
2. Employment for two academic years in the new position together with employment in the new position at the beginning of the next succeeding academic year; or
3. Employment in the new position within a period of any three consecutive academic years, for the equivalent of more than two academic years;

3374 TENURE UPON TRANSFER TO AN UNDERPERFORMING SCHOOL

The Board of Education may grant tenure to a teaching staff member coming from another New Jersey public school district to the same position in an underperforming school in this school district in accordance with the provisions of N.J.S.A. 18A:28-5.1. As used in this Policy, "underperforming school" means a school in this school district which has been identified by the New Jersey Department of Education as a "focus school" or a "priority school" for any year within a two-year period.

In accordance with the provisions of N.J.S.A. 18A:28-5.1, a tenured teaching staff member who has been rated effective or highly effective on their most recent annual summative evaluation in a New Jersey public school district, and who accepts employment in the same position in an underperforming school in another New Jersey public school district, shall be under tenure in that position in the new school district during good behavior and efficiency and shall not be dismissed or reduced in compensation except for inefficiency, incapacity, or conduct unbecoming such a teaching staff member or other just cause and then only in the manner prescribed by Subarticle B of Article 2 of Chapter 6 of N.J.S.A. 18A, after the employee receives a rating of effective or highly effective in at least one of the annual summative evaluations within the first two years of employment in the underperforming school in the new school district.

3381 PROTECTION AGAINST RETALIATION

The Board of Education will take no retaliatory action, by discharge, demotion, suspension, or any other adverse action, against an employee because that employee has conscientiously:

1. Disclosed or threatened to disclose to a supervisor or public body an activity, policy, or practice of this Board or any district officer that the employee reasonably believes to be in violation of law or rule;
2. Provided information to a public body conducting an investigation, hearing, or inquiry into any alleged violation of law by the Board or an officer of this district; or
3. Objected to or refused to participate in an activity, policy, or practice of this district that the employee reasonably believes to be in violation of law or rule, fraudulent, criminal, or incompatible with a clear mandate of public policy concerning the public health, safety, or welfare or protection of the environment.

An employee who has reason to believe that the Board has engaged in an illegal activity or an activity contrary to public policy must report that belief in writing to the Superintendent before notice is given to a supervisor or a public body. The Superintendent shall promptly report the same to the Board and institute an investigation of the reported activity. The findings of the investigation will be reported in writing to the Board and to the employee.

The protection of law and this policy apply only to employees who have given notice in accordance with this policy and have afforded the Board a reasonable period of time to take any corrective action that may be required or have acted in circumstances that the employee believes in good faith constitute an emergency.

The Superintendent shall post notice of this policy and inform employees of their rights under the New Jersey Conscientious Employee Protection Act.

3411 PLACEMENT ON GUIDE STEP

The Board of Education retains the authority to specify the salary of new positions and to determine the credit to be awarded for placement on the existing salary guide.

A copy of the applicable academic degree must be submitted to the Superintendent for an employee to be considered for placement at the appropriate degree level on the adopted salary guide. Proof that a valid New Jersey instructional certificate in the field in which the teacher is assigned shall be submitted to the Superintendent for placement on the salary guide. All documented proof of an academic degree(s) and instructional certification shall be part of the employee's personnel file.

The average salary expenditure for all new Princeton Regional Education Association hires within each building shall be approved by the Board. All discussions regarding salary and benefits shall be done by the office of human resources with each prospective district employee. The following guidelines shall apply to new hires:

1. Final salary determinations will be based upon acceptable, creditable prior public school service; documented earned degrees; and earned degrees plus thirty credits; such crediting of prior public school service shall not exceed one year for every two years of prior service, except in cases of positions that are difficult to fill either because of certification requirements, a death of applicants, or if such hires would significantly advance the goals of the Princeton Public Schools as determined by the Assistant Superintendent for Human Resources.
2. Educational services hires will be considered as part of each building's staff when calculating average salary costs.

Any credits earned during the completion of the degree program that exceed the degree requirements needed to obtain certification for employment will not be counted for advanced credit status on the salary guide. Only credits earned in pursuit of an advanced degree that is related to the present job responsibilities may be counted toward movement/advancement on the salary guide. Placement on the salary guide shall depend on credits earned at fully accredited institutions of higher learning.

No adjustments will be made in a person's salary in regard to degree or advanced credit status after September 1 of each school year.

3421.13 POSTNATAL ACCOMMODATIONS

The Board of Education recognizes teaching staff members may be returning to work shortly after their child's birth and may need to express breast milk during the workday. The Patient Protection and Affordable Care Act (PPACA) amended Section 7 of the Federal Fair Labor Standards Act (FLSA) for nursing mothers to be permitted reasonable break times and a private location to express breast milk for their nursing child for one year after the child's birth.

Every employee position in the school district is designated as either "non-exempt" or "exempt" by the provisions of the FLSA. Generally, a teaching staff member entitled to overtime pay is designated as "non-exempt." A teaching staff member that performs duties that are executive, administrative, or professional in nature and not entitled to overtime pay is designated "exempt." The school district administration shall refer to the comprehensive definitions of "exempt" and "non-exempt" as outlined in 29 C.F.R. 541 et seq. in determining an employee's designation.

A Board of Education is required to provide reasonable break times to non-exempt teaching staff members to express breast milk for their nursing child. The non-exempt teaching staff member shall coordinate such breaks with their immediate supervisor. The non-exempt teaching staff member will not receive compensation during this break time unless the break time is during a non-exempt teaching staff member's compensated break time.

A Board of Education is not required under the FLSA to provide such breaks to exempt teaching staff members. However, exempt teaching staff members may take such breaks provided the breaks are coordinated with their immediate supervisor. If this break is taken during the exempt teaching staff member's duty free lunch period or duty free break period during the workday, the exempt teaching staff member will not be reduced in compensation.

The Principal or the nursing mother's immediate supervisor, in consultation with the school nurse, will designate a lactation room that is shielded from view and free from intrusion from co-workers and the public. The location must be functional as a space for expressing breast milk and shall include an electrical outlet, a chair, and nearby access to running water. If the space is not dedicated to the nursing mother's use, it must be available when needed. A space temporarily converted into a lactation room or made available when needed by a nursing mother is sufficient; however, a bathroom, even if private, is not a permissible location under the FLSA.

All exempt and non-exempt teaching staff members are required to sign-out of work to begin the break to express breast milk and shall sign-in when they return to work after the break. The

3425 WORK RELATED DISABILITY PAY

The Board of Education will permit, in accordance with law, the absence without loss of pay or of annual or accumulated sick leave benefits of a teaching staff member disabled by accident or injury arising out of and in the course of employment. Any such employee shall seek the workers' compensation benefits to which they are entitled by law.

An employee whose disability has qualified for the receipt of workers' compensation benefits shall be presumed eligible for work related disability pay under this policy. When an employee's disability is so brief as to preclude the employee's application for workers' compensation benefits, the employee may request and the Board may grant work related disability pay.

Any employee who qualifies for work related disability pay under this policy will be entitled to receive full pay during the period they are on disability leave of absence, for up to twelve consecutive months.

As a condition of receiving full salary, an employee who receives workers' compensation benefits for their work-related disability must endorse and deliver to the Board all workers' compensation temporary disability checks received for the period covered by this policy.

3425.1 MODIFIED DUTY EARLY RETURN TO WORK PROGRAM – TEACHING STAFF MEMBERS

New Jersey's workers' compensation laws provide lost wages and pay medical expenses for an employee who sustains an injury as a result of an on-the-job accident, injury, or occupational disease. Workers' compensation is designed to protect school district employees and their families against the hardships from injury arising in the workplace. In an effort to assist school staff in recovering from an eligible workers' compensation injury, the Board provides a Modified Duty Early Return To Work Program. The Program is provided to staff members who have been injured on the job, but who are not permanently disabled. The Program is intended to minimize the negative psychological impact to an injured staff member due to being out of work and to provide a transition and adjustment period for the injured staff member to return to work while recovering from an on-the-job injury.

The school district may assign temporary modified duties and responsibilities to staff members that have sustained an eligible workers' compensation injury. These employees may temporarily perform duties and responsibilities that may or may not be within their job description, or may or may not be within their department. The modified duties and/or responsibilities will be within the injured staff member's capabilities and a staff member will not be assigned any modified duties and/or responsibilities that require any certifications/licenses that are not possessed by the injured staff member.

The modified duties and responsibilities will be determined by the School Business Administrator/Board Secretary, the district's designated Workers' Compensation Coordinator, after a medical examination and evaluation of the injured staff member by the Board's designated workers' compensation physician. The Workers' Compensation Coordinator will determine if the injured staff member is eligible for modified duties or responsibilities. This determination will be based on:

1. The workers' compensation physician's examination and evaluation report;
2. The injured staff member's capabilities to assume modified duties or responsibilities;
3. The availability of modified duties and responsibilities within the district at the time; and/or
4. Other issues that may impact the district's ability to assign modified duties and responsibilities.

3432 SICK LEAVE

The Board of Education shall grant sick leave, in accordance with law, to teaching staff members absent from work because of personal disability or quarantine. Each steadily employed employee eligible for sick leave will be entitled annually to the number of paid sick leave days negotiated with the employee's majority representative or provided in this policy or in an individual contract with the Board.

The Board reserves the right to require of any employee who claims sick leave, sufficient proof, including a physician's certification, of the employee's illness or disability. As a minimum, no day will be considered to be a sick leave day on which the employee has engaged in or prepared for other gainful employment, has participated in a work stoppage, or has engaged in any activity that would raise doubts regarding the validity of the sick leave request.

The Superintendent will prepare rules for the administration of the Board's policy on sick leave, which shall be binding on all employees.

The Superintendent will submit to the Board the names of those employees absent for non-compensable cause or whose claim for sick leave pay cannot be justified. The willful misuse of sick leave will be considered a serious infraction and is subject to discipline.

3433 VACATIONS

The Board of Education believes that the school district benefits when teaching staff members employed to work twelve months a year are given periodic relief from the responsibilities of their positions without loss of compensation.

The Board reserves the right to determine the conditions under which vacation time may be taken when not otherwise covered by the terms of a negotiated agreement or in an individual contract with the Board.

3435 ANTICIPATED DISABILITY

The Board of Education shall provide for leaves of absence, in accordance with law and the policies of this Board, for any employee of this district not covered by the terms of a negotiated agreement whose absence from duties will be required for a foreseeable event of disability such as childbirth or surgery.

An employee who anticipates disability shall so notify the Superintendent as soon as the employee is under medical supervision for the condition and a date is projected for the anticipated disability. Because of the potentially disabling nature of pregnancy and the certainty of temporary disability at birth, the Board will presume that a pregnant employee is disabled for work thirty days before the anticipated date of childbirth and continues to be disabled for thirty days after birth, except that any such employee who presents medical certification of her fitness may continue to work until she is actually disabled and may return to work as soon as she is able.

The Board reserves the right to require an employee who requests an extended leave of absence that includes anticipated disability to commence and/or terminate the leave at times that ensure continuity in the educational program in accordance with Board Policy. No person who is required to take leave at a time other than that requested will be denied the use of sick leave for the anticipated disability that occurs or is presumed to occur during the leave.

An employee who anticipates a disability may request a leave of absence to commence before disability and to extend beyond the period of disability. Any such request shall be subject to Board discretion and the Board's policy on leave of absence. An employee on voluntary leave of absence is not eligible for sick leave pay for disability occurring during the period of that absence.

3437 MILITARY LEAVE

The Board of Education recognizes that military service rendered by any district employee in the defense of the country or in maintaining preparedness for conflict, foreign or domestic, is a service benefiting all citizens. A permanent or full-time temporary officer and/or employee of the district will be provided military leave and related benefits pursuant to the Uniformed Services Employment and Reemployment Rights Act (USERRA), 38 U.S.C. Section 4301 et seq., P.L. 2001 Chapter 351 amending N.J.S.A. 38:23-1, N.J.S.A. 38A:1-1 and N.J.S.A. 38A:4-4., and any other applicable Federal and State laws.

A permanent or full-time temporary officer or employee of the school district who is a member of the organized militia of New Jersey (New Jersey National Guard, New Jersey Naval Militia Joint Command) shall be entitled, in addition to pay received, if any, as a member of the organized militia, to a leave of absence from his or her respective duties without loss of pay or time on all days during which he or she shall be engaged in any period of State or Federal active duty; provided, however, that the leave of absence for Federal active duty or active duty for training shall not exceed ninety work days in the aggregate in any calendar year. Any leave of absence for such duty in excess of ninety work days shall be without pay, but without loss of time. Such leave shall be in addition to the regular vacation or other accrued leave provided to the officer or employee. A full-time temporary officer or employee who has served under such temporary appointment for less than one year in the district shall receive this leave without pay, but without loss of time.

A permanent or full-time temporary officer or employee of the school district who is a member of the organized reserve of the Army of the United States, United States Naval Reserve, United States Air Force Reserve, or United States Marine Corps Reserve, or other organization affiliated therewith, including the National Guard of other states, shall be entitled, in addition to pay received, if any, as a member of a reserve component of the Armed Forces of the United States, to a leave of absence from his or her respective duty without loss of pay or time on all work days on which he or she shall be engaged in any period of Federal active duty, provided, however, that such leave of absence shall not exceed thirty work days in any calendar year. Such leave shall be in addition to the regular vacation or other accrued leave provided to the officer or employee. Any leave of absence for such duty in excess of thirty work days shall be without pay, but without loss of time. 3439 JURY DUTY

The Board of Education will indemnify any teaching staff member against loss of pay incurred by a call to jury duty. No such employee will be penalized in any way for an absence caused by service on a panel of grand or petit jurors. The time any such employee is absent on jury duty will not be charged against personal leave and will count as school district service.

Teaching staff members shall report a call to jury duty during the school term to the Principal or their immediate supervisor who shall determine whether or not a replacement is available. Teaching staff members scheduled for jury service during the school term for whom the administration indicates a replacement cannot reasonably be found shall seek from the Assignment Judge an excusal or deferment of service. Teaching staff members shall obtain from the Superintendent, or designee, a letter indicating the lack of availability of a substitute in such instances.

A teaching staff member who is a full-time teacher and is absent from school duties on jury duty for any court of New Jersey, any court of any other State, any Federal district court, or in the U.S. District Court for New Jersey will receive their usual compensation from the school district for each day the teaching staff member is present for jury duty. In the event there is any jury duty compensation, excluding mileage and lodging, paid to the teaching staff member for their time on jury duty, the teaching staff member will reimburse the school district the amount of any jury duty compensation paid to the staff member.

An employee summoned to jury duty shall promptly report the summons to their immediate supervisor. On return from jury duty, the employee must submit to their immediate supervisor a court record of the number of days served on jury duty.

While on jury duty, an employee must report daily to their supervisor the schedule for the following day and must report to work when they are excused from jury duty for half a day or more or suffer loss of pay.

4111 CREATING POSITIONS

The Board of Education recognizes its authority to establish support staff positions that, when filled by qualified employees, will assist the district in the achievement of educational goals set by the Board.

The Board will create new positions as required, approve a job title appropriate to the position, and determine the number of persons required to staff adequately each such position.

The Superintendent shall recommend to the Board such new positions or additional staffing in existing positions as may be required by student enrollments and the operational needs of the district.

4124 EMPLOYMENT CONTRACT

The Princeton Public Schools Board of Education requires for the mutual protection of each regularly employed nontenured, non-instructional staff member and for the district that each such employee be required to sign an annual contract.

Each employment contract shall specify:

1. The date;
2. Name of the employee;
3. The beginning and ending dates of service;
4. The salary at which the person is employed;
5. The title of the position;
6. A provision for termination of contract with length of notice as specified in the bargaining unit contract or individual contract, as duly given; and
7. Such other terms and conditions as may be necessary to a complete statement of the employment relationship.

The contract may include provision for a probationary period and the termination of the contract by either party following completion of the probationary period on the appropriate day notice as specified in the Association contracts. For employees whose titles are not assigned to Association contracts, the probationary period shall be thirty calendar days for support staff and sixty calendar days for administrative and professional staff.

Should an employee be offered in error a contract for a salary which differs from that approved by the Board, the salary approved by the Board shall be the salary paid.

Should an employee terminate without giving the contractually specified notice, they shall be paid only for the days worked.

Adopted: 07 June 2022

4125 EMPLOYMENT OF SUPPORT STAFF MEMBERS

The Board of Education believes it is vital to the successful operation of the school district that support staff member positions be filled with highly qualified and competent professionals.

In accordance with the provisions of N.J.S.A. 18A:27-4.1, the Board shall appoint, transfer, remove, or renew a certificated or non-certificated officer or employee only upon the recommendation of the Superintendent of Schools and by a recorded roll call majority vote of the full membership of the Board. The Board shall not withhold its approval for arbitrary and capricious reasons. The Board shall approve the employment, fix the compensation, and establish the term of employment for every support staff member employed by this district.

The Board may employ substitutes and/or contract for substitutes for absent support staff members in order to ensure continuity in a program. The Board will annually approve a list of substitutes and rate of pay and/or the Board will approve a contract for a contracted service provider to provide substitute support staff members.

The Board of Education shall not employ for pay or contract for the paid services of any support staff member or any other person serving in a position which involves regular contact with students unless the Board has first determined consistent with the requirements and standards of N.J.S.A. 18A:6-7.1 et seq. that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or the State Bureau of Identification which would disqualify the individual from being employed or utilized in such capacity or position.

An individual employed by the Board or a school bus contractor holding a contract with the Board, in the capacity of a school bus driver, shall be required to meet the criminal history record requirements as outlined in N.J.S.A. 18A:39-19.1.

The Board will employ paraprofessional school aides and/or classroom aides to assist in the supervision of student activities under the direction of a Principal, teacher, or other designated certified professional personnel. Aides will serve the needs of students by performing nonprofessional duties and may work only under the direct supervision of a teaching staff member(s).

In accordance with the requirements of the Every Student Succeeds Act (ESSA), paraprofessionals hired after January 8, 2002, who work in a program supported with Title I, Part A funds, with certain exceptions, must meet one of the following criteria:

1. Completed at least two years of study at an institution of higher education;

2. Obtained an associate's (or higher) degree; or
3. Met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing, reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness).

Paraprofessional staff working in a Title I school, and whose salary is paid for in whole or in part with Title I funds, must meet one of the criteria listed above. The Superintendent or designee will ensure paraprofessionals working in a program supported with Title I funds meet the above stated requirements.

An individual employed by the Board in any substitute capacity or position shall be required to undergo a criminal history record check in accordance with the provisions of N.J.S.A. 18A:6-7.1b.

An individual, except as provided in N.J.S.A. 18A:6-7.1g, shall be permanently disqualified from employment or service in the school district if the criminal history record check reveals a record of conviction for any crime or offense as defined in N.J.S.A. 18A:6-7.1 et seq.

The Board or contracted service provider may employ an applicant on an emergent basis for a period not to exceed three months, pending completion of a criminal history record check if the Board or contracted service provider demonstrates to the Commissioner of Education that special circumstances exist which justify the emergent employment as prescribed in N.J.S.A. 18A:6-7.1c. In the event the criminal history record check is not completed for an emergent hired employee within three months, the Board or contracted service provider may petition the Commissioner for an extension of time, not to exceed two months, in order to retain the employee.

No criminal history record check shall be performed unless the applicant shall have furnished written consent to such a check. The applicant shall bear the cost for the criminal history record check, including all costs for administering and processing the check. The district will deny employment to an applicant if the applicant is required and refuses to submit to a criminal history record check.

The Board of Education prohibits any relative of a Board member or the Superintendent of Schools from being employed in an office or position in the school district in accordance with the provisions of N.J.A.C. 6A:23A-6.2 and Board Policy 0142.1 – Nepotism.

A support staff member's misstatement of fact material to their qualifications for employment or the determination of their salary will be considered by the Board to constitute grounds for dismissal.

4130 ASSIGNMENT AND TRANSFER

The Board of Education and the Superintendent reserve the right to assign and transfer support staff members to the positions for which they are qualified and in which their service will best serve the operation of the district.

The Superintendent is responsible for the assignment and transfer of support staff members, except that the Board of Education is responsible for the assignment of support staff members in the positions of Treasurer of School Moneys, Board Attorney, or Board Secretary, except a Board Secretary who performs business administrator functions.

The Board will transfer support staff members only upon the recommendation of the Superintendent and by a recorded roll call majority vote of the full membership of the Board. The Board will not withhold its approval of the transfer for arbitrary and capricious reasons.

In considering any transfer, the Superintendent shall base the choice on the employee's success in former positions, the employee's attitude toward change, the employee's length of service in the district, the recommendation of the employee's supervisor, and the operational efficiency advanced by the proposed transfer. No support staff member shall be transferred for disciplinary reasons.

Employees shall be given written notice of their annual assignments no later than September 1 of the school year when the assignment will be effective, but may be given notice of reassignment at any time during the year.

Employees may not transfer duties from one position to another nor may one employee perform the duties of another employee without the prior approval of the Principal.

4140 TERMINATION

The Board of Education will enter a contract with each non-tenured support staff member providing, in part, for the termination of employment by either party. The Board may terminate the employment of an employee for incompetence, immorality, unfitness for service, insubordination, reduction in force, or other good cause. Any notification of termination for cause will include a full statement of the reasons for the dismissal on notice duly given a nonprobationary employee.

The Board may terminate an employment contract with a non-tenured support staff member only upon the recommendation of the Superintendent and by a recorded roll call majority vote of the full membership of the Board. The Board will not withhold its approval for arbitrary and capricious reasons. N.J.S.A. 18A:27-4.1.

An employee who offers insufficient notice of termination will be paid only through the last day of their service.

The Board may temporarily suspend an employee with or without pay and without notice when their continued services may be inimical to the interests of students.

4145 LAYOFFS

The Board of Education shall provide the support staff necessary for the operation of the district in a manner that is efficient and economical.

The Board reserves the right to abolish support staff positions and reduce district staff commensurately whenever reasons of economy, reorganization of the school district, reduction in the number of students, or other good cause so warrant. The Superintendent or designee shall continually review the efficiency and effectiveness of district organization and recommend to the Board the creation and abolishment of support staff positions and the reallocation of duties and positions.

When two or more employees are employed in the same classification of employment in which a position is abolished, the employee shall be reemployed who has demonstrated greater competence.

When, as the result of the abolishment of a position, an employee is demoted in position, the employee shall receive the salary of the position to which they have been assigned.

4146 NONRENEWAL OF NONTENURED SUPPORT STAFF MEMBER

The Board will renew the employment contract of a nontenured support staff member only upon the recommendation of the Superintendent and by a recorded roll call majority vote of the full membership of the Board. The Board will not withhold its approval for arbitrary and capricious reasons. A nontenured support staff member who is not recommended for renewal by the Superintendent is deemed nonrenewed.

When the nontenured support staff member's performance does not meet the standards of the school district, the Superintendent shall recommend not to renew the nontenured support staff member's contract. Prior to notifying the nontenured support staff member of the nonrenewal, the Superintendent will notify the Board of the recommendation not to renew the nontenured support staff member's contract and the reasons for the recommendation. The Superintendent may notify the Board in a written notice or in executive session at a full Board meeting. In the event the Board is notified in executive session, the Superintendent will comply with the requirements of the Open Public Meetings Act and provide reasonable notice to the nontenured support staff member their employment will be discussed in executive session in order for the nontenured support staff member to exercise their statutory right to request a public discussion.

The Superintendent shall provide written notification to each nontenured support staff member to whom reemployment will not be offered in accordance with the terms of any applicable collective bargaining agreement, individual contract, or any other agreement between the parties. Paraprofessionals continuously employed since the preceding September 30 as a school aide or classroom aide in a school district that receives funding under Title I of the Federal Elementary and Secondary Education Act of 1965 shall be notified of renewal or nonrenewal on or before May 15 in each year in accordance with the provisions of N.J.S.A. 18A:27-10.2.

Any nontenured support staff member receiving notice that a contract for the succeeding year will not be offered, may within fifteen calendar days, request in writing a statement of the reasons for such nonemployment which shall be given to the nontenured support staff member in writing within thirty calendar days after the receipt of such request.

Whenever a nontenured support staff member has requested in writing and received a written statement of reasons for non-reemployment pursuant to N.J.S.A. 18A:27-3.2, the nontenured support staff member may request in writing an informal appearance before the Board. The written request shall be submitted to the Board within ten calendar days of the nontenured support staff member's receipt of the Board's statement of reasons. The informal appearance shall be scheduled within thirty calendar days from the nontenured support staff member's receipt of the Board's statement of reasons.

The Board is not required to offer reemployment or vote on reemployment after an informal appearance with a nontenured support staff member who was not recommended for reemployment by the Superintendent. The Board may, with a majority vote of its full membership in public session and without the recommendation of the Superintendent, offer the nontenured support staff member reemployment after the informal appearance before the Board. Within three working days following the informal appearance, the Board shall notify the affected nontenured support staff member, in writing, of its final determination.

The provisions as outlined in Policy and Regulation 4146 may be revised or adjusted by the Superintendent of Schools to be in accordance with the terms and timelines of any applicable collective bargaining agreement, individual contract, or any other agreement between the parties provided the terms are not contrary to any statute, administrative code, or any management rights of the Board.

This Policy does not apply to the contract renewal of the Treasurer of School Moneys, Board Auditor, Board Attorney or Board Secretary, except a Board Secretary who performs business administration functions.

Advancement on any salary schedule shall require favorable reports covering the employee's competence and thoroughness in the performance of assigned duties as well as the employee's record of attendance and compliance with district regulations.

The Superintendent or designee shall base a recommendation for withholding an increment on evaluations of the employee's performance and conduct. The Superintendent or designee must also show to the satisfaction of the Board that the standards by which an employee has been evaluated are not exceptional or unusual and are expected of all employees in a similar classification.

4160 PHYSICAL EXAMINATION

The Board of Education requires each candidate for employment who receives a conditional offer of employment to undergo a physical examination(s) to determine whether the candidate is able to perform with reasonable accommodation job-related functions pursuant to P.L. 101-336, Americans with Disabilities Act of 1990 (ADA).

If upon completing an examination(s) it is determined a candidate for employment who received a conditional offer of employment is unable to perform with reasonable accommodation job-related functions pursuant to the provisions of the ADA, the conditional offer of employment will be rescinded either by the Superintendent of Schools, if the Board has not yet approved the appointment, or by the Board, if the Board had approved the appointment at a Board meeting.

The physical examination shall include, but is not limited to, a health history to include past serious illnesses and injuries; current health problems; allergies; and a record of immunizations. The physical examination shall also include a health screening to include, but not limited to: height and weight; blood pressure; pulse and respiratory rate; vision screening; and hearing screening.

Candidates for employment who have received a conditional offer of employment may also be required to undergo a comprehensive fitness for duty examination. This examination shall not be used to determine a candidate's disabilities and shall be used only to determine whether the applicant is able to perform with reasonable accommodation job-related functions pursuant to ADA. Comprehensive fitness for duty examinations, if required by the Board, will be required for all candidates for employment who receive a conditional offer of employment.

Pursuant to N.J.S.A. 18A:16-3, the Board shall bear the cost of physical examinations required by this Policy performed by a physician or institution designated by the Board. However, the candidate shall bear the cost if the examination is performed by a physician or institution designated by the candidate with approval of the Board. In the event the Board approves the physician or institution designated by the candidate to complete an examination required by this Policy, the candidate will be provided with the detailed requirements of the examination.

School employee physicals, examinations, and/or annual medical updates do not require screening or disclosure of HIV status.

A Mantoux tuberculosis test shall be given to all student teachers, school bus drivers on contract with the district, and contractors or volunteers who have contact with students.

All staff members' medical and health records, including computerized records, will be secured, stored, and maintained separately from other personnel files. The information contained in medical records will be kept confidential. Only the staff member, the Superintendent, and the school medical inspector shall have access to medical information regarding an individual employee. Health records may be shared only with authorized individuals in accordance with N.J.S.A. 18A:16-5. The staff member may provide health-status information, including medications that may be of value to medical personnel in the event of an emergency requiring treatment. In such instances, the staff member may also choose to share with the staff member's Building Principal and, if desired, with the certified school nurse, information regarding current health status to assure ready access in a medical emergency.

Additional individual psychiatric or physical examinations of any staff member may be required by the Board whenever, in the judgment of the Board, a staff member shows evidence of deviation from normal physical or mental health. Any additional individual examinations will be pursuant to the requirements of N.J.A.C. 6A:32-6.3. Additional examinations and/or certifications may be required to verify fitness in accordance with Policy 4161 or disability in accordance with Policies 4425 and 4435.

4161 EXAMINATION FOR CAUSE

The Board of Education may require the physical and/or psychiatric examination of any support staff member who shows evidence of deviation from normal physical or mental health in accordance with N.J.A.C. 6A:32-6.3(b).

The Superintendent shall require a physical and/or psychiatric examination on a support staff member whenever, in the judgment of the Superintendent, a support staff member shows evidence of deviation from normal physical or mental health, to determine the support staff member's physical and mental fitness to perform with reasonable accommodation the position the support staff member currently holds, or to detect any health risks to students and other employees.

A support staff member that is required to undergo a physical and/or psychiatric examination shall be provided a written statement of reasons for the required examination(s) and notice the support staff member has the right to request a hearing with the Board. The hearing shall be conducted in accordance with the provisions of N.J.S.A. 18A:25-7 and will offer the support staff member the opportunity to appear before the Board to refute the reasons for the required examination(s), provided any such hearing is requested by the support staff member in writing within five working days of the support staff member's receipt of the written statement of reasons. A support staff member shall be ordered to submit to the appropriate examination(s) by the physician or institution designated by the Board if the support staff member failed to timely request a hearing before the Board or failed to persuade the Board at the hearing that the support staff member should not be required to submit to the appropriate examination(s). The Board's determination at the conclusion of such a hearing is appealable to the Commissioner of Education pursuant to N.J.S.A. 18A:6-9 and N.J.A.C. 6A:4 – Appeals pursuant to N.J.A.C. 6A:32-6.3(b)2.

The Board shall bear the cost of the examination if the examination is performed by a physician or institution designated by the Board. The examination may be performed by a physician or institution of the support staff member's own choosing, approved by the Board, and at the support staff member's own expense in accordance with N.J.S.A. 18A:16-3 and N.J.A.C. 6A:32-6.3.

If the support staff member submits names of physicians or institutions to the Board for consideration to complete the appropriate examination(s) the Board is not required to designate the physician or institution submitted for consideration by the support staff member, but shall not act unreasonably in withholding its approval of the physician or institution. The Board shall require the support staff member to authorize the release of the examination results to the Superintendent.

Examination for Cause

If the results of any such examination indicate mental abnormality or communicable disease, the support staff member shall be ineligible for further service until proof of recovery, satisfactory to the Board, is furnished, but if the support staff member is under contract or has tenure, they may be granted sick leave with compensation as provided by law and shall, upon satisfactory recovery, be permitted to complete the term of their contract, if they are under contract, or be reemployed with the same tenure as they possessed at the time their services were discontinued, if they have tenure, unless their absence shall exceed a period of two years in accordance with N.J.S.A. 18A:16-4.

In order to return to work, the support staff member must submit to an appropriate examination and submit the results of the examination to the Superintendent. The examination must be conducted by a physician or institution upon which the Board and support staff member confer and agree. If the physician or institution conducting the examination is conducted by the Board's choice, the cost shall be borne by the Board; if the physician or institution conducting the examination is conducted by the support staff member's choice, the cost shall be borne by the support staff member.

4211.3 CONSULTING OUTSIDE THE DISTRICT

The Board of Education recognizes that support staff members will have expertise and knowledge in areas that other school districts, agencies, and other entities may desire. Recognizing that the school district will request the expertise from support staff members from other school districts, agencies and other entities, the Board supports sharing of its support staff members with other school districts, agencies, and other entities to the extent it does not interfere with the efficient operation of the school district.

The Superintendent may recommend to the Board a support staff member's attendance in another school district, agency or other entity without additional remuneration to the support staff member or school district, upon a written request from the agency or from the support staff member.

The Board of Education recognizes support staff members will have expertise and knowledge in areas that other school districts, public and private agencies, and private business organizations may desire to compensate as a paid consultant. When a support staff member serves as a paid consultant, the support staff member is not permitted to use normal work hours for any paid consulting activities. The support staff member must complete any paid consulting activities on their own time to include vacation days, evenings, weekends, and/or school holidays.

The support staff member must comply with the New Jersey School Ethics Act N.J.S.A. 18A:12-21 et seq. and, if required, must comply with financial disclosure requirements of N.J.S.A. 18A:12-24 and 12-25.

4212 ATTENDANCE

The regular and prompt attendance of support staff members is an essential element in the efficient operation of the school district and the effective conduct of the educational program. Staff member absenteeism disrupts the educational program and the Board of Education considers attendance an important component of a staff member's job performance.

A support staff member who fails to give prompt notice of an absence, misuses sick leave, fails to verify an absence in accordance with Board policy, falsifies the reason for an absence, is absent without authorization, is repeatedly tardy, or accumulates an excessive number of absences may be subject to appropriate consequences, which may include the withholding of a salary increment, dismissal, and/or certification of tenure charges.

In accordance with N.J.S.A. 18A:30-1, sick leave is defined to mean the absence from work because of a personal disability due to injury or illness or because the support staff member has been excluded from school by the school medical authorities on account of contagious disease or of being quarantined for such a disease in the staff member's immediate household. No support staff member will be discouraged from the prudent, necessary use of sick leave and any other leave provided for in the collective bargaining agreement negotiated with the member's majority representative, in an individual employment contract, or provided in the policies of the Board. In accordance with N.J.S.A. 18A:30-4, the Superintendent or Board of Education may require a physician's certificate to be filed with the Secretary of the Board in order to obtain sick leave.

The Superintendent, in consultation with administrative staff members, will review the rate of absence among the staff members. The review will include the collection and analysis of attendance data, the training of support staff members in their attendance responsibilities, and the counseling of support staff members for whom regular and prompt attendance is a problem.

N.J.S.A. 18A:30-1 et seq.

4214 CONFLICT OF INTEREST

No support staff member of the Board of Education shall have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity which is in conflict with the proper discharge of the support staff member's duties.

No support staff member shall use or attempt to use their position to secure unwarranted privileges or advantages.

No support staff member of the Board shall act in their official capacity in any matter wherein they have a direct or indirect personal financial interest.

No support staff member of the Board shall accept any gift, favor, service or other thing of value under circumstances from which it might be reasonably inferred that such gift, service or other thing of value was given or offered for the purpose of influencing the support staff member in the discharge of their duties.

Bribery and corrupt practices by employees as described in the criminal justice code are forbidden and shall be prosecuted to the full extent of the law.

The Board of Education discourages the presentation of gifts to support staff members by students and their parent(s) or legal guardian(s), because it may embarrass students with limited means and give the appearance of currying favor.

The Board directs that support staff members instruct students to express their appreciation by means other than gifts.

Support staff members may receive gifts of only nominal value from students or their parent(s) or legal guardian(s).

The Superintendent may approve an act or gift of appreciation to an individual support staff member when special circumstances warrant.

4216 DRESS AND GROOMING

The Board expects the staff conduct to be that of appropriate role models for students.

The Board expects all staff members to be neatly groomed and dressed in clothing suitable for the subject of instruction, the work being performed, or the occasion. As role models, employees are expected to maintain standards of dress and grooming that set a positive example for students.

The Board retains the authority to specify the following dress and grooming guidelines for staff, within law, that will prevent such matters from having an adverse impact on the educational process. All staff members shall, when assigned to district duty:

1. Be physically clean, neat and well groomed;
2. Dress in a manner reflecting their assignments;
3. Dress in a manner that does not cause damage to district property;
4. Dress and be groomed in such a way so as not to cause a health or safety hazard.

If a staff member feels that an exception to this Policy would enable them to carry out assigned duties more effectively, a request shall be made to the Superintendent.

4218 USE, POSSESSION, OR DISTRIBUTION OF SUBSTANCES

The Board of Education recognizes a support staff member who reports to work under the influence of a substance poses a significant threat to their health, safety, and welfare and the health, safety, and welfare of others, including students and other staff members. The Board strongly advises any support staff member that has a dependency on a substance as defined in this Policy to seek appropriate treatment. The Board has an obligation and the right to maintain a safe and healthy work environment and adopts this Policy as an important component toward maintaining a safe environment in the school district.

For the purpose of this Policy, “substance” or “substances” as defined in N.J.S.A. 18A:40A-9 and N.J.A.C. 6A:16-4.1(a) means alcoholic beverages; any controlled dangerous substances, including anabolic steroids as defined in N.J.S.A. 24:21-2 and N.J.S.A. 2C:35-2; any chemical or chemical compound which releases vapors or fumes causing a condition of intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system, including, but not limited to, glue containing a solvent having the property of releasing toxic vapors or fumes as defined in N.J.S.A. 2C:35-10.4; and over-the-counter and prescription medications that are improperly used to cause intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system.

A support staff member shall be required to submit to an immediate medical examination to include a substance test if the support staff member’s supervisor has reasonable suspicion to believe a support staff member is under the influence of a substance during work hours or at a school-sponsored function where the support staff member has been assigned job responsibilities. Refusal by a support staff member to consent to the medical examination including a substance test will be deemed a positive result for substances. In the event the results of the medical examination and substance test are not provided to the Superintendent, within twenty-four hours or as soon as the test results are available, it will be deemed a positive result for substances and the support staff member shall be subject to appropriate discipline. Any required medical examination and testing shall be paid for by the Board.

In the event the Board physician determines the support staff member was under the influence of a substance, the determination shall be reported to the Superintendent and the support staff member will be subject to appropriate discipline. Appropriate discipline may include, but not be limited to, withholding an increment, terminating a non-tenured support staff member, and/or filing tenure charges for a tenured support staff member in accordance with law. The support staff member will be afforded the opportunity to have positive test results confirmed using acceptable confirmation test practices. This confirmation test shall be paid for by the support staff member.

In the event a support staff member's medical examination and substance test results are negative for a substance or if the Board physician determines the support staff member was not under the influence of a substance, the results or determination shall be reported to the Superintendent and the support staff member shall be returned to their position unless the Superintendent has a reason the support staff member should not be returned to their position.

In accordance with the requirements of N.J.A.C. 6A:16-6.3(a), any staff member who, in the course of their employment, has reason to believe a staff member has unlawfully possessed or in any way been involved in the distribution of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia, shall report the matter as soon as possible to the Principal, or in the absence of the Principal, to the staff member's supervisor responsible at the time of the alleged violation. Either the Principal or the staff member's supervisor responsible at the time of the alleged violation shall notify the Superintendent who shall notify, as soon as possible, the County Prosecutor or other law enforcement official designated by the County Prosecutor to receive such information. The Superintendent or designee shall provide to the County Prosecutor or designee all known information concerning the matter, including the identity of the staff member involved.

In accordance with the provisions of N.J.A.C. 6A:16-6.3(a)3, the Superintendent or designee shall not disclose the identity of a staff member who has voluntarily sought and participated in an appropriate treatment or counseling program for an alcohol or drug abuse problem, provided the staff member is not reasonably believed to be involved or implicated in drug-distribution activities. An admission by a staff member in response to questioning initiated by the Principal or Superintendent's designee or following the discovery by the Principal or Superintendent's designee of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia, shall not constitute a voluntary, self-initiated request for counseling and treatment.

A staff member who unlawfully possessed or in any way has been involved in the distribution of a controlled dangerous substance, including anabolic steroids or drug paraphernalia, pursuant to N.J.A.C. 6A:16-6.3, shall be subject to appropriate discipline which may include, but not be limited to, termination of a non-tenured support staff member or the filing of tenure charges for a tenured support staff member in accordance with law.

Illegal gambling is not permitted in or on school grounds.

4219 COMMERCIAL DRIVER'S LICENSE CONTROLLED SUBSTANCE AND ALCOHOL USE TESTING

The Board of Education is committed to a safe, efficient, alcohol and drug-free workplace that protects the district's students as well as the health and safety of its employees and the general public.

The Board requires all employees of the Board performing any safety-sensitive function to be free of drugs and alcohol and will test those employees who operate a commercial motor vehicle in accordance with 49 CFR 382 et seq. and 49 CFR 40 et seq. For the purpose of this Policy "employee" means a person required to have a Commercial Driver's License (CDL) in the performance of their job responsibilities. Safety-sensitive functions as defined by 49 CFR 382.107 means any time from the time an employee begins to work or is required to be in readiness to work until the time the employee is relieved from work and all responsibility for performing work. Safety-sensitive functions shall include:

1. All time at the terminal, facility, other property, or on any public property, waiting to be dispatched, unless relieved from duty;
2. All time inspecting equipment as required by Federal law or otherwise inspecting, servicing, or conditioning any commercial motor vehicle, at any time;
3. All time spent at the driving controls of a commercial motor vehicle in operation;
4. All time, other than driving time, in or upon the commercial motor vehicle except time spent resting in an area defined as a sleeping berth;
5. All time loading or unloading a vehicle, supervising, or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipments loaded and unloaded; and
6. All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

The Omnibus Transportation Employee Testing Act of 1991 requires all operators of commercial motor vehicles subject to the CDL requirements to be tested for controlled substances and alcohol. Federal regulations of the U.S. Department of Transportation require that any employee using a CDL be required to submit to alcohol and controlled substance testing in accordance with 49 CFR 40.

The Board designates the Supervisor of Transportation as the Designated Employer Representative (DER) of the Board of Education. The Board may contract with a service agent to provide the testing services as required by Federal law. In the event the Board contracts with a service provider for transportation, the Board designee will ensure all transportation contractors comply with the drug and alcohol testing requirements of Policy 4219 pursuant to 49 CFR 382 et seq. and 49 CFR 40 et seq.

No employee at any work site will possess, manufacture, use, sell, or distribute any quantity of any controlled substance, lawful or unlawful, which in sufficient quantity could result in impaired performance, with the exception of substances administered by or under the instructions of a physician. No employee shall perform safety-sensitive functions within four hours after using alcohol and the district will not permit an employee that used alcohol within four hours of performing safety-sensitive functions to perform such functions if the district has actual knowledge of the use, in accordance with 49 CFR 392.5.

Violations

Any violation of this Policy may result in discipline, up to and including termination.

Prohibited Substances

The presence of any of the controlled substances, listed in 49 CFR 40.87, in the body, as evidenced by the results of the initial screening and subsequent confirmatory analysis provided in this Policy, is prohibited for any employee assigned to a classification covered by this Policy. All cutoff concentrations shall be in accordance with 49 CFR 40.87. All test results shall be measured against the cutoff concentrations outlined in 49 CFR 40.87.

Testing Procedures

All testing for controlled substances will be conducted in accordance with 49 CFR 40, Subparts A, B, C, D, E, F, G, H and I. The district will only test for drugs or classes of drugs in accordance with 49 CFR 40.85. Testing for alcohol will be conducted in accordance with 49 CFR 40, Subparts J, K, L, M and N.

Categories of Testing

For the purpose of this Policy, the occurrence of the following circumstances/instances shall require an employee to submit to a controlled substance and alcohol screening:

1. Pre-Employment Testing

An individual who has applied for and has been selected to operate a Board vehicle shall, before beginning employment with the Board, submit to a controlled substance screening in conjunction with any required physical examination as per Policy 4160. Such screening shall be conducted in accordance with the procedures set forth in this Policy and 49 CFR 40. No individual receiving a positive confirmed test result will be employed by the Board.

An employer is not required to administer a controlled substances test required by 49 CFR 382.301(a) if:

- a. The employee has participated in a controlled substances testing program that met the requirements of 49 CFR 382 et seq. within the previous thirty days; and
- b. The employee while participating in that program either:
 - (1) Was tested for controlled substances within the past six months (from the date of application with the employer); or
 - (2) Participated in the random controlled substances testing program for the previous twelve months (from the date of application with the employer.)
- c. The DER must ensure that no prior employer, to the DER's knowledge, has records of a violation of a controlled substances testing program within the previous six months.

If an individual is so exempted, the DER shall contact the controlled substances testing programs in which the individual participated and shall obtain and retain from the testing program(s) the following information in accordance with 49 CFR 382.301(c):

- a. Name and address of the program;
- b. Verification of the individual's participation;
- c. Verification that the program conforms to Federal guidelines;
- d. Verification the individual qualified under the law and did not refuse to be tested for controlled substances;
- e. The date the individual was last tested for controlled substances; and
- f. The results of any tests taken within the previous six months and any other violations.

[Optional for Districts that Conduct Pre-Employment Alcohol Tests]

In accordance with 49 CFR 382.301(d), the Board will conduct pre-employment alcohol tests before the first performance of safety-sensitive functions by a new employee or someone who has transferred to a position involving the performance of safety-sensitive functions. The alcohol test will be conducted after making a contingent offer of employment or transfer, subject to the employee passing the pre-employment alcohol test. All alcohol testing will be completed in accordance with 49 CFR 40 et seq. An employee will not be offered employment and/or the transfer unless the result of the test indicates an alcohol concentration of less than 0.04.]

An employee who has applied for and has been selected to operate a Board vehicle or any existing employee transferring into a new position requiring the employee to operate a Board vehicle, shall submit a written consent authorizing the Board to obtain the following information from other employers who have employed the employee during any period during the two years before the date of the employee's application or transfer into the new position. The written consent from the employee will permit the DER to obtain the following information from previous Division of Transportation (DOT)-regulated employers:

- a. Alcohol tests with a result of 0.04 or higher alcohol concentration;
- b. Verified positive drug tests;
- c. Refusals to be tested (including verified adulterated or substituted drug test results);
- d. Other violations of DOT agency drug and alcohol testing regulations; and
- e. With respect to any employee who violated a DOT drug and alcohol regulation, documentation of the employee's successful completion of DOT return-to-duty requirements (including follow-up tests). If this information is not available from the previous employer, the DER must seek to obtain this information from the employee.

The DER will obtain and review this information before the employee first performs safety-sensitive functions. If this is not feasible, the DER will not permit the employee to perform safety-sensitive functions after thirty days from the date the employee first performed safety-sensitive functions, unless the DER has obtained or made and documented a good faith effort to obtain this information.

2. Random Testing

Every employee shall submit to random alcohol and controlled substance testing on an unannounced and random basis resulting from the selection by a random generation methodology in accordance with 49 CFR 383.305(i). Random testing will be spread reasonably throughout any given calendar year.

The minimum annual percentage rate for random alcohol testing shall be ten percent of the average number of driver positions. The minimum annual percentage rate for random controlled substances testing shall be twenty-five percent of the average number of driver positions. The minimum annual percentage rates may be adjusted as determined by the FMCSA Administrator in accordance with 49 CFR 382.305.

Employees shall only be random tested when performing safety-sensitive functions or immediately prior to or immediately following the performance of safety-sensitive functions.

3. Post-Accident Testing

The involvement by an employee in a motor vehicle collision while operating a Board vehicle when such accident results in property damage or personal injury, may trigger a post-accident drug and alcohol test.

As soon as practical following an occurrence, the DER will require post-accident alcohol screening for each of the surviving drivers:

- a. Who was performing safety-sensitive functions with respect to a vehicle, if the accident involves the loss of human life; or
- b. Who receives a citation within eight hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:
 - (1) Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or
 - (2) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.
- c. If the alcohol test is not administered within two hours following the accident, the DER will prepare and maintain on file a record stating the reasons the test was not promptly administered. If the alcohol test is not administered within eight hours following the accident, the DER shall cease attempts to administer the alcohol test and shall prepare and maintain the same record. Records shall be submitted to the FMCSA upon request.

As soon as possible following an occurrence, the district will require post-accident controlled substance screening for each of the surviving drivers:

- a. Who was performing safety-sensitive functions with respect to a vehicle, if the accident involves the loss of human life; or
- b. Who receives a citation within thirty-two hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:

- (1) Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or
 - (2) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.
- c. If the controlled substance test is not administered within thirty-two hours following the accident, the DER shall cease attempts to administer the controlled substance test and shall prepare and maintain on file a record stating the reasons the test was not promptly administered. Records shall be submitted to the FMCSA upon request.

An employee who is subject to post-accident testing shall remain readily available for such testing or may be deemed by the employer to have refused to submit for testing. (An employee who is injured in an accident and requires medical care, shall submit to post-accident drug and controlled substance testing by the medical care facility providing the treatment or a designee of the Board if the facility is unable to provide the testing.) Nothing herein shall be construed to prevent the employee from leaving the scene of the accident for the period required to obtain necessary assistance or to obtain emergency medical care.

4. Reasonable Suspicion Testing

The DER shall require an employee to submit to an alcohol and/or controlled substance test when the employee is observed by a supervisor or school official who is trained in accordance with 49 CFR 382.603 and causes the observer to have reasonable suspicion to believe the employee has violated 49 CFR 382 et seq. Reasonable suspicion must exist to require the employee to undergo a test and must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the employee. The observations may include indications of the chronic and withdrawal effects of controlled substances.

Reasonable suspicion alcohol testing is authorized only if the required observations are made during, just preceding, or just after the period of the work day the employee is required to be in compliance with the testing requirements of 49 CFR 382 et seq.

Reasonable suspicion testing may be required of an employee while the employee is performing, just before the employee will perform, or just after the employee has ceased performing safety-sensitive functions.

If the alcohol test is not administered within two hours following the determination a reasonable suspicion test is required, the DER will prepare and maintain on file a record stating the reasons the test was not promptly administered. If the alcohol test is not administered within eight hours following the determination, the DER shall cease attempts to administer the alcohol test and shall state in the record the reasons for not administering the test.

No employee shall report for duty or remain on duty requiring the performance of safety-sensitive functions while the employee is under the influence of or impaired by alcohol, as shown by the behavioral, speech, and performance indicators of alcohol misuse. The employee will also not be able to perform or continue to perform safety-sensitive functions until an alcohol test is administered and the employee's concentration measures less than 0.02 or twenty-four hours have elapsed following the determination that reasonable suspicion existed to require an alcohol test.

A written record of the observations leading to a reasonable suspicion test shall be made and signed by the supervisor and/or school official that made the observations. This record shall be made within twenty-four hours of the observed behavior or before the results of the test are released, whichever is earlier.

5. Return to Duty Testing

The district is not required to return an employee to a safety-sensitive position upon receipt of a confirmed drug and/or alcohol test.

The DER may recommend to the Superintendent of Schools the employee's employment be terminated depending on the circumstances.

The DER shall ensure that before an employee returns to duty requiring the performance of a safety-sensitive function, the employee shall undergo a return to duty alcohol test indicating a breath alcohol concentration of less than 0.02 and a controlled substances test with a result indicating a verified negative result for controlled substances use as required in 49 CFR 40.305.

Employees permitted to return to duty are required to take return-to-duty tests and shall be evaluated by a SAP. These employees must participate in an assistance program prescribed by the SAP and as required in 49 CFR 40 Subpart O.

The SAP will determine a written follow-up testing plan for any employee who has been permitted to return to work and has successfully complied with the SAP's recommendations for education and/or treatment. Such employees are subject to a minimum of six unannounced, follow-up drug screenings and alcohol tests over the following twelve months. The testing shall not exceed forty-eight additional months. Alcohol follow-up testing shall be performed only when the employee is performing safety-sensitive functions or immediately prior to performing or immediately after performing safety-sensitive functions. All follow-up testing will be completed in accordance with 49 CFR 40.307. The SAP will comply with all reporting requirements of 49 CFR 40.311.

The Board shall make the ultimate determination to return or not return an employee to a safety-sensitive position subject to any collective bargaining agreements, if any, or other legal requirements.

Medical Review Officer (MRO) Notifications

The Board shall employ or contract with a MRO who is a licensed physician (M.D. or D.O.) and shall designate the MRO as the individual responsible for receiving laboratory results generated by the testing program. The MRO shall have knowledge of controlled substances abuse disorders and have appropriate medical training to interpret and evaluate the employee's confirmed drug test results together with their medical history and other biomedical data. The MRO will perform all functions and responsibilities as required in 49 CFR 40.121.

Employer Notification

The MRO may report controlled substances test results to the DER by any means of communication; however, a signed, written notification must be forwarded within three business days of the completion of the MRO's evaluation. The MRO must report all drug test results to the employer. The MRO may use a signed or stamped and dated legible photocopy of Copy 2 of the CCF to report test results or a written report that must include, at a minimum, the information required in 49 CFR 40.163.

Split Specimen Tests

Split specimen testing will be conducted in accordance with 49 CFR 40 Subpart H. The MRO will notify the Superintendent of Schools or designee if split specimen testing is requested by the employee.

Designated Collection Facility

The Board shall designate the facility to be used for the collection of the specimen; provided, however, that the designated facility shall possess all required licenses and permits. The collection site will take place in a facility meeting the requirements of 49 CFR 40 Subpart D. The DER will ensure the collection site meets the security requirements of 49 CFR 40.43.

Designated Screening Laboratory

The Board shall designate the laboratory to which collected fluid samples will be forwarded for drug/alcohol screening. Drug testing laboratories must be certified by the Department of Health and Human Services (HHS) under the National Laboratory Certification Program (NLCP) for all testing required under 49 CFR 40. The laboratory will perform all responsibilities as required in accordance with 49 CFR 40 Subpart F.

Specimens

The normal screening methodology for controlled substances shall be urinalysis, collected by a trained representative of the Board with appropriate documentation at a site designated and approved by the Board. The presence of alcohol will be determined by an Alcohol Screening Device (ASD) or an Evidential Breath Testing Device administered by an individual certified in accordance with 49 CFR 40.211 and 49 CFR 40.213.

Refusal to Submit

An employee will be deemed as refusing to take a drug test as described in 49 CFR 40.191. As per 49 CFR 40.191, an employee refuses to take a drug test if they:

1. Fail to appear for any test (except a pre-employment test) within a reasonable time, as determined by the DER, consistent with applicable DOT agency regulations, after being directed to do so by the DER;
2. Fail to remain at the testing site until the testing process is complete. An employee who leaves the testing site before the testing process commences for a pre-employment test is not deemed to have refused to test;

3. Fail to provide a urine specimen for any drug test required by this Policy. An employee who does not provide a urine specimen because he or she has left the testing site before the testing process commences for a pre-employment test is not deemed to have refused to test;
4. Fail to permit the observation or monitoring of providing a specimen in the case of a directly observed or monitored collection in a drug test;
5. Fail to provide a sufficient amount of urine when directed, and it has been determined, through a required medical evaluation, that there was no adequate medical explanation for the failure;
6. Fail or decline to take an additional drug test the DER or collector has directed the employee to take;
7. Fail to undergo a medical examination or evaluation, as directed by the MRO as part of the verification process, or as directed by the DER under 49 CFR 40.193(d). In the case of a pre-employment drug test, the employee is deemed to have refused to test on this basis only if the pre-employment test is conducted following a contingent offer of employment;
8. Fail to cooperate with any part of the testing process (e.g., refuses to empty pockets when so directed by the collector, behaves in a confrontational way that disrupts the collection process, fails to wash hands after being directed to do so by the collector);
9. Fail to follow the collection observer(s) instructions of which could be used to interfere with the collection process;
10. Possess or wear a prosthetic or other device that could be used to interfere with the collection process; or
11. Admit to the collector or MRO they have adulterated or substituted the specimen.

If the MRO reports the employee had a verified adulterated or substituted test result, the result will be deemed refusal to take a drug test.

If an employee refuses to participate in a part of the testing process, the collector or MRO, must terminate the portion of the testing process, document the refusal on the CCF (including in the case of the collector, printing the employee's name on Copy 2 of the CCF), immediately notify the DER by any means (e.g., telephone or secure fax machine) that ensures that the refusal notification is immediately received. A referral physician (e.g., physician evaluating a "shy bladder" condition or a claim of a legitimate medical explanation in a validity testing situation) must notify the MRO, who in turn will notify the DER. In addition, the collector must note the refusal in the "Remarks" line (Step 2), and sign and date the CCF. The MRO must note the refusal by checking the "Refused to Test" box (Step 6) on Copy 2 of the CCF, and add the reason on the "Remarks" line. The MRO must then sign and date the CCF. When the employee refuses to take a non-DOT test or to sign a non-DOT form, the employee has not refused to take a DOT test. There are no consequences under DOT agency regulations for refusing to take a non-DOT test.

Record of Negative Screening

An employee required to submit to an alcohol and/or controlled substance screening as provided in this Policy and whose screening results are negative may, at their option, have their personnel file documented to reflect the negative result.

Prescription Drugs

All bus drivers shall notify the DER of the use of any prescription drugs. The Board may require certification from the prescribing physician that the use of the prescription drug will not have an adverse effect on the driver's ability to properly perform safety-sensitive functions.

The Board of Education recognizes its responsibility to protect the health, safety and welfare of all students within this school district. Furthermore, the Board recognizes there exists a professional responsibility for all school staff to protect a student's health, safety and welfare. The Board strongly believes that school staff members have the public's trust and confidence to protect the well-being of all students attending the school district.

In support of this Board's strong commitment to the public's trust and confidence of school staff, the Board of Education holds all school staff to the highest level of professional responsibility in their conduct with all students. Inappropriate conduct and conduct unbecoming a school staff member will not be tolerated in this school district.

The Board recognizes and appreciates the staff-student professional relationship that exists in a school district's educational environment. This Policy has been developed and adopted by this Board to provide guidance and direction to avoid actual and/or the appearance of inappropriate staff conduct and conduct unbecoming a school staff member toward students.

School staff's conduct in completing their professional responsibilities shall be appropriate at all times. School staff shall not make inappropriate comments to students or about students and shall not engage in inappropriate language or expression in the presence of students. School staff shall not engage in inappropriate conduct toward or with students. School staff shall not engage or seek to be in the presence of a student beyond the staff member's professional responsibilities. Inappropriate conduct by a school staff member outside their professional responsibilities may be considered conduct unbecoming a staff member. Therefore, school staff members are advised to be concerned with such conduct which may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other medium that is directed and/or available to students or for public display.

A school staff member is always expected to maintain a professional relationship with students and school staff members shall protect the health, safety and welfare of school students. A staff member's conduct will be held to the professional standards established by the New Jersey State Board of Education and the New Jersey Commissioner of Education. 4282 USE OF SOCIAL NETWORKING SITES

The Board of Education has a strong commitment to quality education and the well-being of all students, as well as the preservation of the school district's reputation. The Board believes staff members must establish and maintain public trust and confidence and be committed to protecting all students attending the school district. In support of the Board's strong commitment to the public's trust and confidence, the Board holds all staff members to the highest level of professional responsibility.

The Commissioner of Education has determined inappropriate conduct outside a staff member's professional responsibilities may determine them as unfit to discharge the duties and functions of their position. Staff members should be advised communications, publications, photographs, and other information appearing on social networking sites deemed inappropriate by the Board could be cause for dismissal of a non-tenured staff member or to certify tenure charges against a tenured staff member to the Commissioner of Education.

Staff members are advised to be concerned and aware such conduct deemed inappropriate may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other form of electronic communication that is directed and/or available to students or for public display or publication.

While the Board respects the right of staff members to use social networking sites, staff members should recognize they are held to a higher standard than the general public with regard to standards of conduct and ethics. It is important that a staff member's use of these sites does not damage the reputation of the school district, employees, students, or their families. Staff members who utilize, post or publish images, photographs, or comments on social networking sites, blogs, or other forms of electronic communication outside their professional responsibilities shall ensure their use, postings, or publications are done with an appropriate level of professionalism and are appropriate conduct for a school staff member. Staff members should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public even without their knowledge or consent.

The school district strongly encourages all staff members to carefully review the privacy settings on social networking sites they use and exercise care and good judgment when posting content and information on such sites. Staff members should adhere to the following guidelines, which are consistent with the district's workplace standards on harassment, student relationships, conduct, professional communication, and confidentiality.

When using personal social networking sites, school staff members:

1. Should not make statements that would violate any of the district's policies, including its policies concerning discrimination or harassment;
2. Must uphold the district's value of respect for the individual and avoid making defamatory statements about the school district, employees, students, or their families;
3. May not disclose any confidential information about the school district or confidential information obtained during the course of their employment, about any individual(s) or organization, including students and/or their families;
4. Shall not use social networking sites to post any materials of a sexually graphic nature;
5. Shall not use social networking sites to post any materials which promote violence;
6. Shall not use social networking sites which would be detrimental to the mission and function of the district;
7. Are prohibited from using their school district title as well as adding references to the district in any correspondence including, but not limited to, e-mails, postings, blogs, and social networking sites unless the communication is of an official nature and is serving the mission of the district. This prohibition also includes signature lines and personal e-mail accounts;
8. Shall not post updates to their status on any social networking sites during normal working hours including posting of statements or comments on the social networking sites of others during school time unless it involves a school project. Employees must seek approval from the Superintendent of Schools for such use; and
9. Shall not post or publish any information the Commissioner of Education would deem to be inappropriate conduct by a school staff member.

The Policy of this district is to maintain a level of professionalism both during and after the school day. Any publication through any means of electronic communication which is potentially adverse to the operation, morale, or efficiency of the district, will be deemed a violation of this Policy. If the Board or Superintendent believes that a staff member's activity on any social networking site violates the district's policies, the Board or Superintendent may request that the employee cease such activity. Depending on the severity of the incident, the staff member may be subject to disciplinary action.

This Policy has been developed and adopted by this Board to provide guidance and direction to staff members on how to avoid actual and/or the appearance of inappropriate conduct toward students and/or the community while using social networking sites.

4283 ELECTRONIC COMMUNICATIONS BETWEEN SUPPORT STAFF MEMBERS AND STUDENTS

The Princeton Public Schools Board of Education recognizes the importance of electronic communications between school employees and students. Electronic communication and the use of social media can facilitate communication between students and school employees in a variety of beneficial ways including: questions during non-school hours regarding homework or other assignments; scheduling issues for school-related co-curricular and interscholastic athletic activities; school work to be completed during a student's extended absence and distance learning opportunities. However, as required by N.J.S.A. 18A:36-40, the Board of Education implements this Policy to provide guidance and direction to school employees to prevent improper electronic communications between school employees and students. The purpose of this Policy is to allow school employees and students to communicate electronically, while being mindful that school employees and students can be at risk without proper guidelines in place relating to electronic communications.

Based on a school employee's professional responsibilities, electronic communications between a school employee and a student may be permitted with written approval of the Superintendent or the Building Principal. The approval is only for the school year in which the approval is granted. Once approval of electronic communications between a school employee and a student is given, the school employee must comply with all provisions of this Policy.

The Commissioner of Education has determined inappropriate conduct may determine a school employee unfit to discharge the duties and functions of their position. Improper electronic communications by school employees may be determined to be inappropriate conduct.

For the purposes of this Policy, "electronic communication" means a communication transmitted by means of an electronic device including, but not limited to, a telephone, cellular telephone, tablet, computer or computer network. "Electronic communications" include, but are not limited to, emails, text messages, instant messages, and any other communications made by means of an Internet website, including social media and social networking websites.

For the purposes of this Policy, "professional responsibility" means a school employee's responsibilities assigned to the school employee by the administration or Board of Education.

For the purposes of this Policy, "improper electronic communications" means an electronic communication between a school employee and any student of the school district when:

1. The content of the communication is inappropriate as defined in this Policy; and/or
2. The manner in which the electronic communication is made is not in accordance with acceptable procedures for electronic communications between a school employee and a student as defined in this Policy.

Inappropriate Content

Inappropriate content of an electronic communication between a school employee, who has been approved by the Superintendent or designee to have electronic communications, and a student includes, but is not limited to:

1. Communications of a sexual nature, sexually oriented humor or language, sexual advances, or content with a sexual overtone;
2. Communications involving the use, encouraging the use, or promoting or advocating the use of alcohol or tobacco, the illegal use of prescription drugs or controlled dangerous substances, illegal gambling, or other illegal activities;
3. Communications regarding the school employee's or student's past or current romantic relationships;
4. Communications which include the use of profanities, obscene language, lewd comments, or pornography;
5. Communications that are harassing, intimidating, or bullying;
6. Communications requesting or trying to establish a personal relationship with a student beyond the school employee's professional responsibilities;
7. Communications related to personal or confidential information regarding another school employee or student; and
8. Communications between the school employee and a student that the Commissioner of Education would determine to be inappropriate in determining the school employee is unfit to discharge the duties and functions of their position.

Guidelines for Electronic Communication with Students

School employees should use the district's learning management system for electronic communications and social media communications whenever possible. The use of the district's learning management system for electronic and social media communications is permitted. The Principal or their designee may grant school employees approval for the entire school year, or a specific part of the school year, to communicate with students as part of their professional responsibilities.

4. Social Networking Websites and other Internet-Based Social Media Electronic Communications Between School Employees and a Student
 - a. Social media electronic communications and websites that are part of the district's learning management system are permitted;
 - b. The district recognizes that there may be websites and Internet-based social media electronic communication capabilities that supplement the offerings of the district's official systems. School employees may use these systems in their work with students to the extent they further the curricular and co-curricular goals of the district. School employees must receive the approval of the Principal or designee of all the websites and social media platforms they use in their work communications with students. Approvals may be granted for their use for the entire school year. All such websites must be means of communication and must be available to: every student in the class; every member of the co-curricular activity and their parents; and the Principal or designee;
 - c. A school employee is prohibited from communicating with any student through the school employee's personal social networking website or another Internet-based website. Communications on personal websites are not acceptable between a school employee and a student. Notwithstanding this Policy, the Board recognizes that there may be extenuating situations in which such communication will occur, and the district will take this under consideration;
 - d. A school employee shall not accept "friend" requests from any student on their personal social networking website or other Internet-based social media website. Any communication sent by a student to a school employee's personal social networking website or other Internet-based social media website shall not be responded to by the school employee;
 - e. If a school employee has a student(s) as a "friend" on their personal social networking website or other Internet-based social media website, they must permanently remove them from their list of contacts upon Board adoption of this Policy.

The district shall develop a uniform consent form for use throughout the district.

Reporting Responsibilities

1. In the event a student sends an electronic communication to a school employee, the transmission of which has not been approved by the Superintendent or designee, the school employee shall report the communication to the Principal or designee. 4321 ACCEPTABLE USE OF COMPUTER NETWORK(S)/COMPUTERS AND
RESOURCES BY SUPPORT STAFF MEMBERS

The Board recognizes that as telecommunications and other new technologies shift the manner in which information is accessed, communicated and transferred that those changes will alter the nature of teaching and learning. Access to telecommunications will allow support staff members to explore databases, libraries, Internet sites, bulletin boards and the like while exchanging information with individuals throughout the world. The Board supports access by support staff members to information sources but reserves the right to limit in-school use to materials appropriate to educational purposes. The Board directs the Superintendent to effect training of support staff members in skills appropriate to analyzing and evaluating such resources as to appropriateness for educational purposes.

The Board also recognizes that telecommunications will allow support staff members access to information sources that have not been pre-screened using Board approved standards. The Board therefore adopts the following standards of conduct for the use of computer network(s) and declares unethical, unacceptable, inappropriate or illegal behavior as just cause for taking disciplinary action, limiting or revoking network access privileges, instituting legal action or taking any other appropriate action as deemed necessary.

The Board provides access to computer network(s)/computers for administrative and educational purposes only. The Board retains the right to restrict or terminate support staff members' access to the computer network(s)/computers at any time, for any reason. The Board retains the right to have the Superintendent or designee monitor network activity, in any form necessary, to maintain the integrity of the network(s) and ensure its proper use.

Standards for Use of Computer Network(s)

Any individual engaging in the following actions declared unethical, unacceptable or illegal when using computer network(s)/computers shall be subject to discipline or legal action:

- A. Using the computer network(s)/computers for illegal, inappropriate or obscene purposes, or in support of such activities. Illegal activities are defined as activities which violate federal, state, local laws and regulations. Inappropriate activities are defined as those that violate the intended use of the network(s). Obscene activities shall be defined as a violation of generally accepted social standards for use of publicly owned and operated communication vehicles.
- B. Using the computer network(s)/computers to violate copyrights, institutional or third party copyrights, license agreements or other contracts.

- C. Using the computer network(s) in a manner that:
1. Intentionally disrupts network traffic or crashes the network;
 2. Degrades or disrupts equipment or system performance;
 3. Uses the computing resources of the school district for commercial purposes, financial gain or fraud;
 4. Steals data or other intellectual property;
 5. Gains or seeks unauthorized access to the files of others or vandalizes the data of another user;
 6. Gains or seeks unauthorized access to resources or entities;
 7. Forges electronic mail messages or uses an account owned by others;
 8. Invades privacy of others;
 9. Posts anonymous messages;
 10. Possesses any data which is a violation of this policy; and/or
 11. Engages in other activities that do not advance the educational purposes for which computer network(s)/computers are provided.

Violations

Individuals violating this policy shall be subject to appropriate disciplinary actions as defined by Policy No. 4150, Discipline which includes but are not limited to:

1. Use of the network(s)/computers only under direct supervision;
2. Suspension of network privileges;
3. Revocation of network privileges;
4. Suspension of computer privileges;

5. Revocation of computer privileges;
6. Suspension;
7. Dismissal;
8. Legal action and prosecution by the authorities; and/or
9. Any appropriate action that may be deemed necessary as determined by the Superintendent and approved by the Board of Education.

4322 STAFF MEMBER'S USE OF PERSONAL CELLULAR TELEPHONES/ OTHER COMMUNICATION DEVICES

The Board of Education recognizes a support staff member may need to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday. Electronic communications include, but are not limited to: voice conversations, text-messaging, accessing social networking or other internet sites, or any other type of electronic communication.

In the event the support staff member needs to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday, the support staff member may do so provided the communication is made during the support staff member's free lunch or break periods and is made outside the presence of students in an area inside the school building designated by the support staff member's Principal or immediate supervisor.

A support staff member's personal cellular telephone or other personal communication device shall be secured by the support staff member and outside the view of others when the support staff member is performing assigned school district responsibilities.

An electronic communication by a support staff member on a non-school related, personal matter using a personal cellular telephone or other personal communication device shall not be made while the support staff member is performing assigned school district responsibilities.

In the event the support staff member has an emergency requiring immediate attention that requires such a communication while performing assigned school district responsibilities, the support staff member shall inform their Principal or immediate supervisor before or immediately after the communication, depending on the nature of the emergency. The Board of Education is not responsible if a support staff member's personal cellular telephone or other communication device is lost, stolen, or missing.

Adopted: 07 June 2022

4324 RIGHT OF PRIVACY

The Board of Education will provide facilities and school district-owned property to assist staff members in their job responsibilities or for the staff members' convenience. These facilities or district-owned property may include, but are not limited to, an office, a storage closet, a filing cabinet, a locker, and/or a desk. The Principal or designee may provide a staff member with exclusive use and access to such facilities or school district-owned property or may require the facility or school district-owned property be shared with other staff members. The staff member may be provided a lock or key by the school district or may secure the facility or school district-owned property using their own locking device with permission from the Principal or designee, or immediate supervisor.

School staff members should be aware their expectation of privacy in these facilities and/or the school district-owned property provided by the Board of Education is reduced by virtue of actual office practices and procedures, for searches conducted pursuant to an investigation of work-related employee misconduct, or by legitimate school district policies or regulations. In addition, staff members shall have a reduced expectation of privacy in these facilities and school district-owned property if there is reasonable suspicion the staff member is violating a law or school policy. School staff members shall be on notice this reduced expectation of privacy may result in such facilities and/or school district-owned property being searched without a search warrant. In order to avoid exposing personal belongings to such a search, school staff members are discouraged from storing personal papers and effects in these facilities or school district-owned property.

4340 GRIEVANCE

The Board of Education shall develop and practice reasonable and effective means for the resolution of disputes that may arise in the employment of support staff members not covered by the terms of a negotiated agreement.

The Board directs that any grievance not provided for by negotiated agreement be resolved by submission to the following grievance procedure, which is designed to promote proper and equitable settlement of grievances at the lowest appropriate level and to facilitate an orderly process for the resolution of grievances.

For the purposes of this policy, "grievance" means an unresolved problem concerning the application or interpretation by an officer or employee of this district of law, regulations of the State Board of Education, the bylaws or policies of the Board, or the administrative regulations of the Superintendent; "grievant" is a district employee who alleges a grievance or the employee's representative; "party" means the grievant or any person named in the grievance as allegedly having violated a law, bylaw, policy, or regulation; and "day" means a school day.

A grievant may be represented or accompanied at any time by a person whom the grievant chooses.

A grievant may use personal leave time when it becomes necessary to process a grievance during the working day. There will be no reprisal of any kind taken against any employee or employee's representative for participation in a grievance.

All documents, communications, and records regarding the processing of a grievance will be filed in a separate grievance file and will not be kept in the personnel file of any of the participants of the grievance.

Any alleged grievance should, at the first instance, be discussed in one or more private, informal conferences between the parties involved or between the grievant and their immediate supervisor. A grievance not resolved in one or more such private meetings may be processed in accordance with the following procedure.

Level One

Within three working days of the occurrence of the act or omission giving rise to the grievance, the grievant must present their grievance in writing to the grievant's immediate supervisor. The written document will be a clear, concise statement of the grievance and will include the law, rule, policy, or regulation that the grievant alleges to have been violated; the factual circumstances on which the grievance is based; the person or persons involved; the decision, if any, rendered at the private conference; and the remedy sought.

Any party to the grievance may request a personal conference with the supervisor in order to resolve the grievance.

Within seven working days the supervisor shall present a decision to the grievant in writing. If the supervisor does not respond during the time permitted, the grievant may appeal to the next level.

Level Two

A grievant not satisfied with a decision at Level One may appeal that decision in writing to the Assistant Superintendent for Human Resources within three working days after receipt of the decision or the expiration of the time during which the decision must be rendered. The written appeal will include a copy of the original grievance; the decision rendered, if any; the name of the grievant's representative, if any; and a clear, concise statement of the reasons for the appeal of the decision.

The Assistant Superintendent for Human Resources shall present a decision to the grievant within seven working days. If no decision is rendered within that time limit, the grievant may appeal to the next level.

Level Three

A grievant not satisfied with a decision at Level Two may appeal that decision in writing to the Superintendent within three working days after receipt of the decision or the expiration of the time during which the decision must be rendered. The written appeal to the Superintendent will include copies of the original grievance, the appeal of that grievance at Level Two, and the decision, if any, rendered at Level Two. Within ten working days after the delivery of the appeal, the Superintendent shall investigate the grievance, giving all persons who participate in Levels One and Two a reasonable opportunity to be heard.

Within seven working days of the presentation of the appeal, the Superintendent shall submit a decision in writing together with the reasons that support that decision to the grievant and any other party to the grievance. If the Superintendent does not render a decision within that time limit, the grievant may appeal to the next level.

Level Four

A grievant not satisfied with the Superintendent's decision may appeal that decision in writing to the Board within three working days after the receipt of the decision or the expiration of the time during which the decision must be rendered. The written appeal to the Board will include copies of the original grievance, the appeal of that grievance at Level Two, and the decisions, if any, rendered at Levels Three and Four.

The Board shall schedule the grievance for hearing at a private session to be held within forty-five calendar days of the presentation of the appeal. The grievant shall be present at the hearing and may require the presence of a party to the grievance.

Within ten calendar days of the hearing, the Board shall submit its decision in writing together with reasons that support the decision to the grievant. A copy of the decision shall be given to the Superintendent and to any other party to the grievance.

The decision of the Board shall be final.

Adopted: 07 June 2022

4351 HEALTHY WORKPLACE ENVIRONMENT

The Board of Education recognizes a healthy workplace environment enables school support staff members to fully contribute their expertise and skills to their school district responsibilities. A healthy workplace environment can improve productivity, reduce absenteeism, and reduce staff turnover while having a positive impact on the school district's programs provided to students in the school district.

A significant characteristic of a healthy workplace environment is that employees interact with each other with dignity and respect regardless of an employee's work assignment or position in the school district. Repeated malicious conduct of an employee or group of employees directed toward another employee or group of employees in the workplace that a reasonable person would find hostile or offensive is unacceptable and is not conducive to establishing or maintaining a healthy workplace environment. This unacceptable conduct may include, but is not limited to, repeated infliction of verbal abuse such as the use of derogatory remarks; insults; verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating; or the gratuitous sabotage or undermining of a person's work performance. A single act of such conduct shall not constitute the unacceptable conduct prohibited by this policy unless it is especially severe and egregious.

Unacceptable conduct, for the purposes of this policy, is not conduct toward an employee of a protected class or because of the employee's protected activity. These employees and activities are afforded the legal protections under various Federal and State anti-discrimination laws. In addition, unacceptable conduct for the purposes of this policy shall not be confused with conduct of management employees exercising management rights including, but not limited to, assigning tasks, reprimanding, assigning discipline, or directing.

Employees who believe the conduct prohibited by this policy has been directed toward them or to another employee of the school district shall submit a written report to the Superintendent of Schools. The written report shall provide specific details supporting the claim including, but not limited to, the specific conduct; the names of witnesses (if any) who may have observed such conduct; dates or times when such conduct occurred; and any other information the person(s) making the report believes will be informative and helpful to an investigation of the allegations. Upon receipt of a report, the Superintendent or designee will conduct an investigation and upon completion of the investigation will inform the person(s) who made the report such an investigation was completed. The amount of investigation information shared with the person(s) making the report will be at the discretion of the Superintendent or designee and may vary depending on whether the conduct reported was directed to the person(s) making the report, confidential personnel matters, and/or other issues as determined by the Superintendent or designee.

Healthy Workplace Environment

If the investigation determines conduct prohibited by this policy has taken place, the Superintendent or designee will meet with the offender(s) and the victim(s) to review the investigation results and to implement remedial measures to ensure such conduct does not continue or reoccur. Appropriate disciplinary action may be taken depending on the severity of conduct.

There shall be no reprisals or retaliation against any person(s) who reports conduct prohibited by this policy.

Adopted: 07 June 2022

4352 SEXUAL HARASSMENT

The Board of Education recognizes that an employee's right to freedom from employment discrimination includes the opportunity to work in an environment untainted by sexual harassment. Sexually offensive speech and conduct are wholly inappropriate to the harmonious employment relationships necessary to the operation of the school district and intolerable in a workplace to which the children of this district are exposed.

Sexual harassment includes all unwelcome sexual advances, requests for sexual favors, and verbal or physical contacts of a sexual nature that would not have happened but for the employee's gender. Whenever submission to such conduct is made a condition of employment or a basis for an employment decision, or when such conduct is severe and pervasive and has the purpose or effect of unreasonably altering or interfering with work performance or creating an intimidating, hostile, or offensive working environment, the employee shall have cause for complaint.

The sexual harassment of any employee of this district is strictly forbidden. Any employee or agent of this Board who is found to have sexually harassed an employee of this district will be subject to discipline, which may include termination of employment. Any employee who has been exposed to sexual harassment by any employee or agent of this Board is encouraged to report the harassment to an appropriate supervisor. An employee may complain of any failure of the Board to take corrective action by recourse to the procedure by which a discrimination complaint is processed. The employee may appeal the Board's action or inaction to the New Jersey Division on Civil Rights or to the United States Equal Employment Opportunity Commission. Complaints regarding sexual harassment shall be submitted following the procedures outlined in Regulation 1530, Equal Employment Opportunity.

The Affirmative Action Officer shall instruct all employees of this Board to recognize and correct speech and behavior patterns that may be sexually offensive with or without the intent to offend.

4360 SUPPORT STAFF MEMBER TENURE

The Board of Education directs that the tenure status of support staff members be determined only in accordance with law and this policy and such contractual terms as may have been negotiated with the employee's majority representative.

Persons employed as janitors, custodians, and maintenance personnel including supervisory personnel will be employed on fixed term contracts and will not acquire tenure in their positions.

The Board will not grant tenure to any employee for whom such tenure has not been provided in law.

4381 PROTECTION AGAINST RETALIATION

The Board of Education will take no retaliatory action, by discharge, demotion, suspension, or any other adverse action, against an employee because that employee has conscientiously:

1. Disclosed or threatened to disclose to a supervisor or public body an activity, policy, or practice of this Board or any district officer that the employee reasonably believes to be in violation of law or rule;
2. Provided information to a public body conducting an investigation, hearing, or inquiry into any alleged violation of law by the Board or an officer of this district; or
3. Objected to or refused to participate in an activity, policy, or practice of this district that the employee reasonably believes to be in violation of law or rule, fraudulent, criminal, or incompatible with a clear mandate of public policy concerning the public health, safety, or welfare or protection of the environment.

An employee who has reason to believe that the Board has engaged in an illegal activity or an activity contrary to public policy must report that belief in writing to the Superintendent before notice is given to a supervisor or a public body. The Superintendent shall promptly report the same to the Board and institute an investigation of the reported activity. The findings of the investigation will be reported in writing to the Board and to the employee.

The protection of law and this policy apply only to employees who have given notice in accordance with this policy and have afforded the Board a reasonable period of time to take any corrective action that may be required or have acted in circumstances that the employee believes in good faith constitute an emergency.

The Superintendent shall post notice of this policy and inform employees of their rights under the New Jersey Conscientious Employee Protection Act.

4413 OVERTIME COMPENSATION

Overtime is defined as any time worked over forty hours per week.

No overtime shall be worked without the express advance approval of the School Business Administrator/Board Secretary or immediate supervisor.

The rate of pay for overtime work will be 150% of the employee's regular hourly rate of pay. There shall be no further additional premium for Sunday or holiday work, unless specified otherwise in the bargaining unit contract.

For positions of thirty-five hours per week or less, compensatory time shall be given for all hours worked between thirty-five and forty hours. Overtime pay will be paid after forty hours worked in the workweek.

4415 SUBSTITUTES

The Superintendent shall recommend to the Board annually a list of substitutes to be approved. Should the need arise, the list may be supplemented by further Board action. Substitutes shall be required to conform to any security or health requirements established by statute or the Board. Noncertified personnel shall inform their supervisors of actual or expected absence as soon as possible so a substitute may be secured when necessary.

In order to ensure reliable assistance in the absence of regular support staff employees, the Board of Education will offer competitive compensation to qualified substitute secretaries, clerks, custodians, maintenance workers, bus drivers, teacher aides, and cafeteria workers. In no instance shall the wages paid a substitute exceed the wages paid the regular employee.

Substitute support staff members will be paid at a per diem rate set by the Board.

Non-instructional substitutes are subject to all district policies that govern employees.

4421.13 POSTNATAL ACCOMMODATIONS

The Board of Education recognizes support staff members may be returning to work shortly after their child's birth and may need to express breast milk during the workday. The Patient Protection and Affordable Care Act (PPACA) amended Section 7 of the Federal Fair Labor Standards Act (FLSA) for nursing mothers to be permitted reasonable break times and a private location to express breast milk for their nursing child for one year after the child's birth.

Every employee position in the school district is designated as either "non-exempt" or "exempt" by the provisions of the FLSA. Generally, a support staff member entitled to overtime pay is designated as "non-exempt." A support staff member that performs duties that are executive, administrative, or professional in nature and not entitled to overtime pay is designated "exempt." The school district administration shall refer to the comprehensive definitions of "exempt" and "non-exempt" as outlined in 29 C.F.R. 541 et seq. in determining an employee's designation.

A Board of Education is required to provide reasonable break times to non-exempt support staff members to express breast milk for their nursing child. The non-exempt support staff member shall coordinate such breaks with their immediate supervisor. The non-exempt support staff member will not receive compensation during this break time unless the break time is during a non-exempt support staff member's compensated break time.

A Board of Education is not required under the FLSA to provide such breaks to exempt support staff members. However, exempt support staff members may take such breaks provided the breaks are coordinated with their immediate supervisor. If this break is taken during the exempt support staff member's duty free lunch period or duty free break period during the workday, the exempt support staff member will not be reduced in compensation.

The Principal or the nursing mother's immediate supervisor, in consultation with the school nurse, will designate a lactation room that is shielded from view and free from intrusion from co-workers and the public. The location must be functional as a space for expressing breast milk and shall include an electrical outlet, a chair, and nearby access to running water. If the space is not dedicated to the nursing mother's use, it must be available when needed. A space temporarily converted into a lactation room or made available when needed by a nursing mother is sufficient; however, a bathroom, even if private, is not a permissible location under the FLSA.

All exempt and non-exempt support staff members are required to sign-out of work to begin the break to express breast milk and shall sign-in when they return to work after the break. The

break shall be for a reasonable amount of time. For compensation purposes, the immediate supervisor shall forward all sign-in and sign-out information relative to break times for nursing mothers under the FLSA to the School Business Administrator/Board Secretary.

4425 WORK RELATED DISABILITY PAY

The Board of Education will permit, in accordance with law, the absence without loss of pay or of annual or accumulated sick leave benefits of a support staff member disabled by accident or injury arising out of and in the course of employment. Any such employee shall seek the workers' compensation benefits to which they are entitled by law.

An employee whose disability has qualified for the receipt of workers' compensation benefits shall be presumed eligible for work related disability pay under this policy. When an employee's disability is so brief as to preclude the employee's application for worker's compensation benefits, the employee may request and the Board may grant work related disability pay.

Any employee who qualified for work related disability pay under this policy shall receive full pay during the period they are on disability leave of absence, up to one calendar year.

As a condition of receiving full salary, an employee who receives workers' compensation benefits for their work-related disability must endorse and deliver to the Board all workers' compensation temporary disability checks received for the period covered by this policy.

4425.1 MODIFIED DUTY EARLY RETURN TO WORK PROGRAM – SUPPORT STAFF MEMBERS

New Jersey's workers' compensation laws provide lost wages and pay medical expenses for an employee who sustains an injury as a result of an on-the-job accident, injury, or occupational disease. Workers' compensation is designed to protect school district employees and their families against the hardships from injury arising in the workplace. In an effort to assist school staff in recovering from an eligible workers' compensation injury, the Board provides a Modified Duty Early Return To Work Program. The Program is provided to staff members who have been injured on the job, but who are not permanently disabled. The Program is intended to minimize the negative psychological impact to an injured staff member due to being out of work and to provide a transition and adjustment period for the injured staff member to return to work while recovering from an on-the-job injury.

The school district may assign temporary modified duties and responsibilities to staff members that have sustained an eligible workers' compensation injury. These employees may temporarily perform duties and responsibilities that may or may not be within their job description, or may or may not be within their department. The modified duties and/or responsibilities will be within the injured staff member's capabilities and a staff member will not be assigned any modified duties and/or responsibilities that require any certifications/licenses that are not possessed by the injured staff member.

The modified duties and responsibilities will be determined by the School Business Administrator/Board Secretary, the district's designated Workers' Compensation Coordinator, after a medical examination and evaluation of the injured staff member by the Board's designated workers' compensation physician. The Workers' Compensation Coordinator will determine if the injured staff member is eligible for modified duties or responsibilities. This determination will be based on:

1. The workers' compensation physician's examination and evaluation report;
2. The injured staff member's capabilities to assume modified duties or responsibilities;
3. The availability of modified duties and responsibilities within the district at the time; and/or
4. Other issues that may impact the district's ability to assign modified duties and responsibilities.

4432 SICK LEAVE

The Board of Education shall grant sick leave, in accordance with law, to support staff members absent from work because of personal disability or quarantine. Each steadily employed employee eligible for sick leave will be entitled annually to the number of paid sick leave days negotiated with the employee's majority representative or provided in this policy or in an individual contract with the Board.

The Board reserves the right to require of any employee who claims sick leave sufficient proof, including a physician's certification, of the employee's illness or disability. As a minimum, no day will be considered to be a sick leave day on which the employee has engaged in or prepared for other gainful employment, has participated in a work stoppage, or has engaged in any activity that would raise doubts regarding the validity of the sick leave request.

The Superintendent will prepare rules for the administration of the Board's policy on sick leave, which shall be binding on all employees.

The Superintendent will submit to the Board the names of those employees absent for non-compensable cause or whose claim for sick leave pay cannot be justified. The willful misuse of sick leave will be considered a serious infraction and is subject to discipline.

4435 ANTICIPATED DISABILITY

The Board of Education shall provide for leaves of absence, in accordance with law and the policies of this Board, for any employee of this district not otherwise covered by the terms of the negotiated agreement whose absence from duties will be required for a foreseeable event of disability such as childbirth or surgery.

An employee who anticipates disability shall so notify the Superintendent as soon as the employee is under medical supervision for the condition and a date is projected for the anticipated disability. Because of the potentially disabling nature of pregnancy and the certainty of temporary disability at parturition, the Board will presume that a pregnant employee is disabled for work thirty days before the anticipated date of childbirth and continues to be disabled for thirty days after parturition, except that any such employee who presents medical certification of her fitness may continue to work until she is actually disabled and may return to work as soon as she is able.

The Board reserves the right to require an employee who requests an extended leave of absence that includes anticipated disability to commence and/or terminate the leave at times that ensure continuity in district operations. Whenever possible, partial year leaves of absence will begin and end at divisions in the academic calendar and will cause not more than one interruption in employment continuity during the school year in which the leave is taken. No person who is required to take leave at a time other than that requested will be denied the use of sick leave for the anticipated disability that occurs or is presumed to occur during the leave.

An employee who anticipates a disability may request a leave of absence to commence before disability and to extend beyond the period of disability. Any such request shall be subject to Board discretion and the Board's policy on leave of absence. An employee on voluntary leave of absence is not eligible for sick leave pay for disability occurring during the period of that absence.

4437 MILITARY LEAVE

The Board of Education recognizes that military service rendered by any district employee in the defense of the country or in maintaining preparedness for conflict, foreign or domestic, is a service benefiting all citizens. A permanent or full-time temporary officer and/or employee of the district will be provided military leave and related benefits pursuant to the Uniformed Services Employment and Reemployment Rights Act (USERRA), 38 U.S.C. Section 4301 et seq., P.L. 2001 Chapter 351 amending N.J.S.A. 38:23-1, N.J.S.A. 38A:1-1 and N.J.S.A. 38A:4-4., and any other applicable Federal and State laws.

A permanent or full-time temporary officer or employee of the school district who is a member of the organized militia of New Jersey (New Jersey National Guard, New Jersey Naval Militia Joint Command) shall be entitled, in addition to pay received, if any, as a member of the organized militia, to a leave of absence from his or her respective duties without loss of pay or time on all days during which he or she shall be engaged in any period of State or Federal active duty; provided, however, that the leave of absence for Federal active duty or active duty for training shall not exceed ninety work days in the aggregate in any calendar year. Any leave of absence for such duty in excess of ninety work days shall be without pay, but without loss of time. Such leave shall be in addition to the regular vacation or other accrued leave provided to the officer or employee. A full-time temporary officer or employee who has served under such temporary appointment for less than one year in the district shall receive this leave without pay, but without loss of time.

A permanent or full-time temporary officer or employee of the school district who is a member of the organized reserve of the Army of the United States, United States Naval Reserve, United States Air Force Reserve, or United States Marine Corps Reserve, or other organization affiliated therewith, including the National Guard of other States, shall be entitled, in addition to pay received, if any, as a member of a reserve component of the Armed Forces of the United States, to a leave of absence from his or her respective duty without loss of pay or time on all work days on which he or she shall be engaged in any period of Federal active duty, provided, however, that such leave of absence shall not exceed thirty work days in any calendar year. Such leave shall be in addition to the regular vacation or other accrued leave provided to the officer or employee. Any leave of absence for such duty in excess of thirty work days shall be without pay, but without loss of time. A full-time temporary officer or employee who has served under such temporary appointment for less than one year in the district shall receive this leave without pay, but without loss of time.

Military leave with pay is not authorized for Inactive Duty Training (IDT) as defined in N.J.A.C. 5A:2-2.1.

The district will provide benefits and rights for staff on military leave as required by Federal and State laws.

Pursuant to N.J.S.A. 52:13H-2.1, in accordance with the provisions of Article VIII, Section II, paragraph 5 of the New Jersey Constitution, upon application by the district to the State Treasury and approval of the application by the Director of the Division of Budget and Accounting, reimbursement shall be made by the State of New Jersey for any costs incurred as a result of the provisions of P.L. 2001, Chapter 351.

4438 JURY DUTY

The Board of Education will indemnify all full-time employees against loss of pay incurred by a call to jury duty. No employee will be penalized in any way for an absence caused by service on a panel of grand or petit jurors. The time any such employee is absent will not be charged against personal leave and will count toward district service.

A full-time employee who is absent from their school district duties while on jury duty for any court of New Jersey, any court of any other State, any Federal district court, or in the U.S. District Court for New Jersey will receive their usual compensation from the school district for each day the support staff member is present for jury duty. In the event there is any jury duty compensation, excluding mileage and lodging, paid to the employee for their time on jury duty, the employee will reimburse the school district the amount of any jury duty compensation paid to the staff member.

An employee summoned to jury duty shall promptly report the summons to their immediate supervisor.

On return from jury duty, the employee must submit to their immediate supervisor a court record of the number of days served on jury duty.

While on jury duty, an employee must report daily to their supervisor the schedule for the following day and must report to work when they are excused from jury duty for half a day or more or suffer loss of pay.

5111 ELIGIBILITY OF RESIDENT/NONRESIDENT STUDENTS

The Board of Education shall admit to its schools, free of charge, persons over five and under twenty years of age, pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education.

Eligibility to Attend School

The Board shall admit students eligible to attend school free of charge that are domiciled within the district as defined in N.J.A.C. 6A:22-3.1.

A child who is domiciled within the school district and resides with a parent or guardian who is a member of the New Jersey National Guard or a member of the reserve component of the armed forces of the United States who is ordered into active military service in a time of war or national emergency shall be permitted to remain enrolled in the school district in which the child is domiciled at the time of the parent or guardian being ordered into active military service, regardless of where the child resides during the period of active duty. Following the return of the child's parent or guardian from active military service, the child's eligibility to remain enrolled in the school district pursuant to N.J.S.A. 18A:38-3.1 shall cease at the end of the current school year unless the child is domiciled in the school district.

The Board shall also admit any student that is kept in the home of a person other than the student's parent or guardian, where the person is domiciled in the school district and is supporting the student without remuneration as if the student were his or her own child in accordance with N.J.A.C. 6A:22-3.2. A student is only eligible to attend school in the district pursuant to N.J.A.C. 6A:22-3.2 if the student's parent or guardian files, together with documentation to support its validity, a sworn statement that he or she is not capable of supporting or providing care for the student due to family or economic hardship and the student is not residing with the other person solely for the purpose of receiving a free public education. In addition, the person keeping the student must file, if so required by the Board of Education, a sworn statement that he or she: is domiciled within the school district; is supporting the child without remuneration and intends to do so for a time longer than the school term; will assume all personal obligations for the student relative to school requirements; and provides a copy of his or her lease if a tenant, a sworn landlord's statement if residing as a tenant without a written lease, or a mortgage or tax bill if an owner. Pursuant to N.J.S.A. 18A:38-1.c., any person who fraudulently allows a child of another person to use his or her residence and is not the primary financial supporter of that child and any person who fraudulently claims to have given up custody of his or her child to a person in another district commits a disorderly persons offense.

A student is eligible to attend school in this school district free of charge pursuant to N.J.S.A. 18A:38-1.b. if the student is kept in the home of a person domiciled in the school district, who is not the parent or guardian and the parent or guardian is a member of the New Jersey National Guard or the reserve component of the United States armed forces and has been ordered into active military service in the United States armed forces in time of war or national emergency. Eligibility under this provision shall cease at the end of the current school year during which the parent or guardian returns from active military duty.

A student is eligible to attend school in this school district free of charge pursuant to N.J.S.A. 18A:38-1.d. if the student's parent or guardian temporarily resides within the school district and elects to have the student attend the school district of temporary residence, notwithstanding the existence of a domicile elsewhere. When required by the Board of Education, the parent or guardian shall demonstrate the temporary residence is not solely for purposes of a student attending the school district of temporary residence. When one of a student's parents or guardians temporarily resides in the school district while the other is domiciled or temporarily resides elsewhere, eligibility to attend school shall be determined in accordance with the criteria of N.J.A.C. 6A:22-3.1(a)1.i.

A student is eligible to attend this school district free of charge:

1. If the student's parent or guardian moves to another school district as the result of being homeless, subject to the provisions of N.J.A.C. 6A:17-2 - Education of Homeless Children;
2. If the student is placed by court order or by a society, agency, or institution in the home of a school district resident pursuant to N.J.S.A. 18A:38-2;
3. If the student previously resided in the school district and if the parent or guardian is a member of the New Jersey National Guard or the United States reserves and has been ordered to active service in time of war or national emergency, resulting in the relocation of the student out of the school district, pursuant to N.J.S.A. 18A:38-3.b. The school district shall not be obligated for transportation costs; and
4. If the student resides on Federal property within the State pursuant to N.J.S.A. 18A:38-7.7 et seq.

Notwithstanding the provisions of N.J.S.A. 18A:38-1 or any other law, rule, or regulation to the contrary, a student who moves out of the school district as a result of domestic violence, sexual abuse, or other family crises shall be permitted to remain enrolled in the school district for the remainder of the school year pursuant to N.J.S.A. 18A:38-1.1 and in accordance with the

provisions of N.J.A.C. 6A:22-3.2(h). If the student remains enrolled in the school district for the remainder of the school year, the school district shall provide transportation services to the student, provided the student lives remote from school, and the State shall reimburse the school district for the cost of the transportation services. Nothing in N.J.S.A. 18A:38-1.1 shall be construed to affect the rights of homeless students pursuant to N.J.S.A. 18A:7B-12, N.J.S.A. 18A:7B-12.1, or any other applicable State or Federal law.

If the district of residence cannot be determined according to the criteria contained in N.J.S.A. 18A:7B-12; if the criteria contained in N.J.S.A. 18A:7B-12 identify a district of residence out of the State; or if the child has resided in a domestic violence shelter, homeless shelter, or transitional living facility located outside of the district of residence for more than one year, the State shall assume fiscal responsibility for the tuition of the child in accordance with N.J.S.A. 18A:7B-12.d.

A student's eligibility to attend this school shall not be affected by the physical condition of an applicant's housing or his or her compliance with local housing ordinances or terms of lease.

Except as set forth in N.J.A.C. 6A:22-3.3(b)1., immigration/visa status shall not affect eligibility to attend school and the school district shall not condition enrollment in the school district on immigration status. A student's immigration/visa status and their eligibility to attend school shall be in accordance with N.J.A.C. 6A:22-3.3(b) and Regulation 5111.

Proof of Eligibility

The Board of Education shall accept a combination of forms of documentation from persons attempting to demonstrate a student's eligibility for enrollment in the school district in accordance with the provisions of N.J.A.C. 6A:22-3.4. The Board of Education shall consider the totality of information and documentation offered by an applicant, and shall not deny enrollment based on failure to provide a particular form or subset of documents without regard to other evidence presented.

The Board of Education shall not condition enrollment on the receipt of information or documents protected from disclosure by law, or pertaining to criteria that are not a legitimate basis for determining eligibility to attend school as outlined in N.J.A.C. 6A:22-3.4(d). The Board of Education may consider, in a manner consistent with Federal law, documents or information referenced in N.J.A.C. 6A:22-3.4(d) or pertinent parts thereof if voluntarily disclosed by the applicant. The Board of Education may not, directly or indirectly, require or request such disclosure as an actual or implied condition of enrollment.

In the case of a dispute between the school district and the parent of a student in regard to the student's eligibility to enroll in the school district or to remain enrolled in the school district pursuant to the provisions of N.J.S.A. 18A:38-1, the school district may request from the New Jersey Motor Vehicle Commission (NJMVC) the parent or guardian's name and address for use in verifying a student's eligibility for enrollment in the school district in accordance with the provisions of N.J.S.A. 18A:38-1.3. The NJMVC shall disclose to a school district the information requested in accordance with procedures established by the NJMVC. However, the school district shall not condition enrollment in the district on immigration status or on the fact that the NJMVC does not have the name or address of the parent on file.

Registration Forms and Procedures for Initial Assessment

Registration and initial determinations of eligibility will be in accordance with N.J.A.C. 6A:22-4.1. The Board of Education shall use Commissioner-provided registration forms or locally developed forms that are consistent with the forms provided by the Commissioner. A district-level administrator designated by the Superintendent shall be clearly identified to applicants and available to assist persons who experience difficulties with the enrollment process.

Initial eligibility determinations shall be made upon presentation of an enrollment application, and enrollment shall take place immediately except in cases of clear, uncontested denials. Enrollment shall take place immediately when an applicant has provided incomplete, unclear, or questionable information, but the applicant shall be notified that the student will be removed from the school district if defects in the application are not corrected, or an appeal is not filed, in accordance with subsequent notice to be provided pursuant to N.J.A.C. 6A:22-4.2.

When a student appears ineligible based on the information provided in the initial application, the school district shall issue a preliminary written notice of ineligibility, including an explanation of the right to appeal to the Commissioner of Education. Enrollment shall take place immediately if the applicant clearly indicates disagreement with the district's determination and an intent to appeal to the Commissioner of Education. An applicant whose student is enrolled pursuant to this provision shall be notified that the student will be removed, without a hearing before the Board, if no appeal is filed within the twenty-one day period established by N.J.S.A. 18A:38-1.

When enrollment is denied and no intent to appeal is indicated, applicants shall be advised they shall comply with compulsory education laws. When the student is between the ages of six and sixteen, applicants also shall be asked to complete a written statement indicating the student will be attending school in another school district or nonpublic school, or receiving instruction

elsewhere than at a school pursuant to N.J.S.A. 18A:38-25. In the absence of this written statement, designated staff shall report to the school district of actual domicile or residence, or the Department of Children and Families, a potential instance of “neglect” for the purposes of ensuring compliance with compulsory education law, N.J.S.A. 9:6-1. Staff shall provide the school district or the Department of Children and Families with the student’s name, the name(s) of the parent/guardian/resident, and the student’s address to the extent known. Staff shall also indicate admission to the school district has been denied based on residency or domicile, and there is no evidence of intent to arrange for the child to attend school or receive instruction elsewhere.

Enrollment or attendance at the school shall not be conditioned on advance payment of tuition when enrollment is denied and an intent to appeal is indicated, or when enrollment is provisional and subject to further review or information. The Board of Education shall ensure the registration process identifies information suggesting an applicant may be homeless so procedures may be implemented in accordance with N.J.A.C. 6A:17-2, Education of Homeless Children. Enrollment or attendance in the school district shall not be denied based upon the absence of the certified copy of the student’s birth certificate or other proof of a student’s identity as required within thirty days of initial enrollment, pursuant to N.J.S.A. 18A:36-25.1.

Enrollment in the school district shall not be denied based upon absence of student medical information. However, actual attendance at school may be deferred until the student complies with student immunization rules set forth in N.J.A.C. 8:57-4.

When enrollment in the school district, attendance at school, or the receipt of educational services in the regular education program appears inappropriate, the student shall not be denied based upon the absence of a student’s prior educational record. However, the applicant shall be advised the student’s initial educational placement may be subject to revision upon the school district’s receipt of records or further assessment of the student.

Notice of Ineligibility

When a student is found ineligible to attend the school district pursuant to N.J.A.C. 6A:22 or the student’s initial application is found to be deficient upon subsequent review or investigation, the school district immediately shall provide to the applicant notice that is consistent with Commissioner-provided sample form(s) and meets requirements of N.J.A.C. 6A:22-4 et seq. Notices shall be in writing; in English and in the native language of the applicant; issued by the Superintendent; and directed to the address at which the applicant claims to reside. Notices of ineligibility shall include information as outlined in N.J.A.C. 6A:22-4.2.

Removal of Currently Enrolled Students

Nothing in N.J.A.C. 6A:22 et seq. and this Policy shall preclude the Board of Education from identifying through further investigation or periodic requests for revalidation of eligibility, students enrolled in the school district who may be ineligible for continued attendance due to error in initial assessment, changed circumstances, or newly discovered information.

When a student who is enrolled and attending school based on an initial eligibility determination is later determined to be ineligible for continued attendance, the Superintendent may apply to the Board of Education for the student's removal in accordance with the provisions of N.J.A.C. 6A:22-4.3. No student shall be removed from school unless the parent, guardian, adult student, or resident keeping an "affidavit student" (as defined in N.J.A.C. 6A:22-1.2) has been informed of his or her entitlement to a hearing before the Board of Education. Once the hearing is held, or if the parent, guardian, adult student or resident keeping an "affidavit student", does not respond within the designated time frame to the Superintendent's notice or appear for the hearing, the Board of Education shall make a prompt determination of the student's eligibility and shall immediately provide notice in accordance with N.J.A.C. 6A:22-4.2. Hearings required pursuant to N.J.A.C. 6A:22-4.3 may be conducted by the full Board or a Board Committee, at the discretion of the full Board. If the hearing(s) is conducted by a Board Committee, the Committee shall make a recommendation to the full Board for action. No student may be removed except by vote of the Board taken at a meeting duly convened and conducted pursuant to N.J.S.A. 10:4-6 et seq., the Open Public Meetings Act.

Appeal to the Commissioner

An applicant may appeal to the Commissioner of Education the school district's determination that a student is ineligible to attend its schools. Appeals shall be initiated by petition which shall be filed in accordance with N.J.S.A. 18A:38-1 and N.J.A.C. 6A:3-8.1 and shall proceed as a contested case pursuant to N.J.A.C. 6A:3. Pursuant to N.J.S.A. 18A:38-1.b(1), appeals of "affidavit student" eligibility determinations shall be filed by the resident keeping the student.

Assessment and Calculation of Tuition

If no appeal to the Commissioner is filed following notice of an ineligibility determination, the Board of Education may assess tuition, for up to one year of a student's ineligible attendance, including the twenty-one day period provided by N.J.S.A. 18A:38-1 for appeal to the Commissioner. Tuition will be assessed and calculated in accordance with N.J.A.C. 6A:22-6.3 et seq. If the responsible party does not pay the tuition assessment, the Board of Education may petition the Commissioner pursuant to N.J.A.C. 6A:3 for an order assessing tuition, enforceable in accordance with N.J.S.A. 2A:58-10 through recording, upon request of the Board of Education pursuant to N.J.A.C. 6A:3-12, on the judgment docket of the Superior Court, Law Division.

If an appeal to the Commissioner is filed and the petitioner does not sustain the burden of demonstrating the student's right to attend the school district, or the petitioner withdraws the appeal, fails to prosecute, or abandons the appeal by any means other than settlement agreeing to waive or reduce tuition, the Commissioner may assess tuition in accordance with the provisions of N.J.A.C. 6A:22-6.2(a). Upon the Commissioner's finding that an appeal has been abandoned, the Board of Education may remove the student from school and seek tuition in accordance with N.J.A.C. 6A:22-6.2.

Nonresident Students

The admission of a nonresident student to school free of charge must be approved by the Board. No student otherwise eligible shall be denied admission on the basis of the student's race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability. The continued enrollment of any nonresident student shall be contingent upon the student's maintenance of good standards of citizenship and discipline.

Future Residents

A child otherwise eligible for attendance whose parent/guardian has signed a contract to buy, build or rent a residence in this district shall be enrolled for a period not to exceed sixty calendar days previous to the anticipated date of residency with tuition charges. A written request shall be filed with the Superintendent indicating the date on which the applicant expects to become a district resident and domiciled in this district stating the circumstances that make the request necessary. If such written enrollment request is granted, a formal agreement must be signed by the parents. Enrollment will occur only upon execution of agreement and receipt of full tuition. Upon proof of domicile in the municipality, prorated tuition may be returned.

Parents of children who are future residents shall be required to demonstrate proof of the anticipated residency. The Board reserves the right to verify such claims, and to remove from school a nonresident student whose claim cannot be verified.

Former Residents

Regularly enrolled children whose parents/guardians have moved out of the school district after May 1 shall be permitted to finish the school year without payment of tuition. Regularly enrolled children whose parents move from the district at any other time during the school year may request to remain enrolled for the remainder of the school year on payment of tuition prorated.

Children of Nonresident Staff Members

Children of district employees who do not reside in this school district may be admitted to school, grades Kindergarten through twelve, in this district with payment of tuition, in accordance with the terms of any collective bargaining agreement, provided that the educational program of such children can be provided within district facilities. Children of Board employees not represented by any collective bargaining agreement may be admitted with tuition as recommended by the Superintendent and approved by the Board. Extra services or special education services will be charged in addition to tuition.

Other Nonresident Students

Other nonresident students, otherwise eligible for attendance may be admitted to this school district with payment of tuition and Board approval, subject to adequate capacity in the district school buildings.

F-1 Visa Students

F-1 Visa students will not be admitted to this school district.

5111.5 EARLY CHILDHOOD EDUCATION/PRESCHOOL

The Board of Education believes that preschool educational experiences contribute to later academic success for all children. Therefore, within the limits of the budget and as required by law, the Superintendent shall recommend to the Board for approval programs designed for district children under the age required for regular admission. Programs shall address the needs of children who have been identified as requiring special education, as well as of those who have not been so identified.

The preschool curriculum shall consist of developmentally appropriate experiences that provide each child with individual opportunities to develop positive self-esteem, social/emotional growth, language skills, motor development and conceptual skill development.

All preschool programs sponsored by the Board shall be consistent with the overall philosophy of the school district and aligned with the New Jersey Student Learning Standards. They shall be coordinated with other relevant district programs such as special education and Title I and articulated with the Kindergarten through twelve curriculum.

Proof of immunizations against communicable diseases and examinations shall be in accord with requirements for Kindergarten and first grade admission.

The Board of Education shall ensure that the preschool program:

1. Maintains classroom enrollments of no more than eighteen children with one certified teacher and one appropriately qualified assistant;
2. Is developmentally appropriate to the age and skill level of the young child;
3. Is designed to meet the New Jersey Preschool Teaching and Learning Standards of Quality, the New Jersey Preschool Program Implementation Guidelines and the New Jersey Student Learning Standards;
4. Includes transition activities, programs, and services between preschool programs and Kindergarten programs;
5. Coordinates with all other relevant school district programs, for example, special education, and bilingual education; and
6. Includes an annual program evaluation.

The preschool programs and curricula shall be based on student needs, strengths, and interests that focus on all aspects of development: cognitive, social, emotional, and physical. Curriculum and assessment strategies and/or resources shall be developmentally appropriate and include performance-based assessment measures.

The Board shall ensure that instructional methods and/or strategies are congruent with the cognitive, social, emotional, and physical skills of the young child. Instruction shall balance teacher-directed and child-initiated experiences.

The Board shall provide professional development and training specific to preschool education for all early childhood education administrators, teachers, and teacher assistants.

The preschool program may be offered within a mixed delivery system that includes in-district, private provider and local Head Start agency settings provided that the private provider and/or local Head Start agency program(s) with which the district Board of Education contracts comply with the school district's program requirements, including the employment of appropriately licensed and qualified teaching staff.

The preschool program shall include parent education activities in the preschool program with specific strategies identified that assist parents in remaining actively involved in their child's education throughout their school years.

Community health and social service agencies shall be included in the planning, operations, and if appropriate, the fiscal support of the preschool program.

The Board shall designate an administrator to oversee the preschool program. They shall ensure adherence to all applicable laws and regulations in pursuing funding at the Federal and State levels, as well as from private sources.

5116 EDUCATION OF HOMELESS CHILDREN

The Board of Education will admit and enroll homeless children in accordance with Federal and State laws and New Jersey Administrative Code. The Board of Education adopts this Policy to be in compliance with law and administrative code to ensure the enrollment of homeless children in school and to respond to appeals made by parents or other parties related to the enrollment of homeless children.

The Board of Education shall determine that a child is homeless when he or she resides in a publicly or privately operated shelter designed to provide temporary living accommodations, including: hotels or motels; congregate shelters, including domestic violence and runaway shelters; transitional housing; and homes for adolescent mothers. A child is also determined homeless when he or she resides in a public or private place not designated for or ordinarily used as a regular sleeping accommodation, including: cars or other vehicles including mobile homes; tents or other temporary shelters; parks; abandoned buildings; bus or train stations; temporary shelters provided to migrant workers and their children on farm sites; and the residence of relatives or friends where the homeless child resides out of necessity because his or her family lacks a regular or permanent residence of its own. A child is also determined homeless when he or she resides in substandard housing.

The school district of residence for a homeless child is responsible for the education of the child and shall assume all responsibilities as required in N.J.A.C. 6A:17-2.3. The school district of residence for a homeless child means the school district in which the parent of a homeless child resided prior to becoming homeless.

The school district liaison designated by the Superintendent of Schools for the education of homeless children is the Director of Special Services. The liaison will facilitate communication and cooperation between the school district of residence and the school district where the homeless child resides and shall assume all responsibilities as outlined in N.J.A.C. 6A:17-2.4(a).

When a homeless child resides in a school district, the school district liaison shall notify the liaison of the school district of residence within twenty-four hours of receiving notification from the parent, the Department of Human Services or the Department of Children and Families, a shelter director, an involved agency, or a case manager. Upon notification of the need for enrollment of a homeless child, the liaison in the school district of residence shall coordinate enrollment procedures immediately based upon the best interest of the child pursuant to N.J.A.C. 6A:17-2.5(b).

The Superintendent of the school district of residence or designee shall decide in which school district the homeless child shall be enrolled in accordance with the provisions of N.J.A.C. 6A:17-2.5.

Unless parental rights have been terminated by a court of competent jurisdiction, the parent retains all rights under N.J.A.C. 6A:17-2.1 et seq.

When a dispute occurs regarding the determination of homelessness or the determination of the school district of enrollment made by the school district of residence, the Superintendent(s) or the designee(s) of the involved district(s) or the child's parent(s) shall immediately notify the Executive County Superintendent of Schools, who, in consultation with the Department of Education's McKinney-Vento Homeless Education Coordinator or designee, shall immediately decide the child's status. If a dispute remains between the parent and the involved school district(s) following the Executive County Superintendent's determination, the parent or the involved district Board(s) of Education may appeal to the Commissioner of Education for determination pursuant to N.J.A.C. 6A:3, Controversies and Disputes.

When a school district designated as the school district of residence disputes its designation as the school district of residence, or where no designation can be agreed upon by the involved school districts, the Superintendent(s) or designee(s) of the involved school districts shall immediately notify the Executive County Superintendent of Schools, who shall immediately make a determination, if possible, but no later than within forty-eight hours.

If the dispute regarding determination of district of residence does not involve the determination of homelessness and/or district enrollment, the school district disputing the Executive County Superintendent's determination may appeal to the Department of Education pursuant to N.J.A.C. 6A:23A-19.2(d), (e), and (f) and request a determination from the Division of Administration and Finance. If an appeal of a determination of district of residence also includes an appeal of the determination of homelessness and/or school district of enrollment, the appeal shall be submitted to the Commissioner of Education pursuant to N.J.A.C. 6A:3, Controversies and Disputes.

Any dispute or appeal shall not delay the homeless child's immediate enrollment or continued enrollment in the school district. The homeless child shall be enrolled in the school district in which enrollment or continued enrollment is sought by the parent, pending resolution of the dispute or appeal. Disputes and appeals involving the services provided to a homeless child with a disability shall be made pursuant to N.J.A.C. 6A:14.

Financial responsibility, including the payment of tuition for the homeless child, will be in accordance with N.J.A.C. 6A:17-2.8. The school district of residence shall list the child on its annual Application for State School Aid (ASSA) pursuant to N.J.S.A. 18A:7F-33 until the parent establishes a permanent residence or is deemed domiciled in another jurisdiction pursuant to N.J.S.A. 18A:38-1.d. At that time, the school district of residence shall no longer list the student on its ASSA. The State shall assume fiscal responsibility for the tuition of the child pursuant to N.J.S.A. 18A:7B-12.1 and shall pay the tuition to the school district in which the child is currently enrolled until the parent establishes a permanent residence or is deemed domiciled in another jurisdiction pursuant to N.J.S.A. 18A:38-1.d. under the circumstances outlined in N.J.A.C. 6A:17-2.8(c).

On or before December 31 of each year, the district shall report to the Office of Homelessness Prevention in the Department of Community Affairs an accounting of each instance in which the district is made aware that a student enrolled in the district because the student's parent moved to the district as a result of being homeless.

5120 ASSIGNMENT OF STUDENTS

The Board of Education directs the assignment of students to the schools, programs, and classes of this district consistent with the best interests of students and the best uses of the resources of this district.

Students shall generally attend the school located in the attendance area of their residence. The Superintendent may assign a student to a school other than that designated by the attendance area when such an exception is justified by circumstances and/or is in the best interest of the student. Every effort will be made to continue a student in the same elementary school once the student has been enrolled in that elementary school.

The Superintendent shall assign incoming transfer students to the school that will afford the student the most appropriate educational opportunity provided the district's school or class size requirements can accommodate the student's enrollment. The Building Principal may assign students in their school to grades, classes, and groups on the basis of the needs of the student as well as the sound administration of the school.

In accordance with the provisions of N.J.S.A. 18A:36-38.a.(1), a parent of twins or higher order multiples enrolled in the same Kindergarten through eighth grade level at the same public school may request, in writing, the children be placed in the same classroom or in separate classrooms. The Principal shall make the classroom placement requested in accordance with the provisions of N.J.S.A. 18A:36-38.a.(1).

In accordance with the provisions of N.J.S.A. 18A:36-38a.(2), a parent of twins or higher order multiples enrolled in the same ninth through twelfth grade level at the same public school may request, in writing, the children be placed in the same classroom or in separate classrooms. The placement of such children shall be made at the discretion of the Principal in the best interest of the school and its students. The parent may appeal the Principal's classroom placement decision to the Board of Education, which shall make a final determination on the placement.

The written request must be submitted to the Principal no later than fourteen days after the first day of each school year. Parents of twins or higher order multiples enrolling after the school year commences shall request the classroom placement in writing no later than fourteen days after the first day of attendance.

In accordance with the provisions of N.J.S.A. 18A:36-38.(2)(b), a Principal may, after consultation with the students' parent and teachers at the end of the initial grading period, request the Board make a different classroom placement determination for the twins or higher order multiples if the initial classroom placement is determined to be disruptive to any of the students in the class or classes, or if the Principal concludes the initial placement does not sufficiently support the students' academic or social development. Upon receiving such request, the Board shall make a final classroom placement determination.

"Higher order multiples" means triplets, quadruplets, quintuplets, or larger group siblings born at one birth. Provisions of N.J.S.A. 18A:36-38 do not apply to a school district which maintains only a single classroom for the grade level in which twins or higher order multiples are enrolled. The parent shall be responsible for any additional student transportation costs that are incurred by the district as a result of providing the requested classroom placement, unless the district is in agreement with the placement. In the event one of the twins or higher order multiples receives special education services, the requested placement shall not be accommodated if the placement is inconsistent with a student's Individualized Education Plan.

N.J.S.A. 18A:36-38

5130 WITHDRAWAL FROM SCHOOL

The Board of Education believes that the educational goals of this district are best implemented by a student's exposure to the entire educational program and that every student enrolled in this district should be encouraged to complete the program of instruction appropriate to their needs. No student below the age of sixteen will be permitted to withdraw from school.

The Superintendent shall alert teaching staff members to identify those students who may consider eighth grade graduation the termination of their education. Any student who indicates that they may drop out of school before entry to the ninth grade should be reported to the Building Principal and be provided with counseling.

The Board directs that efforts be made to determine the underlying reason for a student's decision to withdraw from school before the completion of the instructional program. A potential dropout student will be offered counseling and an opportunity to plan an instructional program appropriate to their career goals. No student under the age of eighteen will be permitted to withdraw without the written consent of the student's parent(s) or legal guardian(s).

Counseling services and information regarding high school equivalency programs will be made available to any student sixteen years of age or older who decides to withdraw from school before completion of the requirements for a diploma. A student who has withdrawn from school may apply for readmission at any time prior to their twentieth birthday, provided application for readmission is made at the beginning of a school term.

5200 ATTENDANCE

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, guardian, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

Notwithstanding the requirement of reporting student absences in the school register for State and Federal reporting purposes, “excused” and “unexcused” student absences, for the purpose of expectations and consequences regarding truancy, student conduct, promotion, and the award of course credit is a local Board decision outlined in N.J.A.C. 6A:16-7.6 and Policy and Regulation 5200. In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of Policy and Regulation 5200, a student’s absence from school will either be excused or unexcused. Unexcused absences will count toward truancy.

A parent or adult student shall provide advance notice to the school prior to the student being absent from school. In accordance with N.J.S.A. 18A:36-25.6, if a student is determined to be absent from school without valid excuse, and if the reason for the student’s absence is unknown to school personnel, the Principal or designee shall immediately attempt to contact the student’s parent to notify the parent of the absence and determine the reason for the absence.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. In accordance with N.J.S.A. 18A:36-14, a student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level or loss of credit or removal from a course that would count toward the high school diploma in accordance with policies of this Board.

Students shall be subjected to the school district’s response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4 and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student's participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with efforts of the Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.

5230 LATE ARRIVAL AND EARLY DISMISSAL

The Board of Education requires that students be in attendance for the full school day in order to benefit from the instructional program. That requirement will be waived only when compelling circumstances require that a student be late to school or dismissed from school before the end of the school day.

The Principal may excuse for cause the late arrival and early dismissal of a student on the prior written request of the student's parent(s) or legal guardian(s). Good cause may include, but need not be limited to, medical and dental appointments that cannot be scheduled outside the school day, medical disability, a motor vehicle driver's test, interviews for college entrance or employment, and court appearances.

No student in grades Kindergarten through eight shall be permitted to leave the school before the close of the school day unless they are met in the school office by their parent or a person authorized by the parent to act on their behalf

The Principal shall maintain a record of the parent(s) or legal guardian(s) of each student. If one parent has been assigned custody of the student by court order or separation agreement and wishes to limit the noncustodial parent's access to the student, the parent in custody must inform the Principal of any such limitation and may request that their authorization be required before the noncustodial parent is granted access. In the absence of such notice, the Principal will presume that a student may be released into the care of either parent.

A student who suffers an incapacitating medical disability will be released from school only in the presence of an adult.

Adopted: 07 June 2022

5240 TARDINESS

The Board of Education believes that promptness is an important element of school attendance. Students who are late to school or to class miss essential portions of the instructional program and create disruptions in the academic process for themselves and other students.

Tardiness to school or class that is caused by a student's illness, an emergency in the student's family, the observance of a religious holiday, a death in the student's family, or by the student's compliance with a request or directive of an administrator will be considered justified and is excused. All other incidents of tardiness will be considered unexcused.

A student who develops a pattern of tardiness, excused or unexcused, will be offered counseling with an appropriate staff member to determine the cause of the tardiness.

5250 EXCUSAL FROM CLASS OR PROGRAM

The Board of Education directs that a student be excused from any part of the instructions in health education, family life education, sex education, or instruction that includes dissection of animals that the parent(s) or legal guardian(s) of the student or the adult student finds morally, conscientiously, or religiously offensive. A request for excusal must be presented in a signed statement and submitted to the Principal.

An excused student shall be assigned to an alternate program of independent study on a substitute topic within the health education, family life education, or sex education program. The parent's or legal guardian's right of excusal applies to any alternate program as well.

No excused student will be penalized by loss of credit as a result of their excusal, but a student will be held accountable for successful completion of any alternate program assigned.

The American Heart Association estimates many lives could be saved if defibrillators were more widely available. Due to technological advances, automated external defibrillators (AEDs) may be used by lay persons without any training to provide defibrillation within the first minutes of cardiac arrest thereby increasing the victim's chances of survival. In accordance with N.J.S.A. 18A:40-41.a, the Board of Education shall ensure every school in the school district has an AED as defined in N.J.S.A. 2A:62A-24. The AED shall be made available in an unlocked location on school property with an appropriate identifying sign. The AED shall be accessible during the school day and any other time when a school-sponsored athletic event or team practice is taking place in which students of the school district are participating. The AED shall be within reasonable proximity of the school athletic field or gymnasium, as applicable.

A team coach, licensed athletic trainer, or other designated staff member if there is no coach or licensed athletic trainer, who is present during athletic events or team practices, shall be trained in cardio-pulmonary resuscitation and the use of the AED in accordance with the provisions of N.J.S.A. 2A:62A-25.a. The school district shall be deemed to be in compliance with N.J.S.A. 2A:62A-25.a, if a State-certified emergency services provider or other certified first responder is on site at the event or practice.

Each AED in the school district shall be tested and maintained according to the manufacturer's operational guidelines. Notification shall be provided to the appropriate first aid, ambulance, rescue squad, or other appropriate emergency medical services provider regarding the AED, the type acquired, and its location in accordance with N.J.S.A. 2A:62A-25.b and c.

The school district and its employees shall be immune from civil liability in the acquisition and use of AEDs pursuant to the provisions of N.J.S.A. 2A:62A-27.

In accordance with the provisions of N.J.S.A. 18A:40-41.b, the Superintendent of Schools or designee shall establish and implement an Emergency Action Plan applicable to each school in the school district for responding to a sudden cardiac event including, but not limited to, an event in which the use of an AED may be necessary. The Emergency Action Plan shall be consistent with the provisions of N.J.S.A. 18A:40-41.a and, at a minimum, shall include a list of no less than five school employees, team coaches, or licensed athletic trainers who hold current certifications from the American Red Cross, American Heart Association, or other training programs recognized by the Department of Health and Senior Services in cardio-pulmonary resuscitation and in the use of an AED. This list shall be updated, if necessary, at least once in each semester of the school year. The Emergency Action Plan shall also include detailed

procedures on responding to a sudden cardiac event including, but not limited to, the identification of the persons in the school who will be responsible for responding to the person experiencing the sudden cardiac event; calling 911; starting cardio-pulmonary resuscitation; retrieving and using the AED; and assisting emergency responders in getting to the individual experiencing the sudden cardiac event.

5330.04 ADMINISTERING AN OPIOID ANTIDOTE

N.J.S.A. 18A:40-12.24.a requires schools to adopt a Policy for the emergency administration of an opioid antidote to a student, staff member, or other person who is experiencing an opioid overdose.

N.J.S.A. 18A:40-12.24.a.(1) requires schools with any of the grades nine through twelve to comply with the provisions of the law and permits schools with students in other grades to comply with the provisions of N.J.S.A. 18A:40-12.24.a.(1). Therefore, the Board extends the provisions of N.J.S.A. 18A:40-12.23 through 12.27 to schools with any of the grades PreKindergarten through twelve.

N.J.S.A. 18A:40-12.24 requires a school to obtain a standing order for opioid antidotes pursuant to the “Overdose Prevention Act” - N.J.S.A. 24:6J-1 et seq. The school shall maintain a supply of opioid antidotes under the standing order in a secure, but unlocked and easily accessible location. The opioid antidotes shall be accessible in the school during regular school hours and during school-sponsored functions that take place in the school or on school grounds adjacent to the school building.

The school nurse and a designated employee who volunteers to administer an opioid antidote pursuant to N.J.S.A. 18A:40-12.24.c. are required to be trained for the administration of an opioid antidote in accordance with N.J.S.A. 18A:40-12.25.b. The school nurse or a designated employee who volunteers to administer an opioid antidote shall be promptly available on site at the school during regular school hours and during school-sponsored functions that take place in the school or on school grounds adjacent to the school building at any time.

N.J.S.A. 18A:40-12.24 permits the school nurse or a designated trained employee to administer an opioid antidote to any person whom the nurse or the trained designated employee who in good faith believes is experiencing an opioid overdose.

An overdose victim shall be transported to a hospital emergency room by emergency medical responders after the administration of an opioid antidote, even if the person’s symptoms appear to have resolved.

In accordance with N.J.S.A. 24:6J-4.a.(1)(f), a prescriber or other health care practitioner, as appropriate, may prescribe or dispense an opioid antidote directly or through a standing order to a school, school district, or school nurse. In accordance with N.J.S.A. 24:6J-4.a.(2)(c), whenever the law expressly authorizes or requires a school or school district to obtain a standing order for opioid antidotes, the school nurse(s) employed or engaged by the school or school district shall be presumed by the prescribing or dispensing health care practitioner to be capable of administering the opioid antidote, consistent with the express statutory requirement.

Notwithstanding the provisions of N.J.S.A. 24:6J-4.a.(3)(b) to the contrary, if the law expressly authorizes or requires a school, school district, or school nurse to administer or dispense opioid antidotes pursuant to a standing order under N.J.S.A. 24:6J-4 et seq., the standing order issued shall be deemed to grant the authority specified by the law, even if such authority is not specifically indicated on the face of the standing order.

In accordance with the provisions of N.J.S.A. 18A:40-12.26, no school employee, including a school nurse or any other officer or agent of a Board of Education or charter school, or a prescriber of opioid antidotes for a school through a standing order, shall be held liable for any good faith act or omission consistent with the provisions of N.J.S.A. 18A:40-12.23 et seq. Good faith shall not include willful misconduct, gross negligence, or recklessness.

Any school, school district, school nurse, school employee, or any other officer or agent of a Board of Education or charter school who administers or permits the administration of an opioid antidote in good faith in accordance with the provisions of N.J.S.A. 18A:40-12.24 and pursuant to a standing order issued under N.J.S.A. 24:6J-4 shall not, as a result of any acts or omissions, be subject to any criminal or civil liability or any disciplinary action for administering, or permitting the administration of, the opioid antidote in accordance with N.J.S.A. 24:6J-1 et seq. Nothing in this Policy shall be interpreted to prohibit the administration of an opioid antidote to a student, staff member, or other person in an emergency during school hours or during on-site school-sponsored activities by an emergency medical responder or other person authorized by law to administer an opioid antidote, in accordance with N.J.S.A. 24:6J-1 et seq.

The Overdose Prevention Act provides that when a person, in good faith, seeks medical assistance for an individual believed to be experiencing a drug overdose, whether the person is seeking assistance for themselves or another, the person calling for help and the person experiencing the overdose shall not be arrested, charged, prosecuted, or convicted for certain criminal offenses enumerated in N.J.S.A. 2C:35-30(a)(1-6) and N.J.S.A. 2C:35-31(a)(1-6).

Notwithstanding the provisions of any law, rule, regulation, ordinance, or institutional or organizational directive to the contrary, any person or entity authorized to administer an opioid antidote pursuant to N.J.S.A. 24:6J-4, may administer to an overdose victim, with full immunity: a single dose of any type of opioid antidote that has been approved by the United States Food and Drug Administration for use in the treatment of opioid overdoses; and up to three doses of an opioid antidote that is administered through an intranasal application, or through an intramuscular auto-injector, as may be necessary to revive the overdose victim. Prior consultation with, or approval by, a third-party physician or other medical personnel shall not be required before an authorized person or entity may administer up to three doses of an opioid antidote, as provided in N.J.S.A. 24:6J-4, to the same overdose victim.

A school district may enter into a shared services arrangement with another school district for the provision of opioid antidotes pursuant to N.J.S.A. 18A:40-12.27 if the arrangement will result in cost savings for the districts.

This Policy and Regulation 5330.04 shall be reviewed and approved by the school physician prior to Board adoption and whenever this Policy is revised. This Policy shall be made available to school staff members, parents, and students in handbooks, on the school district's website, or through any other appropriate means of publication.

The Board of Education requires the development of a seizure action plan, an individualized health care plan, and an individualized emergency health care plan for students with epilepsy or a seizure disorder to care for and treat these students while at school pursuant to N.J.S.A. 18A:40-12.34 et seq.

In accordance with N.J.S.A. 18A:40-12.35, the parent of the student with epilepsy or a seizure disorder seeking epilepsy or seizure disorder care while at school shall submit the student's seizure action plan annually to the school nurse.

In accordance with N.J.S.A. 18A:40-12.35, the school nurse shall develop an individualized health care plan and an individualized emergency health care plan for the student, provided the parents annually provide to the Board written authorization for the provision of epilepsy or seizure disorder care. These plans shall include the information outlined in N.J.S.A. 18A:40-12.35.

In accordance with N.J.S.A. 18A:40-12.35, all staff members including staff working with school-sponsored programs outside the regular school day shall be trained in the care of students with epilepsy and seizure disorders. All school bus drivers, contracted and district-employed, shall be provided notice and information if they are transporting a student with epilepsy or a seizure disorder pursuant to N.J.S.A. 18A:40-12.36. 5331 MANAGEMENT OF LIFE-THREATENING ALLERGIES IN SCHOOLS

The Board of Education recognizes students may have allergies to certain foods and other substances and may be at risk for anaphylaxis. Anaphylaxis is a sudden, severe, serious, systemic allergic reaction that can involve various areas of the body (such as the skin, respiratory tract, gastrointestinal tract, and cardiovascular system). Anaphylaxis is a serious allergic reaction that may be rapid in onset and may cause death. Policy 5331 has been developed in accordance with the Guidelines for the Management of Life-Threatening Food Allergies in Schools developed by the New Jersey Department of Education.

An Individualized Healthcare Plan (IHP) and an Individualized Emergency Healthcare Plan (IEHP) will be developed for each student at risk for a life-threatening allergic reaction. Self-administration of medication, the placement and the accessibility of epinephrine, and the recruitment and training of designees who volunteer to administer epinephrine during school and at school-sponsored functions when the school nurse or designee is not available shall be in accordance with N.J.S.A. 18A:40-12 and Board Policy and Regulation 5330. School staff will be appropriately trained by the school nurse or designee to understand the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur.

The school district will develop and implement appropriate strategies and prevention measures for the reduction of risk of exposure to food allergens throughout the school day, during before- and after-school programs, at all school-sponsored activities, in the cafeteria, or wherever food is present.

A description of the roles and responsibilities of parent(s) or legal guardian(s), staff, and students to prevent allergic reactions and during allergic reactions are outlined in Regulation 5331.

Every incident involving a life-threatening allergic reaction and/or whenever epinephrine is administered throughout the school day, during before- and after-school programs, and/or at all school-sponsored activities shall be reported to the school nurse or designee. The school nurse or designee shall be responsible to notify emergency responders, the Principal or designee, the school physician, and the Superintendent of Schools. The Superintendent shall inform the Board of Education after every incident including a life-threatening allergic reaction or whenever epinephrine is administered by the school nurse or designee. In addition, in accordance with the provisions of N.J.S.A. 18A:40-12.5.e.(3), the school nurse or designee shall arrange for the transportation of a student to the hospital emergency room by emergency services personnel after the administration of epinephrine, even if the student's symptoms appear to have resolved.

There will be occasions where food and/or beverages will be served as part of a classroom experience, field trip, and/or celebration. Because the ingredients of these food and beverage products may be unknown to the food preparation person and/or server, a student with anaphylaxis to food should not consume any food products that they are unsure of the ingredients. The teacher will provide, whenever possible, advance notice of the classroom experience, field trip, or celebration in order for the student to bring a food or beverage product from their home so they may participate in the activity.

When a parent(s) or legal guardian(s) informs the Building Principal and the school nurse the student may have an anaphylactic reaction to a substance other than food, the Building Principal will work with school staff to determine if these substances are on school grounds. The Building Principal will inform and work with the parent(s) or legal guardian(s) and the student to avoid the student's exposure to these substances if present on school grounds.

School staff will be appropriately trained by the school nurse or designee to understand the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur. The school nurse or designee will provide appropriate training to school staff to understand allergies to food and other substances, to recognize symptoms of an allergic reaction, and to know the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur. The school nurse will work with appropriate school staff to eliminate or substitute the use of allergens in the allergic student's meals, educational/instructional tools and materials, arts and crafts projects, or incentives.

Policy and Regulation 5331 should be annually reviewed, evaluated, and updated where needed. Policy and Regulation 5331 will be disseminated and communicated to all parent(s) or legal guardian(s) of students in the school in the beginning of each school year and when a student enters the school after the beginning of the school year.

5332 DO NOT RESUSCITATE ORDERS

Federal and State legislation entitles every student to a free, appropriate public education in the least restrictive environment. Due to the high risk of medically fragile students and students with chronic illnesses, who in the past would not have survived to be able to attend school, families, professionals, and school personnel are challenged with new issues in caring for these students in the school setting. Some families may wish not to pursue life-saving medical protocols for their child due to the lack of benefit to the student's condition or quality of life that is likely to result from following these protocols. In accordance with N.J.A.C. 6A:16-2.1(a)3, all Do Not Resuscitate (DNR) orders received for a student will be thoroughly and carefully reviewed.

"Do Not Resuscitate order" or "DNR order" means a written directive signed by the parent or legal guardian of a student who, after consultation with the student's pediatrician and other advisors, declines emergency administration of cardiopulmonary resuscitation (CPR) and automatic external defibrillator (AED) to the student. "Written order" means a directive and protocol written by the student's medical home to address a healthcare need or provide a medical service for a specific student. "Medical home" means a health care provider and that provider's practice site chosen by the student's parent or legal guardian for the provision of health care.

A family desiring to pursue a DNR order must submit a written order, which should be developed after a meeting with the parent(s) or legal guardian(s), the student, if appropriate, the school physician, the school nurse, the student's family healthcare provider, and the local emergency medical services provider. The written order shall include specific written emergency orders and shall specifically meet the goals for the student. Community emergency medical services protocols must be clearly defined in the written order.

The school nurse is responsible for providing an appropriate response to DNR orders. The school nurse will coordinate the school district's review of the written order with the Building Principal or designee, the school physician, and the Superintendent of Schools or designee. The Superintendent of Schools or designee will review the written order with the Board of Education and the school Board Attorney. The school physician shall be responsible for instructing school staff in DNR orders.

The existence of a DNR written order and plan shall be referenced on the student's health form that is approved for use by the Commissioner of Education. A copy of the DNR written order shall be placed with the student's individualized health record and a copy should be kept with the local emergency medical services provider. The DNR written order shall be reviewed whenever a change occurs in the student's condition and at least once every six months.

5335 TREATMENT OF ASTHMA

The Board of Education recognizes the primary goal for children with asthma is to allow the child to live as normal a life as possible. The child should be able to participate in normal childhood activities, experience exercise tolerance similar to peers, and attend school to grow intellectually and develop socially. In accordance with N.J.A.C. 6A:16-2.1(a)5, the Board adopts this Policy that includes procedures for the treatment of asthma in the school setting.

Every school in the district shall have and maintain for the use of students at least one nebulizer in the office of the school nurse or a similar location. Each school nurse in the district shall receive training in airway management and in the use of nebulizers and inhalers consistent with nationally recognized standards including, but not limited to, those of the National Institutes of Health and the American Academy of Allergy, Asthma and Immunology pursuant to N.J.S.A. 18A:40-12.8(a). The school nurse, upon receiving this training, is authorized to administer asthma medication through the use of a nebulizer pursuant to N.J.S.A. 18A:40-12.8(a).

Each student authorized to use self-administered asthma medication pursuant to N.J.S.A. 18A:40-12.3 and Policy 5330 or a nebulizer shall have an Asthma Action Plan (AAP) prepared by the student's medical home and submitted to the certified school nurse. The AAP shall identify, at a minimum, asthma triggers and information to be included in the individualized healthcare plan and individualized emergency healthcare plan, pursuant to N.J.A.C. 6A:16-2.3(b) for meeting the medical needs of the student while attending school or a school-sponsored function.

In compliance with Title II of the Americans with Disabilities Act (ADA) as amended by the ADA Amendments Act of 2008, it is the Policy of the Board to permit use of a service animal by an individual with a disability in all areas of the district where the public is normally permitted: in district buildings; on district property; and on vehicles owned, leased, or controlled by the district. (28 CFR §35.136)

A. Definitions

1. “Act” means the Americans with Disabilities Act (ADA) as amended by the ADA Amendments Act of 2008.
2. “Designated administrator” means Principal or person designated by the Principal to coordinate these activities.
3. “District” means this school district.
4. “Handler” means the animal’s owner who is an individual with a disability or a person, such as a trainer, assisting the owner with control of the service animal.
5. “Service animal” means a dog individually trained to do work or perform a specific job or task for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. (28 CFR §36.104)

 - b. The work or tasks performed by a service animal must be directly related to the individual’s disability (e.g. navigation, alerting physical support and assistance, preventing or interrupting impulsive or destructive behaviors).
 - c. Work or tasks for the purposes of this definition do not include the provision of emotional support, well-being, comfort, therapy, companionship, or crime deterrence.

B. Generally

1. The district shall permit the use of a service animal by an individual with a disability unless:
 - a. The animal is out of control and the animal's handler does not take effective action to control it;
 - b. The animal is not housebroken.
2. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control (e.g. voice control, signals, or other effective means). (28 CFR §35.136(d))
3. If an animal is properly excluded, the district shall give the individual with a disability the opportunity to participate in the service, program, or activity without having the service animal on the premises. (28 CFR §35.136(b))
4. If there are places in the district where it is determined to be unsafe for a handler and service animal, reasonable accommodations will be provided to assure the individual with a disability has equal access to the activity.
5. Unless the need for a service animal is readily apparent, the individual with a disability or their parent will be required to provide the district with information that:
 - a. The service animal is required because of a disability; and
 - b. What work or task the animal has been trained to perform.
6. The district may not require documentation, including proof that the animal has been certified, trained, or licensed as a service animal; nor that the dog demonstrates its ability to perform the work or task. (28 CFR §35.136(f))
7. Individuals with a disability who have service animals are not exempt from local animal control or public health requirements.
8. Service animals must be licensed and registered in accordance with State and local laws.

C. Delegation of Responsibility

 - b. The district is responsible to provide assistance to an individual with a disability in performing the tasks required of the individual for the care and maintenance of the service animal.
2. If the district normally charges individuals for damage they cause, an individual with a disability may be charged for damage caused by his or her service animal. (28 CFR §35.136(h))
3. The district will designate relief areas for the service animal which will be included in mobility training and orientation of students and animals new to the school.

D. Notification and Responsibilities

1. In the event a service animal will be introduced as part of the school community, the designated administrator will develop a comprehensive implementation plan prior to introduction of the service animal into the school to include:

 - b. Appropriate accommodations:
 - (1) For students who are allergic to the service animal; and/or

 - (1) Never pet a service animal while it is working;
 - (2) Never feed a working service animal;
 - (3) Do not deliberately startle, tease, or taunt a service animal; and
 - (4) Do not hesitate to ask the handler if he or she would like assistance regarding directions for navigating the facility.

2. The use of a service animal introduced as part of the school community will require inclusion into the student's Individualized Education Plan (IEP) or the student's Section 504 Accommodation Plan.
3. The district may request, but cannot require, the owner of a service animal introduced as part of the school community and, as included in the student's IEP or Section 504 Accommodation Plan, maintain liability insurance for the service animal. The School Business Administrator/Board Secretary will ensure the school district has appropriate insurance in the event a service animal is introduced as part of the school community.

5338 DIABETES MANAGEMENT

Diabetes is a serious chronic disease and must be managed twenty-four hours a day in order to avoid the potentially life-threatening short-term consequences of blood sugar levels that are either too high or too low and the serious long-term complications of high blood sugar levels. In order to manage their diabetes, students must have access to the means to balance food, medications, and physical activity level while at school and at school-related activities.

The parent or legal guardian of a student with diabetes who seeks diabetes care for the student while at school shall inform the school nurse who shall develop an individualized health care plan and an individualized emergency health care plan for the student. The individualized health care plan and individualized emergency health care plan shall be updated by the school nurse prior to the beginning of each school year and as necessary in the event there is a change in the health status of the student.

The school nurse assigned to a particular school shall coordinate the provision of diabetes care at that school and ensure that appropriate staff members are trained in the care of students with diabetes, including staff members working with school-sponsored programs outside of the regular school day, as provided in the individualized health care plan and the individualized emergency health care plan. The school nurse shall have the primary responsibility for the emergency administration of glucagon to a student with diabetes who is experiencing severe hypoglycemia.

The school nurse shall designate, in consultation with the Superintendent of Schools or designee, additional employees of the school district who volunteer to administer glucagon to a student with diabetes who is experiencing severe hypoglycemia. The designated employees shall only be authorized to administer glucagon, following training by the school nurse or other qualified health care professional, when a school nurse is not physically present at the scene.

Upon the written request of the parent or legal guardian and as provided in a student's individualized health care plan, the student will be permitted to manage and care for their diabetes as needed in the classroom, in any area of the school or school grounds, or at any school-related activity provided the student has been evaluated and determined to be capable of doing so as reflected in the student's individualized health care plan.

The Principal or school nurse shall, for each student with diabetes whom a school bus driver transports, provide the driver with a notice of the student's condition, how to treat hypoglycemia, who to contact in an emergency, and parent(s) or legal guardian(s) contact information. Designated areas of the school building shall have posted, in plain view, a reference sheet identifying signs and symptoms of hypoglycemia in students with diabetes.

A student's school choice, if there is a choice option, shall not be restricted due to the fact the student has diabetes.

5339 SCREENING FOR DYSLLEXIA

In accordance with the provisions of N.J.S.A. 18A:40-5.1 et seq., the Board of Education shall ensure each student enrolled in the school district who has exhibited one or more potential indicators of dyslexia or other reading disabilities is screened for dyslexia and other reading disabilities using a screening instrument selected pursuant to the provisions of N.J.S.A. 18A:40-5.2. This screening shall be administered no later than the student's completion of the first semester of the second grade.

In the event a student enrolls in the district in Kindergarten through grade six and has no record of being previously screened for dyslexia or other reading disabilities, pursuant to N.J.S.A. 18A:40-5.2, the Board shall ensure the newly-enrolled student is screened for dyslexia and other reading disabilities using a screening instrument selected pursuant to N.J.S.A. 18A:40-5.2. This screening shall be administered at the same time other students enrolled in the student's grade are screened for dyslexia and other reading disabilities or, if other students enrolled in the student's grade have previously been screened, within ninety calendar days of the date the student is enrolled in the district. The screenings shall be administered by a teacher or other teaching staff member properly trained in the screening process for dyslexia and other reading disabilities.

For the purposes of this Policy, "dyslexia" means a specific learning disability that is neurobiological in origin. It is characterized by difficulties with accurate and/or fluent word recognition and by poor spelling and decoding abilities. These difficulties typically result from a deficit in the phonological component of language that is often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction. Secondary consequences may include problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background knowledge.

For the purposes of this Policy, "potential indicators of dyslexia or other reading disabilities" means indicators that include, but shall not be limited to, difficulty in acquiring language skills; inability to comprehend oral or written language; difficulty in rhyming words; difficulty in naming letters, recognizing letters, matching letters to sounds, and blending sounds when speaking and reading words; difficulty recognizing and remembering sight words; consistent transposition of number sequences, letter reversals, inversions, and substitutions; and trouble in replication of content.

In accordance with the provisions of N.J.S.A. 18A:40-5.2(a), the Commissioner of Education shall distribute to each Board of Education information on screening instruments available to identify students who possess one or more potential indicators of dyslexia or other reading disabilities. The Commissioner shall provide information on the screening instruments appropriate for Kindergarten through grade two students and on screening instruments that may be suitably used for older students. The Board shall select and implement age-appropriate screening instruments for the early diagnosis of dyslexia and other reading disabilities.

In accordance with provisions of N.J.S.A. 18A:40-5.2(b), the Commissioner shall also develop and distribute to each Board of Education guidance on appropriate intervention strategies for students diagnosed with dyslexia or other reading disabilities.

In the event a student is determined, through the screening conducted in accordance with N.J.S.A. 18A:40-5.3, to possess one or more potential indicators of dyslexia or other reading disabilities pursuant to the provisions of N.J.S.A. 18A:40-5.1 et seq., the Board shall ensure the student receives a comprehensive assessment for the learning disorder. In the event a diagnosis of dyslexia or other reading disability is confirmed by the comprehensive assessment, the Board shall provide appropriate evidence-based intervention strategies to the student, including intense instruction on phonemic awareness, phonics and fluency, vocabulary, and reading comprehension.

In accordance with the provisions of N.J.S.A. 18A:6-131, general education teachers in grades Kindergarten through three, special education teachers, basic skills teachers, English as a second language teachers, reading specialists, learning disabilities teacher consultants, and speech-language specialists are required to complete at least two hours of professional development each year on the screening, intervention, accommodation, and use of technology for students with reading disabilities, including dyslexia. The Board may make these professional development opportunities available to other instructional or support staff members as the Board deems appropriate. This requirement for professional development in reading disabilities may be part of the twenty hours of annual professional development required by N.J.A.C. 6A:9C et seq. Documentation of teachers' fulfillment of this professional development requirement shall be maintained in the district.

5350 STUDENT SUICIDE PREVENTION

The Board of Education recognizes that depression and self-destruction are problems of increasing severity among students. Students under severe stress cannot benefit fully from the educational program and may pose a threat to themselves or others.

The Board directs all school district staff members to be alert to a student who exhibits warning signs of self-destruction or who threatens or attempts suicide. Any such warning signs or the report of such warning signs from another student or staff member shall be taken with the utmost seriousness and reported immediately to the Principal or designee.

The Principal or designee shall immediately contact the parent(s) of the student exhibiting warning signs of suicide to inform the parent(s) the student will be referred to the Child Study Team or a Suicide Intervention Team, appointed by the Superintendent or designee, for a preliminary assessment. Upon completion of the preliminary assessment, the Principal or designee shall meet with the parent(s) to review the assessment. Based on the preliminary assessment, the parent(s) may be required to obtain medical or psychiatric services for the student. In the event the parent objects to the recommendation or indicates an unwillingness to cooperate in the best interests of the student, the Principal or designee will contact the New Jersey Department of Children and Families, Division of Child Protection and Permanency to request intervention on the student's behalf.

In the event the student is required to obtain medical or psychiatric services, the parent(s) will be required to submit to the Superintendent a written medical clearance from a licensed medical professional, selected by the parent(s) and approved by the Superintendent, indicating the student has received medical services, does not present a risk to themselves or others, and is cleared to return to school. The written medical clearance may be reviewed by a Board of Education healthcare professional before the student is permitted to return to school. The parent(s) shall be required to authorize their healthcare professional(s) to release relevant medical information to the school district's healthcare professional, if requested.

Any school district staff member, volunteer, or intern with reasonable cause to suspect or believe that a student has attempted or completed suicide, shall immediately report the information to the Principal or designee or their immediate supervisor who will immediately report it to the Superintendent or designee. The Superintendent or designee shall promptly report it online to the New Jersey Department of Children and Families, or as otherwise required by the Department of Children and Families in accordance with N.J.S.A. 30:9A-24. In accordance with N.J.S.A. 30:9A-24i, any person who reports an attempted or completed suicide shall have immunity from any civil or criminal liability on account of the report, unless the person has acted in bad faith or with malicious purpose.

In accordance with the provisions of N.J.S.A. 18A:6-111 and 18A:6-112, as part of the required professional development for teachers as outlined in N.J.A.C. 6A:9C-3 et seq., every teaching staff member must complete at least two hours of instruction in suicide prevention, to be provided by a licensed health care professional with training and experience in mental health issues, in each professional development period. The instruction in suicide prevention shall include information on the relationship between the risk of suicide and incidents of harassment, intimidation, and bullying and information on reducing the risk of suicide in students who are members of communities identified as having members at high risk of suicide.

The Superintendent shall prepare and disseminate guidelines to assist school district staff members in recognizing the warning signs of a student who may be contemplating suicide, to respond to a threat or attempted suicide, and to prevent contagion when a student commits suicide.

5410 PROMOTION AND RETENTION

The Board of Education recognizes that each child develops and grows in a unique pattern and that students should be placed in the educational setting most appropriate to their social, physical, and educational needs. Each student enrolled in this district shall be moved forward in a continuous program of learning in harmony with their own development.

Standards for student promotion shall be related to the New Jersey Student Learning Standards and district goals and objectives and to the accomplishments of students. A student in the elementary grades will be promoted to the next succeeding grade level when they have completed the course requirements at the presently assigned grade; has achieved the instructional objectives set for the present grade; has demonstrated the proficiencies required for movement into the educational program of the next grade; and has demonstrated the degree of social, emotional, and physical maturation necessary for a successful learning experience in the next grade.

Promotion policies and procedures will be provided to parent(s) or legal guardian(s) as appropriate. Parent(s) or legal guardian(s) and students shall be regularly informed during the school year of the student's progress toward meeting promotion standards. A teacher who determines that a student's progress may not be sufficient to meet promotion standards shall notify the parent(s) or legal guardian(s) and the student and offer immediate consultation to the student's parent(s) or legal guardian(s). Every effort shall be made to remediate a student's deficiencies before retention is recommended. The parent(s) or legal guardian(s) and, where appropriate, the student shall be notified of the possibility of the student's retention at grade level in advance and, whenever feasible, no later than six weeks prior to the end of the school year.

School attendance shall be a factor in the determination of a student's promotion or retention.

Classroom teachers shall recommend to the Building Principal the promotion or retention of each student. Parent(s) or legal guardian(s) and adult students may appeal a promotion or retention decision to the Principal whose decision shall be final.

5460.02 BRIDGE YEAR PILOT PROGRAM

The New Jersey Commissioner of Education has established a three-year "Bridge Year Pilot Program," under which each school district with a high school shall offer students in the graduating classes of 2021 and 2022 the opportunity to pursue a Bridge Year during the year immediately following their senior year of high school, in accordance with the provisions of P.L. 2020 c.41. The purpose of the Bridge Year Pilot Program shall be to provide participating students an additional year to address learning loss and missed opportunities in extracurricular activities, including spring sports programs, as a result of the public health state of emergency caused by the COVID-19 pandemic.

For the purpose of this Policy, "host high school" means the high school that a student, who pursues a Bridge Year pursuant to the provisions of P.L. 2020 c.41, attended as a junior in high school.

Under the Bridge Year Pilot Program, each high school in a school district shall designate a school staff member as a Bridge Year Liaison to serve as the school's central point of contact for students interested in pursuing a Bridge Year and for students participating in a Bridge Year. Nothing in P.L. 2020 c.41 shall be construed to require a school district to hire an individual to serve as a Bridge Year Liaison.

To be eligible to participate in the Bridge Year Pilot Program, a student shall be nineteen years of age or younger and shall not turn twenty years of age at any time during the Bridge Year, except that a classified student shall be eligible to participate if the student will turn twenty years of age during the Bridge Year due to services provided pursuant to the student's individualized education program. To participate in the Bridge Year Pilot Program, eligible students must notify their host high school's Bridge Year Liaison by February 15 of their senior year.

The Bridge Year Liaison shall develop, in consultation with Bridge Year students, an Individual Learning Plan (ILP) for each student. To ensure ample time to plan for the implementation of services outlined in the ILP, each Bridge Year student's ILP shall be completed by May 15, but no later than June 1 of the student's senior year.

During the fall semester of the student's Bridge Year, the student shall take between nine and twelve credits at the host high school, the county college that serves the county of the host high school, or a combination thereof. During the spring semester of the student's Bridge Year, the student shall take between nine and twelve credits at the county college that serves the county of the host high school. During either semester of the Bridge Year, a student may also take up to

three credits offered by a four-year institution of higher education at any high school in the State or at any other location to fulfill the student's credit requirement. At the conclusion of each semester of the Bridge Year, the host high school shall update the student's high school transcript to reflect any high school credits earned during the Bridge Year.

In the event that a student initially decides to pursue a Bridge Year in the fall semester, but does not continue the Bridge Year in the spring semester, the student's host high school shall release all final transcripts and other records as necessary and as may be requested. A student who decides not to continue the Bridge Year in the spring semester shall not be eligible to participate in a spring sports program or extracurricular activities pursuant to P.L. 2020 c.41.

The State Board of Education shall promulgate regulations pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B -1 et seq.), necessary to effectuate the provisions of P.L. 2020 c.41.

The Higher Education Student Assistance Authority shall promulgate regulations, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B -1 et seq.), necessary to effectuate the provisions of subsection d. of section 2 of this Act.

P.L. 2020 c.41

5466 GRADUATION AND YEARBOOK FEES

The Board of Education recognizes that the cost of graduation ceremonies, if any, directly paid by graduating students and the cost of a yearbook directly paid by the graduating student may create a financial hardship for the parent(s), legal guardian(s) or other person having legal custody of the graduating student.

The Board of Education will not exclude from the graduation ceremony any student who is unable to pay the fees required of the graduating student to participate in the graduation ceremony because of financial hardship for the parent(s), legal guardian(s) or other person having legal custody of the graduating student.

Furthermore, the Board will pay the cost for a graduating student to purchase a yearbook if the graduating student is unable to pay the fees required of the graduating student to participate in the graduation ceremony because of financial hardship for the parent(s), legal guardian(s) or other person having legal custody of the graduating student.

In determining financial hardship, the criteria will be the same as the Statewide eligibility standards established by the State Board of Education for free and reduced price meals under the State School Lunch Program.

7. Monitor their own progress toward school objectives; and
8. Communicate with parent(s) or legal guardian(s) and appropriate school staff members.

The Superintendent shall, in consultation with staff members, parent(s) or legal guardian(s), and, where appropriate, students, develop a statement of specific student behaviors that exemplify these expectations and shall publish both this policy and the statement of behaviors to all students, parent(s) or legal guardian(s), and professional staff members.

N.J.S.A. 18A:11-1

Adopted: 07 June 2022

5511 DRESS AND GROOMING

The Board of Education recognizes each student's mode of dress and grooming is a manifestation of the student's personal style and individual preferences. The Board will impose its judgment on students and parent(s) or legal guardian(s) only when a student's dress and grooming affect the educational program of the schools.

Students may not wear clothing or engage in grooming practices that present a health or safety hazard to the individual student or to others; materially interfere with school work, create disorder, or disrupt the educational program; cause excessive wear or damage to school property; or prevent the student from achieving their own educational objectives because of blocked vision or restricted movement.

The Board of Education prohibits students from wearing, while on school property, any type of clothing, apparel or accessory which indicates that the student has membership in, or affiliation with, any gang associated with criminal activities. The local law enforcement agency will advise the Board, upon request, of gangs which are associated with criminal activities.

The Board of Education recognizes that student dress codes should support equitable educational access and should not reinforce gender stereotypes. Student dress codes and administrative enforcement should not reinforce or increase marginalization or oppression of any group based on race, gender, ethnicity, religion, sexual orientation, household income, gender identity or cultural observance.

The Board believes that:

1. All students should be able to dress comfortably for school without fear of discipline or body shaming;
2. All students and staff should respect that personal appearance is an individual expression and not a topic for comment and/or criticism;
3. Teaching staff members are responsible for teaching and should not be burdened with dress code enforcement;
4. Student attire should not create unnecessary barriers to school attendance; and
5. Students shall be allowed to wear attire consistent with their religious beliefs.

Minimum Requirements

The Building Principal or designee shall enforce student dress practices included in individual school dress codes. Students are prohibited from wearing clothing, footwear or accessories which:

1. Present a hazard to the health or safety to the student or to others in the school;
2. Materially interfere with schoolwork, create disorder, or disrupt the educational program;
3. Cause excessive wear or damage to school property;
4. Prevent the student from achieving their own educational objectives because of blocked vision or restricted movement; and
5. Contain language or symbols depictive of drugs, alcohol, and tobacco, of a sexual nature, or any other language or images that would be considered to be offensive by a reasonable person.

The intent of this Policy is to keep students safe and focused on learning.

In general, students shall not be removed from a classroom or lose class time as a result of a school's dress code violation. Only when a student's dress is a hazard to the health or safety of the student or to others, causes damage to school property or depicts or promotes violent, illegal or discriminatory messages, shall a student be removed from class and/or required to change or cover their clothing.

When enforcing the school dress code, staff members and administrators shall take reasonable measures to address the student in private in order to prevent embarrassment and/or shaming the student.

The administrative staff may modify the dress code for specific school sponsored activities or school sponsored events.

The Building Principal shall determine whether the dress or grooming of students comes within these prohibitions.

Staff members shall demonstrate by example and precept wholesome attitudes toward neatness, cleanliness, propriety, modesty, and good sense in attire and appearance.

The Superintendent shall, on consultation with staff members, students, and parent(s) or legal guardian(s), prepare a dress code that imposes only minimum and necessary limitations on a student's taste and individuality.

A. Policy Statement

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Harassment, intimidation, or bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s); adoptive parent(s); legal guardian(s); foster parent(s); or parent surrogate(s) of a student. When parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided parental rights have not been terminated by a court of appropriate jurisdiction.

B. Harassment, Intimidation, and Bullying Definition

"Harassment, intimidation, or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic;
2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;

3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that
 - a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to their person or damage to their property; or
 - b. Has the effect of insulting or demeaning any student or group of students; or
 - c. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

Schools are required to address harassment, intimidation, and bullying occurring off school grounds, when there is a nexus between the harassment, intimidation, and bullying and the school (e.g., the harassment, intimidation, or bullying substantially disrupts or interferes with the orderly operation of the school or the rights of other students).

"Electronic communication" means a communication transmitted by means of an electronic device, including, but not limited to: a telephone, cellular phone, computer, or pager.

C. Student Expectations

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents, school employees, school administrators, school volunteers, and community representatives, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects that students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, and bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority);
2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;
3. Student rights; and
4. Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, students, instructional staff, student support services staff, school administrators, and school volunteers, as well as community organizations, such as faith-based, health and human service, business and law enforcement, in the development of this Policy. Based on locally determined and accepted core ethical values adopted by the Board, pursuant to N.J.A.C. 6A:16-7.1(a)2, the Board must develop guidelines for student conduct pursuant to N.J.A.C. 6A:16-7.1. These guidelines for student conduct will take into consideration the developmental ages of students, the severity of the offenses and students' histories of inappropriate behaviors, and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent must annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. Students are encouraged to support other students who:

1. Walk away from acts of harassment, intimidation, and bullying when they see them;
2. Constructively attempt to stop acts of harassment, intimidation, or bullying;
3. Provide support to students who have been subjected to harassment, intimidation, or bullying; and
4. Report acts of harassment, intimidation, and bullying to the designated school staff member.

D. Consequences and Appropriate Remedial Actions

The Board of Education requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for students who commit one or more acts of harassment, intimidation, or bullying, consistent with the Code of Student Conduct. The following factors, at a minimum, shall be given full consideration by school administrators in the implementation of appropriate consequences and remedial measures for each act of harassment, intimidation, or bullying by students.

Consequences – Students

Consequences for a student who commits one or more acts of harassment, intimidation, or bullying may range from positive behavioral interventions up to and including suspension or expulsion of students, as set forth in the Board's approved Code of Student Conduct pursuant to N.J.A.C. 6A:16-7.1. Consequences for a student who commits an act of harassment, intimidation, or bullying are those that are varied and graded according to the nature of the behavior; the nature of the student's disability, if any, and to the extent relevant; the developmental age of the student; and the student's history of problem behaviors and performance consistent with the Board's approved Code of Student Conduct and N.J.A.C. 6A:16-7, Student Conduct. The use of negative consequences should occur in conjunction with remediation and not be relied upon as the sole intervention approach.

Factors for Determining Consequences – Student Considerations

1. Age, developmental and maturity levels of the parties involved and their relationship to the school district;
2. Degrees of harm;
3. Surrounding circumstances;
4. Nature and severity of the behavior(s);
5. Incidences of past or continuing patterns of behavior;
6. Relationships between the parties involved; and
7. Context in which the alleged incidents occurred.

Factors for Determining Consequences – School Considerations

1. School culture, climate, and general staff management of the learning environment;
2. Social, emotional, and behavioral supports;
3. Student-staff relationships and staff behavior toward the student;
4. Family, community, and neighborhood situation; and
5. Alignment with Board policy and regulations/procedures.

Examples of Consequences

2. Temporary removal from the classroom;
3. Deprivation of privileges;
4. Classroom or administrative detention;
5. Referral to disciplinarian;
6. In-school suspension;
7. Out-of-school suspension (short-term or long-term);
8. Reports to law enforcement or other legal action; or
9. Expulsion.

In accordance with N.J.S.A. 18A:37-15.b.(4), the consequences for a student who commits an act of harassment, intimidation, or bullying may vary depending on whether it is the first act of harassment, intimidation, or bullying by a student, the second act, or third or subsequent acts. If it is the third or subsequent act of harassment, intimidation, or bullying by a student, the Principal, in consultation with appropriate school staff, shall develop an individual student intervention plan which shall be approved by the Superintendent or designee, and may require the student, accompanied by a parent, to complete in a satisfactory manner a class or training program to reduce harassment, intimidation, or bullying behavior.

Appropriate Remedial Actions – Students

Appropriate remedial action for a student who commits an act of harassment, intimidation, or bullying that takes into account the nature of the behavior; the nature of the student's disability, if any, and to the extent relevant; the developmental age of the student; and the student's history of problem behaviors and performance. The appropriate remedial action may also include a behavioral assessment or evaluation including, but not limited to, a referral to the Child Study Team as appropriate; and supportive interventions and referral services, including those at N.J.A.C. 6A:16-8.

Factors for Determining Remedial Measures

9. Neighborhood situation; and
10. Family situation.

Remedial measures shall be designed to correct the problem behavior, prevent another occurrence of the problem, protect and provide support for the victim of the act, and take corrective action for documented systemic problems related to harassment, intimidation, or bullying. The consequences and remedial measures may include, but are not limited to, the examples listed below:

Remedial measures may include, but not be limited to: in or out-of-school counseling, professional development programs, and work environment modifications.

Target/Victim Support

Districts should identify a range of strategies and resources that will be available to individual victims of harassment, intimidation, and bullying, and respond in a manner that provides relief to victims and does not stigmatize victims or further their sense of persecution. The type, diversity, location, and degree of support are directly related to the student's perception of safety.

Sufficient safety measures should be undertaken to ensure the victim's physical and social-emotional well-being and their ability to learn in a safe, supportive, and civil educational environment.

Examples of support for student victims of harassment, intimidation, and bullying include:

1. Teacher aides;
2. Hallway and playground monitors;

E. Harassment, Intimidation, and Bullying Reporting Procedure

The Board of Education requires the Principal at each school to be responsible for receiving complaints alleging violations of this Policy. All Board members, school employees, and volunteers and contracted service providers who have contact with students are required to verbally report alleged violations of this Policy to the Principal or the Principal's designee on the same day when the individual witnessed or received reliable information regarding any such incident. All Board members, school employees, and volunteers and contracted service providers who have contact with students, also shall submit a report in writing to the Principal within two school days of the verbal report. The written report shall be on a numbered form developed by the New Jersey Department of Education in accordance with N.J.S.A. 18A:37-15.b.(5). A copy of the form shall be submitted promptly by the Principal to the Superintendent.

The Principal or designee will inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. The Principal or designee shall keep a written record of the date, time, and manner of notification to the parents. The Principal or designee shall take into account the circumstances of the incident when providing notification to parents of all students involved in the reported harassment, intimidation, or bullying incident and when conveying the nature of the incident, including the actual or perceived protected category motivating the alleged offense. The Principal, upon receiving a verbal or written report, may take interim measures to ensure the safety, health, and welfare of all parties pending the findings of the investigation.

Students, parents, and visitors are encouraged to report alleged violations of this Policy to the Principal on the same day when the individual witnessed or received reliable information regarding any such incident.

A person may report, verbally or in writing, an act of harassment, intimidation, or bullying committed by an adult or youth against a student anonymously. The Board will not take formal disciplinary action based solely on the anonymous report. The district shall provide a means for a parent to complete an online numbered form developed by the New Jersey Department of Education to confidentially report an incident of harassment, intimidation, or bullying.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with the procedures set forth in this Policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

In accordance with the provisions of N.J.S.A. 18A:37-18, the harassment, intimidation, and bullying law does not prevent a victim from seeking redress under any other available law, either civil or criminal, nor does it create or alter any tort liability.

The district may consider every mechanism available to simplify reporting, including standard reporting forms and/or web-based reporting mechanisms. For anonymous reporting, the district may consider locked boxes located in areas of a school where reports can be submitted without fear of being observed.

A school administrator who receives a report of harassment, intimidation, and bullying from a district employee, and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action.

3. A School Safety/School Climate Team shall be formed in each school in the district to develop, foster, and maintain a positive school climate by focusing on the on-going systemic operational procedures and educational practices in the school, and to address issues such as harassment, intimidation, or bullying that affect school climate and culture. Each School Safety/School Climate Team shall meet, at a minimum, two times per school year. The School Safety/School Climate Team shall consist of the Principal or the Principal's designee who, if possible, shall be a senior administrator in the school and the following appointees of the Principal: a teacher in the school; a school Anti-Bullying Specialist; a parent of a student in the school; and other members to be determined by the Principal. The school Anti-Bullying Specialist shall serve as the chair of the School Safety/School Climate Team.

The School Safety/School Climate Team shall:

The School Safety/School Climate Team shall be provided professional development opportunities that may address effective practices of successful school climate programs or approaches; and
- g. Execute such other duties related to harassment, intimidation, or bullying as requested by the Principal or district Anti-Bullying Coordinator.

Notwithstanding any provision of N.J.S.A. 18A:37-21 to the contrary, a parent who is a member of the School Safety/School Climate Team shall not participate in the activities of the team set forth in 3. a., b., or c. above or any other activities of the team which may compromise the confidentiality of a student, consistent with, at a minimum, the requirements of the Family Educational Rights and Privacy Act (20 U.S.C. Section 1232 and 34 CFR Part 99), N.J.A.C. 6A:32-7, Student Records and N.J.A.C. 6A:14-2.9, Student Records.

G. Harassment, Intimidation, and Bullying Investigation

The Board requires a thorough and complete investigation to be conducted for each report of violations and complaints which either identify harassment, intimidation, or bullying or describe behaviors that indicate harassment, intimidation, or bullying.

However, prior to initiating the investigation, the Principal or designee, in consultation with the Anti-Bullying Specialist, may make a preliminary determination as to whether the reported incident or complaint, assuming all facts presented are true, is a report within the scope of the definition of harassment, intimidation, and bullying under the Anti-Bullying Bill of Rights Act, N.J.S.A. 18A:37-14.

The Principal shall report to the Superintendent if a preliminary determination is made that the reported incident or complaint is a report outside the scope of the definition of harassment, intimidation, or bullying. The Superintendent may require the Principal to

conduct an investigation of the incident if the Superintendent determines that an investigation is necessary because the incident is within the scope of the definition of harassment, intimidation, and bullying. The Superintendent shall notify the Principal of this determination in writing. An investigation required by the Superintendent must be completed as soon as possible, but not later than ten school days, from the date of the written notification from the Superintendent to the Principal.

The Principal shall complete the written report form developed by the New Jersey Department of Education, in accordance with N.J.S.A. 18A:37-15.b.(5), even if a preliminary determination is made that the reported incident or complaint is a report outside the scope of the definition of harassment, intimidation, or bullying pursuant to N.J.S.A. 18A:37-14. This written report form shall be kept on file at the school, but shall not be included in any student record unless the incident results in disciplinary action or is otherwise required to be contained in a student's record under State or Federal law.

The Principal or designee, upon making a preliminary determination the incident or complaint is not within the scope of the definition of harassment, intimidation, and bullying, shall inform the parents of the parties involved, who may appeal the preliminary determination to the Board of Education and thereafter to the Commissioner of Education in accordance with N.J.A.C. 6A:3.

A Board hearing shall be held within ten business days of receipt of the request for a Board hearing. If the preliminary determination, upon review of the facts presented in the reported incident or complaint, is to continue with the harassment, intimidation, and bullying investigation, the investigation shall be completed in accordance with N.J.S.A. 18A:37-15.b.(6) and this Policy.

The Superintendent shall provide annually to the Board of Education information on the number of times a preliminary determination was made that an incident or complaint was outside the scope of the definition of harassment, intimidation, or bullying for the purposes of the State's monitoring of the school district pursuant to N.J.S.A. 18A:17-46.]

The investigation shall be initiated by the Principal or the Principal's designee within one school day of the verbal report of the incident. The investigation shall be conducted by the school Anti-Bullying Specialist in coordination with the Principal. The Principal may appoint additional personnel who are not school Anti-Bullying Specialists to assist with the investigation. Investigations or complaints concerning adult conduct shall not be investigated by a member of the same bargaining unit as the individual who is the subject of the investigation. The Superintendent or designee will appoint a staff member to complete investigations involving allegations against a staff member serving in a supervisory or administrative position.

The investigation shall be completed and the written findings submitted to the Principal as soon as possible, but not later than ten school days from the date of the written report of the incident. Should information regarding the reported incident and the investigation be received after the end of the ten-day period, the school Anti-Bullying Specialist shall amend the original report of the results of the investigation to ensure there is an accurate and current record of the facts and activities concerning the reported incident.

The Principal shall proceed in accordance with the Code of Student Conduct, as appropriate, based on the investigation findings. The Principal shall submit the report to the Superintendent within two school days of the completion of the investigation and in accordance with the Administrative Procedures Act (N.J.S.A. 52:14B-1 et seq.). As appropriate to the findings from the investigation, the Superintendent shall ensure the Code of Student Conduct has been implemented and may decide to provide intervention services, order counseling as a result of the finding of the investigation, establish training programs to reduce harassment, intimidation, or bullying and enhance school climate, impose discipline, or take or recommend other appropriate action including seeking further information, as necessary.

The Superintendent shall report the results of each investigation to the Board of Education no later than the date of the regularly scheduled Board of Education meeting following the completion of the investigation. The Superintendent's report shall include information on any consequences imposed under the Code of Student Conduct, any services provided, training established, or other action taken or recommended by the Superintendent.

Parents of involved student offenders and targets/victims shall be provided with information about the investigation, in accordance with Federal and State law and regulation. The information to be provided to parents shall include the nature of the investigation, whether the district found evidence of harassment, intimidation, or bullying, and whether consequences were imposed or services provided to address the incident of harassment, intimidation, or bullying. This information shall be provided in writing within five school days after the results of the investigation are reported to the Board of Education.

A parent may request a hearing before the Board of Education after receiving the written information about the investigation. Any request for such a hearing shall be filed with the Board Secretary no later than sixty calendar days after the written information is provided to the parents. The hearing shall be held within ten business days of the request. The Board of Education shall conduct the hearing in executive session, pursuant to the

Open Public Meetings Act (N.J.S.A. 10:4-1 et seq.), to protect the confidentiality of the students. At the hearing, the Board may hear testimony from and consider information provided by the school Anti-Bullying Specialist and others, as appropriate, regarding the incident, the findings from the investigation of the incident, recommendations for consequences or services, and any programs instituted to reduce such incidents, prior to rendering a determination. A redacted copy of the completed written report form developed by the New Jersey Department of Education that removes all student identification information shall be confidentially shared with the Board of Education after the conclusion of the investigation if a hearing with the Board of Education is requested by the parents pursuant to N.J.S.A. 18A:37-15.b.(6)(d).

At the regularly scheduled Board of Education meeting following its receipt of the Superintendent's report on the results of the investigations to the Board or following a hearing in executive session, the Board shall issue a decision, in writing, to affirm, reject, or modify the Superintendent's decision. The Board's decision may be appealed to the Commissioner of Education, in accordance with N.J.A.C. 6A:3, Controversies and Disputes, no later than ninety days after issuance of the Board of Education's decision.

A parent, student, or organization may file a complaint with the Division on Civil Rights within one hundred eighty days of the occurrence of any incident of harassment, intimidation, or bullying based on membership in a protected group as enumerated in the "Law Against Discrimination," P.L.1945, c.169 (C.10:5-1 et seq.).

H. Range of Responses to an Incident of Harassment, Intimidation, or Bullying

The Board shall establish a range of responses to harassment, intimidation, and bullying incidents and the Principal and the Anti-Bullying Specialist shall appropriately apply these responses once an incident of harassment, intimidation, or bullying is confirmed. The Superintendent shall respond to confirmed harassment, intimidation, and bullying, according to the parameters described in this Policy. The range of ways in which school staff will respond shall include an appropriate combination of counseling, support services, intervention services, and other programs. The Board recognizes that some acts of harassment, intimidation, or bullying may be isolated incidents requiring the school officials respond appropriately to the individual(s) committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation, or bullying that they require a response either at the classroom, school building, or school district level or by law enforcement officials.

For every incident of harassment, intimidation, or bullying, the school officials must respond appropriately to the individual who committed the act. The range of responses to confirmed harassment, intimidation, or bullying acts should include individual, classroom, school, or district responses, as appropriate to the findings from each incident. Examples of responses that apply to each of these categories are provided below:

1. Individual responses can include consistent and appropriate positive behavioral interventions (e.g., peer mentoring, short-term counseling, life skills groups) intended to remediate the problem behaviors.
2. Classroom responses can include class discussions about an incident of harassment, intimidation, or bullying, role plays (when implemented with sensitivity to a student's situation or involvement with harassment, intimidation, and bullying), research projects, observing and discussing audio-visual materials on these subjects, and skill-building lessons in courtesy, tolerance, assertiveness, and conflict management.
3. School responses can include theme days, learning station programs, "acts of kindness" programs or awards, use of student survey data to plan prevention and intervention programs and activities, social norms campaigns, posters, public service announcements, "natural helper" or peer leadership programs, "upstander" programs, parent programs, the dissemination of information to students and parents explaining acceptable uses of electronic and wireless communication devices, and harassment, intimidation, and bullying prevention curricula or campaigns.
4. District-wide responses can comprise of adoption of school-wide programs, including enhancing the school climate, involving the community in policy review and development, providing professional development coordinating with community-based organizations (e.g., mental health, health services, health facilities, law enforcement, faith-based organizations), launching harassment, intimidation, and bullying prevention campaigns.

5514 STUDENT USE OF VEHICLES ON SCHOOL GROUNDS

The safety of students, staff members, school visitors, and others while on school grounds is of significant importance to the Board of Education. A student's use of a vehicle and/or other modes of transportation on school grounds has the potential to present a safety hazard for the student operator and to other students, staff members, school visitors and others while on school grounds.

Students are permitted to drive their automobile to and from school and park in the area designated for student parking.

The student must register their automobile with the Principal or designee who will provide the student with school rules for driving and parking on school grounds. The school's rules require a permit attained via a lottery system that must be affixed on a window or be clearly visible from outside the automobile when the automobile is parked on school grounds.

Students are permitted to ride bicycles to the schools in the school district.

Students are permitted to bring on school grounds non-motorized skateboards, scooters, roller skates, or any other non-motorized mode of transportation the student may use to get to and from school. The Principal shall determine if such items may be brought into the school building during the school day.

Students that bring these items to school must comply with all applicable State and local laws for operation. The Principal of each school may develop school rules for the operation of the student's non-motorized items on school grounds and if such items can be brought into school and where such items shall be stored, in or outside the building, during the school day.

Students are not permitted to bring any motorized bicycle, skateboard, scooter, roller skates, hoverboard, or any other motorized mode of transportation on school grounds during the school day.

The Principal of each school building may revoke the privilege of a student's use of any vehicle or mode of transportation permitted by this Policy for the student's failure to follow the provisions of this Policy and any requirements of State or local law or any school rule. The Board of Education assumes no responsibility for the loss, damage, or theft of any vehicle or any mode of transportation permitted on school grounds in accordance with this Policy.

5516 USE OF ELECTRONIC COMMUNICATION AND RECORDING DEVICES (ECRD)

The Board of Education believes students and/or school staff members should not be subject to having a video or audio recording taken of any student(s) or school staff member(s) for any purpose without the consent of the student, the student's parent, and/or the school staff member. In addition to protecting the privacy rights of students and school staff members, the Board recognizes such recordings can be disruptive to the educational program. In addition, inappropriate recordings of educational material, student assessment instruments, and/or student assessment reviews can be used to compromise the integrity of the district's educational program or lead to academic dishonesty in the event such recordings are stored and/or transmitted to other students. Therefore, the Board of Education adopts this Policy regarding student use of electronic communication and recording devices.

"Electronic communication and recording device (ECRD)" includes any device with the capability to audio or video record or is capable of receiving or transmitting any type of communication between persons. An ECRD includes, but is not limited to, cameras, cellular and wireless telephones, pagers/beepers, laptop computers, electronic readers, personal digital assistants (PDAs), two-way radios, portable fax machines, video broadcasting devices, and any other device that allows a person to record and/or transmit, on either a real time or delayed basis, sound, video, or still images, text, or other information.

A student is not permitted to have turned on or use an ECRD on school grounds during the school day or when the student is participating in a curricular or school-sponsored co-curricular activity. A student's personal ECRD may only be used on school grounds in an emergency situation or before and after the school day or with the permission of a school staff member supervising the student in a curricular or school-sponsored co-curricular activity. Any audio and/or video recording by a student using their personal ECRD with permission of a school staff member while participating in a curricular or school-sponsored activity where other students or staff members are present shall require the permission for such recording from any other student and their parent and/or staff members whose voice or image is to be recorded. This Policy is not intended to prohibit appropriate use of electronic devices for authorized or approved official curricular or school-sponsored co-curricular activities such as yearbook photographs, staff member/teacher-directed and approved activities, classroom presentations, athletic events, and drama production filming. A student authorized or approved to use an ECRD may not use an ECRD to access internet sites or view information or internet-based material that is inappropriate or would be blocked from student access by the school district's acceptable use of computers and networks policy. Nothing in this Policy is intended to prevent a student from using their personal ECRD and recording school-sponsored co-curricular activities as a non-participant when the activity is open to the general public.

For the purposes of this policy, “school grounds” means and includes land, portions of land, structures, buildings, and structures that support these buildings, including, but not limited to, administrative buildings, kitchens, maintenance shops, and garages. “School grounds” also includes other facilities as defined in N.J.A.C. 6A:26-1.2, playgrounds, and other recreational places owned by the local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.

An ECRD used in violation of this Policy will be confiscated by a school staff member or Principal or designee and the student will be subject to appropriate disciplinary action.

A student shall not knowingly bring or possess any remotely activated paging device on any school grounds, including on a school bus or at a school-sponsored function, at any time and regardless of whether school is in session or other persons are present without the express written permission of the Principal. The student must submit a written request and establish to the satisfaction of the Principal a reasonable basis for the possession of the device. The written request must include the purpose for the student possessing and/or bringing the device on school property and the date or dates in which the student requests to possess and/or bring the device on school property. The written request must also include the date in which the student will no longer need to bring and/or possess the device on school property.

The Principal, upon reviewing the request from the student, will make a determination. The determination will be in writing and if approved, written permission for the student to bring and/or possess a remotely activating paging device will be provided to the student. Permission will only be provided for the school year.

The student must submit a new request if the time in which permission is given to bring and/or possess a device expires. The student that is granted permission to possess and/or bring the device must be in the possession of the device at all times. The Principal or designee shall immediately notify the Superintendent of Schools and the appropriate criminal justice or juvenile justice agency if a student brings or possesses a remotely activated paging device in violation of N.J.S.A. 2C:33-19 and this Policy.

A student who is an active member in good standing of a volunteer fire company, first aid, ambulance or rescue squad may bring or possess a remotely activated paging device on school property only if the student is required to respond to an emergency and the student provides a statement to the Principal from the chief executive officer of the volunteer fire company, first aid, ambulance or rescue squad authorizing the possession of the device by the student at all times and that the student is required to respond to an emergency.

Use of Electronic Communication and Recording Devices (ECD)

The Principal or designee will confiscate the remotely activated paging device, take appropriate disciplinary action and shall immediately notify the Superintendent of Schools and the appropriate criminal justice or juvenile justice agency if a student brings or possesses a remotely activated paging device in violation of N.J.S.A. 2C:33-19 and this Policy.

5516.01 STUDENT TRACKING DEVICES

The Board of Education recognizes students may have in their possession while in school, at a school-sponsored activity, or on a school bus an electronic tracking device that uses a global positioning system (GPS) or any other similar system. A tracking unit is a device, normally carried by a moving vehicle or person, that uses a GPS or similar system to determine and track its precise location, and hence that of its carrier, at intervals. The recorded location data can be stored within the tracking unit or it may be transmitted to another location, including, but not limited to, a central location database or an Internet-connected computer, using a cellular, radio, or satellite modem embedded in the unit. This allows the tracking unit's location to be displayed against a map backdrop either in real time or when analyzing the tracking path later, using tracking software. A tracking unit may be a device designed just for tracking or may be an application installed on any other electronic device.

A tracking unit may also have the ability to transmit in real time or through taping electronic communications to another location. These electronic communications may be one-way or two-way audio or video communications between the student and a person with a device at another location or an audio and/or video feature that enables a person remote from the student, with or without the permission of the student, to listen-in or have voice communications with the student and/or access video through the unit either in real time or by taping such communications.

The Board of Education permits the use of a tracking unit or an application on an electronic device that can track the location of the student while in school, at a school-sponsored event, or on a school bus. However, to protect the privacy rights of all students and to maintain the school district's legal obligation to maintain confidential student information in accordance with Federal and State law and regulations, the use of a tracking device or an application on an electronic device that enables any type of one-way or two-way audio and/or video communications or taping is not permitted.

A violation of the provisions of this Policy will result in a violation of the Student Code of Conduct Policy and appropriate discipline will be imposed.

An Identification Card will be issued to all students in middle school and high school.

The Principal or designee may require a student to present their Identification Card at any time during the school day or at any time during a school-sponsored activity on school grounds. The Card may be presented for:

5. Identification for transportation services offered by the district including the use of activity and/or late buses;
6. Identification for admission to certain school-related and school district sponsored functions; and
7. Other purposes and activities as determined by the Building Principal.

Notwithstanding any provision of this Policy, the Principal or designee may also require students carry an Identification Card at any school-sponsored, off-campus activity, including but not limited to, field trips or interscholastic sports programs pursuant to N.J.S.A. 18A:36-43a. The provisions of this Policy shall not be construed to require a student to carry the Identification Card while participating in an athletic contest or competition, an activity involving fine arts or performing arts, or any other activity that the Commissioner of Education determines does not require the physical possession of an Identification Card. An Identification Card used in accordance with N.J.S.A. 18A:36-43a shall include, but need not be limited to, the following information: the student's name; an up-to-date photograph; and the current school year.

5519 DATING VIOLENCE AT SCHOOL

The Board of Education believes a safe and civil environment in school is necessary for children to learn. A student who is a victim of dating violence suffers academically and the student's safety at school is jeopardized. Acts or incidents of dating violence at school whether they are verbal, sexual, physical, or emotional will not be tolerated and will be dealt with in accordance with the school's student code of conduct.

All school staff members (administrative staff, instructional staff, support staff, and volunteers) shall take all reasonable measures to prevent acts or incidents of dating violence at school involving a student. All acts or incidents of dating violence at school shall be reported to the Principal or designee in accordance with the provisions outlined in Regulation 5519. A verbal report shall be made to the Principal or designee as soon as possible, but no later than the end of the student's school day when the staff member witnesses or learns of an act or incident of dating violence at school. A written report regarding the act or incident shall be submitted to the Principal or designee by the reporting staff member no later than one day after the act or incident occurred.

School staff members are required to report all acts or incidents of dating violence at school they witness or upon receiving reliable information concerning acts or incidents of dating violence at school. Acts or incidents may include, but are not limited to: those characterized by physical, emotional, verbal, or sexual abuse; digital or electronic acts or incidents of dating violence; and/or patterns of behavior which are threatening or controlling.

The Board of Education, upon the recommendation of the Superintendent of Schools, shall adopt the guidelines and procedures outlined in Regulation 5519 for responding to acts or incidents of dating violence at school. The protocols outlined in Regulation 5519 have been established for any school staff member who witnesses or learns of an act or incident of dating violence at school and for school administrators to work with the victim and the aggressor of an act or incident of dating violence.

Dating violence statements and investigations shall be kept in files separate from student academic and discipline records to prevent the inadvertent disclosure of confidential information. Every act or incident of dating violence at school that is reported shall be documented in an appropriate manner. This should include statements, planning actions, and disciplinary measures as well as counseling and other support resources that are offered and prescribed to the victim or aggressor.

School administrators shall implement discipline and remedial procedures to address acts or incidents of dating violence at school consistent with the school's student code of conduct. The policies and procedures specific to acts or incidents of dating violence at school shall be used to address the act or incident as well as serve as remediation, intervention, education, and prevention for all individuals involved. The responses shall be tiered with consideration given to the seriousness and the number of previous occurrences of acts or incidents in which both the victim and alleged aggressor have been involved.

Consequences may include, but are not limited to: admonishment, temporary removal from the classroom, classroom or administrative detention, in-school suspension, out-of-school suspension, reports to law enforcement, and/or expulsion. Retaliation towards the victim of any act or incident of dating violence shall be considered when administering consequences to the alleged aggressor based on the severity of the act or incident.

Remediation/intervention may include, but is not limited to: parent conferences, student counseling (all students involved in the act or incident), peer support groups, corrective instruction or other relevant learning or service experiences, supportive student interventions (Intervention and Referral Services - I&RS), behavioral management plans, and/or alternative placements.

A pattern of behaviors may be an important sign a student is involved in an unhealthy or abusive dating relationship. The warning signs listed in Regulation 5519 shall educate the school community on the characteristics that a student in an unhealthy or abusive relationship may exhibit. Many of these warning signs make a connection to one student in the relationship asserting control and power over the other. Recognizing one or more signs of teen dating violence plays an important role in preventing, educating, and intervening in acts or incidents of dating violence.

The Board of Education shall make available to students and their families information on safe, appropriate school, family, peer, and community resources available to address dating violence.

The Board of Education shall incorporate age-appropriate dating violence education in grades seven through twelve through the health education curriculum in alignment with the New Jersey Student Learning Standards for Comprehensive Health and Physical Education. The educational program shall include, but is not limited to, a definition of dating violence, recognizing the warning signs of dating violence, and the characteristics of healthy relationships.

Upon written request to the school Principal, a parent/legal guardian of a student less than eighteen years of age shall be permitted, within a reasonable period of time after the request is made, to examine the dating violence education instruction materials developed by the school district.

Notice of Policy and Regulation 5519 shall appear in all district publications that set forth the comprehensive rules, procedures, and standards of conduct for students within the district and in any handbook.

5535 PASSIVE BREATH ALCOHOL SENSOR DEVICE

The Board of Education is committed to the promotion of healthful living and to the safety and well-being of its students. The Board believes that the use of a passive breath alcohol sensor device (PBASD), commonly known as breathalyzers, during school-sponsored events, on or off school grounds, can enable school staff to protect students who may be under the influence of alcohol and helps deter the use of alcohol by students attending school events.

The Board authorizes high school administrators or designated staff members in charge of a school related activity or event to administer breathalyzer tests at school-sponsored activities or events including but not limited to dances, athletic events, proms, class trips, overnight trips, school assemblies, drama productions, or graduation ceremonies.

- A. Students and their parents will be notified via policy notices, newsletters, event permission forms, specific advertisements and/or tickets that PBASDs may be used at school-sponsored events. Students and their parents also will be notified prior to events where PBSAD testing will be conducted that:
 - 1. Students will be denied entry and/or be removed from the event or activity if they refuse to submit to the PBSAD test;
 - 2. Students will be denied entry and/or be removed from the event or activity if they are found to have consumed and/or possessed alcohol at or preceding a school-sponsored event;
 - 3. Students found to be under the influence of alcohol shall be subject to the required medical examination as detailed in N.J.A.C. 6A:16-4.3 and Board Policy 5530 Substance Abuse.
- B. When a passive breath alcohol sensor device will be used, the method of administration may include the following:
 - 1. Every student attending or student participating in such event will be screened;
 - 2. The Building Principal or designee may, in certain circumstances, determine to have students screened on a random basis (i.e. blind selection of marbles, or other bona fide random selection process predetermined by the Principal); and/or
 - 3. The Building Principal or designee may screen based on reasonable suspicion of alcohol use.

As a condition for participation in extracurricular activities and school sponsored events, parents and students shall be required to provide written consent to submit passive breath alcohol sensor device testing and in the case of a positive result, agree to immediately arrange for and complete a medical examination by a physician selected by the parent.

Procedures

The following procedures regarding the administration of passive breath alcohol device testing at school sponsored activities shall apply:

1. If the PBASD screening indicates the presence of alcohol, it shall be considered reasonable suspicion that the student is under the influence;
2. If a student tests positive, and states that they have not consumed alcohol, or states that they have recently used a mouthwash or other breath-cleansing item, the Principal or designee may allow the student to step aside for five minutes, allow them to wash their mouth with water and retake the test. If the test is negative the second time the student shall be cleared;
3. If the test is positive, the staff member administering the test shall notify the Principal or designee;
4. The parents will be notified;
5. The Principal or designee shall arrange for an immediate medical examination for the purposes of providing appropriate health care for the student and for determining whether the student is under the influence of alcohol or other drugs in accordance with law and Board Policy;
6. The medical examination, pursuant to N.J.A.C. 6A:16-4.3(a)2ii, shall be performed by a physician licensed to practice medicine or osteopathy that is selected by the parent at the parent's expense;
7. Failure of the parent to arrange for and complete an immediate medical examination by a physician shall result in a finding of a positive test for a substance abuse and a violation of Board Policy 5530 Substance Abuse. "Immediate" for purposes of this Policy shall be defined as within two hours of verbal notification to the parent that the PBASD reading has indicated the presence of alcohol;

8. If the physician chosen by the parent is not immediately available, the medical examination shall be conducted by the school physician;
9. If the school physician is unavailable, the student shall be transported to the emergency room of the nearest hospital. The student shall be accompanied by a staff member designated by the Principal. The student's parents, if available shall also accompany the student;
10. Any student testing positive shall be appropriately supervised by staff while awaiting medical treatment and/or the arrival of the parents, and/or during transportation;
11. When a student admits to being under the influence of alcohol or other controlled substances, this shall constitute reasonable suspicion to warrant the medical examination as prescribed above;
12. If upon medical examination, the drug/alcohol screening results in a positive diagnosis, the student will be subject to the same disciplinary and intervention/follow-up procedures as detailed in the code of student conduct and Board Policy 5530 Substance Abuse.
13. The Building Principal or designee shall be responsible for the proper training of school staff members in the use of the PBASD in accordance with the manufacturer's specifications.

Results of any breathalyzer testing will be treated as confidential student information. All due process rights of students will be observed.

Upon the recommendations that result from the medical examination, the student may be referred to an alcohol/substance abuse counseling program, in-school suspension, out-of-school suspension, expulsion, and/or other disciplinary consequences as outlined in Board Policy 5530 Substance Abuse and the district's Code of Student Conduct.

Hazing is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. The Board of Education prohibits acts of hazing and adopts this Policy against hazing in accordance with N.J.S.A. 18A:37-32.2.

"Hazing" in a school setting includes, but is not limited to, conduct by an individual(s) who is a member and/or representative of a school-sponsored student organization, club, or athletic team where such individual(s) conditions a student's acceptance as a member into such group on whether the student engages in activities that are humiliating, demeaning, intimidating, and exhausting to the student.

N.J.S.A. 2C:40-3.a. indicates hazing may also include, but is not limited to, the conduct outlined below:

1. An individual(s) causes, coerces, or otherwise induces a student to commit an act that violates Federal or State criminal law;
2. An individual(s) causes, coerces, or otherwise induces a student to consume any food, liquid, alcoholic liquid, drug or other substance which subjects the student to a risk of emotional or physical harm or is otherwise deleterious to the student's health;
3. An individual(s) subjects a student to abuse, mistreatment, harassment, or degradation of a physical nature, including, but not limited to, whipping, beating, branding, excessive calisthenics, or exposure to the elements;
4. An individual(s) subjects a student to abuse, mistreatment, harassment, or degradation of a mental or emotional nature, including, but not limited to, activity adversely affecting the mental or emotional health or dignity of the individual, sleep deprivation, exclusion from social contact, or conduct that could result in extreme embarrassment;
5. An individual(s) subjects a student to abuse, mistreatment, harassment, or degradation of a sexual nature; or
6. An individual(s) subjects a student to any other activity that creates a reasonable likelihood of bodily injury to the student.

Board of Education members, school employees, and contracted service providers are required to report an alleged incident of hazing that may take place or has taken place on or off school grounds to the Principal or designee on the same day when the individual witnessed or received reliable information regarding such an incident. Students, parents, volunteers, or visitors are encouraged to report an alleged incident of hazing that may take place or has taken place on or off school grounds to the Principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident.

Any report of an alleged incident of hazing shall be immediately investigated by the Principal or designee in accordance with procedures used to investigate alleged violations of the Student Discipline/Code of Conduct and Policy and Regulation 5600. A Principal or designee who receives a report of an alleged incident of hazing and fails to initiate or conduct an investigation and fails to minimize or eliminate the hazing may be subject to disciplinary action.

The Principal or designee may identify behavior when investigating an alleged incident of hazing indicating harassment, intimidation, or bullying (HIB) pursuant to N.J.S.A. 18A:37-14 et seq. – the New Jersey Anti-Bullying Bill of Rights Act (ABR). If the Principal or designee identifies behavior indicating HIB, the Principal or designee shall ensure a separate investigation is conducted in accordance with the ABR and Policy 5512.

The Superintendent or designee shall report to local law enforcement any hazing incident that rises to the level of mandatory reporting under the “Uniform Memorandum of Agreement Between Education Officials and Law Enforcement Officials” or any other agreement between local law enforcement and the school district pursuant to N.J.A.C. 6A:16-5.1(b).

Hazing that involves the participation of a coach, teacher, or other adult may constitute child abuse and shall be addressed in accordance with N.J.S.A. 18A:36-25 and Policy and Regulation 8462.

The Board shall enforce any penalty for violation of this Policy in accordance with the student code of conduct and Policy and Regulation 5600, or any other applicable Board Policy or Regulation. In accordance with N.J.S.A. 18A:37-32.3 appropriate penalties for a violation of this Policy may include, but are not limited to:

1. Withholding of diplomas or transcripts pending compliance with the rules;
2. Rescission of permission for the organization or group whose student member(s) are being penalized under this Policy, to operate on school property or to otherwise operate under the sanction or recognition of the school district; and

3. The imposition of probation, suspension, dismissal, or expulsion of a student member(s).

Any discipline instituted in response to a violation of this Policy may be in addition to discipline for a violation of Policy 5512, Policy and Regulation 5600, and any other applicable Board Policy and Regulation.

The school district shall ensure that students are informed of this Policy, including the rules, penalties, and program of enforcement under this Policy. This Policy shall be posted on the school district's publicly accessible Internet website.

The Board will make every reasonable effort to identify and serve disaffected students whose learning is impeded by environmental circumstances, the student's attitude, or an inappropriate instructional program.

For the purposes of this policy, "disaffected student" means the student who has instructional needs that are not being met by the regular instructional program and who is performing well below their social or academic capacity.

Disaffected students may include students unable to function properly within a traditional school program; students of average or above average intelligence and ability who achieve below their potential; students unable to establish occupational or future goals; students with a pattern of behavior problems, including problems with attendance and tardiness; students who lack motivation, direction, and decision making ability; students who possess a poor self-image; students suffering stressful family settings; students hostile toward adults and authority figures; students in difficulty with community and law enforcement agencies; and students lacking interest in school and avoiding involvement in school activities.

Teaching staff members shall be alert to students experiencing difficulty in their classes. Any such student who does not appear to be disabled may be referred to the Intervention Referral Team (IRT).

A disaffected student who may have disabilities shall be referred to the Child Study Team for evaluation in accordance with Policy No. 2460.

5560 DISRUPTIVE STUDENTS

The Board of Education believes that the students of this district are entitled to an education free from undue disruption. Students who willfully disrupt the educational program shall be subject to the discipline procedures of this district. Every reasonable effort shall be made to determine and remediate the cause or causes of a chronically disruptive student's unacceptable conduct.

For the purposes of this policy, "disruptive student" means the student who has difficulty establishing good relationships with peers and adult authority figures and who exhibits a pattern of conduct which is in defiance of school rules or regulations and which hinders academic success for other students as well as for himself or herself.

Disruptive students may be disciplined in accordance with Policy No. 5600.

A disruptive student who does not appear to be disabled may be referred to the Intervention Referral Team (IRT) in accordance with Policy No. 2417.

A disruptive student who may have disabilities shall be referred to the Child Study Team for evaluation in accordance with Policy and Regulation Nos. 2460 et seq.

The Superintendent shall report regularly to the Board the incidence of acts of violence and vandalism in the school district and shall prepare a remedial plan whenever the report shows a significant increase in the number of such acts.

5561 USE OF PHYSICAL RESTRAINT AND SECLUSION TECHNIQUES FOR STUDENTS WITH DISABILITIES

It is the policy of the Board of Education to promote a safe and productive workplace and educational environment for its employees and students, and to ensure that every student in the district is free from the unreasonable use of physical restraint. Physical restraint shall only be used with extreme caution in emergency situations, after other less intrusive alternatives have failed or been deemed inappropriate.

A. No person employed or engaged in the Princeton Public Schools shall inflict or cause to be inflicted corporal punishment upon a student attending such school or institution. However, any such person within the scope of their employment may use and apply such amounts of force as is reasonable and necessary (N.J.S.A. 18A:6-1):

1. To quell a disturbance, threatening physical injury to others;
2. To obtain possession of weapons or other dangerous objects upon the person or within the control of a student;
3. For the purpose of self-defense; and
4. For the protection of persons or property.

Any such acts, as described above, shall not be construed to constitute corporal punishment.

B. In accordance with law when physical restraint is utilized on students with disabilities Board shall ensure that:

1. The student is not restrained in the prone position, unless the student's primary care physician authorizes the use of this restraint technique;
2. Staff members who are involved in the restraint of a student receive training in safe techniques for physical restraint and that the training is updated at least annually; and
3. The parent of a student is immediately notified when physical restraint is used on that student, which notification may be by telephone or electronic communication. A full written report of the incident of physical restraint shall be provided to the parent within twenty-four hours of the occurrence of the incident.

Seclusion techniques on students with disabilities shall not be used unless the student's primary care physician has authorized the use of seclusion techniques and given prior written consent.

Definitions

- A. "Physical restraint" is a personal restriction that immobilizes or reduces the ability of a student to move his or her torso, arms, legs, or head freely. The term physical restraint does not include a physical escort.
- B. "Physical escort" means a temporary touching or holding of the hand, wrist, arm shoulder, or back for the purpose of inducing a student who is acting out to walk to a safe location.
- C. "Extended restraint" shall mean a physical restraint, the duration of which is more than twenty minutes. Extended restraints increase the risk of injury and, therefore, require additional written documentation.
- D. "Mechanical restraint" is the use of any device or equipment to restrict a student's freedom of movement. This term does not include devices implemented by trained school personnel, or utilized by a student that have been prescribed by an appropriate medical (or related services) professional and are used for the specific and approved purpose for which such devices were designed, such as:
 - 1. Adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment to allow greater freedom of mobility than would be possible without the use of such devices or mechanical supports;
 - 2. Vehicle safety restraints when used as intended during the transport of a student in a moving vehicle;
 - 3. Restraints for medical immobilization; or
 - 4. Orthopedically prescribed devices that permit a student to participate in activities without risk or harm.
- E. "Seclusion technique" means the involuntary confinement of a student alone in a room or area from which the student is physically prevented from leaving, but does not include a timeout.
- F. "Timeout" means a behavior management technique that involves the monitored separation of a student in a non-locked setting, and is implemented for the purpose of calming.

Procedures

School personnel shall only administer a physical restraint when it is needed to protect a student and/or a member of the school community from imminent physical harm. When a physical restraint needs to be administered, school personnel shall seek to prevent or minimize any harm to the student as a result of the use of the physical restraint. This Policy shall not be construed to limit the protection afforded to publicly funded students under other Federal and State laws, including those laws that provide for the rights of students who have been found eligible to receive special education services. Additionally, this Policy shall not be construed to preclude any teacher, employee or agent of this public education program from using reasonable force to protect students, other persons or themselves from assault or imminent physical harm.

The Superintendent, in consultation with the Director of Special Services, shall develop written procedures and guidelines related to this Policy in accordance with the Fifteen Principles established by the United States Department of Education, as per the following:

1. Every effort should be made to prevent the need for the use of restraint and for the use of seclusion;
2. Schools should never use mechanical restraints to restrict a child's freedom of movement, and schools should never use a drug or medication to control behavior or restrict freedom of movement (except as authorized by a licensed physician or other qualified health professional);
3. Physical restraint or seclusion should not be used except in situations where the child's behavior poses imminent danger of serious physical harm to self or others and other interventions are ineffective and should be discontinued as soon as imminent danger of serious physical harm to self or others has dissipated;
4. Policies restricting the use of restraint and seclusion should apply to all children, not just children with disabilities;
5. Any behavioral intervention must be consistent with the child's rights to be treated with dignity and to be free from abuse;
6. Restraint or seclusion should never be used as punishment or discipline (e.g., placing in seclusion for out-of-seat behavior), as a means of coercion or retaliation, or as a convenience;

7. Restraint or seclusion should never be used in a manner that restricts a child's breathing or harms the child;
8. The use of restraint or seclusion, particularly when there is repeated use for an individual child, multiple uses within the same classroom, or multiple uses by the same individual, should trigger a review and, if appropriate, revision of strategies currently in place to address dangerous behavior; if positive behavioral strategies are not in place, staff should consider developing them;
9. Behavioral strategies to address dangerous behavior that results in the use of restraint or seclusion should address the underlying cause or purpose of the dangerous behavior;
10. Teachers and other personnel should be trained regularly on the appropriate use of effective alternatives to physical restraint and seclusion, such as positive behavioral interventions and supports and, only for cases involving imminent danger of serious physical harm, on the safe use of physical restraint and seclusion;
11. Every instance in which restraint or seclusion is used should be carefully and continuously and visually monitored to ensure the appropriateness of its use and safety of the child, other children, teachers, and other personnel;
12. Parents should be informed of the policies on restraint and seclusion at their child's school or other educational setting, as well as, applicable Federal, State or local laws;
13. Parents should be notified as soon as possible following each instance in which restraint or seclusion is used with their child;
14. This Policy will be reviewed regularly and updated as appropriate;
15. Each incident involving the use of restraint or seclusion should be documented in writing and provide for the collection of specific data that would enable teachers, staff, and other personnel to understand and implement the preceding principles.

Determining When to Use a Physical Restraint

If all other less intrusive alternatives have failed or been deemed inappropriate to prevent student violence, self-injurious behavior and/or de-escalating potentially dangerous behavior occurring among groups of students or with an individual student, a physical restraint may be used. In other words, a physical restraint can only be used when nonphysical interventions would not be effective and the student's behavior poses a threat of imminent physical harm to themselves or others. Any physical restraint shall be limited to the use of such reasonable force as is necessary to protect a student or another member of the school community from assault or imminent physical harm.

Prohibitions on Use of a Physical Restraint

The use of a physical restraint as a means of punishment or as a response to the destruction of property, disruption of school order, a student's refusal to comply with a school rule or staff directive, or verbal threats that do not constitute a threat of imminent, physical harm is expressly prohibited.

Proper Administration of a Physical Restraint

Only trained school personnel shall administer physical restraints. Trained school personnel are those individuals who have received either the in-depth training detailed below, or who have received the required basic training detailed below. Whenever possible, the administration of the physical restraint shall be witnessed by at least one adult who does not participate in the physical restraint. When administering a physical restraint, school personnel shall use only the amount of force necessary to protect the student or others from physical injury.

Additionally, school personnel administering a physical restraint shall use the safest method available and appropriate to the situation in accordance with the safety requirements detailed below, and shall discontinue the restraint as soon as possible. Floor and prone restraints are prohibited unless the school personnel administering the restraint has received in-depth training, and, in the judgment of the trained staff member, such method is required to provide safety for the student or others present. It should be noted, however, that these training requirements shall not preclude a teacher, employee or agent of the school from using reasonable force to protect students, other persons or themselves from assault or imminent physical harm.

Safety Requirements

No restraints shall be administered in such a way that a student is prevented from breathing or speaking. During the administration of a restraint, school personnel shall continuously monitor the physical status of the student, including skin color and respiration. A restraint shall be immediately released upon a determination by the school personnel administering the restraint that the student is no longer at risk of causing imminent physical harm to himself, herself or others. Additionally, restraints shall be administered in such a way as to prevent or minimize physical harm.

If, at any time during a physical restraint the student demonstrates significant physical distress, the student shall be released from the restraint immediately, and school staff shall take steps to seek medical assistance. School personnel shall review and consider any known medical or psychological limitations and/or behavioral intervention plans regarding the use of physical restraint on an individual student. At any time during the administration of a physical restraint, school personnel may seek to contact the office of Special Education Behavioral Specialists, or the Crisis Intervention Team, or take other steps to seek medical assistance if it appears that the student is demonstrating significant physical distress. Any time a physical restraint causes distress or leaves a mark, the school nurse must be notified immediately to check the child and make an injury report.

Follow-up Procedures and Reporting Requirements

A. Follow-up Procedures

At an appropriate time after a student has been released from a restraint, the school shall implement the follow-up procedures set forth below:

1. Review the restraint with the student to address the behavior that precipitated the restraint;
2. Review the incident with school personnel who administered the restraint to discuss whether proper restraint procedures were followed; and
3. Consider whether any follow-up is appropriate for the students who witnessed the incident.

B. Reporting Requirements

1. Any physical restraint shall be reported immediately to administration and in the case of injury, to the nurse;
2. The school staff member who administers a physical restraint shall verbally inform the Principal or designee of the restraint as soon as possible and no later than the close of the school day in which the restraint was administered. A written report shall be completed and provided to the Principal of the school no later than the next working day after the restraint was administered;
3. The Principal of the school shall maintain an ongoing record of all reported instances of physical restraint;
4. The Principal or designee shall verbally inform the student's parents of any physical restraint by a written report postmarked no later than one school working day following the use of any physical restraint and/or any physical restraint that results in an injury to a student or staff;
5. The Principal shall provide the office of the Superintendent and the director of special services with a copy of the written report of a physical restraint when such restraint has resulted in an injury to a student or staff member, or when an extended restraint (twenty minutes or longer) has been administered as well as a copy of the school's ongoing record of all reported instances of physical restraint for the thirty days preceding the reported physical restraint.

This documentation must be provided to the Office of the Superintendent by no later than one school working day after the written report is received by the Principal.

District's Training Requirements

A. For all Program Staff

Within the first month of each school year, the Principal of each school shall provide all program staff with training on this Policy. Additionally, for all new school employees that are hired after the start of the school year, the Principal shall, within the first month of their employment, provide the new employees with training on this Policy. The training shall consist of the following:

1. This Policy and related procedures and guidelines developed by the Superintendent;
 2. Interventions that may preclude the need for restraint, including de-escalation of problematic behaviors;
 3. Types of restraints and related safety considerations, including information regarding the increased risk of injury to a student when an extended restraint is used;
 4. Administering physical restraint in accordance with known medical or psychological limitations and/or behavioral intervention plans applicable to an individual student; and
 5. Identification of program staff who have received in-depth training certification in "Handle With Care" procedures.
- B. For Staff Authorized to Serve As A School-Wide Resource on the Proper Administration of Physical Restraints

At the beginning of each school year, the Principal of each school shall identify program staff that is authorized to serve as a school-wide resource to assist in ensuring proper administration of physical restraint. The content of the in-depth training shall include, but not be limited to:

1. Appropriate procedures for preventing the need for physical restraint, including the de-escalation of problematic behavior, relationship building and the use of alternatives to restraint;
2. Description and identification of dangerous behaviors on the part of students that may indicate the need for physical restraint and methods for evaluating the risk of harm in individual situations in order to determine whether the use of restraint is warranted;
3. The simulated experience of administering and receiving physical restraint, instruction regarding the effect(s) on the person restrained, including instruction on monitoring physical signs of distress and obtaining medical assistance;
4. Instruction regarding documentation and reporting requirements and investigation of injuries and complaints; and
5. Demonstration by participants of proficiency in administering physical restraint.

Complaint Procedures

A. Informal Resolution of Concern About Use of Physical Restraint

Before initiating a formal complaint procedure, a student or their parent who has concerns regarding a specific use of a physical restraint, may seek to resolve their concerns regarding a specific use of a physical restraint by raising the issue with the Principal of the school. The student and/or their parent should direct their concerns regarding a specific use of a physical restraint to the Principal within ten days of the parent's receipt of the written report from the school detailed above. The Principal shall attempt, within their authority to work with the individual to resolve the complaint fairly and expeditiously.

If the student and/or their parent are not satisfied with the resolution, or if the student and/or their parent does not choose informal resolution, then the student and/or their parent may proceed with the formal complaint process.

B. Formal Resolution of Concern About Use of Physical Restraint

A student or their parent, who has concerns regarding a specific use of a physical restraint, may seek to resolve their concerns regarding a specific use of a physical restraint by submitting a written complaint to the Superintendent.

The student and/or their parent should submit this letter to the Superintendent within twenty days of the parent's receipt of the written report from the school detailed above. The written complaint shall include:

1. The name of the student;
2. The name of the school where the physical restraint allegedly occurred;
3. The name of the individuals involved in the alleged physical restraint;
4. The basis of the complaint or concern; and
5. The corrective action being sought.

The Superintendent or designee shall conduct an investigation into the complaint promptly after receiving the complaint. In the course of its investigation, the Superintendent or designees shall contact those individuals that have been referred to as having pertinent information related to the complaint.

Strict timelines cannot be set for conducting the investigation because each set of circumstances is different. The Superintendent and/or designees will make sure that the complaint is handled as quickly as is feasible. After completing the formal investigation, the Office of the Superintendent shall contact the individual who filed the complaint regarding the outcome of its investigation and its determination as to whether any corrective action is warranted.

Elopement

The Board is committed to the safety and welfare of all students. The Board directs the Superintendent to take appropriate measures to reduce the risk of student elopement and/or wandering when the students are within the custody and care of the school district. Elopement is defined as a student leaving an assigned area without permission from or knowledge of staff, often to escape and/or avoid a school-related situation or task. Wandering is defined as meandering which results in a student getting lost, leaving a safe environment or entering an inappropriate place, often due to the student's inattention or distractibility.

The Superintendent or designees shall establish procedures to prevent the occurrence of wandering and elopements and to direct actions to be taken when an elopement does occur.

The Board of Education shall provide to all employees annual training on the Student Discipline/Code of Conduct Policy and Regulation, which shall include training on the prevention, intervention, and remediation of student conduct that violates the district's Policy and Regulation. Information on the Student Discipline/Code of Conduct Policy and Regulation shall be incorporated into the orientation for new employees.

The Board provides for the district's Student Discipline/Code of Conduct's equitable application. These behavioral supports include, but are not limited to, positive reinforcement for good conduct and academic success including the programs that honor and reward student conduct and academic achievement; supportive intervention and referral services including those services outlined in Policy 2417; remediation of problem behaviors that take into account the behavior's nature, the students' developmental ages and the students' histories of problem behaviors and performance; and for students with disabilities, the behavior interventions and supports shall be determined and provided pursuant to N.J.A.C. 6A:14.

Policy and Regulation 5600 include a description of school responses to violations of behavioral expectations established by the Board that, at a minimum, are graded according to the severity of the offenses, and consider the developmental ages of the student offenders and their histories of inappropriate behaviors pursuant to N.J.A.C. 6A:16-7.1(c)5.

Students are required to be in compliance with Policy and Regulation 5200 – Attendance pursuant to N.J.A.C. 6A:16-7.6 and Policy 5512 – Harassment, Intimidation, and Bullying pursuant to N.J.A.C. 6A:16-7.7.

School authorities also have the right to impose a consequence on a student for conduct away from school grounds that is consistent with the district's Code of Student Conduct pursuant to N.J.A.C. 6A:16-7.5. This authority shall be exercised only when it is reasonably necessary for the student's physical or emotional safety, security, and well-being or for reasons relating to the safety, security, and well-being of other students, staff, or school grounds, pursuant to N.J.S.A. 18A:25-2 and 18A:37-2. This authority shall be exercised only when the conduct that is the subject of the proposed consequence materially and substantially interferes with the requirements of appropriate discipline in the operation of the school. Consequences pursuant to N.J.A.C. 6A:16-7.5 shall be handled in accordance with Policy and Regulation 5600, pursuant to N.J.A.C. 6A:16-7.1, and as appropriate, in accordance with N.J.A.C. 6A:16-7-2, 6A:16-7.3, or N.J.A.C. 6A:16-7.4. The factors for determining consequences and remedial measures and examples of consequences and remedial measures are listed in Policy 5512 – Harassment, Intimidation, and Bullying. Consequences for a student who commits an act of harassment, intimidation, or bullying shall be varied and graded according to the nature of the behavior, the developmental age of the student and the student’s history of problem behaviors and performance, and shall be consistent with this Policy and the school district’s Student Discipline/Code of Conduct Policy pursuant to N.J.A.C. 6A:16-7.1. Remedial measures for one or more acts of harassment, intimidation, or bullying shall be designed to correct the problem behavior; prevent another occurrence of the problem; protect and provide support for the victim of the act; and take corrective action for documented systemic problems related to harassment, intimidation, or bullying.

Consequences and remedial measures to address acts or incidents of dating violence at school shall be consistent with the school district’s Student Discipline/Code of Conduct Policy. The factors for determining consequences and remedial measures and examples of consequences and remedial measures are included in Policy and Regulation 5519 – Dating Violence at School and shall be used to address the act or incident as well as serve as remediation, intervention, education, and prevention for all individuals involved. The responses shall be tiered with consideration given to the seriousness and the number of previous occurrences of acts or incidents in which both the victim and aggressor have been involved. Consequences for acts or incidents of dating violence at school may range from admonishment to suspension or expulsion. An early detection program may be incorporated into the intervention and referral services required to be established in each school pursuant to State Board of Education regulations.

In each instance of a short-term suspension, the student will be provided oral or written notice of the charges and an informal hearing conducted by the Principal or designee in accordance with the procedures outlined in N.J.A.C. 6A:16-7.2. To the extent the student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the educational process, the student may be immediately removed from the student's educational program and the informal hearing shall be held as soon as practical after the suspension.

This unacceptable conduct, including but not limited to, physical or verbal harassing, intimidating, or bullying conduct; unlawful use of force; threats; violence; or other violations of the school district's student code of conduct by a student or group of students directed toward any school staff member or any other student or group of students anywhere on school grounds, at any school related or sponsored activity, on school buses, at school bus stops, and any other place where students are supervised by school district staff will not be tolerated.

In the event the Principal or designee believes any unacceptable activities or conduct was, or is being committed, for the benefit of, at the direction of, or in association with a group of three or more persons, the school staff will investigate further to determine if the conduct was committed by students representing a "criminal street gang" (hereinafter referred to as a "gang") as defined in N.J.S.A. 2C:33-29.

 - b. The educational services provided, either in school or out-of-school, shall be comparable to those provided in the public schools for students of similar grades and attainments, pursuant to N.J.S.A. 18A:38-25.

An appeal of the Board's decision regarding the cessation of the student's general education program shall be made to the Commissioner of Education in accordance with N.J.S.A. 18A:6-9 and N.J.A.C. 6A:3-1.3 through 1.17. The Board shall continue to provide an appropriate educational program or service in accordance with N.J.A.C. 6A:16-7.4(a)2 until a final determination has been made on the appeal of the Board's action to expel a student.

In accordance with the provisions of N.J.S.A. 18A:37-2a, a student in Kindergarten through grade two shall not be expelled from school, except as provided pursuant to the "Zero Tolerance for Guns Act," N.J.S.A. 18A:37-7 et seq. Students in preschool shall not be expelled, except as provided pursuant to the "Zero Tolerance for Guns Act," N.J.S.A. 18A:37-7 et seq.

The district shall implement an early detection and prevention program to: identify students in preschool through grade two who are experiencing behavioral or disciplinary problems; and provide behavioral supports for these students which may include, but not be limited to, remediation of problem behaviors, positive reinforcements, supportive interventions, and referral

services. An early detection program may be incorporated into the intervention and referral services required to be established in each school pursuant to State Board of Education regulations.

In accordance with the provisions of N.J.S.A. 18A:37-2c, in the event a student may be subject to a proposed expulsion from school, the Principal shall convene a meeting, as soon as practicable, between the student and a school psychologist, a school counselor, a school social worker, a student assistance coordinator, or a member of the school's intervention and referral services team. The purpose of the meeting shall be to identify any behavior or health difficulties experienced by the student and, where appropriate, to provide supportive interventions or referrals to school or community resources that may assist the student in addressing the identified difficulties.

The requirements of N.J.S.A. 18A:37-2c shall not apply when a student's immediate removal or suspension from the school's regular education program is required pursuant to: the provisions of the "Zero Tolerance for Guns Act," (N.J.S.A. 18A:37-7 et seq.); N.J.S.A. 18A:37-2.1 – Assault by Pupil Upon Teacher, etc.; Suspension; Expulsion Proceedings; N.J.S.A. 18A:37-2.2 – Offense by Pupil Involving Assault, Removal from Schools Regular Education Program; or in any other instance in which the safety and security of other students or school staff requires the student's immediate removal from school. In these instances, the meeting required pursuant to N.J.S.A. 18A:37-2c shall take place as soon as practicable following the student's removal from the school's regular education program.

The provisions of N.J.S.A. 18A:37-2c shall be construed in a manner consistent with the "Individuals with Disabilities Act," 20 U.S.C. § 1400 et seq.

A student with a disability shall only be expelled from his or her current program in accordance with N.J.A.C. 6A:14 et seq. An expulsion of a student with a disability from a receiving school shall be handled in accordance with N.J.A.C. 6A:14 et seq.

5700 STUDENT RIGHTS

The Board of Education recognizes that students possess both the right to a free public education and the rights of citizenship. In granting students the educational opportunities to which they are entitled, the Board shall provide them with the nurture, counsel, and custodial care appropriate to students' ages and maturity. At the same time, the Board will respect the right of each student to equal treatment and equal access to the educational program, the due process of law, freedom of expression and association, and the privacy of their own thoughts.

Attendant on the rights guaranteed to each student are certain responsibilities, which include respect for the rights of others, obedience to properly constituted school authority, and compliance with the policies and regulations of this district.

As students differ in age and maturity, so they differ in the ability to assume both the rights and the concomitant responsibilities of citizenship. Accordingly, the exercise of each right will be granted with due regard for the degree of responsibility possessed by the student and the student's need for continuing guidance and control.

A student who has reached the age of majority and is emancipated possesses the full rights of an adult and may issue authorizations previously delegated to their parent(s) or legal guardian(s). The adult student is fully responsible for their educational performance, attendance, compliance with district regulations, and care of school property. The parent(s) or legal guardian(s) of each adult student will be informed of the rights of the student and will continue to be informed of the student's progress in school.

5701 PLAGIARISM

- A. Students are expected to be honest in all of their academic work. This means that they will not engage in any of the following acts:
1. Cheating on examinations, including but not limited to, the non-authorized use of books or notes, the use of crib sheets, copying from other students' papers, exchanging information with other students orally, in writing, or by signals, obtaining copies of the examination illegally and other similar activities.
 2. Plagiarism is not permitted in term papers, themes, essays, reports, images, take-home examinations, and other academic work. Plagiarism is defined as stealing or use without acknowledgment of the ideas, words, formulas, textual materials, on line services, computer programs, etc. of another person, or in any way presenting the work of another person as one's own.
 3. Falsifications, including forging signatures, altering answers after they have been graded, the insertion of answers after the fact, the erasure of grader's markings, and other acts that allow for falsely taking credit.
- B. A student found guilty of academic dishonesty may be subjected to a full range of penalties including, but not limited to, reprimand and loss of credit for all of the work that is plagiarized.
- C. A teacher who believes that a student has been academically dishonest in their class should resolve the matter in the following manner:
1. Reprimand the student orally and/or in writing. The teacher is also authorized to withhold credit in the work tainted by the academic dishonesty.
 2. If warranted, the teacher shall file a written complaint against the student with the Principal, requesting a more stringent form of discipline. The complaint must describe in detail the academic dishonesty that is alleged to have taken place, and must request that the matter be reviewed by the Principal.
 3. The Principal will determine if further discipline of the student is appropriate, and will determine the nature of the discipline on a case-by-case basis.
 4. If the student is not in agreement with the disciplinary action of the Principal, they may appeal the action to the Superintendent. If the student is dissatisfied with the Superintendent's disposition of the case, they may grieve the action in accordance with Policy No. 5710, Student Grievance.

Adopted: 07 June 2022

5710 STUDENT GRIEVANCE

The Board of Education believes that students are citizens who possess the right to request redress of grievances and that students should be encouraged to respect lawful procedures for the resolution of disputes. Accordingly, the Board will establish and observe procedures by which the grievances of students will be heard.

For the purposes of this policy, a student grievance means any complaint that arises out of the acts or policies of this Board or the acts of its employees.

A student grievance will be heard in the following manner:

1. A student should first make the grievance known to the staff member most closely involved or with a guidance counselor and both shall attempt to resolve the matter informally and directly;
2. A grievance not resolved at the first step must be reduced to a written statement in which the student sets forth the specific nature of the grievance, the facts that gave rise to it, the relief sought, and the reasons why that relief is appropriate;
3. The written grievance may be submitted to the Building Principal, the Superintendent, and the Board of Education, in that order and within a suitable period of time to be allowed at each level for the hearing of the grievance and the preparation of a response;
4. At each step beyond the first, the school authority hearing the grievance may summon the parent(s) or legal guardian(s) of a grievant who is not an adult. The grievant may summon the assistance of their parent(s) or legal guardian(s) at any step;
5. A student grievance that proceeds to the Board will be determined promptly and the Board will issue a decision in no more than ten calendar days. The student will be informed of the right to appeal a decision of the Board to the Commissioner of Education.

The Superintendent shall direct all staff members to respect the right of students to seek redress of grievances by lawful procedures without fear of reprisal.

Adopted: 07 June 2022

5721 INDEPENDENT PUBLICATIONS

The Board of Education respects the right of students to express themselves in written word or picture, or video image or computer generated illustrations, and to distribute printed materials as part of that expression; at the same time, the Board recognizes that the exercise of that right is limited by the rights of other members of the school community.

For the purposes of this policy, “printed materials” include any written or printed cards, letters, circulars, books, pamphlets, notices, newspapers, and similar materials but do not include any publication that is sponsored by this Board.

Certain printed materials are not protected by a student’s right of free expression because they violate the rights of others. The Board may identify and prohibit the distribution on school premises of printed materials that are grossly prejudicial to an ethnic, national, religious, or racial group or to either gender; libel any person or persons; seek to establish the supremacy of a particular religious denomination, sect, or point of view over any other; advocate the use or advertise the availability of any substance or material that constitutes a direct and substantial danger to the health of students; contain obscenity or material otherwise deemed to be harmful to impressionable students; incite violence, advocate the use of force, or urge the violation of law or school regulations; advertise goods or services for the benefit of profit-making organizations; fail to identify the student responsible for distribution and the agent responsible for reproduction; solicit funds for nonschool organizations when such solicitations have not been approved by the Board; or promote, favor, or oppose any candidate for election to the Board or the adoption of any bond issue, proposal, or questions submitted at any election.

The Board requires that the distribution of printed material take place only at the places and during the times established by rule in order not to disrupt the orderly operation of the educational program.

The Board shall assure that all students are free from harassment, sexual or otherwise.

The Board directs the Superintendent to allocate faculty, administrators, support staff members, curriculum materials, and instructional equipment supplies among and between the schools and classes of this district in a manner that ensures equivalency of educational opportunity throughout this district. The school district's curricula in the following areas will eliminate discrimination, promote mutual acceptance and respect among students, and enable students to interact effectively with others, regardless of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability:

1. School climate/learning environment;
2. Courses of study, including Physical Education;
3. Instructional materials and strategies;
4. Library materials;
5. Software and audio-visual materials;

Affirmative action shall be taken to ensure that students are protected from the effects of discrimination, in accordance with Policy 2260. Students who experience less than equal educational opportunities or experience discrimination shall use the procedure established by Regulation 5750 to report and appeal any harassment or discriminatory practice.

The conduct of teaching staff members shall exemplify the highest principles of equality and democracy. Conduct and attitudes that display discrimination are contrary to the policies of this Board and, further, are destructive to the self esteem that this Board wishes to encourage in all students. A teaching staff member's act of derision or enmity, in any form, against a person or persons on the basis of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability shall be considered to be conduct unbecoming to a professional staff member of this district and shall be subject to appropriate discipline.

The Superintendent shall develop and promulgate a procedure by which a student or parent may appeal Board policy, district practice, or the act or omission of any district employee that allegedly violates this policy.

5751 SEXUAL HARASSMENT OF STUDENTS

The Board of Education will not tolerate sexual harassment of students by school employees, other students, or third parties. Sexual harassment of students is a form of prohibited sex discrimination. In accordance with Title IX of the Education Amendments of 1972 and the Code of Federal Regulations (CFR), 34 CFR §106, the school district adopts this Policy and implements practices to investigate and resolve allegations of sexual harassment of students engaged in by school employees, other students, or third parties pursuant to 34 CFR §106.3(c). In addition, reports of sexual harassment shall also be investigated in accordance with the requirements of New Jersey's Anti-Bullying Bill of Rights Act and Policy 5512.

For the purposes of Policy 5751 and in accordance with 34 CFR §106:

1. "Sexual harassment" (34 CFR §106.30(a)) means conduct on the basis of sex that satisfies one or more of the following:
 - a. An employee of the school district conditioning the provision of an aid, benefit, or service of the school district on a student's participation in unwelcome sexual conduct;
 - b. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the school district's education program or activity; or
 - c. "Sexual assault" as defined in 20 U.S.C. §1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. §12291(a)(10), "domestic violence" as defined in 34 U.S.C. §12291(a)(8), or "stalking" as defined in 34 U.S.C. §12291(a)(30).

Sexual harassment may take place electronically or on an online platform used by the school, including, but not limited to, computer and internet networks; digital platforms; and computer hardware or software owned or operated by, or used in the operations of the school.

In accordance with 34 CFR §106.8(a), any person may report sex discrimination, including sexual harassment using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

A school district with “actual knowledge” of sexual harassment in the educational program or activity of the school district against a student, must respond promptly in a manner that is not “deliberately indifferent”.

Any school employee who receives a complaint of sexual harassment or is aware of behavior that could constitute sexual harassment is required to report that information to the Title IX Coordinator in accordance with the provisions of 34 CFR §106.8(a) and B.1. of Regulation 5751. The district must report any potential child abuse in accordance with N.J.S.A. 18A:36-24; N.J.S.A. 18A:36-25; N.J.A.C. 6A:16-11.1; and Policy and Regulation 8462.

The Title IX Coordinator shall notify persons entitled to a notification pursuant to 34 CFR §106.8(a)(1) that the school district does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX and Policy and Regulation 5751 not to discriminate in such a manner in accordance with 34 CFR §106.8(b)(1).

The Title IX Coordinator shall prominently display the contact information required to be listed for the Title IX Coordinator pursuant to 34 CFR §106.8(b)(2)(i) on the school district’s website and in each handbook or catalog the school district makes available to persons entitled to a notification in accordance with 34 CFR §106.8(a). Policy and Regulation 5751 shall be prominently displayed on the district’s website and accessible to anyone.

Supportive measures shall be available to the Complainant, Respondent, and as appropriate, witnesses or other impacted individuals.

The school district shall use the grievance process outlined in 34 CFR §106.45 and Regulation 5751 to address formal complaints of sexual harassment. The school district shall offer both parties an appeal process as outlined in 34 CFR §106.45 and Regulation 5751 from a determination regarding responsibility for sexual harassment and from the Title IX Coordinator’s dismissal of a formal complaint or any allegations of sexual harassment.

The Title IX Coordinator shall be responsible for effective implementation of any remedies in accordance with 34 CFR §106.45(b)(7)(iv). The appropriate school official designated by the Superintendent, after consultation with the Title IX Coordinator, will determine sanctions imposed and remedies provided, if any.

Consistent with the laws of New Jersey a student’s parent must be permitted to exercise the rights granted to their child under this Policy, whether such rights involve requesting supportive measures, filing a formal complaint, or participating in a grievance process.

The Superintendent or designee shall ensure that Title IX Coordinators, investigators, decision-makers, appeal officer, and any person who facilitates an informal resolution process, receive training in accordance with 34 CFR §106.45(b)(1)(iii).

The school district or any employee of the school district shall not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or Policy 5751, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this Policy, in accordance with 34 CFR §106.71(a).

The school district shall maintain for a period of seven years records in accordance with the requirements of 34 CFR §106.45(b)(10). For each school district response to sexual harassment required under 34 CFR §106.44, the school district shall create and maintain for a period of seven years, records in accordance with 34 CFR §106.45(b)(10).

The Superintendent or designee shall consult with the Board Attorney to ensure the school district's response to allegations of sexual harassment and the school district's grievance process are in accordance with 34 CFR §106.44 and 34 CFR §106.45.

Any time a report is made to the Title IX Coordinator or formal complaint is filed pursuant to this Policy and in accordance with 34 CFR §106, the Title IX Coordinator shall forward the report or complaint to the Principal of the school building attended by the alleged victim for the Principal to follow the requirements of New Jersey's Anti-Bullying Bill of Rights Act and Policy 5512.

5755 EQUITY IN EDUCATIONAL PROGRAMS AND SERVICES

Equity In Student Access

It is the policy of the Board of Education to ensure equal and bias-free access to all school facilities, courses, programs, activities, and services, regardless of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability.

The school district administration will ensure: that all students will have equal and barrier-free access to all school and classroom facilities, that minority and female students are not under-represented in gifted and talented or accelerated/advanced courses and that minority and male students are not over-represented in detentions, suspensions, expulsions, dropouts, or special needs classifications. Support services will be available to all students and that all limited English-proficient students and students with disabilities will have equal and bias-free access to all school programs and activities. The school district will ensure equal and bias-free access for all students to computers, computer classes, vocational education classes, and technologically-advanced instructional assistance, regardless of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability.

The Board of Education will refrain from locating new facilities in areas that will contribute to imbalanced, isolated, or racially identifiable school enrollments. The school district administration will assign students to ensure that the racial/national origin composition of each school's enrollment reflects the composition of the districtwide enrollment and so that school and classroom enrollments are not identifiable on the basis of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability.

Students will not be separated or isolated by race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability within schools, courses, classes, programs, or extracurricular activities. Bias-free multiple measures for determining the special needs of language-minority students and students with disabilities will be utilized. Pregnant students will be permitted to remain in the regular school program and activities and if not permitted to attend school by her doctor, the student will be provided equivalent instruction.

Equity in Guidance Programs and Support Services

The school district will ensure the guidance program and support services provide access to adequate and appropriate counseling services for all students, including, but not limited to, minority students, limited English-proficient students, non-college bound students, and students with disabilities. A full range of possible career, professional, and/or vocational choices will be presented to all students.

Equity in Physical Education Training

All school district physical education programs will be co-educational with any exceptions to be in accordance with Federal and State laws and regulations.

Equity in Athletic Programs

The school district's athletic program will provide equitable opportunities for female and male students to participate in athletics and equitable support for cheerleading programs and comparable facilities for male and female teams. The athletic program will have relatively equal numbers of varsity and sub-varsity teams for male and female teams and equitable scheduling of night games, practice times, and numbers of games for male and female teams.

Appeal Procedure

Any student or their parent may appeal school practices involving equity through the procedure established in Regulation 5750.

Title IX of the Education Amendments of 1972

N.J.A.C. 6A:7-1.1 et seq.

Adopted: 07 June 2022

5756 TRANSGENDER STUDENTS

The Board of Education is committed to providing a safe, supportive, and inclusive learning environment for all students. The New Jersey Law Against Discrimination (NJLAD), N.J.S.A. 10:5-12(11)(f), generally makes it unlawful for schools to subject individuals to differential treatment based on gender identity or expression. Title IX of the Education Amendments of 1972 (“Title IX”) specifically prohibits discrimination on the basis of sex in Federally-funded education programs and activities [20 U.S.C. § 1681(a)].

N.J.S.A. 18A:36-41 directs the Commissioner of Education to establish guidelines outlined in this Policy to provide direction for schools in addressing common issues concerning the needs of transgender students, and to assist schools in establishing policies and procedures that ensure a supportive and nondiscriminatory environment for transgender students.

Definitions/Terms

A safe and supportive environment within a school begins with understanding and respect. The Board believes students, teachers, and administrators should be provided with common terminology associated with gender identity. The terms listed below are commonly used by advocacy and human rights groups, however students may prefer other terms to describe their gender identity, appearance, or behavior. It is recommended school personnel discuss with the student the terminology and pronouns each student has chosen.

“Gender identity” means a person’s internal, deeply held sense of gender. All people have a gender identity, not just transgender people. For transgender people, the individual’s internal gender identity is not the same as the gender assigned at birth.

“Gender expression” means external manifestations of gender, expressed through a person’s name, pronouns, clothing, haircut, behavior, voice, and/or body characteristics. Society identifies these cues as masculine and feminine, although what is considered masculine or feminine changes over time and varies by culture.

“Assigned sex at birth (ASAB)” refers to the biological sex designation recorded on a person’s birth certificate upon the initial issuance of that certificate, should such a record be provided at birth.

“Gender assigned at birth” refers to the gender a child is assigned at birth or assumed to be, based on their biological sex assigned at birth.

“Sexual orientation” describes a person’s enduring physical, romantic, and/or emotional attraction to another person. Gender identity and sexual orientation are not the same. A transgender person may be straight, lesbian, gay, bisexual, or asexual. For example, a person who transitions from male to female and is attracted solely to men may identify as a straight woman.

“Transgender” is a term for an individual whose gender identity and/or gender expression differs from those typically associated with the sex and gender assigned at birth.

“Transition” is the process by which a transgender person recognizes that their authentic gender identity is not the same as the gender assigned at birth, and develops a more affirming gender expression that feels authentic. Some individuals socially transition, for example, through dress, use of names and/or pronouns. Some individuals may undergo physical transition, which might include hormone treatments and surgery. School district personnel should avoid the phrase “sex change,” as it is an inaccurate description of the transition process; the process is more accurately described as “gender-confirming.”

“LGBTQ” is an acronym for “lesbian, gay, bisexual, transgender, and queer/questioning.”

“Gender nonconforming” describes a person whose gender expression does not conform to the gender expectations of their family or community. Gender nonconformity is not necessarily an indication that a youth is transgender; many non-transgender youth do not conform to stereotypical expectations.

“Gender expansive, Gender diverse, Gender fluid, Gender non-binary, A gender, Gender queer” are terms that convey a wider, more flexible range of gender identity and/or expression than typically associated with the binary gender system. For example, students who identify as gender queer or gender fluid might not identify as boys or girls; for these students, the non-binary gender identity functions as the student’s gender identity.

“Cisgender” refers to individuals whose gender identity, expression, or behavior conforms with those typically associated with their sex assigned at birth.

Student-Centered Approach

The school district shall accept a student’s asserted gender identity; parental consent is not required. A student need not meet any threshold diagnosis or treatment requirements to have his or her gender identity recognized and respected by the school district, school, or school staff members. In addition, a legal or court-ordered name change is not required. There is no affirmative duty for any school district staff member to notify a student’s parent of the student’s gender identity or expression.

There may be instances where a parent of a minor student disagrees with the student regarding the name and pronoun to be used at school and in the student's education records. In the event a parent objects to the minor student's name change request, the Superintendent or designee should consult the Board Attorney regarding the minor student's civil rights and protections under the NJLAD. School staff members should continue to refer to the student in accordance with the student's chosen name and pronoun at school and may consider providing resource information regarding family counseling and support services outside of the school district.

School districts should be mindful of disputes between minor students and parents concerning the student's gender identity or expression. Many support resources are available through advocacy groups and resources from the New Jersey Department of Children and Families and New Jersey Department of Education's "Child Abuse, Neglect, and Missing Children" webpage.

The Principal or designee should have an open, but confidential discussion with the student to ascertain the student's preference on matters such as chosen name, chosen pronoun to use, and parental communications. A transgender student shall be addressed at school by the name and pronoun chosen by the student, regardless of whether a legal name change or change in official school records has occurred. The school shall issue school documentation for a transgender student, such as student identification cards, in the name chosen by the student. A transgender student shall be allowed to dress in accordance with the student's gender identity.

The Principal or designee should also discuss with the student, and any other individuals at the student's request, the risks associated with the student's transgender status being inadvertently disclosed. For example, the Principal or designee should inform the student the transgender status may be revealed due to other students' discussions at home. The Principal or designee should work with the transgender student to ensure awareness of activities and events that may inadvertently disclose the transgender student's status.

Safe and Supportive Environment

The Board developed and adopted this Policy to ensure that its schools provide a safe and supportive learning environment that is free from discrimination and harassment for transgender students, including students going through a gender transition. Gender-based policies, rules, and practices can have the effect of marginalizing, stigmatizing, and excluding students, whether they are gender nonconforming or not.

The Superintendent or designee shall review and update existing policies and procedures, including those regarding classroom activities, school ceremonies, school photographs, and dress codes, to verify transgender students are not excluded. In addition, the school district shall take the following steps to establish and maintain a nondiscriminatory environment for all students, including transgender and transitioning students:

- The school district must comply with N.J.S.A. 18A:37-15 and N.J.A.C. 6A:16-7.7, which prohibit harassment, intimidation, and bullying. The Board is required to develop, adopt, and implement a Policy in accordance with N.J.S.A. 18A:37-15 and N.J.A.C. 6A:16-7.7 that prohibits harassment, intimidation, or bullying on school property, at a school-sponsored function, or on a school bus. If harassment, intimidation, or bullying based on gender identity creates a hostile environment, the school must take prompt and effective steps to end the harassment, intimidation, or bullying, prevent its recurrence, and, as appropriate, remedy its effects.
- The Superintendent or designee should ensure training is provided to school staff members on sensitivity and respect towards transgender students.
- Social and Emotional Learning (SEL) concepts should be incorporated into school culture and curricula.
- The school district may seek a variety of professionals, including counselors and school psychologists, to provide emotional supports for all students who demonstrate a need. The Superintendent or designee shall ensure school counselors are knowledgeable regarding issues and concerns relevant to transgender students, students facing other gender identity issues, or students who may be transitioning.
- Student dress codes should not be enforced more strictly for transgender and gender nonconforming students than for other students.
- The school district shall honor and recognize a student's asserted gender identity, and shall not require any documentation or evidence in any form, including diagnosis, treatment, or legal name change.
- A school's obligation to ensure nondiscrimination on the basis of gender identity requires schools to provide transgender students equal access to educational programs and activities, even in circumstances in which other students, parents, or community members raise objections or concerns.

Confidentiality and Privacy

School staff members may not disclose information that may reveal a student's transgender status except as allowed by law. The Principal or designee is advised to work with the student to create an appropriate confidentiality plan regarding the student's transgender or transitioning status.

The school district shall keep confidential a current, new, or prospective student's transgender status. Schools should address the student using a chosen name and the student's birth name should be kept confidential by school and school staff members.

Due to a specific and compelling need, such as the health and safety of a student or an incident of bias-related crime, the school district may be obligated to disclose a student's status. In this event, the Principal or designee should inform the student the school or school district intends to disclose the student's transgender status for the student's protection and well-being. Prior to disclosure, the student should be given the opportunity to personally disclose that information. The school district should make every effort to ensure any disclosure is made in a way that reduces or eliminates the risk of re-disclosure and protects the transgender student from further harassment. Those measures may include the facilitation of counseling for the student and the student's family to facilitate the family's acceptance and support of the student's transgender status.

During a harassment, intimidation, or bullying investigation the school district is obligated to develop a procedure to report, verbally and in writing, an act of harassment, intimidation, and bullying committed by an adult or youth against a student, pursuant to N.J.A.C. 6A:16-7.7(a)2viii. In this instance, the Principal or designee should inform the student of the school's obligation to report the findings of the harassment, intimidation, and bullying investigation pursuant to N.J.S.A. 18A:37-15(d), which permits the parents of the students who are parties to the investigation to receive information about the investigation in accordance with Federal and State law and regulation. Under harassment, intimidation, and bullying legal requirements, parents are entitled to know the nature of the investigation; whether the district found evidence of harassment, intimidation, or bullying; or whether disciplinary action was imposed or services provided to address the incident of harassment, intimidation, or bullying.

The Principal or designee shall take into account the circumstances of the incident when providing notification to parents of all students involved in the reported harassment, intimidation, or bullying incident and when conveying the nature of the incident, including the actual or perceived protected category motivating the alleged offense, pursuant to N.J.A.C. 6A:16-7.7(a)2viii(2).

Disclosure of personally identifiable information from a student's education record to other school officials within the school district, whom the school district has determined have a legitimate educational interest in the information, may be permissible under Family Educational Rights and Privacy Act (FERPA) (34 C.F.R. § 99.31(a)(1)). The school district shall make a concerted effort to ensure school officials obtain access to only those education records in which they have legitimate educational interests.

The school district shall comply with all laws and regulations regarding the confidentiality of student records and student privacy, including the requirements set forth at 20 U.S.C. § 1232g, Family Educational Rights and Privacy Act; 34 CFR Part 99, Family Educational Rights and Privacy; 20 U.S.C. § 1232h, Protection of Pupil Rights; 34 CFR Part 98, Student Rights in Research, Experimental Programs, and Testing; P.L. 104-191, Health Insurance Portability and Accountability Act; 45 CFR Part 160, General Administrative Requirements; 20 U.S.C. § 7917, Transfer of school disciplinary records; 42 CFR Part 2, Confidentiality of Alcohol and Drug Abuse Patient Records; N.J.S.A. 18A:40A-7.1, Confidentiality of certain information provided by pupils, exceptions; N.J.A.C. 6A:16-3.2, Confidentiality of student alcohol and other drug information; N.J.S.A. 18A:36-19, Pupil Records, creation, maintenance and retention, security and access, regulations, nonliability; N.J.S.A. 2A:4A-60, Disclosure of juvenile information, penalties for disclosure; N.J.A.C. 6A:32-7, Student Records; N.J.A.C. 6A:14-2.9, Student records; as well as all other existing Federal and State laws and rules pertaining to student records and confidentiality.

School Records

If a student has expressed a preference to be called by a name other than their birth name, permanent student records containing the student's birth name should be kept in a separate, confidential file. This file should only be shared with appropriate school staff members after consultation with a student. A separate file containing records bearing the student's chosen name may also be kept. If the student has previously been known at school or in school records by a birth name, the Principal or designee should direct school staff members to use the student's chosen name and not the student's birth name.

To ensure consistency among teachers, school administrators, substitute teachers, and other school staff members, every effort should be made to immediately update student education records (for example, attendance records, transcripts, Individualized Education Programs (IEP), etc.) with the student's chosen name and gender pronouns, consistent with the student's gender identity and expression, and not circulate records with the student's birth name, unless directed by the student.

- The school district shall report to the New Jersey Department of Education (NJDOE) through NJ SMART a student's name or gender based upon that student's chosen name and corresponding gender identity. Changing the name or gender identity from what was reported in previous years will not affect the reliability of the data reported.
- If the school district changes a student's name or gender identity, it must also maintain locally a separate record reflecting the student's legal name and sex assigned at birth until receipt of documentation of a legal change of name or gender.

Activities

With respect to gender-segregated classes or athletic activities, including intramural and interscholastic athletics, all students must be allowed to participate in a manner consistent with their gender identity.

The school district shall:

- Provide transgender students with the same opportunities to participate in physical education as other students in accordance with their gender identity;
- Permit a transgender student to participate in gender-segregated school activities in accordance with the student's gender identity;
- Permit and support the formation of student clubs or programs regarding issues related to lesbian, gay, bisexual, transgender, and queer/questioning (LGBTQ) youth; and
- Offer support in the creation of peer led educational groups.

Use of Facilities

All students are entitled to have access to restrooms, locker rooms, and changing facilities in accordance with their gender identity to allow for involvement in various school programs and activities.

In all cases, the Principal or designee must work with the student and school staff members so all parties are aware of facility policies and understand the student may access the restroom, locker room, and changing facility that corresponds to the student's gender identity. While some transgender students will want this arrangement, others may be uncomfortable with it. Transgender students who are uncomfortable using a sex-segregated restroom should be provided with a safe and adequate alternative, such as a single "unisex" restroom or the nurse's restroom. Similarly, some transgender students may be uncomfortable using the changing facilities that correspond to the student's gender identity. Non-transgender students should also be afforded the option to use a private facility, such as a unisex facility or the nurse's restroom, should they feel uncomfortable.

- The school district shall allow a transgender student to use a restroom or locker room based on the student's gender identity.
- Reasonable alternative arrangements shall be made if needed to ensure a student's safety and comfort. This direction for accommodations should come from the student.

Locker Room Accessibility

Schools may maintain separate locker room facilities for male and female students. However, students shall have access to the locker room facility that corresponds to their gender identity.

If any student has a need or desire for increased privacy or safety, regardless of the underlying reason, they may be provided access to a reasonable alternative changing area or locker room such as:

1. Use of a private area in the public area of the locker room facility (i.e., a nearby restroom stall with a door, an area separated by a curtain, or a P.E. instructor's office in the locker room);
2. A separate changing schedule (either utilizing the locker room before or after other students);
3. Use of a nearby private area (i.e., a nearby restroom or a health office restroom).

However, use of such an alternative changing space shall be a matter of choice for a student and no student shall be compelled to use such an alternative. District staff members should also work to de-stigmatize the use of such options, as well as to establish, communicate and model clear guidelines and expectations with regard to respecting privacy and boundaries in changing areas and other close quarters.

In all cases, district staff shall take reasonable measures to protect and ensure the physical privacy and safety of all students.

The Superintendent or designee will make available to school staff members a variety of resources regarding professional development opportunities as sourced by the NJDOE as well as developmentally appropriate information for students regarding LGBTQ issues.

The Board adopts this Policy to help school and district administrators take steps to create an inclusive environment in which transgender and gender nonconforming students feel safe and supported, and to ensure each school provides equal educational opportunities for all students, in compliance with N.J.A.C. 6A:7-1.1 et seq.

5770 STUDENT RIGHT OF PRIVACY

The Board of Education recognizes that a student's right of privacy may not be violated by unreasonable search and seizure and directs that no student be searched without reason or in an unreasonable manner.

Teaching staff members are charged with the responsibility of maintaining order and discipline in the schools and of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, a teaching staff member may search or request the search of the person or property of a student as authorized by this policy, with or without the student's consent, whenever they have reasonable grounds to suspect that the search is required to discover evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction, the student's age, and the student's disciplinary history. Except in exigent circumstances, an intrusive search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender.

The Board acknowledges the need for the in-school storage of students' possessions and shall provide storage places, including desks and lockers, for that purpose. Where locks are provided for such storage places, students may lock them against incursion by other students. In no storage place provided by the Board shall students have such an expectation of privacy as to prevent examination by a school official. Students shall be notified in writing at the beginning of each school year that inspections of their lockers, desks, and other storage facilities on school district property may be conducted. The school Principal or designee is directed to conduct, without further notice, the regular inspection of such facilities provided to students for the storage of property.

Except as required by exigent circumstances, a request for the search of a student or a student's private possessions will be directed to the Building Principal or designee who shall, whenever feasible, first request the freely offered consent of the student to the inspection.

Whenever possible, a search will be conducted by the Principal in the presence of the student, the student's parent(s) or legal guardian(s) or a representative of the parent(s) or legal guardian(s), and a teaching staff member other than the Principal. Under no circumstances shall any student be subjected to a strip search or a body cavity search.

A search prompted by the reasonable belief that the circumstances are exigent and pose an immediate threat, will be conducted by any teaching staff member with as much speed and dispatch as may be required to protect persons and property.

The Principal shall conduct a student search on the request of a law enforcement officer only on presentation of a duly authorized search warrant or on the voluntary and knowing consent of the student or when the Principal has independent grounds to suspect the presence of an incriminating object.

The Principal shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of the informant, if any; the persons present when the search was conducted; any substances or objects found; and the disposition made of them. The Principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

5820 STUDENT GOVERNMENT

The Board of Education recognizes the importance of offering students the opportunity to participate in representative self-government and to develop leadership skills. Students shall have the right to organize, conduct meetings, elect officers and representatives, and petition the Board of Education.

The Board recognizes the student council as the official voice of the student body for students in grades nine through twelve, provided the constitution and bylaws of that organization have been duly approved by the students it represents and by the Board and provided that all students have equal access to their student government and an equal opportunity to vote and hold office.

The Board shall appoint a qualified teaching staff member to serve as advisor to student government activities.

The Board directs that decisions made and actions duly taken by the official student government, in accordance with and within the scope of its constitution and bylaws, may not be voided or vetoed by any staff member.

Adopted: 07 June 2022

5830 STUDENT FUND RAISING

The Board of Education will limit the solicitation of funds by and from the students of this district in order to protect students from unnecessary pressures and the instructional program from disruption.

“Student fund raising” means the solicitation and collection of money by students, on or off school premises, for any purpose associated directly or indirectly with the school district or under circumstances in which the solicitors are identified as students of this district.

Students may solicit and collect money on behalf of approved school organizations, provided the fund raising has been approved by the Principal.

No fund raising activity involving door to door solicitation shall be permitted.

The Board prohibits any fund raising activity that includes incentive awarded to students through which the student may earn a prize or be given other remuneration for raising funds.

Fundraising and Donations by Outside Organizations

The Board of Education recognizes that the contributions from persons and organizations outside the schools of materials, furnishings, artwork, activities, and awards may serve the interests of the contributor as well as benefit the school district and the students. The Board may permit fundraising by outside organizations.

The Superintendent shall review and recommend to the Board for approval requests to solicit the sale of products or services that are related to the educational goals of this district and offers good value to purchasers. The Board may decline the proposal when the fundraising activity or contribution:

1. Has the primary effect of advancing the name, product, or special interest of a person, corporation, or organization;
2. Fails to meet district standards of accuracy and good taste;
3. Is of little or no educational value to students;
4. Makes unreasonable demands upon the time and energies of staff and students or upon the resources of the district;
5. Interrupts or interfere with the regular school program; or
6. Involves a direct cost to the district.

The vendor shall be responsible for the collection of any funds for approved fundraising activities or solicitation. The Board disclaims any responsibility for any such funds.

In the event that more than one vendor requests permission to solicit sales of a particular product or service, or the Superintendent seeks a vendor to provide a particular product or service to parents or students, the Superintendent shall seek quotations from qualified vendors in order to determine which will provide the greater value to purchasers.

The Board reserves the right to withdraw its approval of any vendor at any time.

The approval of the use of any material, permanent or temporary display of donated artwork, or the conduct of any activity offered by an agency outside the schools shall not under any circumstances be construed as an endorsement by this Board of any interest, cause, or organization.

Permission to solicit funds on school premises will be granted only to those persons and organizations whose purposes are consonant with the goals of this district and the interests of the community.

Solicitation may not interfere with the orderly operation of the schools. The Board will not be responsible for the protection of or accounting for such funds nor may any such funds be deposited in any district account.

The Board prohibits the distribution of political literature to or through the students of this district; further, no student under the jurisdiction of this Board shall be requested or directed to engage in any activity that tends to promote, favor, or oppose a candidate for political office or a public question submitted at any election.

No student will be permitted to solicit and collect money on school premises or at a school-sponsored event for the student's own benefit.

The Superintendent shall develop regulations regarding student fund raising that establish times and places in which student fund raising may be conducted and ensure adequate accounting of funds collected. The Building Principal shall distribute this policy and the Superintendent's regulations to each recognized student organization.

Adopted: 07 June 2022

5841 SECRET SOCIETIES

The Board of Education affirms the legislative prohibition of student organizations with closed membership practices as hostile to the democratic ideals of public education.

No social organization of students will be granted the use of school facilities or permitted the use of the name of the school or this school district unless that organization has first been approved by the Principal. The application for such approval will set forth the purposes, constitution, and bylaws of the organization; its membership qualifications; and the process by which a person becomes a member.

No organization will be approved if its purposes conflict with the authority and goals of this Board or the best interests of the students of this district; if membership is drawn from outside the currently enrolled student body; if membership qualifications are based on considerations of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, disability or political beliefs, or any other consideration not appropriate to the purpose of the organization; or if any qualifying student who applies may be denied membership.

Nothing in this policy shall prevent or otherwise deny participation in constitutionally protected prayer consistent with protections of the First Amendment of the United States Constitution.

A student who seeks to form or is a member of a fraternity, sorority, or other secret organization formed in whole or in part of students enrolled in this district may be disciplined by this Board. The Board reserves the right to require that any student attest as to their membership in a secret organization.

5842 EQUAL ACCESS OF STUDENT ORGANIZATIONS

The Board of Education will permit the use of school facilities by student-initiated organizations for non-curricular student activities. A student-initiated organization, regardless of the size of the group, will not be denied an opportunity to meet and use school facilities on the basis of the religious, political, philosophical, or other content of the speech at their meeting.

An application for permission to meet on school premises shall be made to the Principal, who shall grant permission provided that they determine that:

1. The activity has been initiated by students;
2. Attendance at the meeting is voluntary;
3. No agent or employee of the district will promote, lead, or participate in the meeting;
4. The meeting is for a lawful purpose;
5. The meeting does not materially and substantially interfere with the orderly conduct of instructional activities in the school;
6. Nonschool persons do not direct, conduct, control, or regularly attend the activity; and
7. The activity is adequately supervised by appropriately certified school district staff.

A student-initiated group granted permission to meet on school premises shall be subject to the same rules and regulations that govern the meetings of student organizations sponsored by this Board, except as provided by this policy. Participation in a student-initiated meeting must be available to all students who wish to attend and cannot be denied on the basis of a student's race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability. The Board will not permit the organization of a fraternity, sorority, or secret society. A student-initiated meeting may be attended by no more than two outside resource person(s).

Access to school facilities by student organizations will be provided within the governing principles of the First Amendment of the Constitution of the United States.

An appropriately certified staff member shall be assigned to attend a student-initiated meeting in a custodial capacity and shall not participate in the activity while serving in this custodial capacity. No teaching staff member shall be compelled to attend a student-initiated meeting if the content of the speech at the meeting is contrary to their beliefs.

The Building Principal may take such actions as may be necessary to maintain order and discipline on school premises and to protect the safety and well-being of students and staff members.

5850 SOCIAL EVENTS AND CLASS TRIPS

The Board of Education recognizes the value of social events and class trips that will enhance and enrich the school experience for the students of this district.

For purposes of this policy, a "social event" is a party, celebration, or dance organized for the participation of students, and "class trips" are trips taken by students in a single graduating class, students who share a particular interest in an activity, or students who are enrolled in a particular subject area. Social events and class trips are not related or are only indirectly related to the curriculum.

The Board will make school facilities available and assign staff members as appropriate for the conduct of social events on school premises that have been approved by the Building Principal or designee and for social events and class trips away from school premises that have been approved by the Assistant Superintendent. A social event or class trip may be considered to have been approved by this Board only when the Board has duly assigned one or more chaperones to supervise participating students. The Board will assume no responsibility for a student social event or trip that has not been approved in accordance with this policy.

The Board will not approve a social event or class trip that has the effect of reducing the school year for participating students to fewer than one hundred eighty days.

The Board reserves the right to cancel any scheduled trip.

Social events or class trips are not part of the thorough and efficient system of education provided by the Board. Participation in them is therefore not a right and may be denied to any student without the due process of notice and an opportunity to be heard. A student who demonstrates disregard for school rules may summarily be denied participation in social events and class trips.

Students who participate in approved social events and class trips are subject to district rules for student conduct and must submit to the authority of assigned chaperones. Infractions of the rules will be subject to discipline in the same manner as are infractions of rules during the regular school program.

A student who possesses or consumes alcohol or drugs in the course of an approved social event or class trip will be deemed to have placed all other participating students at risk and shall be immediately dismissed from the event or trip. Any such student will be returned home by appropriate and safe means of transportation in the company of a chaperone, the student's parent(s) or legal guardian(s), or a representative of the student's parent(s) or legal guardian(s). Any expenses incurred by the dismissal will be the responsibility of the student and/or the student's parent(s) or legal guardian(s).

5870 STUDENT HIRING

The Board of Education believes that providing employment opportunities to students in the district schools promotes a meaningful connection between the students and the schools. In addition employment supports the development of confidence and time-management skills while providing experience and training. The Board also recognizes that for some students, taking a job is not a matter of choice, but necessity to save for college or even to supplement family income.

To provide important skill development, training, and experience and to support the students and their families in the Princeton community, students will be employed by the Princeton Public Schools according to the following guidelines:

1. The jobs shall be authorized by the Assistant Superintendent for Human Resources as open in the Princeton Public Schools;
2. The tasks involved shall be consistent with New Jersey child labor laws;
3. The students shall be hired in accordance with established hiring procedures;
4. The students shall be enrolled in Princeton High School, fifteen years of age, eighteen years as required by New Jersey child labor laws for specific types of employment, and have the permission of their parent if under the age of eighteen; and
5. The student shall not be related to serving school Board members (unless employed before the Board member is elected).

Hiring Procedures

The following student hiring procedures will be followed:

1. The job or position vacancy shall be advertised by being posted in prominent places in the high school and by being placed in the student bulletin and may be posted on the district or school webpages;
2. Applications, including a resume of relevant aptitudes and skills, age, and parent permission, if appropriate, shall be submitted by the closing date on the advertisement to human resources. Human Resources will determine eligibility of students who apply;

3. All applications of eligible students will be forwarded to the appropriate supervisor for review;
4. The supervisor shall select applicants for interview and shall arrange for the interview schedule;
5. The supervisor shall consider the qualifications and experience of all applicants and, where equal, select the candidate who best meets and furthers the district's affirmative action goals;
6. The supervisor shall submit a recommendation for employment, completed on a standard employment recommendation form, to the Assistant Superintendent for Human Resources;
7. The Assistant Superintendent for Human Resources will, upon approval, recommend employment of the student to the Superintendent for approval;
8. The Superintendent shall, upon approval, recommend employment to the Board for appropriate action;
9. The Assistant Superintendent for Human Resources shall establish a salary rate from the list of Board-approved salaries and shall authorize an effective date of employment and notify the supervisor accordingly;
10. The supervisor shall notify the student and arrange for the student to begin employment.

5880 PUBLIC PERFORMANCES BY STUDENTS

The Board of Education recognizes the value to students and to the community of the demonstration of student talents and skills in performances of student organizations in public events. The Board endorses such performances when they contribute to the instructional program, do not interfere with scheduled school activities, and do not exploit or endanger participating students.

Public performances of student organizations must be approved in advance by the Principal. The members of a student organization invited to perform shall be polled for their willingness to perform. No student may be compelled to participate in an elective public performance or penalized for their failure to participate. Approval for a public performance will not be granted unless the staff advisor determines that the number of students who agree to participate is sufficient to represent the school fairly.

When public performances are scheduled as a regular part of a course of study taken for credit, students shall be informed in advance of their obligation to participate; they will be excused from participation only in accordance with Board policy on student attendance.

No student, student organization, or employee of this Board shall receive compensation for the performance in public of students organized for a school activity.

6111 SPECIAL EDUCATION MEDICAID INITIATIVE (SEMI) PROGRAM

Every New Jersey school district, with the exception of any district that obtains a waiver of the requirements of N.J.A.C. 6A:23A-5.3 pursuant to the procedures set forth at N.J.A.C. 6A:23A-5.3(b), shall take appropriate steps to maximize its revenue from the Special Education Medicaid Initiative (SEMI) Program by following policies and procedures to maximize participation in the program as set forth in N.J.A.C. 6A:23A-5.3(d) and to comply with all program requirements as set forth in N.J.A.C. 6A:23A-5.3(e).

The school district may seek, in the prebudget year, a waiver of the requirements of N.J.A.C. 6A:23A-5.3 in accordance with the procedures as outlined in N.J.A.C. 6A:23A-5.3(b). As part of the annual budget information, the Department of Education shall provide each school district with a projection of available SEMI reimbursement for the budget year, as determined by the State Department of Treasury's third party administrator for SEMI.

Beginning with the 2009-2010 school year, the school district shall recognize as revenue in its annual school district budget no less than ninety percent of the projection provided by the Department of Education. The district may seek approval from the Executive County Superintendent to use its own projection of SEMI reimbursement upon demonstration that the numbers it used in calculating the projection are more accurate than the projection provided.

The school district shall strive to achieve maximum participation in the SEMI program. "Maximum participation" means obtaining a ninety percent return rate of parental consent forms for all SEMI eligible students. Districts shall enter all students following their evaluations into the third-party system to identify the district's universe of eligible students. This can be done without parental consent.

Districts participating in the SEMI reimbursement program shall comply with program requirements as outlined in N.J.A.C. 6A:23A-5.3(e).

A school district that has less than ninety percent participation of SEMI eligible students in the prebudget year or that has failed to comply with all program requirements set forth in N.J.A.C. 6A:23A-5.3(e) shall submit a SEMI action plan to the Executive County Superintendent for review and approval as part of the school district's proposed budget submission. The district's SEMI action plan shall include the components as outlined in N.J.A.C. 6A:23A-5.3(g).

Districts that did not achieve ninety percent participation or achieve their approved benchmarks in the SEMI program for a given budget year and cannot demonstrate that they fully implemented their Department of Education approved SEMI action plan, shall be subject to review for the withholding of State aid by the Commissioner pursuant to N.J.S.A. 18A:55-3 in an amount equal to the SEMI revenue projection based on their approved benchmark for the budget year, if applicable, less actual SEMI reimbursements for the budget year. The State aid deduction shall be made in the second subsequent year after the budget year.

N.J.A.C. 6A:23A-5.3

Adopted: 07 June 2022

6112 REIMBURSEMENT OF FEDERAL AND OTHER GRANT EXPENDITURES

The Cash Management Improvement Act (CMIA) and related Federal regulations require a State to minimize the time elapsing between the transfer of funds from the United States Treasury and the expenditure of funds for program purposes. This requirement applies to grantees such as the State of New Jersey and their subgrantees, such as a school district. The State of New Jersey and school districts must assure funds have been, or will be, spent within a minimal amount of time after having been drawn from the Federal government.

In accordance with this requirement, the New Jersey Department of Education (NJDOE) has implemented a reimbursement request system of payment. The procedures as outlined in the New Jersey Department of Education Policies and Procedures for Reimbursement of Federal and Other Grant Expenditures shall be followed by school districts in submitting reimbursement requests. Reimbursement requests for entitlement grant awards under the Every Student Succeeds Act (ESSA), the Individuals with Disabilities Education Act (IDEA), the Carl D. Perkins Career and Technical Education Improvement Act of 2006, and any other program designated by the NJDOE shall be made using the NJDOE's Electronic Web-Enabled Grant (EWEG) System.

Reimbursement requests by the School Business Administrator/Board Secretary or designee shall be made for individual titles and awards using the payment functionality of the EWEG system. Only one reimbursement request per month may be submitted for an individual title, award, or subgrant. Reimbursement requests may only be for expenditures that have already occurred or will occur within three business days of receipt of funds.

The submission of a reimbursement request constitutes a certification by the School Business Administrator/Board Secretary that the school district has previously made the appropriate expenditures and/or will make the expenditures within three business days of receipt of funds and that the expenditures are allowable and appropriate to the cost objective(s) of the subgrant.

The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if a new budget category for which no funds were previously budgeted or approved has been created. The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if cumulative transfers among expenditure categories exceed ten percent of the total award. The Superintendent or designee is responsible for monitoring the cumulative ten percent level of fiscal change.

Reimbursement of Federal and Other Grant Expenditures

Reimbursement requests must be in accordance with approved grant applications. A reimbursement request may be submitted at any time after the subgrant has received final NJDOE approval. Reimbursement requests submitted at least ten business days before the end of the month but no later than the fifteenth day of the month will be reviewed and, if approved, processed for payment the first business day of the following month. School districts will normally receive payment by the fifth business day of the month and will be able to track the grant's payment history in EWEG through the payments link of the grant application.

Reimbursement requests must contain a brief description of the expenditures for which reimbursement is being requested. Individual line items need not be detailed. Expenditures must be supported by documentation at the school district level but should not be submitted to the NJDOE with a reimbursement request. The Superintendent or designee is responsible to maintain supporting documentation for seven years and for making it available to the NJDOE, the United States Department of Education, and/or their authorized representatives upon request. Documentation for salary expenditures is subject to the requirements of the Federal Uniform Grant Guidance. Documentation for all other expenditures must include evidence that the expenditures are allowable costs and of the relationship of the expenditure to the subgrant's cost objectives.

The NJDOE staff will review reimbursement requests to determine that they meet the subgrant's criteria. When a reimbursement request is approved or denied, the school district will receive an email notification through the EWEG system. Approval of a reimbursement request by NJDOE does not imply approval of the expenditures as allowable or appropriate to the subgrant's cost objectives as the approval of expenditures will continue to be processed through the final report.

The School Business Administrator/Board Secretary or designee assumes responsibility for assuring that all funds requested through the EWEG system either have already been expended, or will be expended within three business days of receipt of funds.

In the event the School Business Administrator/Board Secretary or designee is not sure if a cost is allowable under 2 CFR Subpart E - §200.403, the School Business Administrator/Board Secretary or designee will contact the New Jersey Department of Education or the United States Department of Education for assistance.

6115.02 FEDERAL AWARDS/FUNDS INTERNAL CONTROLS – MANDATORY DISCLOSURES

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (UGG), 2 CFR §200.113 – Mandatory disclosures requires a non-Federal entity or applicant (a New Jersey Board of Education) for a Federal award must disclose, in a timely manner, in writing to the Federal awarding agency or to the New Jersey Department of Education all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award.

If the Board of Education receives a Federal award including the terms and conditions outlined below as per 2 CFR §200 – Appendix XII – Award Term and Condition for Recipient Integrity and Performance Matters shall report certain civil, criminal, or administrative proceedings to the System for Award Management (SAM). Failure to make required disclosures can result in any of the remedies described in 2 CFR §200.338 - Remedies for noncompliance, including suspension or debarment. (See also 2 CFR §180, 31 USC 3321, and 41 USC 2313)

A. General Reporting Requirement

1. If the total value of all Board of Education currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then the Superintendent or designee, on behalf of the Board of Education as the recipient during that period of time, must maintain the currency of information reported to the SAM that is made available in the designated integrity and performance system about civil, criminal, or administrative proceedings described in B. below.

3. As required by section 3010 of Public Law 111-212, all information posted in designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

 - (c) The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.

C. Reporting Procedures

1. The Superintendent or designee shall enter in the SAM Entity Management area the information that the SAM requires about each proceeding described in B. above.
2. The Superintendent or designee does not need to submit the information a second time under assistance awards the Board of Education received if the Superintendent or designee already provided the information through the SAM because the Board of Education was required to do so under Federal procurement contracts the Board of Education was awarded.

D. Reporting Frequency

1. During any period of time when the Board of Education is subject to the requirement in A. above, the Superintendent or designee must report proceedings information through the SAM for the most recent five year period, either to report new information about any proceeding(s) the Board of Education has not reported previously or affirm that there is no new information to report.

2 CFR §200.113

Adopted: 07 June 2022

6115.03 FEDERAL AWARDS/FUNDS INTERNAL CONTROLS – CONFLICT OF INTEREST

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (UGG), 2 CFR §200.318 – General Procurement Standards addresses standards of conduct covering conflict of interest and governs the actions of school district employees, officers, and agents in the selection, award, and administration of contracts supported by a Federal award.

The Board of Education must use its own documented procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to the applicable Federal law and the standards identified in 2 CFR §200.

The Board of Education must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

The Board of Education must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts supported by a Federal award.

1. No employee, officer, or agent of the Board of Education may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest.
 - a. Such a conflict of interest would arise when a Board of Education employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
2. The Board of Education officers, employees, and agents must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.
3. However, a Board of Education may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value.
4. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the non-Federal entity.

The Board of Education's procedures must avoid acquisition of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

To foster greater economy and efficiency, and in accordance with efforts to promote cost-effective use of shared services across the Federal government, the Board of Education is encouraged to enter into State and local intergovernmental agreements or inter-entity agreements where appropriate for procurement of use of common or shared goods and services.

The Board of Education is encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

The Board of Education is encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

The Board of Education must award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources. (See also 2 CFR §200.213 – Suspension and Debarment).

The Board of Education must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

The Board of Education may use a time and materials type contract only after a determination that no other contract is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract whose cost to a Board of Education is the sum of:

1. The actual cost of materials; and
2. Direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since the time and material formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, each contract must set a ceiling price that the contractor exceeds at its own risk. Further, the Board of Education awarding such a contract must assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

The Board of Education alone must be responsible, in accordance with good administrative practice and sound business judgement, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the Board of Education of any contractual responsibilities under its contracts. The Federal awarding agency will not substitute its judgement for that of the Board of Education unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

The Board of Education and its employees shall be required to comply with all New Jersey statutes and administrative codes regarding school ethics and internal controls.

2 CFR §200.318

Adopted: 07 June 2022

6141 TAX REVENUES

The Board of Education believes that the interests of district taxpayers as well as the interests of the educational program are best served by the orderly, planned transfer of tax revenues to the school district as such funds are required to pay the debts of the district.

The Board Secretary shall request the Municipal Treasurer to transfer tax revenues in anticipation of district expenditures in accordance with law and as approved by this Board of Education.

6150 TUITION INCOME

The Board of Education will charge and assess tuition for students attending this school district that are not entitled to receive a free public education in this district or from a student's sending district for the student attending this school district as provided for by State statute.

A receiving public school district Board and a sending public school district Board will establish a written contractual agreement for the ensuing school year with a tentative tuition charge multiplied by the estimated average daily enrollment in accordance with N.J.A.C. 6A:23A-17.1(f). The sending district is required in the contractual agreement to pay ten percent of the tentative tuition charge no later than the first of each month from September through June of the contract year. Adjustments will be made in accordance with N.J.A.C. 6A:23A-17.1(f).

The Board will, with the consent of the Board upon such terms, admit nonresident students on a tuition basis pursuant to N.J.S.A. 18A:38-3 if instructional space is available and upon the recommendation of the Superintendent, with consent of the Board upon such terms.

The School Business Administrator/Board Secretary shall be responsible for the assessment and collection of tuition.

The Executive County Superintendent in the county in which the receiving district is located should be consulted to mediate disputes that arise from tuition matters as defined in N.J.A.C. 6A:23A-17.1(f)5.

6160 GRANTS FROM PRIVATE SOURCES

Grants

The Superintendent or designee is encouraged to explore private sources of funds, goods, and services for special projects or programs that will enhance the educational offerings of the district when no public funds are available for this purpose. These special projects or programs must promote the educational goals of the district. Staff members and members of the public may seek out grants and bring to the attention of the Superintendent or designee any that they feel should be pursued.

The Superintendent or designee shall investigate the conditions of such grants and decide which of these warrant further consideration. This decision will be based on factors such as:

1. The degree to which the district's efforts to achieve its educational goals would be enhanced by accepting the grant;
2. The source of the grant;
3. The level of effort in terms of district resources likely to be incurred in seeking the grant;
4. The extent to which acceptance of the grant may commit the district to future dedication of its own resources;
5. The extent to which fairness and equity are maintained among schools or individuals;
6. The conditions of the grant and their concurrence with all provisions of the school code or public law; or
7. Other factors as determined by the Superintendent.

The Superintendent or designee may solicit advice from the Board in advance of a formal grant application.

The Superintendent or designee shall develop procedures that will allow the district to apply for grants in a timely fashion and that, if the applications are successful, will allow for effective and efficient grant management. The Board will allocate resources that will permit the Superintendent to pursue grants found to be in the interests of the district.

All grants in excess of \$3,000 shall be formally approved by the Board of Education before they are accepted from the donor. The Superintendent is authorized to accept grants with a value up to \$3,000, although all grants will be presented to the Board and shall become the property of the district.

The Superintendent or designee shall acknowledge the receipt and value of all grants and shall provide to donors, upon request, a report on the disposition of funds in excess of \$3,000.

Adopted: 07 June 2022

6162 CORPORATE SPONSORSHIPS

The Board of Education encourages partnerships with the private sector, businesses, and corporations, to enhance the level of educational and extracurricular programs and activities within the district. Business or corporate partners may provide contributions in the form of cash grants or donations, equipment, materials, or human resources to support educational programs. The district will utilize contributions in a fair and equitable manner to enhance or expand educational programs and activities. The Board reserves the right to determine how such contributions are expended and how such donated items are used.

Business and corporate involvement must support the goals and objectives of the district. Educational programs that receive business and corporate support must be structured to meet identified educational needs and must be evaluated for educational effectiveness by the district on an ongoing basis. Curriculum and instruction are within the purview of educators, with the involvement of the community. The expertise of business and corporate partners may be used to enhance the curriculum.

The Board will acknowledge and recognize the contributions of its private sector partners in a manner deemed appropriate by the Board. In no case shall the Board's acknowledgement or recognition of a business or corporate partner be considered an endorsement of a partner's product or service.

The Board will accept contributions, donations, and sponsorship of educational activities from businesses and corporations under the following guidelines:

1. All public-private sector partnerships entered into by the district shall be, in the judgment of the Board and Superintendent, a means of advancing the district's educational goals and are in the best interests of students;
2. If the economic benefit or cash value of a contribution and/or the items to be purchased with cash contribution are in excess of \$3,000, Board approval at a public Board meeting will be required;
3. All public-private sector contributions must be consistent with all applicable laws, labor contracts, competitive bid requirements and all applicable Federal, State, and district laws, rules, and regulations;
4. Funds will not be solicited from corporations or other business enterprises with which the school district does business;
5. All donated item(s) will become the property of the Board of Education; and
6. Non-public-private sector partnership shall provide direct financial gain to district employees, students, parents or school Board members.

Acceptance of Corporate Sponsorships

Any sponsored or donated material, equipment, personal property or other benefit derived by the district through corporate sponsorships will be held to the same standards used for district purchases. Corporate sponsorship proposals that provide gifts, grants, and donations to the school district shall be accepted in accordance with Board Policy.

Adopted: 07 June 2022

6210 FISCAL PLANNING

The Board of Education shall collect and assemble the information necessary to discharge its responsibility for the fiscal management of the school district and to plan for the financial needs of the educational program. The Board will strive toward maintaining both short and long range perspectives of district financial requirements.

Accordingly, the Board directs the School Business Administrator/Board Secretary to include cost estimates in all ongoing district studies of the educational program, to prepare a long range year-by-year plan for the maintenance and replacement of facilities and equipment, to forecast an estimated expenditure budget for one year in the future, to maintain a plan of anticipated State and Federal revenues, to meet periodically with the municipal governing board to review planned expenditures and the joint effect of school and community costs on tax rates, and to report to the Board any serious financial forecast that emerges from the district's fiscal planning.

Adopted: 07 June 2022

6220 BUDGET PREPARATION

The annual budget is the financial plan for the effectuation of the educational plan for the district; its preparation is, therefore, one of the most important functions performed by the Board of Education. The budget shall be designed to carry out that plan in a thorough and efficient manner, to maintain school district facilities, and to honor continuing obligations of the district.

A proposed budget requires the critical analysis of every member of the Board during its preparation. The administration shall work with the Board to ensure Board members have a thorough understanding of the budget appropriations, budget revenue, the proposed educational program and the budget's impact to the local tax levy. The Board shall also provide for community input during the budget development process.

The annual school district budget and supporting documentation shall be prepared in accordance with the provisions of N.J.S.A. 18A:7F et seq. and N.J.A.C. 6A:23A-8.1 et seq. The Board will obtain approval of the local funding for a non-referendum capital project (school facility project or other capital project) in accordance with the provisions of N.J.A.C. 6A:23A-8.4.

The Board will submit its proposed budget and supporting documentation as prescribed by the Commissioner to the Executive County Superintendent for approval.

The budget will be presented to the Board of Education to allow adequate time for review and adoption. The budget should evolve primarily from the needs of the individual schools as expressed by the Building Principals and the district educational program as expressed by the central administrative staff and be compatible with approved district plans.

The Board shall include in the budget application to the Executive County Superintendent a complete reporting of revenues and appropriations and other requirements pursuant to N.J.S.A. 18A:22-8 and N.J.S.A. 18A:7F-5 through 63.

The Board, upon submission of its budget application to the Executive County Superintendent or by the statutory submission date, whichever is earlier, shall make available upon request for public inspection all budget and supporting documentation contained in the budget application and all other documents listed in N.J.A.C. 6A:23A-8.1 once the budget application has been submitted to the Executive County Superintendent for approval.

The budget as adopted for the school year pursuant to N.J.S.A. 18A:7F-5 shall be provided for public inspection on the district's Internet site, if one exists, and made available in print in a "user-friendly" plain language budget summary format in accordance with the provisions of N.J.A.C. 6A:23A-8.1(c).

All budgetary and accounting systems used in the school district must be in accordance with double entry bookkeeping and Generally Accepted Accounting Principles as required in N.J.A.C. 6A:23A-16.1 et seq.

N.J.S.A. 18A:7F et seq.; 18A:22-7 et seq.
N.J.A.C. 6A:23A-8.1 et seq.; 6A:23A-16.1 et seq.

Adopted: 07 June 2022

6230 BUDGET HEARING

The annual budget adopted by the Board of Education and approved by the Executive County Superintendent represents the Board's position on the allocation of resources required to operate a thorough and efficient system of education. All reasonable means shall be employed by the Board to present and explain that position to residents and taxpayers of the community. A public budget hearing will be conducted in accordance with law. Each member of the Board and each district administrator shall be sufficiently acquainted with the budget and its underlying purposes to answer questions from members of the public.

The approved budget will be made available to the public in the form and at the places required by law. A simplified form of the budget may also be prepared annually and may be sent to each district resident, each parent(s) or legal guardian(s) of a student in public school, and representative of community organizations and distributed to each person attending the annual budget hearing.

The simplified budget may include the expenditure in each major category of current expense, capital items, and debt service; any anticipated change in tax rates; a summary of anticipated receipts; information that voters may use in comparing budget provisions in this school district with those in comparable districts; brief explanations of significant increases and decreases from the preceding budget and important transfers of expenditures from one classification to another; and a letter of transmittal from the Board.

6311 CONTRACTS FOR GOODS OR SERVICES FUNDED BY FEDERAL GRANTS

Any vendor providing goods or services to the school district to be funded by a Federal grant must be cleared for contract in accordance with the provisions of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (UGG), 2 CFR §200.213 – Suspension and Debarment.

The School Business Administrator/Board Secretary shall be responsible to check the web-based System for Award Management (SAM) maintained by the United States government – the General Services Administration (GSA). The purpose of the SAM is to provide a single comprehensive list of individuals and firms excluded by Federal government agencies from receiving Federal contracts or Federally approved contracts or Federally approved subcontracts and from certain types of Federal financial and nonfinancial assistance and benefits.

The School Business Administrator/Board Secretary, upon opening of bids or upon receipt of proposals for goods or services to be funded by a Federal grant shall access the SAM to determine if the vendor has been disbarred, suspended, or proposed for disbarment. The School Business Administrator/Board Secretary shall also access the SAM list immediately prior to the award of a bid or contract to ensure that no award is made to a vendor on the list.

In the event a vendor under consideration to be awarded a bid or contract for goods or services to be funded by a Federal grant is on the SAM list or proposed for disbarment, the School Business Administrator/Board Secretary shall comply with the contracting restrictions as outlined in 2 CFR §200.

Continuation of current contracts and restrictions on subcontracting with vendors who are on the SAM list or proposed for disbarment shall be in accordance with the limitations as outlined in 2 CFR §200.

Any rejection of a bid or disqualification of a vendor who has been disbarred, suspended, or proposed for disbarment shall be consistent with the requirements as outlined in N.J.S.A. 18A:18A – Public School Contracts Law and all applicable State laws.

2 CFR §200

Adopted: 07 June 2022

6320 PURCHASES SUBJECT TO BID

The Board of Education directs the establishment and conduct of bidding procedures that serve the public interest and provide each qualified vendor an equal opportunity to furnish goods and services to the district.

Every contract for the performance of work or the purchase or lease of materials or supplies not exempted by law will be subject to public bidding whenever the aggregate value of such a contract within one contract year exceeds the bid threshold established by law and in accordance with N.J.S.A. 18A:18A-3.(a). Whenever possible, purchases will be aggregated; purchases may not intentionally be divided to avoid the requirements for competitive bidding as required in N.J.S.A. 18A:18A-8. The purchase of textbooks and materials that exceed the bid threshold and are approved by the Board pursuant to N.J.S.A. 18A:34-1 shall not require the further adoption of a resolution for purchase.

Bid specifications will be prepared and/or are coordinated by the School Business Administrator/Board Secretary. Each bid specification will offer a common standard of competition and will assert the Board's right to accept reasonable equivalents and to reject all bids and readvertise. The School Business Administrator/Board Secretary is authorized to advertise for bids in accordance with N.J.S.A. 18A:18A-21 without the prior approval of the Board, but shall inform the Board of any such advertisement at the Board meeting next following. Records of advertisements will be kept in detail sufficient to show that a reasonable number of qualified vendors were invited to bid.

Bids shall be opened publicly by the School Business Administrator/Board Secretary or designee before one or more witnesses at a previously designated time and place. Contracts will be awarded, on a resolution duly adopted by the Board, to the lowest responsible bidder who submits the lowest responsible bid, except that the Board may choose to reject all bids, to readvertise, or to purchase under a State contract. The Board may disqualify a bidder who would otherwise be determined to be the lowest responsible bidder in accordance with N.J.S.A. 18A:18A-4. Whenever two or more bids are the lowest bids submitted by responsible bidders, the Board shall determine to which bidder the contract will be awarded.

The bid of a vendor who claims, before bids are opened, a mistake or omission in its preparation will be returned unopened. A bidder who discovers a mistake or omission after bids have been opened may withdraw the erroneous bid provided he or she gives immediate written notice of the mistake or omission and certification, supported by clear evidence, that he or she exercised reasonable care in the examination of the specifications and preparation of the bid. Any bidder who withdraws an opened bid shall forfeit any bid security deposited with the bid in accordance with law.

In accordance with the provisions of N.J.A.C. 6A:23A-5.4, pursuant to the authority granted the Commissioner of Education under N.J.S.A. 18A:55-2 and N.J.S.A. 18A:7F-60, the Commissioner shall subject to review for the withholding of State funds any school district that fails to obey the provisions of the Public Contract law, N.J.S.A. 18A:18A-1 et seq. The amount of funds to be withheld shall equal the amount of the contract awarded in violation of the provisions of N.J.S.A. 18A:18A-1 et seq. except for violations related to the award of contracts under the extraordinary unspecifiable services (EUS) provision which shall be governed by the provisions of N.J.S.A. 18A:18A-46.1.

6340 MULTIPLE YEAR CONTRACTS

The Board of Education may enter a multiple year contract for goods and services permitted by law whenever the extended contract will serve the needs of the district and yield greater return for the expenditure.

The School Business Administrator/Board Secretary is directed to investigate the advantage to the district of multiple year contracts. Investigation should include, but need not be limited to, a comparison of the costs of multiple year and single year contracts, an analysis of trends in the costs and availability of the goods or services to be provided, the projected needs of the district, and an inquiry into the reliability and stability of the vendor.

Except for those contracts exempted from the requirement by law, all multiple year contracts will contain a cancellation clause or a clause conditioning annual extension of the contract on the appropriation of sufficient funds to meet the Board's obligation.

All multiple year contracts must be approved by the Board. When the estimated annual cost of a multiple year contract exceeds the bid threshold established by law and the subject of the contract is not exempt from bidding, the contract shall be advertised in accordance with law and the bidding procedures of this district.

Adopted: 07 June 2022

6350 COMPETITIVE CONTRACTING

Competitive contracting may be used in lieu of public bidding for specialized goods or services that exceed the bid threshold provided the process is administered by a purchasing agent, by legal counsel of the Board of Education, or by the School Business Administrator and pursuant to N.J.S.A. 18A:18A-4.1. et seq. Competitive contracting may only be used for the purposes provided in N.J.S.A. 18A:18A-4.1. Unless an exception is provided for under N.J.S.A. 18A:18A-42 permitting a longer contract duration, contracts awarded under competitive contracting may be for a term not to exceed five years.

The purchasing agent will prepare a request for proposal documentation, which will include all requirements deemed appropriate and necessary to allow for full and free competition between vendors, information necessary for potential vendors to submit a proposal, and a methodology by which the Board will evaluate and rank proposals received from vendors. The methodology for the awarding of competitive contracts will be based on an evaluation and ranking and will be developed in a way that is intended to meet the specific needs of the district and where such criteria will not unfairly or illegally discriminate against or exclude otherwise capable vendors. The methodology for awarding competitive contracts will comply with such rules and regulations as the Director of the Division of Local Government Services in the Department of Community Affairs may adopt in accordance with N.J.S.A. 18A-4.4.

Request for proposal documentation will be published in an official newspaper of the Board at least twenty days prior to the date established for the submission of proposals. The Board may charge a fee for the proposal documentation that will not exceed \$50.00 or the cost of reproducing the documentation, whichever is greater.

Each interested vendor will be required to submit a proposal which will include all the information required by the request for proposals. Failure to meet the requirements of the request for proposals may result in the Board disqualifying the vendor from further consideration. Under no circumstances will the provisions of a proposal be subject to negotiation by the Board.

If the Board, at the time of solicitation, utilizes its own employees to provide the goods or perform the services, or both considered for competitive contracting, the Board will, at any time prior to, but no later than the time of solicitation for competitive contracting proposals, notify affected employees of the Board's intention to solicit competitive contracting proposals pursuant to N.J.S.A. 18A:18A-4.5.c. Employees or their representatives will be permitted to submit recommendations and proposals affecting wages, hours, and terms and conditions of employment in such a manner as to meet the goals of the competitive contract. If employees are represented by an organization that has negotiated a contract with the Board, only the bargaining unit will be authorized to submit such recommendations or proposals. When requested by such

employees, the Board will provide such information regarding budgets and the costs of performing the services by such employees as may be available. Nothing will prevent such employees from making recommendations that may include modifications to existing labor agreements in order to reduce such costs in lieu of award of a competitive contract, and agreements implementing such recommendations may be considered as cause for rejecting all other proposals.

The purchasing agent will evaluate all proposals only in accordance with the methodology described in the request for proposals. After proposals have been evaluated, the purchasing agent will prepare a report evaluating and recommending the award of a contract or contracts. The report will be prepared pursuant to N.J.S.A. 18A:18A-4.5.d. The report will be made available to the public at least 48 hours prior to the awarding of the contract, or when made available to the Board, whichever is sooner. The Board will have the right to reject all proposals for any of the reasons set forth in N.J.S.A. 18A:18A-22.

Award of a contract will be made by resolution of the Board within sixty days of the receipt of the proposals, except that the proposals of any vendors who consent thereto, may, at the request of the Board, be held for consideration for such longer period as may be agreed.

The report prepared pursuant to this Policy and Regulation No. 6350 will become part of the public record and will reflect the final action of the Board. Contracts will be executed pursuant to N.J.S.A. 18A:18A-40.

The Secretary of the Board will publish a notice in the official newspaper of the Board summarizing the award of a contract pursuant to N.J.S.A. 18A:18A-4.5g.

6360 POLITICAL CONTRIBUTIONS

Political Contribution Disclosure Requirements

In accordance with the requirements of Section 2 of P.L. 2005, Chapter 271 (N.J.S.A. 19:44A-20.26), the Board of Education shall have on file, to be maintained with other documents related to a contract, the following documents to award a contract to any business entity receiving a contract with an anticipated value in excess of \$17,500, regardless of the basis upon which the contract is awarded:

1. A Political Contribution Disclosure (PCD) form submitted by the business entity (at least ten days prior to award); and
2. A Business Registration Certificate (anytime prior to award).

“Business entity” means a for-profit entity that is a natural or legal person, business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other State or foreign jurisdiction.

The \$17,500 contract amount is not related to the Board’s bid threshold and does not exempt the district from the requirements of the Public School Contracts Law or other applicable purchasing statutes.

The \$17,500 contract amount threshold is subject to the principle of aggregation rules in accordance with the Division of Local Government Services guidance. Unlike the Public School Contracts Law, aggregation thresholds for this Policy and Chapter 271 purposes shall be calculated at the vendor level – meaning, when a vendor receives more than \$17,500 in a school district’s fiscal year, a PCD form shall be required.

The disclosure provisions of N.J.S.A. 19:44A-20.26 do not apply in cases where there is a “public emergency” that requires the immediate delivery of goods or services.

Insurance companies and banks are prohibited under State law from making political contributions. However, because the PCD form reflects contributions made by partners, Boards of Directors, spouses, etc., PCD forms are required ten days prior to the approval of a depository designation resolution or insurance company contract awarded by the Board. A PCD form is also required when a contract in excess of \$17,500 is made to an insurance broker. A PCD form is required from the company receiving the contract, regardless of the entity issuing an insurance policy.

PCD forms are required for Board of Education contracts in excess of \$17,500 with a New Jersey Department of Education “Approved In-State Private School for the Disabled.” Chapter 271 also applies to in-State private special education schools, educational services under any Federally funded program, early childhood school providers – DHS approved, and other similar programs.

If the school district spends more than \$17,500 in a school year with a newspaper, the selection of the newspaper is subject to the provisions of Chapter 271.

PCD forms are not required for regulated public utility services, as the Board is required by the Board of Public Utilities to use a specific utility. This exception does not apply to non-regulated public utility services, such as generated energy (not tariffed), or long-distance telephone services where other procurement practices are used.

PCD forms are not required for membership to the New Jersey School Boards Association.

A non-profit organization having proper documentation from the Internal Revenue Service (IRS) showing it is registered with the IRS as a 501(c) type corporation is not required to file a PCD form.

A PCD form is not required for contracts with governmental agencies, including State colleges and universities.

If the original contract provided for the possibility of an extension(s), Chapter 271 compliance is not required if the extension/continuation is based on that original contract.

6362 CONTRIBUTIONS TO BOARD MEMBERS AND CONTRACT AWARDS

As a condition of receiving State aid, the school district shall comply with the provisions of N.J.A.C. 6A:23A-6.3 to ensure the school district maintains honest and ethical relations with vendors and shall guard against favoritism, improvidence, extravagance, and corruption in its contracting processes and practices.

For the purposes of this Policy, “business” means any corporation, partnership, firm, enterprise, franchise, trust, association, sole proprietorship, union, political organization, or other legal entity but shall not include a local public school district or any other public entity. “Business entity” means any natural or legal person, business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of this State or of any other State or foreign jurisdiction. “Interest” means the ownership or control of more than ten percent of the profits or assets of a business entity or ten percent of the stock in the case of a business entity that is a corporation for profit, as appropriate.

In accordance with the provisions of N.J.A.C. 6A:23A-6.3:

1. No Board of Education will vote upon or award any contract in the amount of \$17,500 or greater to any business entity which has made a contribution reportable by the recipient under P.L. 1973, c. 83 (N.J.S.A. 19:44A-1 et seq.) to a member of the Board of Education during the preceding one-year period.
2. Contributions reportable by the recipient under P.L. 1973, c. 83 (N.J.S.A. 19:44A-1 et seq.) to any member of the Board of Education from any business entity doing business with the school district are prohibited during the term of a contract.
3. When a business entity referred to in 2. above is a natural person, a contribution by that person’s spouse or child that resides therewith shall be deemed to be a contribution by the business entity. Where a business entity is other than a natural person, a contribution by any person or other business entity having an interest therein shall be deemed to be a contribution by the business entity.
4. The disclosure requirement set forth in section 2 of P.L. 2005, c. 271 (N.J.S.A. 19:44A-20.26) also shall apply when the contract is required by law to be publicly advertised for bids.

A Business Entity Disclosure Certification (BED-C) shall be submitted by the business entity for all contracts of \$17,500 or greater in order to facilitate disclosure of contributions to Board members by a business entity. The BED-C shall be reviewed prior to the award of any contract in excess of \$17,500 to ensure the Board of Education's compliance with N.J.A.C. 6A:23A-6.3(a).

The requirements of N.J.A.C. 6A:23A-6.3 shall not apply to a contract when a district emergency requires the immediate delivery of goods or services. With the exception of districts previously subject to the requirements of N.J.A.C. 6A:10-2.1(e), N.J.A.C. 6A:23A-6.3 shall not apply to contributions made prior to its effective date.

6421 PURCHASES BUDGETED

The Board of Education directs the establishment of procedures for the purchase of budgeted goods and services that will make prudent use of district resources and yield the maximum value for the school district. The School Business Administrator/Board Secretary shall authorize all purchases that are within a budget line item and are consistent with the purpose for which the funds were appropriated.

No purchase order may be placed until the School Business Administrator/Board Secretary has determined whether the proposed purchase is subject to bid, whether sufficient funds exist in the line item, and whether the goods are available elsewhere in the district.

Whenever the estimated value of a purchase or contract for goods or services other than professional services N.J.S.A. 18A:18A-5(1) and work by employees of the Board N.J.S.A. 18A:18A-5(3) is fifteen percent or more of the bid threshold established in accordance with N.J.S.A. 18A:18A-3 and N.J.S.A. 18A:18A-37 and is not made under a State contract, the purchasing agent shall, whenever practicable, solicit at least two quotations from independent vendors. All quotations received will be attached to and retained with a copy of the voucher used to pay the vendor.

All contracts that are in the aggregate less than fifteen percent of the bid threshold may be awarded by the School Business Administrator/Board Secretary without soliciting competitive quotations.

The purchase or contract may be awarded on the basis of the lowest responsible quotation received or to the vendor who submits the quotation most advantageous to the Board on the basis of price and other factors. If it is determined that it is impractical to seek quotations for an extraordinary, unspecifiable service or that the purchase or contract for which quotations were sought should not be awarded on the basis of the lowest quotation received, the reasons for that determination will be set forth in writing and attached to the resulting purchase order or contract.

Supplies commonly used in the various schools will be standardized to the extent that it is educationally feasible to do so. Alternate suggestions will be made to a requisitioner if better service, delivery, economy, or utility can be achieved by a change in the proposed order.

When a purchase order is placed or a contract entered, the School Business Administrator/Board Secretary shall commit the expenditure against a specific budget line item or project category in order to guard against the creation of liabilities in excess of appropriations.

6422 BUDGET TRANSFERS

Except as otherwise provided pursuant to N.J.S.A. 18A:22-8.1 and N.J.A.C. 6A:23A-13.1 et seq., whenever the school district desires to transfer amounts among line items and program categories, the transfers shall be by resolution of the Board approved by a two-thirds affirmative vote of the authorized membership of the Board. Each resolution shall indicate the exact amount of the transfers and from the applicable accounts or fund balance.

However, this Board of Education in accordance with the provisions of N.J.S.A. 18A:22-8.1 and this Policy as adopted by the Board, designates the Superintendent of Schools to approve such transfers as are necessary between meetings of the Board. Transfers approved by the Superintendent shall be reported to the Board, ratified and duly recorded in the minutes at a subsequent meeting of the Board, but not less than monthly.

Transfers from line accounts that include waiver amounts approved by the Commissioner and expenditures and/or reallocations directed by the Commissioner are prohibited unless approved in writing by the Executive County Superintendent and in accordance with the provisions of N.J.S.A. 18A:22-8.1. The Board shall submit written requests for transfers including the amount to be transferred, the account(s) to be reduced, the account(s) to be increased, the purpose, and justification. These transfers shall not be requested or made prior to December 1 of the applicable budget year and shall only be approved for an emergent circumstance(s).

Where actual audited undesignated general fund balance at the fiscal year-end exceeds the estimated amount reflected in the school district's originally approved budget that contained an adjustment to the tax levy limitation approved by the Commissioner, any excess amount shall be reserved for the offset of the Commissioner's waiver requests, if any, in the second subsequent year's budget and reflected as such in the CAFR for the budget year.

Whenever the Executive County Superintendent shall, pursuant to N.J.S.A. 18A:7-8, disapprove a portion of the school district's proposed budget because the district has not implemented all potential efficiencies in its administrative operations or because the budget includes excessive non-instructional expenses, the school district shall not transfer funds back into those accounts during the budget year.

Transfers of surplus amounts or any other unbudgeted or underbudgeted revenue to line items and program categories shall require the approval of the Commissioner of Education and shall only be approved between April 1 and June 30 for line items and program categories necessary to achieve the thoroughness standards established pursuant to section 4 of P.L.2007, c.260 (N.J.S.A. 18A:7F-46); except that upon a two-thirds affirmative vote of the authorized membership of the Board, the Board may petition the Commissioner of Education for authority to transfer such revenue prior to April 1 due to an emergent circumstance and the Commissioner may authorize the transfer if he determines that the transfer is necessary to meet such emergency.

Transfers from any general fund appropriation account that, on a cumulative basis, exceed 10% of the amount of the account included in the school district's budget as certified for taxes shall require the approval of the Commissioner of Education. In a school district wherein the Commissioner of Education has directed an in-depth evaluation pursuant to N.J.S.A. 18A:7A-14, the Board shall obtain the written approval of the Executive County Superintendent of Schools prior to implementing any Board authorized transfer of funds.

No transfer may be made under N.J.S.A. 18A:22-8.1 from appropriations or surplus accounts for interest and debt redemption charges, capital reserve account or items classified as general fund expenses except to other items so classified, or to the capital projects fund to supplement the proceeds from a bond authorization or lease purchase agreement upon application to and a formal finding by the Commissioner that the transfer is in the best interest of both the students and taxpayers of the district after consideration of alternative corrective actions.

6423 EXPENDITURES FOR NON-EMPLOYEE ACTIVITIES, MEALS,
AND REFRESHMENTS

There may be school district activities where expenditures for non-employee activities, meals, and refreshments may occur. Expenditures for non-employee activities, meals, and refreshments for school district activities are allowed provided the expenses are in accordance with the provisions of N.J.A.C. 6A:23A-5.8. For the purposes of this Policy, unless the context clearly indicates otherwise, “activities” means events or functions provided or held for the benefit of students, dignitaries, and other “non-district” employees (e.g. parents) which are paid from public funds. “Dignitary” means a notable or prominent public figure; a high level official; or one who holds a position of honor. A dignitary, for purposes of this Policy, is not a school district employee or Board of Education member.

Allowable expenditures for non-employee school district activities shall include:

1. All reasonable costs, including light meals and refreshments, directly related to activities that benefit students and are part of the instructional program including expenditures for field trips and extracurricular programs that are not solely for entertainment. Nothing in this Policy or N.J.A.C. 6A:23A-5.8 shall preclude the district from using student activity funds or accepting donations to support student activities that are solely for student entertainment;
2. All reasonable costs directly related to activities of dignitaries and other “non-district” employees (e.g. parents), including light meals and refreshments and any other directly related expense. Expenditures for this purpose shall be minimal and infrequent;
3. All reasonable costs of commencement and convocation activities for students; and
4. Expenditures related to district employees to the extent such employees are essential to the conduct of the activity.

The Board shall, at a minimum, take actions regarding student activities as follows:

1. Pre-approve field trip destinations;
2. Establish dollar thresholds for awards to recognize special accomplishments; and

3. Establish a budget supported by general fund revenues for each category of activity in a non-discriminatory manner (e.g. football, boys soccer, girls soccer, photography club). Student activity funds are excluded.

Pursuant to N.J.S.A. 18A:11-12 and State of New Jersey Department of Treasury, Office of Management and Budget Circular 08-19-OMB and 06-14-OMB, the following costs shall not be permitted using public funding:

1. Receptions, dinners, or other social functions held for or honoring any employee or group of employees of the district (e.g. breakfast, luncheon, dinner, or reception for retirees or award recipients). This does not prohibit the district from honoring employees without a social function or using public funds to support reasonable costs of employee recognition awards (e.g. teacher of the year awards, years of service awards). Use of public funds for reasonable costs of employee awards is a local discretionary expenditure;
2. Meals or refreshments served to guests at any athletic event or other games or contests; and/or
3. Expenses for alcoholic beverages.

The School Business Administrator/Board Secretary and/or designee shall maintain documentation to support activities, meals, and refreshments at district events. The documentation shall include a description of the activity, the purpose/justification of the activity, expressed in terms of the goal(s) or objective(s) of the district, the make-up of the group participating in the activity, and the names and titles of Board members or employees included in the group.

6424 EMERGENCY CONTRACTS

Any contract may be negotiated or awarded for a Board of Education without public advertising for bids and bidding notwithstanding that the contract price will exceed the bid threshold when an emergency affecting the health or safety of occupants of school property requires the immediate delivery of goods or the performance of services.

An actual or imminent emergency must exist requiring the immediate delivery of the goods or the performance of the service. Emergency contracts may not be used unless the need for the goods or services could not have been reasonably foreseen or the need for such goods or services has arisen notwithstanding a good faith effort on the school district to plan for the purchase of any goods or services required by the school district. Under no circumstance shall emergency purchasing procedures be used to enter into a multi-year contract.

If the School Business Administrator/Board Secretary is satisfied that an emergency exists, they shall be authorized to award a contract or contracts for such purposes as may be necessary to respond to the emergent needs pursuant to the provisions of N.J.S.A. 18A:18A-7 et seq.

If conditions permit, the School Business Administrator/Board Secretary shall seek quotations from more than one source. If the expenditures are expected to be in excess of the bid threshold, the School Business Administrator/Board Secretary shall attempt to obtain no fewer than three quotations.

As soon as possible, but within three days of declaring the emergency, the Superintendent of Schools shall notify the Executive County Superintendent of the nature of the emergency and the estimated need for goods or services necessary to respond to it.

When emergency conditions have eased, the School Business Administrator/Board Secretary shall utilize the regular purchasing system to obtain estimates from suppliers, vendors, and contractors for materials and/or services that will eliminate the circumstances that created the emergency.

The School Business Administrator/Board Secretary shall prepare and submit a final report to the Board on every occasion an emergency contract is negotiated or awarded in accordance with the provisions of N.J.S.A. 18A:18A-7.

6440 COOPERATIVE PURCHASING

The Board of Education recognizes that centralized, cooperative purchasing may maximize the value received for each dollar spent. The Board of Education is encouraged to seek savings that may accrue to the school district by means of joint agreements for the purchase of goods or services with the governing body of any municipality or county.

For the purpose of this Policy, “cooperative pricing system” means a purchasing system in which the lead agency advertises for bids, awards a master contract to the vendor providing for its own quantities and the estimated quantities submitted by the individual registered members.

For the purpose of this Policy, “cooperative purchasing system” means a cooperative pricing system, joint purchasing system, commodity resale system, county cooperative contract purchasing system, or regional cooperative pricing system which has been approved and registered subject to N.J.A.C. 5:34-7.1 et seq.

For the purpose of this Policy, “electronic data processing” means the storage, retrieval, combination, or collation of items of information by means of electronic equipment involving the translation of words, numbers, and other symbolic elements into electrical impulses or currents.

For the purpose of this Policy, “joint purchasing system” means a cooperative purchasing system in which the lead agency serves as the purchasing agent for the membership of the system with all of the duties and responsibilities attendant. The lead agency advertises for bids and awards a single contract to a vendor providing for the payment to the contractor for its own needs and for the needs of the participating registered members of the system. The only contractual relationship is between the lead agency and the vendor.

For the purpose of this Policy, “lead agency” means the contracting unit which is responsible for the management of the cooperative purchasing system.

For the purpose of this Policy, “registered members” means Boards of Education who have been approved by the Director of the New Jersey Department of Community Affairs for participation in the cooperative purchasing system.

When the lead agency is a Board of Education or Educational Service Commission and the entire membership of the cooperative purchasing system established and properly registered with the New Jersey Division of Local Government Services in the Department of Community Affairs are Boards of Education, the provision and performance of goods or services shall be conducted pursuant to the Public Schools Contract Law. (N.J.S.A. 18A:18A-11 et seq.)

The School Business Administrator/Board Secretary is hereby authorized to negotiate such joint agreements for goods and services which the Board may determine to be required and which the Board may otherwise lawfully purchase for itself with such approved contracting units as may be appropriate in accordance with State law, the policies of this Board, and the dictates of sound purchasing procedures.

In accordance with the provisions of N.J.S.A. 18A:18A-12, a cooperative or joint purchase agreement(s) shall be entered into by resolution adopted by each participating Board of Education, municipality, or county, and shall set forth the categories of goods or services to be provided or performed; the manner of advertising for bids and the awarding of contracts; the method of payment by each participating Board of Education, municipality or county, and other matters deemed necessary to carry out the purposes of the agreement. Agreements for cooperative and joint purchasing will be subject to all bidding requirements imposed by law. Purchases made through the State Treasury Department may be made without bid.

6450 CHOICE OF VENDOR

The Board of Education recognizes its position as a major purchaser of goods and services in the community served by the school district. It is the intention of the Board to purchase goods and services of the requisite quality at the lowest possible cost and to invite widespread competition in order to achieve this end. Where all other considerations are equal, however, the Board will exercise a preference for dealing with established local merchants and service providers from within the boundaries of the school district.

The School Business Administrator/Board Secretary is authorized to place purchase orders with local merchants and providers when their prices and terms are competitive with other vendors. Nothing in this policy shall be deemed to circumvent the requirements of law regarding public purchasing.

All vendors shall supply assurances that they do not practice discrimination as described in the administrative code. All vendors shall be informed that harassment of any kind, of district students or employees by their representatives is prohibited.

6470 PAYMENT OF CLAIMS

The Board of Education directs the prompt payment of legitimate claims by suppliers of goods and services to the school district, provided that each bill or obligation of this Board is fully itemized and verified before a warrant is drawn for its payment.

When an invoice is received, the School Business Administrator/Board Secretary or designee shall verify the voucher is properly submitted, acceptable goods were received or satisfactory services rendered, the expenditure is included in the Board's budget and funds are available for its payment, and the amount of the invoice is correct.

The School Business Administrator/Board Secretary shall identify and investigate, if necessary, the reason for any increase to a purchase order. If it is found by the School Business Administrator/Board Secretary that an increase to a purchase order is warranted, the School Business Administrator/Board Secretary shall either approve a revision to the original purchase order with the reason noted, approve the issuance of a supplemental purchase order for the difference, or cancel the original purchase order and issue a new purchase order. If it is found an increase is not warranted, the purchase order shall be cancelled and the goods returned. In no instance shall an adjustment be made to a purchase order that changes the purpose or vendor of the original purchase order or a bid award price.

The school district's financial systems shall be programmed to:

1. Limit system access so that only appropriate Business office staff may make purchase order adjustments;
2. Reject adjustments in excess of any established approval thresholds;
3. Prevent unauthorized changes to be processed;
4. Reject payments where the sum of the invoice amount plus any previous invoices charged to the purchase order exceeds the sum of the original purchase order amount plus any authorized adjustments;
5. Reject duplicate purchase order numbers;
6. Reject duplicate invoice numbers; and
7. Prepare an edit/change report listing all payments made in excess of the originally approved purchase order amount.

The School Business Administrator/Board Secretary shall review on a monthly basis edit/change reports listing all payments made in excess of the originally approved purchase order amount to ensure that all payments made are properly authorized.

If funds are not available in the budget line account to which the expenditure will be charged, funds may be transferred in accordance with Policy 6422.

The Board must approve all claims for payment, except such payments that are to be paid from funds derived from athletic events or other activities of student organizations. However, in accordance with N.J.S.A. 18A:19-4 and N.J.S.A. 18A:19-4.1, the Board may by Board resolution designate a person in addition to the Board Secretary to audit any account and demand to be paid, and provide for approval of such account or demand by such designated person or the Board Secretary prior to presentation to the Board. Any such approval of payment must be presented to the Board for ratification at the next regular Board meeting. The Board may, in the resolution, establish a maximum dollar amount for which payment may be authorized without prior Board approval.

All claims shall be fully itemized, verified, and shall be submitted for Board review and approval or ratification. Claims must be submitted to the Board in the form of a list that includes the number, amount, and date of the warrant; the payee; the reason for the expenditure; and the account charged. All claims that equal or exceed fifteen percent of the bid threshold amount established pursuant to N.J.S.A. 18A:18A-3, except for payrolls and debt service, shall be verified by affidavit or by signed declaration in writing in accordance with the provisions of N.J.S.A. 18A:19-3.

The list of claims must be accompanied by the original records that include copies of the purchase order, the receiving report, the vendor's invoice, and the purchase requisition. The list of approved warrants will be included in the minutes of the Board meeting.

When a claim for payment is duly approved in accordance with this Policy, the School Business Administrator/Board Secretary and/or a designated staff member shall promptly prepare a warrant for payment, cancel the commitment placed against the appropriate account, and post the actual expenditure. All warrants shall be signed by the Board President, Board Secretary, Superintendent of Schools, and/or Treasurer of School Moneys, as appropriate to the district.

The Policy and Regulation pertaining to school district travel expenditures incorporates either expressly, in whole or in part, and/or by reference, the laws and regulations contained in N.J.S.A. 18A:11-12 and N.J.A.C. 6A:23A-7.

The Board of Education ensures the effective and efficient use of funds by adopting and implementing policies and procedures that are in accordance with N.J.S.A. 18A:11-12 and New Jersey Department of the Treasury, Office of Management and Budget (OMB) current circulars and any superseding circulars pertaining to travel, meals, events and entertainment, and the additional requirements set forth in N.J.A.C. 6A:23A-7. If any superseding circulars of the OMB conflict with the provisions of these rules, the provisions of the superseding circulars shall govern.

Any sections of State travel regulations as established by the OMB presented as OMB Travel, Entertainment, Meals, and Refreshments Circulars, that conflict with N.J.S.A. 18A:1-1 et seq. shall not be included in Policy and Regulation 6471 nor authorized under N.J.A.C. 6A:23A-7. This includes, but is not limited to, the authority to issue travel charge cards as allowed under the OMB Circulars, but which is not authorized for school districts under New Jersey school law.

The Board of Education shall ensure, through Policy and Regulation 6471, that all travel by its employees and Board of Education members is educationally necessary and fiscally prudent. Policy and Regulation 6471 shall include the requirement that all school district travel expenditures are:

1. Directly related to and within the scope of the employee's or district Board member's current responsibilities and, for school district employees, the school district's professional development plan, the school professional development plan, and employee's individual professional development plan;
2. For travel that is critical to the instructional needs of the school district or furthers the efficient operation of the school district; and
3. In compliance with State travel payment guidelines as established by the OMB and with guidelines established by the Federal Office of Management and Budget; except any State or Federal regulations and guidelines that conflict with the provisions of Title 18A of the New Jersey Statutes shall not be applicable,

including, but not limited to, the authority to issue travel charge cards. The Board of Education shall specify in its travel policy the applicable restrictions and requirements set forth in the State and Federal guidelines, including, but not limited to, types of travel, methods of transportation, mileage allowance, subsistence allowance, and submission of supporting documentation including receipts, checks, or vouchers.

School district travel expenditures shall include, but shall not be limited to, all costs for transportation, meals, lodging, and registration or conference fees directly related to participation in the event.

School district travel expenditures subject to N.J.A.C. 6A:23A-7 shall include costs for all required training and all travel authorized in school district employee contracts and Policy and Regulation 6471. This includes, but is not limited to, required professional development, other employee training and required training for Board members, and attendance at specific conferences authorized in existing employee contracts, provided the travel meets the requirements of N.J.A.C. 6A:23A-7. All such expenditures are subject to the rules in N.J.A.C. 6A:23A-7, including, but not limited to, inclusion in the annual travel limit, prior Board of Education approval, separate tracking as described at N.J.S.A. 18A:11-12.q., and per diem reimbursements.

Travel reimbursements will only be paid upon compliance with all provisions of N.J.A.C. 6A:23A-7 and Policy and Regulation 6471. The Board of Education will not ratify or approve payments or reimbursements for travel after completion of the travel event, except as provided at N.J.A.C. 6A:23A-7.4(d).

The Board of Education shall establish a maximum travel budget in accordance with the requirements outlined in N.J.A.C. 6A:23A-7.3.

All travel requests must be submitted and approved in writing by the Superintendent of Schools and the majority of the Board of Education's full voting membership of the Board, except if the Board of Education has excluded regular business travel from prior approval pursuant to N.J.A.C. 6A:23A-7.3(b), prior to obligating the school district to pay related expenses and prior to attendance at the travel event.

All travel requests for Board members shall require prior approval by a majority of the Board of Education's full voting membership, except where the Board of Education has excluded regular business travel from prior approval pursuant to N.J.A.C. 6A:23A-7.3(b), and the travel shall be in compliance with N.J.S.A. 18A:12-24 and 24.1.

A Board member must recuse himself or herself from voting on travel if the Board member, a member of his or her immediate family, or a business organization in which he or she has an interest has a direct or indirect financial involvement that may reasonably be expected to impair his or her objectivity or independence of judgment. Policy and Regulation 6471 prohibit a Board member from acting in his or her official capacity in any matter in which he or she or a member of his or her immediate family has a personal involvement that is or creates some benefit to the school district Board member or member of his or her immediate family; or undertaking any employment or service, whether compensated or not, that may reasonably be expected to prejudice his or her independence of judgment in the execution of his or her official duties.

The Board of Education requires documentation required in N.J.A.C. 6A:23A-7.5(b) that justifies the number of employees attending an event and the benefits derived from their attendance. Pursuant to N.J.A.C. 6A:23A-7.5(c), the school district shall maintain documentation on file that demonstrates compliance with the Board of Education's travel policy, including travel approvals, reports, and receipts for all school district funded expenditures, as appropriate.

The School Business Administrator/Board Secretary shall be responsible for the accounting requirements for travel in accordance with the provisions of N.J.A.C. 6A:23A-7.6.

The Superintendent of Schools and the School Business Administrator are the final approval authorities for travel.

Sanctions for a violation of the provisions of N.J.A.C. 6A:23A-7 or this Policy are outlined in N.J.A.C. 6A:23A-7.7 and Regulation 6471.

The Board of Education prohibits the types of travel expenditures not eligible for reimbursement as listed in N.J.A.C. 6A:23A-7.8. and Regulation 6471.

Travel methods shall be in accordance with the provisions of N.J.A.C. 6A:23A-7.9 and Regulation 6471 and the routing of travel shall be in accordance with the provisions of N.J.A.C. 6A:23A-7.10 and Regulation 6471.

Any subsistence allowance shall be in accordance with the provisions of N.J.A.C. 6A:23A-7.11 and Regulation 6471. Meal allowances and incidental expenditures shall be in accordance with N.J.A.C. 6A:23A-7.12 and Regulation 6471.

6480 PURCHASE OF FOOD SUPPLIES

The Board of Education authorizes the purchase of certain food supplies without advertising for bids.

For the purpose of this policy, “food supplies” means only those supplies that are to be eaten or drunk and those substances that may enter into the composition of a food in the operation of a school cafeteria or in a home economics class.

The Board of Education authorizes the School Business Administrator/Board Secretary or designee to purchase all food supplies without advertising for bids in accordance with N.J.S.A. 18A:18A-5 and N.J.A.C. 6A:23A-16.5 et seq.

Vendors interested in providing food supplies to the school district shall submit a written request to the School Business Administrator/Board Secretary or designee to receive specifications for food supplies to be purchased by the school district. The School Business Administrator/Board Secretary or designee will maintain a list of interested vendors and will mail specifications for food supplies to those vendors who requested such specifications.

Each time a purchase of food supplies is to be made, the School Business Administrator/Board Secretary or designee shall solicit quotations from interested, eligible vendors. Quotations for fresh or frozen fruits, vegetables, and meats need not be solicited more than once in any two week period.

The School Business Administrator/Board Secretary or designee shall provide definite and uniform specifications governing standards of quality to each eligible vendor from whom quotations are solicited. Specifications for food supplies will indicate a time in which all quotations must be submitted to the school district for consideration.

All quotations from interested, eligible vendors will be evaluated by the School Business Administrator/Board Secretary or designee. Food supplies shall be purchased from the vendor who submits the lowest quotation, except that food supplies may be purchased from another vendor who submitted a quotation when the School Business Administrator/Board Secretary or designee can justify the purchase. Any such justification, together with all quotations received, shall be kept in permanent record form, attached to the purchase order and available to school officials, the Board, and the State Department of Education for a minimum of three years following the purchase.

The School Business Administrator/Board Secretary or designee may purchase food supplies for any school cafeteria or home economics class to the extent of not more than \$500.00 any month without soliciting quotations provided the School Business Administrator/Board Secretary provides a written signed statement filed with the invoice indicating the reason why quotations could not be obtained. Each Board resolution to employ or reemploy a person will include the person's name, position, and tenure status; the salary or rate of pay the person is to receive, the method of payment, the wage guide from which wages are derived, and the budget category to which the wages are to be charged; the period of time for which employment is authorized; and the school, grade, class or special assignment, as appropriate.

No person may be assigned duties as a substitute employee whose employment has not been approved by the Board. The list to be approved by the Board will include the names of recommended substitutes, the duties to which each may be assigned, and the rate of pay. Substitute authorization will ordinarily be valid for one school year.

The minutes will also include effective dates for personnel action.

Certain categories of staff members designated by the Superintendent of Schools, shall be required to use a time clock or sign in and out of work daily in order to verify days and hours worked. The service of extra-duty personnel must be certified by the appropriate supervisor before payment can be made.

The Superintendent and School Business Administrator/Board Secretary are authorized to withhold salary or wages for services not rendered, in accordance with Board policy.

Staff members shall be paid in accordance with the provisions in their collective bargaining agreement and/or in accordance with a schedule provided to all employees prior to the beginning of the contract or school year.

The accepted picture identification shall be in the form of a district-issued identification card, valid drivers' license, official passport, or other picture identification issued by a State, county, or other local government agency.

The Superintendent of Schools shall designate an appropriately qualified staff member to match the picture identification to the position control roster maintained by the office of personnel or human resources prior to release of the pay check or direct deposit voucher. If the district elects to conduct this payroll verification prior to the district's required implementation of the position control roster pursuant to N.J.A.C. 6A:23A-6.8, the district may use similar and suitable office of personnel or human resources generated listing of employees. Where no appropriate identification can be produced, the School Business Administrator/Board Secretary shall withhold paychecks or stop direct deposits until such time the payee/district employee can produce appropriate identification or until an investigation and corrective action is concluded, as appropriate to the circumstances.

Upon completion of the payroll check distribution verification procedures set forth in this Policy and N.J.A.C. 6A:23A-5.7, the Superintendent of Schools shall submit a certification of compliance, in a form prescribed by the Department of Education, to the Executive County Superintendent. Verification of the district's compliance with the provisions of N.J.A.C. 6A:23A-5.7 will be required as part of the annual audit.

The payroll journal will be certified by the Board Secretary, the President of the Board, and approved by the Superintendent.

The Board may grant an exemption for seasonal and temporary employees as the Board deems necessary.

6660 STUDENT ACTIVITY FUND

The Board of Education authorizes the establishment of a student activity account for funds derived from events and activities of student organizations and to account for the accumulation of money to pay for student group activities. The Board of Education may establish individual student activity accounts within a student activity account by Board resolution.

Student activity funds are maintained under the jurisdiction of the Board of Education and are under the supervision of the School Business Administrator/Board Secretary.

In accordance with the provisions of N.J.A.C. 6A:23A-16.12(a), the School Business Administrator/Board Secretary designates the Principal to administer the student activity account in each school building.

Funds collected for a student activity shall be turned into the Main office and deposited in the bank within twenty-four hours or the next school day after collection. Student activity funds shall be maintained in a secured and locked location prior to being deposited in the bank.

The student activity funds shall be maintained in an interest-bearing bank account separate from all other Board of Education funds and shall be classified by school in the event only a single student activity account is established for all schools in the district. The interest earned shall be disbursed to each individual student activity fund in proportion to the balances on deposit for each activity.

All student activity fund receipts shall be detailed and recorded by the individual student activity showing the date, source, purpose, and amount. The administrator of the student activity account shall provide a written receipt to the individual student activity advisor or coordinator when any student activity funds are turned in for deposit. A copy of these written receipts shall be maintained by the administrator of the student activity account and shall be traceable to the actual receipts or groups of receipts. All bank deposits shall agree with the copies of the written receipts for all deposits.

All requests for disbursements from the student activity account shall be submitted to the school's administrator of the student activity account and must be supported by a claim, bill, invoice, or written order. All disbursements from the student activity account shall be recorded chronologically by school and individual student activity showing date, vendor, check number, purpose, and amount. All disbursements shall be made by check requiring at least two signatures as authorized and approved by Board of Education resolution.

The student activity account shall be reconciled with the student activity bank account on a monthly basis and if the School Business Administrator designated an administrator of a student activity account, a copy of the reconciliation shall be submitted to the School Business Administrator/Board Secretary for review and approval. The bank account reconciliation shall be completed in accordance with the procedures and requirements established by the School Business Administrator/Board Secretary. Copies of canceled checks, bank statements, and bank account reconciliations shall be retained for examination by the licensed public school accountant as part of the annual audit required under N.J.S.A. 18A:23-1 et seq. and stated in N.J.A.C. 6A:23A-16.2(i).

In addition, the Board of Education shall not be responsible for the protection of and the accounting for funds collected by any teacher or student for an outside school organization. In addition, the Board of Education shall not approve such funds for deposit in a student activity account.

Any funds accumulated in an individual student activity account that are unexpended or unallocated for use after the student activity is no longer active, discontinuance of the activity or a class has graduated shall revert to student activities.

6740 RESERVE ACCOUNTS

The Board of Education or Board of School Estimate, as appropriate, may at any time establish by Board resolution a capital reserve account, pursuant to N.J.S.A. 18A:21-2 and 3, and 18A:7G-31.

Funds in the capital reserve account shall not be used for current expenses, pursuant to N.J.S.A. 18A:22-8.2, and shall only be used for purposes as outlined in N.J.A.C. 6A:23A-14.1(b). The Board of Education may increase the balance in the capital reserve account by appropriating funds in the annual general fund budget certified for taxes to meet the needs of the Long-Range Facilities Plan (LRFP) that are not met by State support. The balance in the account may also be increased by requesting approval from the Executive County Superintendent, as the Commissioner's designee, to appropriate any excess unreserved general fund balance as calculated in the supporting documentation of the proposed budget into capital reserve in the proposed budget pursuant to N.J.S.A. 18A:7F-7b only when the Board of Education has formally established a capital reserve account and obtained an approved LRFP in accordance with N.J.A.C. 6A:26-2. The Board of Education, at its option, may satisfy the withdrawal approval requirements set forth in N.J.A.C. 6A:23A-14.1(h) in accordance with the procedures as outlined in N.J.A.C. 6A:23A-14.1(d).

The Board of Education may request express approval of the voters for appropriation of additional amounts into the capital reserve in accordance with the procedures as outlined in N.J.A.C. 6A:23A-14.1(e). The Board of Education shall not deposit into a capital reserve account audited excess undesignated, unreserved general fund balance. The Board of Education shall reserve and designate such funds in the subsequent year's budget pursuant to N.J.A.C. 6A:23A-8.5(b). The Board of Education shall maintain an amount of funds in the capital reserve account that does not exceed the amount needed to implement capital projects in a school district's LRFP that are not met by State support.

The Board of Education may withdraw funds from the capital reserve account at any time in accordance with the provisions of N.J.A.C. 6A:23A-14.1(h). However, the Board of Education or Board of School Estimate, as appropriate, may at any time, apply to the Commissioner for approval to withdraw funds from its capital reserve account for uses authorized in N.J.A.C. 6A:23A-14.1(b). The Board of Education or Board of School Estimate, as appropriate, may make a withdrawal pursuant to N.J.A.C. 6A:23A-14.1(i) only upon receipt of written approval of the Commissioner and the Board of Education shall establish to the satisfaction of the Commissioner that an emergent condition exists necessitating an immediate withdrawal of capital reserve account funds.

The Board of Education shall administer and account for the capital reserve account in accordance with the requirements of N.J.A.C. 6A:23A-14.1(j). Funds in capital reserve accounts in existence prior to July 18, 2000 are subject to the Educational Facilities Construction and Financing Act (EFCFA), P.L. 2000, c. 72, and N.J.A.C. 6A:23A-14, and the Board of Education shall only use such funds for the original purpose for which the funds were deposited and as outlined in N.J.A.C. 6A:23A-14.1(k)1. and (k)2.

The Board of Education shall establish, by resolution, a maintenance reserve account in accordance with the provisions of N.J.A.C. 6A:23A-14.2 to be used to implement required maintenance of the school district's facilities. The Board of Education is prohibited from using such funds for routine or capital maintenance and the account shall be established and maintained in accordance with Generally Accepted Accounting Principles (GAAP) and shall be subject to annual audit pursuant to N.J.S.A. 18A:23-1 et seq. The balance in the maintenance reserve account may be increased by appropriating funds in the annual general fund budget certified for taxes. Funds may be withdrawn from the maintenance reserve account and appropriated into the required maintenance account lines at budget time or any time during the year for use on required maintenance activities for a school facility as reported in the comprehensive maintenance plan pursuant to N.J.A.C. 6A:26A-4 in accordance with the provisions of N.J.A.C. 6A:23A-14.2(d). In any year that maintenance reserve account funds are withdrawn, the Board of Education shall restore any unexpended required maintenance appropriations, up to the amount of maintenance reserve account funds withdrawn, to the maintenance reserve account at year-end.

The Board of Education shall, by resolution, transfer to the general fund on an annual basis any interest earned on the investments in the maintenance reserve account. Such interest may be transferred on a more frequent basis at the discretion of the Board of Education. The Board of Education shall ensure the maintenance reserve account balance does not, at any time, exceed four percent of the replacement cost of the school district's school facilities for the current year. If the account exceeds this maximum amount at June 30, the Board of Education shall reserve and designate such excess in the subsequent year's budget.

The Board of Education or Board of School Estimate, as appropriate, may supplement a capital reserve account in accordance with requirements as outlined in N.J.A.C. 6A:23A-14.3. The Board of Education or a Board of School Estimate, as appropriate, may through the adoption of a Board resolution, establish a current expense emergency reserve account, a debt service reserve account, and a tuition adjustment reserve account in accordance with requirements as outlined in N.J.A.C. 6A:23A-14.4.

All reserve accounts shall be recorded in accordance with GAAP and subject to annual audit. Any capital gains or interest earned shall become part of the reserve account. A separate bank account is not required; however, a separate identity for each reserve account shall be maintained.

6810 FINANCIAL OBJECTIVES

The Board of Education recognizes its responsibility to the taxpayers of the district and the State to expend public moneys wisely and prudently for the maintenance of a thorough and efficient system of public education and to institute appropriate controls and accounting procedures.

The Board shall use accounting and reporting directives as prepared, published and distributed by the Commissioner of Education in addition to any books, materials or bulletins, for the guidance of school officials in establishing and maintaining the double entry bookkeeping and accounting system mandated in N.J.A.C. 6A:23-2.1.

The Board shall develop a system of accounting and reporting objectives that make it possible to present fairly and with full disclosure the funds and activities of the district and to determine and demonstrate compliance with finance-related legal and contractual matters. The Board shall develop an accounting system that is organized and operated on a fund basis and shall report governmental, proprietary and fiduciary funds in the fund financial statements to the extent they have activities that meet the criteria for using those funds. The Board shall establish and maintain those funds required by law and sound financial administration (only the minimum number of funds consistent with legal and operating requirements should be established) and use the modified accrual or accrual basis of accounting as appropriate in measuring financial position and operating results in accordance with GAAP and regulatory provisions. Transfers shall be recognized in the accounting period in which the interfund receivable and payable arise.

The Board shall adopt an annual budget and include the adopted annual budget in the minutes of the Board. A detailed budget statement, which includes the classification of expenditures by program and function shall be prepared on a fund basis in accordance with N.J.S.A. 18A:22-8 and on a form prescribed by the Commissioner. A detailed budget shall be prepared for each special project, capital project, and Federal or State grant. This budget shall be maintained, along with all authorized revisions, on file in the district Board of Education or Charter School Board of Trustees business office. The Board shall take appropriate action, as necessary, to maintain a balanced budget.

The Board shall ensure the accounting system provides the basis for appropriate budgetary control, and that budgetary comparison schedules are included in the appropriate financial statements and schedules for governmental funds in accordance with GAAP.

The Board shall use a common terminology and classification consistently throughout the budget, the accounts, and the financial reports of each fund, and shall adopt a chart of accounts prepared in conformity with N.J.A.C. 6A:23-2.2(g)1.

6820 FINANCIAL REPORTS

The Board of Education directs the School Business Administrator/Board Secretary and the Treasurer of School Moneys, or designee, to make such accurate and timely reports to county, State, and Federal offices as required by law and rules of the State Board of Education. In addition, the School Business Administrator/Board Secretary and Treasurer, or designee, shall report to the Board on the financial condition of the school district in accordance with law and in the manner and form required by the State Department of Education. There shall be a common terminology and classification system used consistently throughout the budget, the accounts, and the financial reports of each fund. The district will establish and implement an adequate internal control structure and procedures for financial reporting.

The School Business Administrator/Board Secretary shall prepare monthly financial statements, reports of financial condition, operating results, and other pertinent information in accordance with directions issued by the Commissioner of Education, to facilitate management control of financial operations, legislative oversight and, where necessary or desired, for external reporting purposes.

In the event the Board has approved a budget with an expanded coding structure, the School Business Administrator/Board Secretary shall present the financial report in two forms. One form shall use the minimum level chart of accounts established by the State Department of Education and the other shall use the expanded chart of accounts approved by this Board in accordance with Policy No. 6220.

If no line item account has encumbrances and expenditures that in total exceed the line item appropriation in violation of N.J.A.C. 6A:23A-16.10(a), the School Business Administrator/Board Secretary shall so certify to the Board each month. If a violation has occurred, corrective action as outlined in N.J.A.C. 6A:23A-16.10(c)3.i shall be taken by the Board.

The Board of Education, after review of the monthly financial reports and upon consultation with the appropriate district officials, shall certify in the minutes of the Board each month that no fund has been overexpended in violation of N.J.A.C. 6A:23A-16.10(b) and that sufficient funds are available to meet the district's financial obligations for the remainder of the fiscal year. If the Board is unable to make such a certification, the Superintendent of Schools shall initiate the steps outlined in N.J.A.C. 6A:23A-16.10(b) and shall reflect such directive in the minutes of the Board. If the Board makes such certification but one or more Board members vote no to the certification, the Board shall provide to the Executive County Superintendent the Board vote, names of the members that voted no, and the reason for the no vote.

If the reports of the School Business Administrator/Board Secretary and the Treasurer differ in cash receipts or expenditures, the School Business Administrator/Board Secretary shall resolve the difference prior to the next meeting of the Board. Any difference that cannot be rectified shall be referred immediately to the Auditor. In the event the School Business Administrator/Board Secretary is more than two months behind in submitting the financial report to the Board pursuant to N.J.S.A. 18A:17-9, the Superintendent of Schools shall report this non-compliance to the Executive County Superintendent.

The Board will implement the audit recommendations and report such implementation to the Commissioner.

In the event the district has repeat audit findings in the Auditor's Management Report submitted with the CAFR in any year shall, within thirty days of the CAFR submission, submit to the Executive County Superintendent or State fiscal monitor, as applicable, a specific corrective action plan for addressing the repeat audit findings in accordance with the provisions of N.J.A.C. 6A:23A-4.4.

6831 WITHHOLDING OR RECOVERING STATE AID

In the event the New Jersey Department of Education identifies ineffective or inefficient expenditure(s) by any school district, including, but not limited to the practices prohibited in N.J.A.C. 6A:23A-5.2 through 5.9, the Commissioner shall, except as otherwise provided in N.J.A.C. 6A:23A-5.1(h) provide the school district the opportunity to be heard as to why the amount of the ineffective or inefficient expenditure(s) shall not be withheld from State aid or refunded to the Department of Education.

The proceeding shall be instituted by an Order to Show Cause filed by the petitioner. The filing shall include a statement of factual findings along with a letter memorandum setting forth the basis for the position that the expenditure(s) was ineffective or inefficient. The respondent(s) to whom the order is directed shall file, within fifteen days, a response to the letter memorandum and an answer that meets the filing, service, and format requirements for answers as set forth in N.J.A.C. 6A:3, Controversies and Disputes. The petitioner may file a reply to the response within ten days.

Upon review of the filings, the Commissioner may decide to hear the matter directly pursuant to N.J.S.A. 52:14F-8 or refer the matter to the Office of Administrative Law. If the Commissioner decides to transmit the matter to the Office of Administrative Law, such transmission shall be done on an expedited basis. If the Commissioner is hearing the matter directly, upon receipt of the filings set forth above, or upon expiration of the time for their submission, the Commissioner shall review the total record before him or her and render a written decision. The Commissioner's decision shall include a determination of whether the expenditure was ineffective or inefficient and, if so, the amount of funds to be withheld from State aid or refunded by the district.

Nothing shall preclude the Commissioner from immediately and summarily withholding State aid, consistent with N.J.S.A. 18A:55-2, if, at any time, it is determined that the fiscal practices, actions, or expenditures of a school official, Board member, Board, or any other party under the Commissioner's jurisdiction are in violation of any statute, regulation, rule, or directive of the State Board of Education or Commissioner of Education.

N.J.A.C. 6A:23A-5.1

The review shall require the documentation required by the Uniform Construction Code (UCC) in accordance with N.J.A.C. 5:23-2.15.

For a ROD school facilities project or other capital project, not subject to educational-adequacy review, the Division shall make a determination of the project's final eligible costs and shall forward their determination to the Department of Community Affairs in accordance with N.J.A.C. 6A:26-5.6(b). If the school district later intends to change the use of the land and use as a school site, the school district shall be required to submit all of the information required under N.J.A.C. 6A:26-7.1 and the exceptions outlined above shall no longer apply.

In accordance with the provisions of N.J.A.C. 6A:26-7.1(d), school site sizes shall be directly related to the acreage required for the structures and activities to be situated thereon. Except where specifically noted for multiple or shared use, the acreage shall be considered for single use.

All school sites shall have sufficient acreage for the placement of the school facility; expansion of the building to its maximum potential enrollment; the placement of all other structures such as greenhouses, storage buildings, school bus maintenance buildings or garages, and any other above or below ground structure, which is to be placed thereon; multi-purpose physical education fields and, for preschool through grade five school facilities, a playground required to support the achievement of the New Jersey Student Learning Standards as defined by the number of physical education teaching stations applicable to the school facility pursuant to the facilities efficiency standards and the approved programmatic model; disabled-accessible pedestrian walkways, roadways, and parking areas on which people and vehicles access the building; public and service access roads onto the site including, where warranted, a one-way school bus road of thirty foot width and a two-way road of thirty-six foot width; a school bus drop-off area; and eighteen foot wide posted fire lanes for fire apparatus; and a thirty-foot wide access around the entire building.

Land owned by the Board of Education that does not meet the standards of N.J.A.C. 6A:26-7.1 may be supplemented pursuant to the requirements of N.J.A.C. 6A:26-7.1(f).

Pursuant to N.J.A.C. 6A:26-7.1(g), the Division's approval shall remain effective for three years, after which time Division approval shall again be required to be obtained prior to acquiring land.

The Development Authority may acquire land on behalf of a school district eligible for one hundred percent State support of final eligible costs for school facilities projects that are consistent with the school district's approved Long Range Facilities Plan (LRFP). For such school districts, the New Jersey Department of Education shall require submission of all information set forth in N.J.A.C. 6A:26-7.1(b) to demonstrate compliance with N.J.A.C. 6A:26-7. The Development Authority may submit the required information on behalf of such school districts.

In accordance with N.J.A.C. 6A:7.3, the Board of Education may acquire an existing facility through purchase, gift, lease, or otherwise provided the Board complies with all procedures and rules pertaining to the appropriation and use of capital funds as required by N.J.S.A. 18A:20-4 and 4.2 and the Board has the facility approved in accordance with N.J.A.C. 6A:26-3, which applies to the acquisition of a school site and for the construction of a new facility. 7130 SCHOOL CLOSING

The Board of Education recognizes its responsibility to provide a thorough and efficient program of free public education and appropriate facilities to house that program. The Board further recognizes that declining enrollments, diminished resources, district reorganization, and/or other good cause may require the use of one or more district facilities for educational purposes be abandoned.

To receive approval for the closing of a school the Board shall provide the Division of Administration and Finance (Division) and the Executive County Superintendent with the following assurances:

1. The proposed closing is consistent with the district's approved LRFP because:
 - a. The school district has demonstrated that sufficient school building capacity exists to house students for the five years following the closing;
or
 - b. The school district has demonstrated through a feasibility study that the benefits of undertaking new construction outweigh those of rehabilitating the school proposed for closure.
2. The use of temporary facilities in the remaining schools does not result or increase from an overall facilities shortage caused by the school closing; and
3. The re-assignment of students to other schools in the district does not produce, sustain nor contribute to unlawful segregation, separation, or isolation of student populations on the basis of race or national origin.

A request for approval from the Division for the school closing shall include the recommendation of the Executive County Superintendent. A letter of approval from the Division based on the information in N.J.A.C. 6A:26-7.5(a) and as listed above shall be required before the school's closing.

The Division shall notify the school district in writing of its determination with respect to the requested school closing, with a copy provided to the Executive County Superintendent.

7230 GIFTS, GRANTS, AND DONATIONS

The Board of Education accepts its responsibility to provide from public funds sufficient supplies and equipment for an effective instructional program. The Board recognizes, however, that from time to time individuals or organizations in the community may wish to contribute additional supplies or equipment to enhance or extend the instructional program.

The Board may accept by resolution duly passed at a public meeting any gift or grant of land, with or without improvement, and of money or other personal property, except that the Superintendent may accept on behalf of the Board any such gift less than \$3,000 in value. Grants of land are subject to the appropriate legal limitations and approvals.

The Board reserves the right to refuse to accept any gift that does not contribute toward the achievement of the goals of this district or any gift the ownership of which would tend to deplete the resources of the district. The Board shall not provide public moneys for the purchase of any school property on a matching fund basis.

Any gift accepted by the Board shall become the property of the Board, may not be returned without the approval of the Board, and shall be subject to the same controls and regulations as are other properties of the Board. The Board shall be responsible for the maintenance of any gift it accepts, subject to any joint agreement with another governmental body.

The Board will respect the intent of the donor in its use of a gift, but reserves the right to utilize any gift it accepts in the best interests of the students and the educational program of the district. In no case shall acceptance of a gift be considered to be an endorsement by the Board of a commercial product or business enterprise or institution of learning.

The Superintendent shall:

1. Counsel potential donors on the appropriateness of contemplated gifts and encourage such donors to choose as gifts supplies or equipment not likely to be purchased with public funds;
2. Encourage individuals and organizations considering a contribution to the schools to consult with the Principal or Superintendent before appropriating funds to that end;

3. Report to the Board all gifts that have been accepted on behalf of the Board;
4. Acknowledge the receipt of any gift accepted by the Board; and
5. Prepare fitting means for recognizing or memorializing gifts to the school district.

The Superintendent and School Business Administrator/Board Secretary shall report periodically to the Board on the progress of the work of the construction contractor(s).

The Board shall not employ for pay or contract for the paid services of any person serving in a position which involves regular contact with students unless the Board has first determined, consistent with the requirements and standards of N.J.S.A. 18A:6-7.1 et seq., that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or the State Bureau of Identification which would disqualify the individual from being employed or utilized in such capacity or position.

The Superintendent shall direct the School Business Administrator/Board Secretary or designee to act as liaison to all construction contractors for school facility and construction projects to obtain a list of the individuals who will have regular contact with students and will be employed by or working for the contractor on a school district project that will be undergoing a criminal history record check pursuant to the requirements of N.J.S.A. 18A:6-7.1 et seq. The liaison shall provide the list of those contracted employees to the Superintendent or designee and the Human Resources Director. The Superintendent or designee and the Human Resources Director who receive any adverse action correspondence from the New Jersey Department of Education (NJDOE) related to the criminal history record check process shall review the contracted company list in order to determine if the subject of that correspondence is either a school employee or an employee of any contract service provider and take appropriate action. No employee of a contracted service provider shall commence work at a school facility without having first obtained an approval for employment from the NJDOE. Approvals for employment of these contracted employees shall be maintained with the liaison and copies forwarded to the Superintendent's office.

A change order involving additional cost will be submitted to the Board for review and approval.

Upon completion of a building project and a final inspection of all its aspects by the architect, contractors, and school officials, a recommendation for acceptance shall be made to the Board by the Superintendent.

7300 DISPOSITION OF PROPERTY

The Board of Education believes the efficient administration of the district requires the disposition of property and goods no longer necessary for school purposes. The Board directs the periodic review of all district property and authorizes the disposition by sale, donation, or discard of any property no longer required for the maintenance of the educational program or the efficient management of the school district. The disposition of any school property will be in accordance with this Policy and applicable laws.

The Division will notify the district of its approval or disapproval.

The Board may, by resolution and by sealed bid or public auction, authorize the sale of its personal property not needed for school purposes, and disposal of any property declared scrap or waste. If the estimated fair value of the property to be sold exceeds fifteen percent of the bid threshold in any one sale and it is neither livestock nor perishable goods, it shall be sold at public sale, together with a description of the items to be sold and the conditions of sale, shall be published once in an official newspaper. By resolution of the Board, the purchasing agent may include the sale of personal property no longer needed for school purposes as part of specifications to offset the price of a new purchase. In the event no bids are received for personal property or the personal property is not sold at private sale pursuant to, N.J.S.A. 18A:18A-45, the Board may declare the personal property as scrap or waste and dispose of it locally.

7410 MAINTENANCE AND REPAIR

The Board of Education recognizes the fixed assets of the school district represent a significant investment of this community and maintenance is a prime concern to the Board.

The school district is required to develop, approve, and implement a comprehensive maintenance plan in accordance with the requirements of N.J.A.C. 6A:26-20.5. A “comprehensive maintenance plan” means a school district’s multi-year maintenance plan covering required maintenance activities for each school facility in the school district adopted pursuant to N.J.A.C. 6A:26.

Required maintenance activities include those activities outlined in N.J.A.C. 6A:26-20.3. The school district’s comprehensive maintenance plan shall be submitted to the Executive County Superintendent by a Board of Education resolution every school year, pursuant N.J.A.C. 6A:26-20.5(a)1.

The required annual maintenance budget amount as reported in its comprehensive maintenance plan shall be included in the district’s annual budget certified for taxes in accordance with the provisions of N.J.A.C. 6A:26-20.8(a). 7420 HYGIENIC MANAGEMENT

The Board of Education recognizes that the health and physical well-being of the students and staff of this district depend in large measure upon the cleanliness and sanitary management of the schools.

The Board directs that a program of hygienic management be instituted in the schools and explained annually to all staff members. Each school shall be inspected for cleanliness and sanitation on a regular basis.

The Board will cooperate with the local board of health in the sanitary inspection of the schools' toilets, washrooms, food vending machines, water supply, and sewage disposal systems.

The Superintendent shall prepare, in consultation with the school medical inspector, regulations, first aid and emergency medical procedures that utilize universal precautions in the handling and disposal of blood and body fluids, whether or not students or staff members with HIV infection are present. School staff members and volunteers shall be provided the supplies for implementing the procedures. In particular, school nurses, custodians, and teachers shall be trained in proper handling procedures. These regulations and procedures will comply with the regulations of the State Department of Health and State Department of Labor (OSHA Standards for Occupational Exposure to Bloodborne Pathogens) and recommendations of the Centers for Disease Control and Prevention.

Bloodborne Pathogens

The Board recognizes that school employees may in the performance of their duties reasonably anticipate contact with human blood or other potentially infectious body fluids that may expose them to bloodborne pathogens such as Hepatitis B Virus (HBV) and Human Immunodeficiency Virus (HIV). In accordance with Federal OSHA regulations, the Board will establish a written Exposure Control Plan designed to eliminate or minimize employee exposure to such infection. The plan shall list all job classifications and tasks in which exposure occurs; describe and require the implementation of workplace controls to eliminate or minimize exposure; require the provision of hepatitis B vaccination to employees who have occupational exposure; and require the provision of a training program for employees who have occupational exposure. The plan shall be updated annually and as required to include new or revised employee positions with occupational exposure. A copy of the plan shall be made accessible to employees.

Disposal of Medical Waste

The Superintendent shall prepare, in consultation with the school medical inspector, a medical waste disposal program to ensure all medical waste, including needles and sharps, are disposed of in accordance with the rules and regulations of the New Jersey Department of Health.

Chemical Hygiene

The Board also recognizes that certain school employees who work in laboratories may be exposed to hazardous chemicals in the course of their duties. In accordance with Federal OSHA regulations, the Board will establish practices that are capable of protecting employees from health hazards presented by hazardous chemicals used in the workplace. The plan shall contain the locations of hazardous chemicals and shall enunciate a plan capable of protecting employees from associated health hazards and keeping exposure of employees below specified limits. The Chemical Hygiene Plan shall be readily available to employees and shall contain at least the following elements:

1. Standard operating procedures for using hazardous chemicals in laboratory work;
2. Criteria that the Board will use to determine and implement control measures to reduce employee exposure;
3. The requirement that fume hoods and other protective equipment are functioning properly and that measures are taken to ensure adequate performance of such equipment;
4. Provision for employee information and training;
5. The circumstances under which a particular laboratory operation, procedure or activity shall require prior approval from the Principal or designee before implementation;
6. Provisions for medical consultation;
7. Designation of personnel responsible for implementation of the chemical hygiene plan; and
8. Provisions for additional employee protection for work with particularly hazardous substances.

The Board directs that the program of chemical hygiene be implemented by the Chemical Hygiene Officer. The Facilities Director will serve as Chemical Hygiene Officer for all schools in the district and shall be responsible for the examination of all school facilities to determine where hazardous chemicals are used and to ensure compliance of all school facilities with the Chemical Hygiene Plan.

The Superintendent shall develop and supervise a program for the cleanliness and sanitary management of the school buildings, school grounds, and school equipment pursuant to statute, rules of the State Board of Education, and regulations of the State Board of Health.

The day to day monitoring of the cleanliness of each school building shall be the responsibility of the Building Principal.

7421 INDOOR AIR QUALITY STANDARDS

The Board of Education will provide air quality for school employees in school buildings that meet the standards established by the New Jersey Department of Labor pursuant to N.J.A.C. 12:100-13.

The Board will designate the Facilities Director as the individual, who is responsible to assure compliance with New Jersey Department of Labor standards. The designated person will assure that preventative maintenance programs for heating, ventilating and air conditioning (HVAC) systems are implemented and documented and that general and local exhaust ventilation is used for employees working with equipment or products that could reasonably be expected to result in hazardous chemicals or particulate exposure. The designated person shall check to make sure HVAC systems are working properly when the building temperatures are outside of the range of 68 to 79 degrees Fahrenheit and make sure buildings without mechanical ventilation have operable windows, doors, vents, stacks and other portals designated or used for natural ventilation are operational. The designated person will also promptly investigate all employee complaints of signs or symptoms that may be associated with building-related illnesses.

The Board will make sure air quality will be maintained at acceptable standards during renovation and remodeling that results in the diffusion of dust, stone and other small particles, toxic gases or other harmful substances in quantities hazardous to health. The designated person will notify employees at least twenty-four hours in advance, or promptly in emergency situations of work to be performed on the building that may induce air contaminants into their work area.

The designated person will respond to a complaint received by the Department of Labor within fifteen working days of receipt of the complaint.

7422 SCHOOL INTEGRATED PEST MANAGEMENT PLAN

The New Jersey School Integrated Pest Management Act of 2002 requires school districts to implement a school integrated pest management policy that includes an Integrated Pest Management Plan. In accordance with the requirements of the Act, the Board shall ensure implementation of Integrated Pest Management (IPM) procedures to control pests and minimize exposure of children, faculty, and staff to pesticides. These procedures shall be applicable to all school property in the Princeton Public Schools.

IPM Coordinator (IPMC)

The Facilities Director shall be designated as the district's Integrated Pest Management Coordinator (IPMC) and is responsible for the implementation of the school integrated pest management policy.

Integrated Pest Management Procedures in Schools

Implementation of Integrated Pest Management (IPM) procedures will determine when to control pests and whether to use mechanical, physical, cultural, biological, or chemical methods. Applying IPM principles prevents unacceptable levels of pest damage by the most economical means and with the least possible hazard to people, property, and the environment.

The Integrated Pest Management Coordinator (IPMC) shall consider the full range of management options, including no action at all. Non-pesticide pest management methods are to be used whenever possible. The choice of using a pesticide shall be based on a review of all other available options and a determination that these options are not effective or not reasonable. When it is determined that a pesticide must be used, low impact pesticides and methods are preferred and shall be considered for use first.

Development of IPM plans

The Superintendent, in collaboration with the school Building Principal(s) and the IPMC, shall be responsible for the development of the IPM Plan for the school district. The school district's Integrated Pest Management (IPM) Plan is a blueprint of how the school district will manage pests through IPM methods. The school district's IPM Plan will state the school district's goals regarding the management of pests and the use of pesticides for all school district property. The Plan will reflect the school district's site-specific needs and a description of how each component of the school district's Integrated Pest Management Policy and Regulation will be implemented for all school property.

Education/Training

The school community will be educated about potential pest problems and IPM methods used to achieve the pest management objectives.

The IPMC, other school staff, and pesticide applicators involved with implementation of the district's IPM policy will be trained in appropriate components of IPM as it pertains to the school environment.

Students and parents/legal guardians will be provided information on this policy and instructed on how they can contribute to the success of the IPM program.

Recordkeeping

Records of pesticide use shall be maintained on site to meet the requirements of the State regulatory agency and the Board.

Records shall also include, but are not limited to, pest surveillance data sheets and other non-pesticide pest management methods and practices utilized.

Notification/Posting

The Building Principal of each school, working with the IPMC, is responsible for timely notification to students, parents or legal guardians and the school staff of pesticide treatments pursuant to the School Integrated Pest Management Act.

Re-entry

Re-entry to a pesticide treated area shall conform to the requirements of the School Integrated Pest Management Act.

Pesticide Applicators

The IPMC shall ensure that applicators follow State regulations, including licensing requirements and label precautions, and must comply with all components of the School Integrated Pest Management Policy.

Evaluation

The Superintendent will report annually to the Board on the effectiveness of the IPM Plan and make recommendations for improvement as needed.

7424 BED BUGS

The Board of Education is concerned for students who may have bed bugs in their home with the potential for these students to bring bed bugs into the school building. Bed bugs can be transmitted from one location to another in backpacks, clothing, books, and other items. A bed bug infestation is unlikely in a school and the Board adopts this Policy as a proactive action to prevent infestation and to stop bed bugs from spreading within the school setting if a bed bug is transmitted into a school.

Bed bugs are parasitic insects that feed exclusively on blood and are mainly active at night, but are not exclusively nocturnal. A common bed bug prefers human blood and typically feeds on their hosts without being noticed. Bed bugs are not known to transmit disease, but cause reasonable distress and health concerns for many people. The presence of bed bugs in a home does not mean the home is unclean, bed bugs can be found in any home.

Bed bugs typically do not infest people as they hide during the day and come out during the night. Bed bugs are attracted to humans primarily by carbon dioxide, warmth, and by some chemicals. Bed bugs prefer exposed skin, preferably the face, neck, and arms of a sleeping person. Bed bug bites may lead to a range of skin manifestations from no visible effects to prominent blisters. The bite usually produces a swelling with no red spots, but when many bugs feed on a small area, reddish spots may appear after the swelling subsides. Effects also may include skin rashes, psychological effects, and allergic symptoms.

Any staff member who observes what may be bed bug bites on a student shall send the student to the school nurse. The school nurse shall examine the student to determine if there are any bed bugs present on the student or if the bites may be bed bug bites. The school nurse will inform the Principal and contact the student's parent on the results of the examination.

In the event the school nurse observes what appears to be a bed bug on the student or on the student's possessions, the school nurse will inform the Principal who will arrange for a licensed pest management professional to complete an inspection of the student's classroom(s) to determine if bed bugs are present in the classroom area. If a licensed pest management professional cannot complete an inspection within twenty-four hours of the request from the school district, the district custodial staff will vacuum the student's classroom(s) with a vacuum cleaner using a new vacuum cleaner bag and when finished the staff member shall seal the bag and discard it in a receptacle outside the school building. If the vacuum does not have a bag, the contents of the vacuum shall be emptied into a secure plastic bag, sealed, and discarded into a receptacle outside the school building. The Principal shall determine if the classroom(s) should be occupied by staff and students until the inspection by a licensed pest management professional is conducted.

In the event the inspection determines bed bugs are in the school, the area(s) where bed bugs have been found or could be found will be treated by a licensed pest management professional.

The parent of any student who is found to have a live bed bug on them will be contacted by the school nurse and the parent will be required to pick-up their child to arrange for the child to return home to change clothes and to inspect any items the student brings to school. Upon the student's return to school, the student will be required to report to the school nurse who will examine the child and the child's possessions. If there are no signs of bed bugs on the student or in or on the student's possessions, the student will be able to resume their school day. The school nurse may determine to examine the child subsequent to their initial return to school to ensure the student and possessions are free of bed bugs. In the event the nurse finds live bed bugs on the student or in or on the student's possessions upon the student's initial return to school, or upon any subsequent examination by the school nurse, the school nurse will contact the parent and require the parent to pick-up the student from school.

The Principal, in consultation with the school nurse, will determine if the parents of other students should be informed of the presence of bed bugs in an area of the school where their child may have been or is during the school day. This determination will be made on a case-by-case basis. Parents of other students may not be informed if bed bugs are found on a student or in or on the student's possessions, and are not found in the school building. The school district will comply with all notification requirements and other requirements of the New Jersey Pest Management Act, the district's Pest Management Plan, and any other applicable law.

Any student suspected of having bed bugs in their home or on or in their possessions will be treated with discretion, dignity, and respect. The district will offer the student counseling, if needed. The Principal or designee will work sensitively with parents of any student living in an infested home to develop strategies for preventing the further spread of bed bugs.

7425 LEAD TESTING OF WATER IN SCHOOLS

The health, safety, and welfare of the children in the school district are of utmost importance to the Board of Education. The potential exposure to lead-contaminated drinking water poses serious health problems, particularly for children, as well as for teachers and school personnel, since the risk of lead contamination can come from pipe and plumbing fixtures in school facilities or on school grounds. The Board shall assure the availability of potable drinking water through sanitary means in school facilities or on school grounds. The Board of Education shall provide, in accordance with N.J.A.C. 6A:26-12.4, testing for lead in all district sources of drinking water.

The Board shall conduct lead sampling and analysis in all drinking water outlets to which a student or staff member has, or may have, access in each school facility, other facility, or temporary facility, as soon as practicable, but no later than July 13, 2017, unless the district qualifies for an exemption in accordance with N.J.A.C. 6A:26-12.4(j). This lead sampling and analysis shall be conducted with a lead sampling plan in accordance with N.J.A.C. 6A:26-12.4(d)1, 2, and 3, and shall be in accordance with the Safe Drinking Water Act, N.J.S.A. 58:12A-1.

The Superintendent of Schools or designee shall complete a review of the final laboratory results within seventy-two hours of receipt. Within twenty-four hours after the Superintendent or designee has completed a review of final laboratory results in accordance with the provisions of N.J.A.C. 6A:26-12.4(e), the test results shall be made publicly available at the school facility and on the Board of Education's website. If any results exceed the permissible lead action level, the Board shall provide written notification to the parents of all students attending the facility, facility staff, and the New Jersey Department of Education. This written notification shall include: a description of the measures taken by the Superintendent or designee to immediately end the use of each drinking water outlet where the water quality exceeded the permissible lead action level; any additional remedial action taken or planned by the Board of Education; the measures taken to ensure that alternate drinking water has been made available to all students and staff members; where the water outlet(s) is located; and information regarding the health effects of lead in accordance with N.J.A.C. 6A:26-12.4(e)1 and 2.

Notwithstanding the results or date of any prior testing, the Board shall continue to test drinking water outlets in the designated Statewide required testing year, which shall be every third school year beginning with the 2021-2022 school year and subsequently occurring in the 2024-2025 school year. By no later than June 30 of the designated Statewide required testing year, the Board shall test all drinking water outlets in accordance with N.J.A.C. 6A:26-12.4(g)1. The Board shall sample for lead after the replacement of any drinking water outlet or any other alteration to plumbing or service lines that may impact lead levels at the outlet, in accordance with N.J.A.C. 6A:26-12.4(g)2.

7440 SCHOOL DISTRICT SECURITY

The Board of Education believes the buildings and facilities of the school district represent a substantial community investment. The Board directs the development and implementation of a plan for school district security to protect the school community's investment in the school buildings and facilities. The Board will comply with the security measures required in N.J.S.A. 18A:7G-5.2 for new school construction and for existing school buildings.

The school district security program will include: maintenance of facilities that are secure against unwelcome intrusion; protection against fire hazards and faulty equipment; and compliance with safe practices in the use of electrical, plumbing, heating, and other school building equipment.

The Board shall provide to local law enforcement authorities a copy of the current blueprints and maps for all schools and school grounds within the school district or nonpublic school. In the case of a school building located in a municipality in which there is no municipal police department, a copy of the blueprints and maps shall be provided to an entity designated by the Superintendent of the New Jersey State Police. The Board shall provide revised copies to the applicable law enforcement authorities or designated entities any time that there is a change to the blueprints or maps.

The Board directs close cooperation of district officials with law enforcement, fire officials, and other emergency agencies.

Each public elementary and secondary school building shall be equipped with at least one panic alarm for use in a school security emergency pursuant to N.J.S.A. 18A:41-10 through 13.

The Superintendent of Schools shall designate a school administrator, or a school employee with expertise in school safety and security, as a School Safety Specialist for the district in accordance with the provisions of N.J.S.A. 18A:17-43.3. 7441 ELECTRONIC SURVEILLANCE IN SCHOOL BUILDINGS AND ON SCHOOL GROUNDS

The Board of Education authorizes the use of electronic surveillance systems in school buildings and on school grounds to enhance the safety and security for school district staff, students, community members, and other building occupants and to protect the school district's buildings and grounds.

The content produced by the surveillance system under certain circumstances may be considered a student record and if so it will be subject to the Board of Education policy and regulation regarding confidential student records. If the content of the surveillance system becomes the subject of a disciplinary proceeding, it shall be treated like other evidence in the proceeding.

In accordance with the provisions of N.J.S.A. 18A:41-9, if at least one school building of the school district is equipped with video surveillance equipment that is capable of streaming live video wirelessly to a remote location, the Board of Education shall enter into a Memorandum of Understanding (MOU) with local law enforcement authorities providing the authorities with the capacity to activate the equipment and view live streaming video. The MOU shall include the provisions of N.J.S.A. 18A:41-9 and any additional information required by law enforcement officials. In the event the parties to the MOU are unable to reach an agreement regarding any provision required to be included in the MOU as per N.J.S.A. 18A:41-9a, the County Prosecutor shall make the final determination regarding that provision. Nothing in N.J.S.A. 18A:41-9 shall be construed as to require the installation of video surveillance equipment capable of streaming live video wirelessly to a remote site from a school building that does not have the ability to have live streaming video.

The Board of Education shall post signage in a prominent, public place in buildings and on school grounds where electronic surveillance equipment may be used.

In addition to posting, the district shall notify school staff members, parent(s), and students that electronic surveillance may be used in school buildings and on school grounds through publication in student and staff handbooks, school calendars, notice sent home with students, or any other effective means to publish the district's use of electronic surveillance equipment in school buildings and on school grounds.

7450 PROPERTY INVENTORY

The Board of Education recognizes that efficient management and the replacement of lost, damaged, or stolen property depends upon an accurate inventory and properly maintained records.

The district shall maintain a complete inventory by physical count of all district-owned equipment.

For the purpose of this Policy, “equipment” shall mean any instrument, machine, apparatus, or set of articles which meets all of the following criteria and the cost is above \$2,000:

1. It retains its original shape, appearance, and character with use;
2. It does not lose its identity through fabrication or incorporation into a different more complex unit or substance;
3. It is nonexpendable; that is, if the item is damaged or some of its parts are lost or worn out, it is more feasible to repair the item than to replace it with an entirely new unit; and
4. Under normal conditions of use, including reasonable care and maintenance, it can be expected to serve its principal purpose for at least one year.

Unless otherwise bound by Federal, State, or local law, the school district will use the criteria above for their equipment classification decisions.

The School Business Administrator/Board Secretary or designee shall ensure that inventories are systematically and accurately recorded and that property records of equipment are adjusted annually. Major items of equipment shall be subject to annual spot check inventory. A major loss shall be reported to the Board.

Property records of supplies shall be maintained on a continuous inventory basis. An item should be classified as a “supply” if it does not meet all the stated equipment criteria outlined above and the cost is not more than the capitalization threshold of \$2,000.

The School Business Administrator/Board Secretary or designee shall maintain a system of property records that show, as appropriate to the item recorded, description and identification, manufacturer, year of purchase, initial cost, location, condition and depreciation, and current evaluation in conformity with insurance requirements.

7460 ENERGY CONSERVATION

The Board of Education is committed to the conservation of natural as well as fiscal resources and directs the Superintendent to develop and implement regulations for the conservation of energy in the management of school buildings.

The Board further directs all employees of this district to cooperate in the program of energy conservation.

Adopted: 07 June 2022

7461 DISTRICT SUSTAINABILITY POLICY

Sustainability is defined as meeting the needs of the present without compromising the ability of future generations to meet their own needs. It considers the interrelationship of economic, social, and environmental factors that protect and enhance present and future quality of life.

The Board of Education desires to conduct its operations and make decisions with identified sustainability priorities that include at a minimum: protecting students, staff, and community from environmental harm; preparing students for the future by educating for sustainability (knowledge of concepts and practices of environmental, social, and economic responsibility and sustainability); and include an intent to preserve current and future resources.

The Board believes by incorporating sustainable practices into school policies and operations it can make an immediate impact on student health, academic performance, and teacher retention while decreasing operational costs and demands on natural resources.

The Superintendent of Schools will establish a School District Sustainability Committee to provide the Superintendent and the Board with information on the benefits of increased sustainability practices within the school district.

The Board wants to protect students, staff, school visitors, and community members from environmental harm and will strive to eliminate the use of potentially toxic and harmful substances; prepare students for the future by providing a high-quality education that support concepts and practices of environmental, social, and economic responsibility and sustainability; and preserving current and future resources by adopting practices in operations that balance environmental, social, and fiscal responsibility to protect and enhance the future quality of life.

The Board of Education authorizes the sustainability practices below to be implemented within the schools of the district.

Professional Development for Sustainability

Quality professional development of staff and Board members facilitates the effective transition to sustainability planning and practices for schools and school districts. Enhancing the knowledge of school personnel about the benefits and requirements of sustainability practices in a school setting increases the likelihood of a successful integration of sustainability into the school district's operations and promotes shared ownership of the outcomes.

The Board will provide a minimum of two hours of time for professional development on sustainability topics to at least five members of the school district staff and/or members of the School District Sustainability Committee to include, but not be limited to, school Board members, district administrative staff members, teaching staff members, and support staff members.

The professional development for sustainability will provide a general understanding of the benefits of sustainable schools as well as specific information and guidance on undertaking some aspect of sustainability practices from planning to operations. The School District Sustainability Committee, Board members, district administrators, and other school staff members will work together to identify Board members and staff members that would benefit from training on sustainability topics. Training needs will be determined based on plans to maintain, implement, or expand sustainable practices in the school district.

Once the training needs have been identified, various professional development offerings will be reviewed and evaluated to determine the learning concepts that will be included, the educational methods that will be incorporated, and the professional skills that will be imparted. Professional development that incorporates sustainability concepts across subject areas in the teaching curriculum will be a key consideration, as educating for sustainability lays the foundation for sustainable thinking and practice among students, staff, and the broader community.

The school district may choose to train multiple staff members on a particular sustainability topic, either by hosting the training internally or by sending a group to an external training event such as a professional association meeting. Outside experts or internal staff with expertise in sustainability may also be utilized to provide the training. The training hours may also be completed through webinars, online courses, or workshops. Individual staff members or Board members may be trained in different sustainability topics as relevant to their official role in the school district.

The school district will maintain sustainability training documentation that identifies the names and position of the individuals receiving training (groups of five individuals are recommended), along with the following course information: date, instructor or course provider, course description or syllabus, and course length. Course training times exclude time for breaks and meals from the two-hour training requirement. The two-hour training requirement does not have to be completed at a single event. For example, two one-hour training sessions or three forty-five minute sessions would meet the time requirement. The training hours must have occurred in the twenty-four months prior to submission for Sustainable Jersey for Schools certification, if such certification is desired.

Qualifying training includes courses or workshops on a topic related to sustainability in schools, from leadership, planning, policy, and curriculum development to teaching, enrichment, food service, transportation, and facilities management.

Green Purchasing Policy

Green purchasing, also known as Environmentally Preferable Purchasing (EPP), is the coordinated purchasing of goods and services to minimize impacts on human health and the natural environment. Alternatives exist for many products used by schools that are less hazardous, save energy and water, and reduce waste. The School Business Administrator/Board Secretary or designee will research, recommend and implement the use of green products where applicable.

Classroom Chemical Purchase, Storage, and Disposal Policy

The Board of Education requires outdated chemicals used in the school district as part of the school district's Chemical Hygiene Plan are routinely removed from school grounds and future purchases will attempt to curtail or eliminate storage of unneeded chemicals. The School Business Administrator/Board Secretary will coordinate a lab clean-out and clean-out of outdated and unneeded chemicals every eighteen months.

Classroom chemical purchase, storage, and disposal will be in accordance with Board of Education Policy 7420 - Hygienic Management and Regulation 7420.2 - Chemical Hygiene that is in accordance with Federal and State law.

Green Cleaning Policy and Plan

A well-designed Green Cleaning Program developed by the School Business Administrator/Board Secretary or designee will be designed to reduce harmful chemical exposure and yield positive benefits for students, custodial staff, administrators, teachers, and the environment by protecting the environment; providing a healthy learning and work environment; increasing the lifespan of facilities; and protecting the health of custodial, maintenance, and building staff.

The school district's Green Cleaning Program will incorporate green cleaning products and equipment that yield satisfactory results, as well as staff training.

Promoting Physical Activity

The Board of Education encourages physical activity for students whenever possible during the school day. The Board of Education has adopted Policy 8505 – Local Wellness Policy/Nutrient Standards for Meals and Other Foods to meet this requirement.

Safe Routes to School

Safe Routes to School is a nationwide movement aimed at encouraging elementary and middle school students to walk or bicycle to school. The goal of New Jersey's Safe Routes to School initiative is to get children walking and bicycling to school where it is safe and to make it safe where it is not safe. In support of this initiative, the Board has adopted Policy 8505 - Local Wellness Policy/Nutrient Standards for Meals and Other Foods, Policy 8600 - Transportation, and Policy 5514 - Student Use of Vehicles. The Board of Education and the administration will collaborate with municipal, county or State transportation, land-use planning, law enforcement, and other agencies to plan, construct, and encourage the use of safe, accessible, and convenient pedestrian and bicycle routes to and from school.

The Board recognizes the benefits of students walking or riding a bicycle to school on a safe route. Understanding there may not be a safe walking or biking route to and from school for every student, this physical activity for a student is both mentally and physically beneficial.

Students walking and riding a bicycle to school will be required to comply with Board policies, all safety and school rules, and regulations. A list of conditions explaining the rules and expectations of the student and parent will be provided by the Principal or designee.

The Board of Education will post this Policy on the school district website along with samples of the district's outreach activities to staff, students, and parents notifying them of the Policy adoption. Outreach activities/materials will include district newsletter articles, email blasts, presentations/announcements at Board of Education or district-wide staff meetings, and other public events.

8110 ATTENDANCE AREAS

The Board of Education directs the assignment of students to the schools, programs, and classes in a manner that is consistent with the best interests of the students and the best uses of the resources of this district.

The Board shall determine the school attendance areas of the district to determine the assignment of students to school in accordance with Policy No. 5120.

The Superintendent shall annually review existing attendance areas and recommend to the Board such changes as may be justified by considerations of safe student transportation and travel; convenience of access to the schools; financial and administrative efficiency, the effectiveness of the instructional program, and a wholesome and educationally sound balance of student populations.

Adopted: 07 June 2022

8130 SCHOOL ORGANIZATION

The Board of Education directs the organization of the instructional program of this district in the district's schools for students in grades PreK – five.

The Superintendent shall continually monitor the effectiveness of the district organizational plan and recommend to the Board such modifications in the plan as may be in the best interest of students, make most effective use of district resources, and serve the educational goals of the Board.

Adopted: 07 June 2022

8140 STUDENT ENROLLMENTS

The Board of Education recognizes that efficient district operations require an accurate and up to date accounting of the number of students resident in this district and enrolled in district classes and programs.

Student attendance shall be recorded in the school register during school hours on each day the school is in session. Separate registers shall be kept for students attending preschool, Kindergarten, grades one through five, grades six through eight, grades nine through twelve, each preschool class for the disabled, each class for the disabled, shared-time classes for regular students, shared-time classes for students with disabilities, full-time bilingual education programs and vocational day programs, summer schools operated by the district, and any other programs as required by the New Jersey Department of Education and N.J.A.C. 6A:32-8.1(d).

A student who has been placed on home instruction shall have his or her attendance status recorded on the regular register attendance pages for the program in which the student is enrolled. For the period beginning the first day the student is unable to attend school and ending the day before the first instructional day at the student's place of confinement, the student shall be marked absent. No absences will be recorded for the student while on home instruction, providing the hours of instruction are no less than required by N.J.A.C. 6A:14-4.8 and 4.9. The number of possible days of enrollment for a student on home instruction shall be the same as for other students in the program in which the student is enrolled.

Such records shall be made and maintained as will enable the Board to plan program and facilities development, to make appropriate allocation of district resources, and receive the district's maximum amount of State and Federal aid.

The Superintendent or designee shall annually and in accordance with the timelines established by the Commissioner, file a report with the Commissioner stating the school district's enrollment.

8210 SCHOOL YEAR

The Board of Education recognizes that the preparation of a school calendar is essential to orderly educational planning and to the efficient operation of the school district.

The Board shall annually approve the days when the schools will be in session for instructional purposes. The school calendar will provide no fewer than one hundred eighty days of instruction in accordance with N.J.S.A. 18A:7F-9. Days on which school is closed for holidays, teachers' institutes, and inclement weather shall not be considered as days in session.

A half-day class or shortened school day shall be considered the equivalent of a full day only if school is in session for four or more hours, exclusive of recess periods or lunch periods.

A school day shall consist of not less than four hours, except that one continuous session of two and one-half hours may be considered a full day for Kindergarten in accordance with N.J.A.C. 6A:32-8.3(b).

An approved Kindergarten shall meet the requirements set forth in N.J.A.C. 6A:32-8.3(c).

The Commissioner of Education shall annually prescribe a list of religious holidays on which it shall be mandatory to excuse students for religious observance upon the written request signed by the parent or person standing in loco parentis. Staff members shall avoid, whenever possible, scheduling a test on a religious holiday commonly observed by residents of the district.

The Superintendent shall annually prepare and submit to the Board a school calendar for the next school year no later than May 1. The Board reserves the right to alter the school calendar when: such alteration is feasible and serves the best interests of the students of this district; the number of school closings during the school year extend the school year past a reasonable closing date in June; there is an extended school closing during the school year due to an unforeseen circumstance; and/or due to any reason deemed in the best interest of students.

8220 SCHOOL DAY

The Board of Education shall annually approve the time that school(s) will be in session, including the starting and ending time of a shortened day. A school day shall be in accordance with N.J.A.C. 6A:32-8.3.

The schools of the district will be in session for students on those days and times recommended by the Superintendent and annually approved by the Board.

The Superintendent may close school, delay the opening of school, or dismiss school early when such alteration in the regular session is required for the protection of the health and safety of students and staff members or other good cause. A shortened school day, whether it is planned or emergent (as in the case of inclement weather), must meet certain requirements in order to count toward the one hundred eighty day requirement of N.J.S.A. 18A:7F-9.

The Superintendent shall inform the Board President of any such alteration as soon as possible and shall prepare rules for the proper and timely notification of concerned persons in the event of any delayed opening or emergency school closing.

8310 PUBLIC RECORDS

The Board of Education recognizes its responsibility to maintain the public records of this district and to make such records available to residents of New Jersey for inspection and reproduction. The Board designates the School Business Administrator/Board Secretary as the custodian of government records for the district.

Government Record or Record (N.J.S.A. 47:1A-1.1)

“Government records” or “records” pursuant to N.J.S.A. 47:1A-1.1 include any record that has been required by law to be made, maintained, or kept on file by the Board, its officials, or its employees. Except as such records that may be exempted by law or this policy, a “government record” or “record” means any paper, written or printed book, document, drawing, map, plan, photograph, microfilm, data processed or image processed document, information stored or maintained electronically or by sound-recording or in a similar device, or any copy thereof, that has been made, maintained or kept on file in the course of the official business of the Board of Education or that has been received in the course of the official business of the Board of Education.

Board meeting minutes may be inspected and copied as soon as they are prepared; unapproved minutes will be so labeled. Minutes of executive/closed session Board meetings conducted in accordance with the Open Public Meetings Act will be preserved separately and will not be available for immediate public inspection. These minutes will be integrated with minutes of public meetings only after the matter discussed at the executive/closed session meeting has been made public.

A “government record” or “record” does not include inter-agency or intra-agency advisory, consultative, or deliberative material.

A “government record” or “record” does not include excluded information as outlined in N.J.S.A. 47:1A-1.1. The excluded information includes, but is not limited to, information which is deemed to be confidential as per N.J.S.A. 47:1A-1 et seq. Victims’ records; trade secrets and proprietary commercial or financial information; any record within the attorney-client privilege; administrative or technical information regarding computer hardware, software and networks which, if disclosed, would jeopardize computer security; emergency or security information or procedures for any buildings or facility which, if disclosed, would jeopardize security; security measures and surveillance techniques and information which, if disclosed, would give an advantage to competitors or bidders are examples of excluded government records.

Information generated by or on behalf of the Board or Board employees in connection with any sexual harassment complaint filed within the Board or with any grievance filed by or against an individual or in connection with collective negotiations, including documents and statements of strategy or negotiating position; information which is a communication between the district and its insurance carrier, administrative service organization or risk management office; information which is to be kept confidential pursuant to court order and that portion of any most documents which discloses the social security number, credit card number, unlisted telephone number or driver license number of any person; and personnel and pension records of an individual, except the individual's name, title of position, salary, payroll record, length of service, date of separation and the reason therefore, the amount and type of pension they receive, and data, other than detailed medical or psychological information, that shows conformity with qualifications for employment and pensions are examples of excluded government records.

Test questions, scoring keys, and other examination data pertaining to the administration of an examination for employment or academic examination; information concerning individual student records; grievance or disciplinary proceedings against a student to the extent disclosure would reveal the identity of the student; and all other information defined as not being a government record in N.J.S.A. 47:1A-1 et seq. are not government records.

Records of Investigation In Progress (N.J.S.A. 47:1A-3 et seq.)

Records which are sought to be inspected, copied, or examined pertain to an investigation in progress by the Board and/or administration will be inspected, copied and/or examined pursuant to N.J.S.A. 47:1A-3.

Inspection, Examination and Copying (N.J.S.A. 47:1A-5 et seq.)

The custodian will permit the government record to be inspected, examined, and copied pursuant to N.J.S.A. 47:1A-5 et seq. by any person during regular business hours. In the case of a Board of Education having a total district enrollment of 500 or fewer, the custodian will permit the records to be inspected, examined and copied during not less than six regular business hours over not less than three business days per week or the entity's regularly-scheduled business hours, whichever is less, unless the government record is exempt from public access as per N.J.S.A. 47:1A-1 et seq.

Copy Purchase (N.J.S.A. 47:1A-5 et seq.)

Except as otherwise provided by law or regulation, the fee assessed for the duplication of a government record embodied in the form of printed matter shall be \$.05 per letter size page or smaller, and \$.07 per legal size page or larger. If the school district can demonstrate that its actual costs for duplication of a government record exceed the per page rates, the district shall be permitted to charge the actual cost of duplicating the record. The actual cost of duplicating the record, upon which all copy fees are based, shall be the cost of materials and supplies used to make a copy of the record, but shall not include the cost of labor or overhead expenses associated with making the copy except as provided for in N.J.S.A. 47:1A-5.c.

Actual copy costs for special copies, such as color printing or blueprints copied within the school district, shall be calculated separately. Access to electronic records and non-printed materials shall be provided free of charge, but the district may charge for the actual costs of any needed supplies such as computer discs.

If the district's calculated per copy actual cost exceeds the enumerated rates set forth in N.J.S.A. 47:1A-5.b. the school district, if challenged, must demonstrate its actual costs are indeed higher than those enumerated rates and are therefore justified.

Whenever the nature, format, manner of collation, or volume of a government record embodied in the form of printed matter to be inspected, examined, or copied pursuant to this policy is such that the record cannot be reproduced by ordinary document copying equipment in ordinary business size or involves an extraordinary expenditure of time and effort to accommodate the request, the district will charge, in addition to the actual cost of duplicating the record, a special service charge that will be reasonable and will be based upon the actual direct cost of providing the copy or copies. The custodian will provide the requestor an opportunity to review and object to the charge prior to it being incurred.

A custodian will permit access to a government record and provide a copy thereof in the medium requested if the district maintains the record in that medium. If the district does not maintain the record in the medium requested, the custodian will either convert the record to the medium requested or provide a copy in some other meaningful medium. If a request is for a record in a medium not routinely used by the district; not routinely developed or maintained by the district or requiring a substantial amount of manipulation or programming of information technology, the district will charge, in addition to the actual cost of duplication, a special charge that will be reasonable and based on the cost for any extensive use of information technology, or for the labor cost of personnel providing the service, that is actually incurred by the district or attributable to the district for the programming, clerical, and supervisory assistance required, or both.

Immediate access ordinarily will be granted to budgets, bills, vouchers, contracts, including collective negotiations agreements and individual employment contracts, and public employee salary and overtime information.

The custodian will adopt a form for the use of any person who requests access to a government record held or controlled by the district. The request form will include information in accordance with the requirements of N.J.S.A. 47:1A-5.f. Requests for access to a government record shall be in writing and hand-delivered or mailed to the custodian. The custodian will promptly comply with a request in accordance with N.J.S.A. 47:1A-5.g.

Any officer or employee of the district who receives a request for access to a government record will forward the request to the custodian of the record or direct the requestor to the custodian of the record.

The custodian will grant access to a government record or deny a request for access to a government record in accordance with N.J.S.A. 47:1A-5.i and as soon as possible, but not later than seven business days after receiving the request, provided that the record is currently available and not in storage or archived.

A custodian will post prominently in public view in the part of the office of the custodian that is open to or frequented by the public a statement that sets forth in clear, concise and specific terms the right to appeal a denial of, or failure to provide, access to a government record by any person for inspection, examination, or copying or for purchase of copies thereof and the procedure by which an appeal may be filed.

Challenge to Access Upon Denial (N.J.S.A. 47:1A-6)

A person who is denied access to a government record by the custodian, at the option of the requestor, may institute a proceeding to challenge the custodian's decision by filing an action in Superior Court or in lieu of filing an action in Superior Court, file a complaint with the Government Records Council established pursuant to Section 8 of P.L.2001, c. 404 (C.47:1A-7). If it is determined that access was improperly denied, the court or agency head shall order that access be allowed. A requestor who prevails in any proceeding shall be entitled to a reasonable attorney's fee. A public official, officer, employee, or custodian who knowingly and willfully violates N.J.S.A. 47:1A-1 et seq. and is found to have unreasonably denied access under the totality of the circumstances, shall be subject to the penalties and disciplinary proceedings in accordance with N.J.S.A. 47:1A-11.

Government Records Council (N.J.S.A. 47:1A-7 et seq.)

The Board and the custodian of records will comply with the requirements and guidelines from the Government Records Council in accordance with N.J.S.A. 47:1A-7.

Common Right Law Right of Access (N.J.S.A. 47:1A-8)

Nothing contained in N.J.S.A. 47:1A-1 et seq. will be construed as limiting the common law right of access to a government record, including criminal investigative records of a law enforcement agency.

Construction with Other Laws (N.J.S.A. 47-1A-9 et seq.)

The provisions of this policy and N.J.S.A. 47:1A-1 et seq. shall not abrogate any exemption of a public or government record from public access heretofore made pursuant to N.J.S.A. 47:1A-1 et seq.; any other statute; resolution of either or both Houses of the Legislature; regulation promulgated under the authority of any statute or Executive Order of the Governor; Executive Order of the Governor; Rules of Court; any Federal law; Federal regulation; or Federal order.

The provisions of this policy and N.J.S.A. 47:1A-1 et seq. shall not abrogate or erode any executive or legislative privilege or grant of confidentiality heretofore established or recognized by the Constitution of this State, statute, court rule or judicial case law, which privilege or grant of confidentiality may duly be claimed to restrict public access to a public or government record.

8311 MANAGING ELECTRONIC MAIL

School district e-mail messages, like paper records, must be retained and destroyed according to established records management procedures as required by New Jersey's Division of Archives & Records Management (NJDARM). E-mail messages are electronic documents created and sent or received by a computer system. This definition applies equally to the contents of the communication, the transactional information, and any attachments associated with such communication. Thus, e-mail messages are similar to other forms of communicated messages, such as correspondence and memoranda.

N.J.S.A. 47:3-16, as amended, defines public records as follows:

“Public records” mean any paper, written or printed book, document or drawing, map or plan, photograph, microfilm, data processed or image processed document, sound recording or in a similar device, or any copy thereof, that has been made or required by law to be received for filing, indexing, or reproducing by any officer, commission agency, or authority of the State or any political subdivision thereof, including any subordinate boards thereof, or that has been received in the course of their or its official business by such officer, commission, agency, or authority of the State or of any political subdivision thereof, including subordinate boards thereof, in connection with the transaction of public business and has been retained by such recipient or its successor as evidence of its activities or because of the information contained therein.

An e-mail message that meets the criteria of the definition of public records per N.J.S.A. 47:3-16, as amended, whether it is subject to access by the general public or not, must be retained according to records retention and disposition schedules approved by the State Records Committee. No public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

Retention or disposition of e-mail messages must be related to the information they contain or the purpose they serve. The content of e-mail messages may vary considerably and therefore, the content must be evaluated to determine the length of time the message must be retained.

For the purposes of this Policy, there are non-record e-mail messages and public record e-mail messages.

Non-record e-mail messages are personal correspondence that do not meet the criteria of public records as per N.J.S.A. 47:3-16, as amended, and may be deleted at any time unless they become part of some official record as a result of a special circumstance. These types of messages may include personal correspondence not received or created in the course of school district business and may be deleted at any time since it is not an official public record. Non-record e-mail messages are also non-governmental publications that are publications, promotional material from vendors, and similar materials that are publicly available to anyone. These e-mail messages are not public records as defined by N.J.S.A. 47:3-16, as amended, unless specifically incorporated into other official public records, and may also be deleted at any time. However, if an e-mail message is used to justify an expenditure or is included in a proposal, the e-mail message becomes an official public record and must be retained according to records retention and disposition schedules in accordance with the appropriate retention schedules.

All public record e-mail messages shall be maintained by the individual who sends the e-mail message and the primary recipient. The sender and primary recipient are encouraged to print a hard copy of a public record e-mail and file the e-mail in school district files for continued access. The district may establish a district-wide system to facilitate public record e-mail management for continued access and retention. All public record e-mails shall be retained according to records retention and disposition schedules approved by the State Records Committee and no public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

An e-mail message that meets the criteria of the definition of a “government record” per N.J.S.A. 47:1A-1.1 must be made available to the public upon request under New Jersey’s Open Public Records Act during the required retention period, unless the content of the message falls under one of the exceptions contained in the Act or any other statute, regulation, Executive Order by the Governor, rule of Court, or Federal law, regulation or order.

8320 PERSONNEL RECORDS

The Board of Education believes that the orderly operation of the school district requires the retention of all records bearing upon an employee's qualifications for employment and employment history.

The Board requires that sufficient records be compiled and maintained to demonstrate an employee's qualifications for the position assigned; compliance with Federal, State, and local benefit programs; conformity to district rules; the proper conduct of evaluations; and the employee's entitlement, as appropriate, to tenure and seniority.

The Superintendent shall be responsible for the custody and maintenance of personnel records. A single, central file of documents shall be maintained; temporary, subsidiary records will be permitted for ease in data gathering only. An employee's personnel file shall be maintained for six years following their termination of district service, provided the employment history record card is maintained a minimum of eighty years.

A Board of Education and private agencies that provide educational services by means of public funds shall make employee records and information available for public access pursuant to N.J.S.A. 47:1A-10, the Open Public Records Act, but in accordance with N.J.S.A. 18A:6-120.(d) and 121.(d), and as provided in Policy and Regulation 8320 - Section G.

Personnel records may be inspected by school administrators to the extent that such inspection is required in the performance of the inspector's duties.

Board members may have access to confidential information in the personnel files of only those employees recommended for or subjected to an employment action requiring a vote of the Board or where access to the information is essential for the performance of the Board member's duties. Board member access to personnel files is limited to the relevant portion of the file and is available only through the Superintendent. Board members may freely inspect employment applications filed by candidates for district positions.

An employee may inspect their personnel file provided that the employee requests such access in writing, reviews the record in the presence of the administrator designated to maintain the file, makes no alteration or addition to the file nor removes any material from it, and signs a log attached to the file indicating the date on which it was inspected.

An employee may appeal to the Superintendent the inclusion or exclusion of records or for appropriate administrative review of the accuracy of any record in their personnel file.

The Superintendent shall prepare rules enumerating the records to be maintained for each employee of this district, including, as a minimum and as appropriate to the position, the completed application form, employment contract(s), a copy of the employee's qualifying certification, transcripts, report of an employment physical examination, oath of allegiance, criminal background check, income tax forms, retirement registration, hospitalization forms, annuity forms, rate of compensation, attendance record, assignments to positions, completed evaluations, reports of disciplinary incidents, records of special awards or distinctions, and reports of annual or special physical and mental examinations.

8330 STUDENT RECORDS

The Board of Education believes that information about individual students must be compiled and maintained in the interest of the student's educational welfare and advancement. The Board will strive to balance the student's right to privacy against the district's need to collect, retain, and use information about individual students and groups of students. The Board authorizes the establishment and maintenance of student files that include only those records mandated by law, rules of the State Board of Education, authorized administrative directive, and those records permitted by this Board.

The Superintendent shall prepare, present to the Board for approval, and distribute regulations that implement this Policy and conform to applicable State and Federal law and rules of the State Board of Education.

General Considerations

The Board shall compile and maintain student records and regulate access, disclosure, or communication of information contained in educational records in a manner that assures the security of such records in accordance with the provisions of N.J.A.C. 6A:32-7.1 et seq. Student records shall contain only such information as is relevant to the education of the student and is objectively based on the personal observations or knowledge of the certified school personnel who originate(s) the record. The school district shall provide annual, written notification to parents, adult students, and emancipated minors of their rights in regard to student records and student participation in educational, occupational, and military recruitment programs. Copies of the applicable State and Federal laws and local policies shall be made available upon request. The school district shall make every effort to notify parents and adult students in their dominant language.

A non-adult student may assert rights of access only through his or her parent(s). However, nothing in N.J.A.C. 6A:32-7 shall be construed to prohibit certified school personnel from disclosing at their discretion student records to non-adult students or to appropriate persons in connection with an emergency, if such knowledge is necessary to protect the health or safety of the student or other persons.

No liability shall be attached to any member, officer, or employee of the Board permitting access or furnishing student records in accordance with N.J.A.C. 6A:32-7.1 et seq.

Student Information Directory

A student information directory is a publication of the Board that includes information relating to a student as defined in N.J.A.C. 6A:32-2.1. This information includes: name; grade level; date and place of birth; dates of school attendance; major field of study; participation in officially recognized activities; weight and height relating to athletic team membership; degrees; awards; the most recent educational agency attended by the student; and other similar information. The student information directory shall be used only by authorized school district personnel and for designated official use by judicial, law enforcement, and medical personnel and not for general public consumption.

In the event the school district publishes a student information directory, the Superintendent or designee will provide a parent or adult student a ten-day period to submit to the Superintendent a written statement prohibiting the school district from including any or all types of information about the student in any student information directory before allowing access to such directory to educational, occupational, and military recruiters pursuant to N.J.S.A. 18A:36-19.1 and 20 U.S.C. §8528 - Armed Forces Recruiter Access to Students and Student Recruiting Information of the Elementary and Secondary Education Act (ESEA) of 1965. In accordance with N.J.S.A. 18A:36-19.1, military recruiters will be provided the same access to a student information directory that is provided to educational and occupational recruiters.

School Contact Directory for Official Use

A school contact directory for official use is a compilation by the school district that includes the following information for each student: name; address; telephone number; date of birth; and school enrollment. The district shall compile and maintain a school contact directory for official use that is separate and distinct from the student information directory. The student contact directory may be provided for official use only to judicial and law enforcement personnel, and to medical personnel currently providing services to the student in question. To exclude any information from the school contact directory for official use the parent, adult student, or emancipated minor shall notify the Superintendent or designee in writing.

Mandated and Permitted Student Records

Mandated student records are those records school districts have been directed to compile by State statute, regulations, or authorized administrative directive in accordance with N.J.A.C. 6A:32-7.3.

Permitted student records are those student records not mandated pursuant to N.J.A.C. 6A:32-7.3, but authorized by the Board to promote the student's educational welfare. The Board shall authorize the permitted records to be collected by adopting Policy and Regulation 8330, which will list such permitted records.

Maintenance and Security of Student Records

The Superintendent or designee shall be responsible for the security of student records maintained in the school district. Policy and Regulation 8330 assure that access to such records is limited to authorized persons.

Records for each individual student may be stored electronically or in paper format. When student records are stored electronically, proper security and back-up procedures shall be administered.

Student health records, whether stored on paper or electronically, shall be maintained separately from other student records, until such time as graduation or termination, whereupon the health history and immunization record shall be removed from the student's health record and placed in the student's mandated record. Records shall be accessible during the hours in which the school program is in operation.

Any district internet website shall not disclose any personally identifiable information about a student without receiving prior written consent from the student's parent, in accordance with the provisions of N.J.S.A. 18A:36-35. Personally identifiable information means student names; student photos; student addresses; student e-mail addresses; student phone numbers; and locations and times of class trips.

Access to Student Records

Only authorized organizations, agencies, or persons as defined in N.J.A.C. 6A:32-7.5 shall have access to student records, including student health records. Access to student records shall be provided to persons authorized such access under N.J.A.C. 6A:32-7.1 et seq. within ten days of a request, but prior to any review or hearing conducted in accordance with N.J.A.C. 6A.

The district shall control access to, disclosure of, and communication regarding information contained in student health records to assure access only to people permitted by Federal and State statute and regulations in accordance with N.J.A.C. 6A:32-7.5.

The district may charge a reasonable fee for reproduction of student records, not to exceed the schedule of costs set forth in N.J.S.A. 47:1A-5, provided that the cost does not effectively prevent the parents or adult students from exercising their rights under N.J.A.C. 6A:32-7 or other Federal and State rules and regulations regarding students with disabilities, including N.J.A.C. 6A:14.

Access to and disclosure of a student's health record shall meet the requirements of the Family Education Rights and Privacy Act, 34 C.F.R. Part 99 (FERPA).

Only authorized organizations, agencies, or persons as defined in N.J.A.C. 6A:32-7.5 shall have access to student records, including student health records.

Nothing in N.J.A.C. 6A:32-7.1 et seq. or in Policy and Regulation 8330 shall be construed to prohibit school personnel from disclosing information contained in the student health record to students or adults in connection with an emergency, if such knowledge is necessary to protect the immediate health or safety of the student or other persons.

In complying with N.J.A.C. 6A:32-7 – Student Records, individuals shall adhere to requirements pursuant to N.J.S.A. 47:1A-10, the Open Public Records Act (OPRA) and 34 CFR Part 99, the Family Educational Rights and Privacy Act (FERPA).

Conditions for Access to Student Records

All authorized organizations, agencies, and persons defined in N.J.A.C. 6A:32-7.1 et seq. shall have access to the records of a student subject to conditions outlined in N.J.A.C. 6A:32-7.6(a).

Rights of Appeal for Parents and Adult Students

Student records are subject to challenge by parents and adult students on the grounds of inaccuracy, irrelevancy, impermissive disclosure, inclusion of improper information or denial of access to organizations, agencies, and persons in accordance with N.J.A.C. 6A:32-7.7(a).

To request a change in the record or to request a stay of disclosure pending final determination of the challenged procedure, the parent or adult student shall follow the procedures pursuant to N.J.A.C. 6A:32-7.7(b).

Appeals relating to student records for students with disabilities shall be processed in accordance with the requirements of N.J.A.C. 6A:32-7.7(b).

Regardless of the outcome of any appeal, a parent or adult student shall be permitted to place in the student record a statement commenting upon the information in the student record or setting forth any reasons for disagreement with the decision made in the appeal. Such statements shall be maintained as part of the student record as long as the contested portion of the record is maintained. If the contested portion of the record is disclosed to any party, the statement commenting upon the information shall also be disclosed to that party.

Retention and Disposal of Student Records

A student record is considered to be incomplete and not subject to the provisions of the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq., while the student is enrolled in the school district. The school district shall retain the student health record and the health history and immunization record according to the School District Records Retention Schedule, as determined by the New Jersey State Records Committee.

Student records of currently enrolled students, other than that described in N.J.A.C. 6A:32-7.8(e), may be disposed of after the information is no longer necessary to provide educational services to a student and in accordance with the provisions of N.J.A.C. 6A:32-7.8(b).

Upon graduation or permanent departure of a student from the school district, the parent or adult student shall be notified in writing that a copy of the entire student record will be provided to them upon request. Information in student records, other than that described in N.J.A.C. 6A:32-7.8(e), may be disposed of, but only in accordance with the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq. Such disposition shall be in accordance with the provisions of N.J.A.C. 6A:32-7.8(c)2.

No additions shall be made to the record after graduation or permanent departure without the prior written consent of the parent or adult student.

In accordance with N.J.A.C. 6A:32-7.8(e), the New Jersey public school district of last enrollment, graduation, or permanent departure of the student from the school district shall keep for 100 years a mandated record of a student's name, date of birth, name of parents, gender, health history and immunization, standardized assessment results, grades, attendance, classes attended, grade level completed, year completed, and years of attendance.

8335 FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Board of Education policies and regulations will be in compliance with the requirements of the Family Educational Rights and Privacy Act (FERPA). FERPA affords parents and adult students certain rights with respect to the student's education records. FERPA requires the district to provide parents and adult students the right to inspect and review the student's education records within forty-five days of the day the school district receives a request for access, to request an amendment(s) of the student's education records the parent or adult student believes are inaccurate, and to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

FERPA permits disclosure of student records without consent if the disclosure is to school officials with legitimate educational interests. FERPA permits the school district to disclose education records without a parent's or adult student's consent to officials of another school district in which a student seeks or intends to enroll. FERPA requires a school district to make a reasonable attempt to notify the parent or adult student of the records request unless it states in its annual notification that it intends to forward records on request.

The parent or adult student has the right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

The New Jersey Administrative Code 6A:32-7 – Pupil Records adopted by the New Jersey Department of Education incorporates the requirements of FERPA and Board of Education Policy 8330 ensures parents and adult students are afforded certain rights with respect to the student's education records as required by FERPA.

8350 RECORDS RETENTION

The New Jersey Department of the Treasury - Records Management Services places all public records on Records Retention Schedules that list the minimum legal and fiscal time periods public records must be retained by State and local governmental and educational agencies. Records Management Services determines these retention periods in conformance with State and Federal codes, regulations, and statutes of limitation. Final approval of the schedules comes from the State Records Committee, which is comprised of representatives of the Attorney General, State Treasurer, State Auditor, Director of Local Government Services, and the director of the division.

Part and parcel to a good records management program is the timely destruction of records once their retention period has expired. This pertains to the destruction of paper records as well as those that are microfilmed, have been imaged, or are electronic. Unique records disposal request (such as the disposal of fire damaged records which have not yet outlived their retention period) require specific authorization from the State Records Committee.

As per the Destruction of Public Records Act of 1953 (P.L. 1953, c. 410), the Board of Education must receive prior written authorization from Records Management Services to dispose of their public records regardless of the medium in which the information is maintained. Authorization to dispose public records shall be submitted electronically by the school district custodian of such records to Records Management Services. Records must be retained in accordance with the Records Retention Schedules and shall not be disposed until approval for such disposal is obtained from Records Management Services.

8420 EMERGENCY AND CRISIS SITUATIONS

The Board of Education recognizes its responsibility to provide for the safety and security in each school building in the district. The district will develop and implement comprehensive written plans, procedures, and mechanisms to provide for the protection of health, safety, security, and welfare of the school population; the prevention of, intervention in, response to and recovery from emergency and crisis situations; the establishment and maintenance of a climate of civility; and support services for staff, students, and their families.

“School security drill” means an exercise, other than a fire drill, to practice procedures that respond to an emergency situation including, but not limited to, a bomb threat, non-fire evacuation, lockdown, or active shooter situation and that is similar in duration to a fire drill.

The Superintendent of Schools or designee shall consult with law enforcement agencies, health and social services provider agencies, emergency management planners, and school and community resources, as appropriate, in the development of the school district’s plans, procedures, and mechanisms for school safety and security. The plans, procedures, and mechanisms shall be consistent with the provisions of N.J.A.C. 6A:16-5.1 and the format and content established by the Domestic Security Preparedness Task Force, pursuant to N.J.S.A. App. A:9-64 et seq., and the Commissioner of Education and shall be reviewed annually, and updated as appropriate.

A copy of the school district’s school safety and security plan shall be disseminated to all school district employees. New employees shall receive a copy of the school district’s safety and security plan, as appropriate, within sixty days of the effective date of their employment. All employees shall be notified in writing, as appropriate, regarding updates and changes to the school safety and security plan.

The school district shall develop and provide an in-service training program for all school district employees to enable them to recognize and appropriately respond to safety and security concerns, including emergencies and crises, consistent with the school district’s plans, procedures, and mechanisms for school safety and security and the provisions of N.J.A.C. 6A:16-5.1. New employees shall receive this in-service training, as appropriate, within sixty days of the effective date of their employment. This in-service training program shall be reviewed annually and updated, as appropriate.

The Board shall ensure individuals employed in the district in a substitute capacity are provided with information and training on the district’s practices and procedures on school safety and security including instruction on school security drills, evacuation procedures, and emergency response protocols in the district and the school building where the individuals are employed in accordance with the provisions of N.J.S.A. 18A:41-7.

Every Principal of a school of two or more rooms, or of a school of one room, when located above the first story of a building, shall have at least one fire drill and one school security drill each month within the school hours, including any summer months during which the school is open for instructional programs, and shall require all teachers of all schools, whether occupying buildings of one or more stories, to keep all doors and exits of their respective rooms and buildings unlocked during the school hours, except during an emergency lockdown or an emergency lockdown drill. Where school buildings have been provided with fire escapes, they shall be used by a part or all of the students performing every fire drill. An actual fire or school security emergency that occurs at a school during the month and that includes activities which are the equivalent of a drill shall be considered a drill for the purposes of meeting the requirements of N.J.S.A. 18A:41-1.

Every school in the district shall conduct a school security drill within the first fifteen days of the beginning of the school year. Notwithstanding any other provision of law to the contrary, the school district shall ensure that a school security drill that occurs when students are present:

1. Includes clear, developmentally and age-appropriate messaging to students and staff at the conclusion of the drill that the event is a drill and that no current danger exists;
2. Does not expose students to content or imaging that is not developmentally or age-appropriate;
3. Is paired with trauma-informed approaches to address any student inquiries or concerns which may arise as a result of a school security drill;
4. Does not include the use of fake blood, real or prop firearms, or the simulations of gun shots, explosions, or other sounds or visuals that may induce panic or traumatic response from a student or school district employee;
5. Does not require a student to role play as a victim, but may include first aid training in which students participate; and
6. Is accessible to students with disabilities and mental health conditions, and provides all necessary accommodations for these students.

The Principal or designee shall provide written notification to the parent of a student enrolled in the school following completion of a school security drill, which notice shall be provided to the parent by no later than the end of the school day on which the school security drill is conducted.

The Principal or designee will provide local law enforcement or other emergency responders, as appropriate, with a friendly notification at least forty-eight hours prior to holding a school security drill. A law enforcement officer shall be present at a minimum of one school security drill in each school year in order to make recommendations on any improvements or changes to school security drill procedures that the officer may deem advisable in accordance with N.J.S.A. 18A:41-1. The school district may permit emergency personnel access to the buildings and grounds of its schools for school security drills that are scheduled outside of school hours and during such times as students are not present.

The school district shall review and update its school security drill procedures using a process that coincides with the review of the school safety and security plan developed pursuant to N.J.A.C. 6A:16-5.1 and collects input from emergency personnel; parents of students enrolled in the school district; teachers and staff employed in the district; mental health professionals; and student government representatives from multiple grade levels.

The school district shall annually track data on such measures and information as required by the Commissioner of Education, and shall report the data to the Commissioner.

Such drills and in-service training programs shall be conducted in accordance with a building security drill guide and training materials that educate school employees on proper evacuation and lockdown procedures in a variety of emergency situations on school grounds in accordance with N.J.A.C. 6A:16-5.1.

The school district will be required to annually submit a security drill statement of assurance to the New Jersey Department of Education by June 30 of each school year. Each school in the district will be required to complete a security drill record form as required by the New Jersey Department of Education.

8431 PREPAREDNESS FOR TOXIC HAZARD

The Board of Education is concerned for the safety of the students and staff members assigned to district schools and will take reasonable steps to protect students and staff members from hazards that may result from industrial accidents beyond the control of school officials.

The Board will appoint an employee to serve as Toxic Hazard Preparedness (THP) Officer. The THP Officer will, in accordance with procedures prepared by the Superintendent, identify potential sources of toxic hazard and develop a plan that includes preventive and remedial measures to be followed in the event students and staff members are exposed to a toxic hazard. The plan will also include a system for the periodic evaluation of school environments.

The THP Officer will enlist the aid of county and municipal authorities and, if possible, the owners or operators of identified potential sources of toxic hazard. The Board may, in its discretion, appoint and charge an ad hoc committee of community representatives to assist the THP Officer.

The plan for toxic hazard preparedness developed by the THP Officer and approved by this Board will be disseminated to the public. Teaching staff members will be instructed in the specific measures to be taken when toxic hazard is present and in the recognition of toxic hazards in the environment. A teaching staff member who detects a toxic hazard in school shall immediately notify the school Principal and the school nurse or, in the absence of either, the person authorized to perform that office.

Nothing in this policy should be construed in any way as an assumption of liability by the Board of Education for any death, injury, or illness that is the consequence of an accident or equipment failure or negligent or deliberate act beyond the control of the Board or its officers and employees.

8441 CARE OF INJURED AND ILL PERSONS

The Board of Education will provide the prompt and appropriate medical attention for students, staff members, or visitors who are injured or become ill on school grounds or during a school sponsored event, activity, or field trip.

Any injury or illness shall be reported immediately to the school nurse or, in the absence of the school nurse, the Building Principal or designee. Immediate steps may be taken as necessary to remove the injured or ill person from danger and/or to prevent exacerbation of the injury or illness. Basic first aid may be administered by district personnel to ensure the safety and comfort of the injured or ill person until the school nurse or other medical professional arrives on the scene.

The parent of an injured or ill student and, if necessary, the family of an injured or ill staff member or visitor will be notified promptly of the injury or illness and the ongoing health status of the injured or ill person. If the school nurse or school physician or, in the absence of both, the Principal or designee determines the injured or ill person should receive a medical examination from their medical professional, the parent or family member will be required to remove the injured or ill person from the school or school event or activity. In the event a serious health emergency occurs on school grounds or during a school sponsored event, activity, or field trip, emergency medical assistance will be contacted.

In the event it is determined by the school nurse and/or a medical professional that a student shall be immediately transported to a hospital or other emergency medical facility, a school staff member, if a parent or their designee is not on the scene, shall accompany the student to a hospital or other emergency medical facility.

The school nurse(s), in consultation with the school physician, will develop basic emergency first aid procedures for the emergency treatment of an injury or illness in the event a school staff member may be in the position to provide emergency first aid until the school nurse or other medical professional arrives on the scene.

Injuries and disabilities that occur in the course of the athletic program are subject to the provisions of Policy 2431 and implementing regulations. Student disabilities attributable to substance abuse will be handled in accordance with Policy 5530. Injuries that occur in the course of school bus transportation will be handled in accordance with regulations implementing Policy 8630.

8442 REPORTING ACCIDENTS

The Board of Education directs that all reasonable efforts be made to ensure a safe learning and working environment for the students and employees of this district. To that end and to the end that legitimate employee claims for worker's compensation be expedited, the Board requires that accidents be reported and evaluated. Any accident that results in an injury, however slight, to a student, an employee of the Board, or a visitor to the schools must be reported promptly and in writing to the district business office. Injured persons shall be referred immediately to the school nurse for such medical attention as may be appropriate.

The injured employee or visitor or the staff member responsible for an injured student shall complete a form, available in the office of the Building Principal, that includes the date, time and place of the incident; the names of persons involved; the nature of the injury, to the extent that it is known; and a description of all relevant circumstances.

A copy shall be retained by the Building Principal and a copy shall be sent to the business office.

Any employee of the Board who suffers a job-related injury must report the injury and its circumstances to the Building Principal or job supervisor, as appropriate, no later than twenty-four hours following the occurrence of the injury. The failure of an employee to comply with this mandate may result in disciplinary action.

8451 CONTROL OF COMMUNICABLE DISEASE

The Board of Education recognizes that control of the spread of communicable disease is essential to the well-being of the school community and to the efficient operation of the schools.

The Board shall be bound by the statutes and by rules of the State Board of Education for the exclusion and readmission of students who have contracted a communicable disease and of teachers and students who have been exposed to a communicable disease and for the instruction of teachers in health and the prevention of disease. The Board shall comply with regulations of the New Jersey Department of Health and the local and county Boards of Health governing the prevention, control, and reporting of communicable disease.

The teacher may exclude from the classroom and the Principal may exclude from the school building any student who appears to be ill or has been exposed to a communicable disease. A student may be isolated in school to await the arrival of or instructions from an adult member of their family. If the school medical inspector or the school nurse is present in the building, their recommendation shall be sought before any such exclusion or isolation is ordered.

Any student retained at home or excluded from school by reason of having or being suspected of having a communicable disease shall not be readmitted to their classroom until they present written evidence of being free of communicable disease. That evidence may be supplied by the school medical inspector or another qualified physician who has examined the student.

Any student or adult who has weeping skin lesions that cannot be covered shall be excluded from school.

The Superintendent shall develop procedures for the control of communicable disease that include the instruction of teaching staff members in the detection of disease and measures for its prevention and control; the removal from school premises to the care of a responsible adult for students identified and excluded in accordance with this policy; the preparation of standards for the readmission of students who have recovered from communicable disease; the provision of appropriate home instruction to excluded students in accordance with law; and the filing of reports as required by law.

8453 HIV/AIDS

The Board of Education will comply with rules of the State Board of Education and the State Department of Health and Senior Services with regard to the admission and employment of persons who may be diagnosed with Acquired Immune Deficiency Syndrome (AIDS) or infected with Human Immunodeficiency Virus (HIV). “AIDS” means a condition affecting a person who has a reliably diagnosed disease that meets the criteria for AIDS specified by the Center for Disease Control of the United States Public Health Services. “HIV infection” means infection with the human immunodeficiency virus or any other related virus identified as a probable causative agent of AIDS. Laboratory results indicative of infection with HIV shall mean laboratory results showing the presence of HIV or components of HIV, or laboratory results showing the presence of antibodies to HIV, or results from laboratory tests conducted to measure the presence of HIV RNA (viral load tests), such as quantitative PCR tests.

AIDS or HIV infection shall not be considered a communicable disease for purposes of admission to or attendance in a school or for eligibility for educational transportation.

In accordance with N.J.A.C. 6A:16-1.4(a)8, no person, student or employee, will be excluded from school solely because they are infected with HIV or lives with or is related to a person infected with HIV. Students infected with HIV, including those who may be symptomatic or diagnosed with AIDS, may be excluded from school only as a student not infected with HIV or diagnosed with AIDS may be excluded from school. A school employee infected with HIV may be restricted in their employment only if the employee has another illness that would affect their employment.

Any student excluded from the regular school program will be provided with home instruction in accordance with rules of the State Board of Education and Policy No. 2412.

No student, staff member, or visitor may attend or visit school if they have an uncoverable and/or uncovered weeping skin lesion, whether or not the person has been screened for HIV.

It is not required that anyone in the school be especially notified that an HIV-infected student or employee is present. School employee physicals, student physicals and athletic physicals do not require disclosure of HIV status. Records of health and medical examinations should not include information about an individual’s infection with HIV. Therefore, HIV/AIDS status is an exception to records required pursuant to student physical examinations, N.J.A.C. 6A:16-2.2, and school employee physical examinations, N.J.A.C. 6A:32-6.1 et seq. In the event the school nurse or a school official is apprised that a student or employee is HIV-infected, the fact of the infection will be held in strict confidence and will not be classified as a communicable disease for admission, local health reporting or educational transportation.

Information that identifies a student as having an HIV infection or AIDS shall be shared only with prior written informed consent of the student age twelve or greater, or of the student's parent(s)/legal guardian(s) as required by N.J.S.A. 26:5C-1 et seq. and only for the purpose of determining an appropriate educational program for the student. The person who receives such information shall not reveal it to any other person without the express written consent of the minor student's parent(s) or legal guardian(s), or the adult student.

The Board shall annually provide students, parent(s) or legal guardian(s), staff members, school volunteers, and members of the community with information intended to increase awareness of HIV and AIDS, including information regarding the nature of the disease and its prevention. The Board will cooperate with other agencies to provide HIV/AIDS awareness information to the community.

8454 MANAGEMENT OF PEDICULOSIS

The Board of Education recognizes the need to maintain a healthy learning environment for all children in the school district. One way to maintain this healthy learning environment is to manage pediculosis, a condition of a person having head lice. Head lice are very small insects that have claws that cling to hair and spend their entire life cycle on the heads of people. Head lice do not spread any diseases and having head lice is not prevented by personal or household cleanliness, use of shampoos, or length of hair. All social and economic groups can be affected by head lice. Because it is very difficult to totally prevent head lice infestations in schools where children come into close head-to-head contact with each other frequently, the Board of Education authorizes appropriate steps to manage pediculosis.

A student who is found to have active head lice will not be permitted to attend school until there are no active lice in the student's hair, proof of treatment has been provided to the nurse, and until all live and/or dead head lice are removed from the student's hair as confirmed by an examination by the school nurse.

The presence of nits (the eggs of lice) without active head lice will not prohibit a child from attending school provided proof of treatment has been provided to the nurse and there is no evidence of active head lice in the student's hair.

The Board recognizes parents have the primary responsibility for the detection and treatment of head lice and school staff members will work in a cooperative and collaborative manner to assist all families in managing pediculosis. The school nurse will compile a Management of Pediculosis Information Packet. The Board of Education's Management of Pediculosis Information Packet and this Policy will be provided to parents of children identified with active head lice or nits and be made available to all parents upon request. The Information Packet will include information about identifying, treating, and managing pediculosis.

If the school nurse determines a student has active head lice or nits, the parent shall be notified by the school nurse as soon as reasonably possible. The parent will be provided a copy of the district's Management of Pediculosis Information Packet and this Policy. The school nurse will advise the parent that prompt treatment of active head lice and/or nits is in the best interest of their child and treatment shall be required before the student can return to school. The school nurse will determine to send the child home or have the child remain at school for the remainder of the school day based on the comfort of the child, the degree of the infestation, and the likelihood of the spread of head lice to other students. If the school nurse cannot contact the parent a letter from the school nurse informing the parent of the presence of active head lice or nits will be sent home with the student. In the event the parent cannot be reached on the day it is determined their child has active head lice or nits, the parent will be required to contact the school nurse the next school day to review the Board Policy, the Management of Pediculosis Information Packet, and treatment options.

The following action will be taken to prevent the spread of head lice in district schools:

1. Grades Kindergarten through Four – When a single case of active head lice has been identified by the school nurse, parents of all children in a class will be notified by the school nurse. The Principal will send home a copy of a Head Lice Alert Notice, the school district’s Management of Pediculosis Information Packet, and this Policy to all parents of children in the class.
 - a. The information provided to parents will clearly notify parents that treatment should only be performed on their child if active head lice or nits are found in their child’s scalp and treatment should not be applied as a preventative measure. This notification will inform parents they are expected to notify the school nurse if they find active head lice or nits in their child’s scalp. The school nurse will perform a head check of any student if requested by the parent.
 - b. The school nurse will perform head checks of all students in a classroom where there are three or more active head lice cases or nits in the same classroom within a two week period.
2. Grades Five through Eight – When a single case of active head lice has been identified by the school nurse, parents of children in a class or on a team may be sent a Head Lice Alert Notice, the school district’s Management of Pediculosis Information Packet, and this Policy at the discretion of the Principal or designee and the school nurse. Parents may request information regarding head lice from the school nurse. The school nurse will perform a head check of any student if requested by the parent.
3. Grades Nine through Twelve – When a single case of active head lice has been identified by the school nurse, parents of children in a class or on a team may be sent a Head Lice Alert Notice, the school district’s Management of Pediculosis Information Packet, and this Policy at the discretion of the Principal or designee and the school nurse. Parents may request information regarding head lice from the school nurse. The school nurse will perform a head check of any student if requested by the parent.

Each school in the district will make available to parents the district’s Management of Pediculosis Policy.

All school staff members will maintain a sympathetic attitude and will not stigmatize and/or blame families who experience difficulty with control measures. All school staff members will act responsibly and respectfully when dealing with members of the school and broader community regarding issues of head lice.

Each school in the district will educate and encourage children and parents to learn about head lice in an attempt to remove any stigma or to prevent any harassment, intimidation, and bullying associated with this issue. Any instances of harassment, intimidation, and bullying shall be reported and investigated in accordance with the provisions of the district's Harassment, Intimidation, and Bullying Policy.

A student excluded from school for reasons outlined in this Policy shall be re-admitted only upon the examination and approval of the Principal or designee and the school nurse. The examination for re-admittance to school by the school nurse may be, but is not required to be, in the presence of the student's parent.

Cases of active head lice will be recorded by the school nurse in each school for the purpose of tracking incident rates and mandatory reporting of outbreaks will be done according to the New Jersey Department of Health criteria for reporting outbreaks.

8461 REPORTING VIOLENCE, VANDALISM, HARASSMENT, INTIMIDATION,
BULLYING, ALCOHOL, AND OTHER DRUG OFFENSES

The Board of Education shall observe “School Violence Awareness Week” during the week beginning with the third Monday in October of each year by organizing activities to prevent school violence. Activities shall include, but are not limited to, age-appropriate opportunities for student discussion on conflict resolution, issues of student diversity, and tolerance. The Board shall invite law enforcement personnel to join members of the teaching staff in the discussions and provide programs for school employees that are designed to help them recognize warning signs of school violence and to instruct them on recommended conduct during an incident of school violence. The Board of Education shall disseminate to students’ parents an informational pamphlet prepared by the New Jersey Department of Education (NJDOE) on how a parent can limit a child’s exposure to violence on television, cell phones, computers, and other electronic devices, on an annual basis pursuant to N.J.S.A. 18A:40-44.

Reports of incidents of alleged missing, abused, or neglected children shall be reported to the New Jersey State Central Registry (SCR) at 1-877 NJ ABUSE or to any other telephone number designated by the appropriate child welfare authorities. If the child is in immediate danger a call shall be placed to 911 as well as to the SCR.

The information shall give instructions to call 911 for emergencies and shall include directions for accessing the Department of Children and Families' website or social media platforms for more information on reporting abuse, neglect, and exploitation.

The information shall be in a format and language that is clear, simple, and understandable. The information shall be on a poster and displayed at each school in at least one high-traffic, highly and clearly visible public area that is readily accessible to and widely used by students, pursuant to N.J.S.A. 18A:33.28.

The person having reason to believe that a child may be missing or may have been abused or neglected may inform the Principal or other designated school official(s) prior to notifying designated child welfare authorities if the action will not delay immediate notification. The person notifying designated child welfare authorities shall inform the Principal or other designated school official(s) of the notification, if such had not occurred prior to the notification. Notice to the Principal or other designated school official(s) need not be given when the person believes that such notice would likely endanger the reporter or student involved or when the person believes that such disclosure would likely result in retaliation against the student or in discrimination against the reporter with respect to his or her employment.

The Principal or other designated school official(s) upon being notified by a person having reason to believe that a child may be missing or may have been abused or neglected, must notify appropriate law enforcement authorities. Notification to appropriate law enforcement authorities shall be made for all reports by employees, volunteers, or interns working in the school district. Confirmation by another person is not required for a school district employee, volunteer, or intern to report the suspected missing, abused, or neglected child situation.

School district officials will cooperate with designated child welfare and law enforcement authorities in all investigations of potentially missing, abused, or neglected children in accordance with the provisions of N.J.A.C. 6A:16-11.1(a)5.

All new school district employees, volunteers, or interns working in the district shall receive the required information and training as part of their orientation.

8465 BIAS CRIMES AND BIAS-RELATED ACTS

The Board of Education is committed to providing a safe and healthy environment for all children in the school district. Bias crimes and bias-related acts involving students can lead to further violence and retaliation. Bias crimes and bias-related acts, by their nature are confrontational, inflame tensions, and promote social hostility and will not be tolerated by the school district. School district employees will work closely with local law enforcement and the county prosecutor's office to report or eliminate the commission of bias crimes and bias-related acts.

Definitions

A "bias crime" means any criminal offense where the person or persons committing the offense acted with a purpose to intimidate an individual or group of individuals because of race; color; religion; gender; disability; sexual orientation; gender identity or expression; national origin; or ethnicity.

A "bias-related act" means an act directed at a person, group of persons, private property, or public property that is motivated in whole or in part by racial; gender; disability; religion; sexual orientation; gender identity or expression; national origin; or ethnic prejudice. A bias-related act need not involve conduct that constitutes a criminal offense.

All bias crimes are also bias-related acts, but not all bias-related acts will constitute a bias crime.

Required Actions

School employees shall immediately notify the Principal and the Superintendent or designee when in the course of their employment they develop reason to believe a bias crime or bias-related act has been committed or is about to be committed in accordance with N.J.A.C. 6A:16-6.3(e).

The Superintendent or designee shall promptly notify the local police department and the bias investigation officer for the county prosecutor's office when a bias crime or bias-related act has been committed or is about to be committed in accordance with N.J.A.C. 6A:16-6.3(e)1.

The Superintendent or designee shall immediately notify the local police department and the bias investigation officer for the county prosecutor's office where there is reason to believe that a bias crime or bias-related act that involves an act of violence has been or is about to be physically committed against a student, or there is otherwise reason to believe that a life has been or will be threatened in accordance with N.J.A.C. 6A:16-6.3(e)2.

It is understood a referral to the local police department or county prosecutor's office pursuant to the Memorandum of Agreement between Education and Law Enforcement Officials is only a transmittal of information that might be pertinent to a law enforcement investigation and is not an accusation or formal charge.

Unless the local police department or the county prosecutor's office request otherwise, the school district may continue to investigate a suspected bias crime or bias-related act occurring on school grounds and may take such actions as necessary and appropriate to redress and remediate any such acts.

School officials will secure and preserve any such graffiti or other evidence of a suspected bias crime or bias-related act pending the arrival of the local police department or the county prosecutor's office. The school officials, where feasible, will cover or conceal such evidence until the arrival of the local police department or county prosecutor's office.

Any student who commits an assault upon members of the school community with a weapon other than a firearm on school property must be immediately removed from the regular education program and provided with an alternative program, pending a hearing before the Board of Education. (Chapters 127 and 128 of 1995, The Zero Tolerance for Guns Act)

Students with disabilities violating the provisions of this policy shall be dealt with in accordance with Policy No. 2460 and Regulation No. 2460.6.

Nothing in this policy shall be construed to prohibit the reporting of a crime committed by a child with a disability to the appropriate law enforcement or judicial authorities, or to prevent such authorities from exercising their responsibilities with regard to the application of Federal or State law to crimes committed by a child with disabilities.

Any student requiring removal from the regular education program for the reasons enumerated above shall be removed in accordance with Policy and Regulation No. 5611.

The Superintendent, or designee, shall prepare regulations to implement this policy for the guidance of school staff in dealing with incidents involving weapons in the school district.

8505 LOCAL WELLNESS POLICY/NUTRIENT STANDARDS FOR MEALS AND OTHER FOODS

The Board of Education believes that students need access to healthful foods and opportunities to be physically active in order to grow, learn, and thrive, and that good health fosters student attendance and education.

Obesity rates have doubled in children and tripled in adolescents over the last two decades, and physical inactivity and excessive calorie intake are the predominant causes of obesity. Heart disease, cancer, stroke, and diabetes are responsible for two-thirds of deaths in the United States, and major risk factors for those diseases, including unhealthy eating habits, physical inactivity, and obesity, often are established in childhood. Further, the items most commonly sold from school vending machines, school stores, and snack bars include low-nutrition foods and beverages, such as soda, sports drinks, imitation fruit juices, chips, candy, cookies, and snack cakes.

To promote healthful behavior in the school, the Board is committed to encouraging its students to consume fresh fruits, vegetables, lowfat milk and whole grains. The Board is also committed to encouraging students to select and consume all components of the school meal.

In order to promote and protect the student's health, well-being, and ability to learn, the Board is committed to providing school environments that support healthy eating and physical activity, and directs the Superintendent to ensure that the district takes the appropriate measures to meet the following district wellness and nutrition goals:

1. All students will have opportunities, support, and encouragement to be physically active on a regular basis;
2. Foods and beverages sold or served at school will meet the nutrition recommendations of the U.S. Dietary Guidelines for Americans, and the USDA nutrition standards for National School Lunch, School Breakfast and/or After School Snack Programs. The district will regulate the types of food and beverage items sold outside the Federal meal requirements, such as ala carte sales, vending machines, school stores, and fundraisers;
3. All students will be provided with adequate time for student meal service and consumption in a clean, safe, and pleasant dining environment. Lunch and recess or physical education schedules will be coordinated with the meal service;

4. To the maximum extent practicable, all schools in the district will participate in available Federal school meal programs (including the School Breakfast Program, National School Lunch Program including; After-School Snack Programs, Summer Food Service Program, and Child and Adult Care Food Program);
5. Schools will provide nutrition education and physical education to foster lifelong habits of healthy eating and physical activity, and will establish linkages between health education and school meal programs, and with related community services;
6. The Board will engage students, parents, teachers, food service professionals, health professionals, and other interested community members in developing, implementing, monitoring, and reviewing district-wide nutrition and physical activity policies;
7. District efforts to promote healthy nutrition and nutrition education, physical activity and other school-based activities that promote student wellness shall be measurable and evidence-based strategies and techniques and shall be implemented in each school.

Foods and beverages available for sale including all snack and beverage items sold anywhere on school property during the school day, items sold in ala carte lines, vending machines, snack bars, school stores and fundraisers or served in the reimbursable After School Snack Program, shall meet the United States Department of Agriculture, Nutrition Standards for All Foods Sold in School, as required by the Healthy Hunger-Free Kids Acts of 2010.

School Wellness/Youth Advisory Committee (YAC)

The School Business Administrator/Board Secretary or designee shall appoint a Wellness/Youth Advisory Committee (YAC) for each school. This committee should be comprised of a building administrator, a nurse or teacher, a representative from the food service company, a central office staff member, a parent, students, and others as may be appropriate. A committee may be convened to annually review and when necessary recommend revisions to school policies related to wellness and nutrition. In addition, the committees will review the existing food service program, make recommendations on how to improve the program, and share the likes and dislikes of food offerings.

The committee will annually report to the Board on the implementation of programs and initiatives related to student wellness and nutrition. The Board shall annually review and consider recommendations of the wellness committee.

Triennial Assessment

The Board shall ensure that a triennial (once every three years) assessment of the district wellness and nutrition policy and programs is completed. The recommendations of the committee shall be reviewed and considered as part of the triennial assessment. The assessment shall measure the implementation of the wellness and nutrition policy, and include:

1. The extent to which each school is in compliance with the school wellness and nutrition policy;
2. The extent to which the Board wellness and nutrition policy compares to the Federal and State model school wellness policies; and
3. A description of the progress made in attaining the goals of the wellness and nutrition policy.

The Board shall update or modify the policy and programs as necessary based on the results of triennial assessment.

Physical Activity

For students to receive the nationally-recommended amount of daily physical activity (i.e., at least sixty minutes per day) and for students to fully embrace regular physical activity as a personal behavior, the Board is committed to providing opportunities for physical activity beyond physical education class. Activities that may be implemented include but shall not be limited to:

1. Health education will complement and reinforce physical education. Students may be taught self-management skills that promote and help maintain a physically active lifestyle and reduce time spent on sedentary activities, such as watching television;
2. As initiated and determined by the teacher, opportunities for physical activity may be incorporated into subject area lessons;
3. Classroom teachers will make an effort to provide short physical activity breaks between lessons or classes, as appropriate;
4. The daily schedule shall allow for periods of physical activity before or after meal periods and minimum of twenty minutes for recess daily; and
5. The code of student conduct shall prohibit withholding recess or other periods of physical activity as a consequence or a disciplinary option.

Recordkeeping Requirements

The Superintendent or designee shall maintain records to document compliance with wellness and nutrition policy requirements. These records shall include but are not limited to:

1. The written wellness and nutrition policy;
2. Documentation demonstrating compliance with community involvement requirements;
3. Documentation of the triennial assessment of the wellness and nutrition policy; and
4. Documentation to demonstrate compliance with the annual public notification requirements.

Marketing

The marketing of food or beverages shall only be permitted on the school campus during the school day for foods and beverages that meet the competitive foods requirements.

For purposes of this Policy, marketing is defined as advertising and other promotions in schools. Food marketing commonly includes oral, written, or graphic statements made for the purpose of promoting the sale of a food or beverage product made by the producer, manufacturer, seller, or any other entity with a commercial interest in the product.

The marketing of products on the exterior of vending machines, through posters, menu boards, coolers, trash cans, and other food service equipment, as well as cups used for beverage dispensing are all subject to Board Policy, and the logos and products marketed in these areas and items are required to meet the competitive foods standards for foods sold in schools. This restriction shall not apply to marketing that occurs at events outside of school hours such as after school sporting or any other events, including school fundraising events.

General Requirements

The district's curriculum shall incorporate nutrition education and physical activity consistent with the New Jersey Student Learning Standards.

Food and beverages that are not sold such as foods and beverages served during special school celebrations or during curriculum related activities shall be exempt from this Policy. However, on such occasions healthy food choices such as fruits, vegetable, fruit juice and water shall be made available to all students participating in such activities.

This Policy does not apply to: medically authorized special needs diets pursuant to Federal regulations; school nurses using food or beverages during the course of providing health care to individual students; or special needs students whose Individualized Education Program (IEP) indicates their use for behavior modification.

Adequate time shall be allowed for student meal service and consumption. Schools shall provide a pleasant dining environment. The Board recommends that physical education or recess be scheduled before lunch whenever possible.

The Superintendent will specifically address the issue of bio-security for the school food service. Bio-security may be part of the plans, procedures and mechanism for school safety.

The Board is committed to promoting the nutrition policy with all food service personnel, teachers, nurses, coaches and other school administrative staff, so they have the skills they need to implement this Policy and promote healthy eating practices. The Board will work toward expanding awareness about this Policy among students, parents, teachers and the community at large.

The Superintendent shall develop regulations consistent with this Policy, including a process for measuring the effectiveness of its implementation, and designating personnel within each school with operational responsibility for ensuring the school is complying with the policy.

The Superintendent shall ensure that the public is informed about the content of the wellness and nutrition policy. The wellness and nutrition policy and any updates to the policy shall be made available to the public on an annual basis. The policy may be posted on the school website and/or at locations deemed appropriate by the Superintendent.

8506 SCHOOL LUNCH PROGRAM BIOSECURITY PLAN

The Board of Education is committed to protecting the health of the children and adults in school buildings by strengthening the safety of foodservice operations. Therefore, the Board requires the creation and implementation of a School Lunch Program Biosecurity Plan that will keep school meals free from intentional contamination and enable the foodservice to respond to threats or incidents of bioterrorism.

The School Lunch Program Biosecurity Plan shall be a document that spells out school lunch program policies and procedures that minimize the risk of intentional contamination of food and reduce the risk of illness or death in the school community. The Plan shall describe strategies for preventing threats and incidents of product tampering and food contamination. The Plan shall also include appropriate response actions to be taken should an incident occur. There may be a general Plan for all the schools in the district; however, the Plan will address the specific roles and responsibilities for individual schools or locations where food is served.

The School Lunch Program Biosecurity Plan shall be prepared, revised, and updated in accordance with the requirements of N.J.A.C. 2:36-1.13 - Biosecurity for School Food Service and the U.S. Department of Agriculture, "A Biosecurity Checklist for School Food Service Programs," March 2004 version, as amended and supplemented, as New Jersey's Biosecurity Policy for Child Nutrition Programs.

Students are allowed to decline one of the four food items offered, but must select at least a half cup of either fruit or half cup of vegetable or half cup of a fruit/vegetable combination.

After taking the half cup fruit or half cup of vegetable or half cup of a fruit/vegetable combination, students must select at least two additional food items in the full amounts (per grade group requirements) to count toward the reimbursable offer versus serve meal.

A student's decision to accept all four food items or to decline one food item shall not affect the price charged for the meal as the breakfast is priced as a unit. If students do not choose enough food items to comprise a reimbursable meal, a la carte prices will be charged.

School staff members cannot make exceptions to the Policy, such as requiring every student to take a particular food component. It is the student's choice to select any three or all four food items of the reimbursable meal.

At each school implementing this OVS Policy, school food service staff members will be trained annually on the provisions of the district's Breakfast OVS Policy.

Breakfast OVS will be implemented in all schools in the district.

School staff members cannot make exceptions to the Policy, such as requiring every child to take a particular food component. It is the student's choice to select any three, four, or all five components of the reimbursable meal.

8550 MEAL CHARGES/OUTSTANDING FOOD SERVICE BILL

The Board of Education shall establish a meal charge program to permit students in the district to charge for breakfast or lunch. Collection of any payment for a meal charge program account that is in arrears shall be addressed in accordance with provisions of this Policy.

The Board of Education recognizes a student may forget to bring breakfast or lunch (meal), as applicable, or money to purchase a meal to school on a school day. In this circumstance, the food service program will provide the student a meal and will inform the Principal or designee. The Principal or designee will contact the student's parent to provide notice of an outstanding meal bill and will provide the parent with a period of ten school days to pay the amount due. If the student's parent has not made full payment by the end of the ten school days, the Principal or designee shall again contact the parent with a second notice informing the parent of any action to be taken by the school district in response to a student's school breakfast or school lunch bill being in arrears. Such action may include denying the student school breakfast or lunch. A school district shall report at least biannually to the New Jersey Department of Agriculture the number of students who are denied school breakfast or school lunch in accordance with N.J.S.A. 18A:33-21a. and this Policy.

The school district shall not:

1. Publicly identify or stigmatize a student who cannot pay for a meal or whose school meal bill is in arrears. (For example, by requiring the student to sit at a separate table or wear a wristband, hand stamp, or identifying mark or by serving the student an alternative meal);
2. Require a student who cannot pay for a school meal or whose school meal bill is in arrears to do chores or other work to pay for the school meal; or
3. Require a student to discard a school meal after it has been served because of the student's inability to pay for a school meal or because money is owed for previously provided meals.

If a student owes money for the equivalent of five or more school meals at any time during the school year, the Principal or designee shall:

1. Determine if the student is eligible for a free or reduced-price school meal;

2. Make at least two attempts, not including the application or instructions provided to the parent each school year pursuant to N.J.S.A. 18A:33-21b.; to contact the student's parent and have the parent fill out an application for the school lunch program and school breakfast program; and
3. Contact the student's parent to offer assistance with the application for the school lunch and school breakfast program; determine if there are other issues within the household that have caused the child to have insufficient funds to purchase a school breakfast or school lunch; and offer any other appropriate assistance.

The school district shall direct communications about a student's school meal bill being in arrears to the parent and not the student. The school district's contact with the parent may be via email or telephone call. Nothing in N.J.S.A. 18A:33-21 shall prohibit the school district from sending a student home with a letter addressed to a parent.

If the student's meal bill is in arrears, but the student has the money to purchase a meal on a subsequent school day, the student will be provided a meal with payment and the food service program will not use the student's payment to repay previously unpaid charges if the student intended to use the money to purchase that school day's meal.

A parent who has received a second notice their child's meal bill is in arrears and who has not made payment in full within one week from the date of the second notice will be requested to meet with the Principal or designee to discuss and resolve the matter.

A parent's refusal to meet with the Principal or designee or take other steps to resolve the matter may be indicative of more serious issues in the family or household. However, when a parent's routine failure to provide breakfast or lunch is reasonably suspected to be indicative of child abuse or neglect, the Principal or designee shall immediately report such suspicion to the Department of Children and Families, Division of Child Protection and Permanency as required in N.J.S.A. 9:6-8.10. Such reporting shall not be delayed to accommodate a parent's meeting with the Principal or designee.

Students receiving free meals will not be denied a meal even if they accrued a negative balance from other purchases in the cafeteria.

In accordance with N.J.S.A 18A:33-21b., at the beginning of each school year, and upon initial enrollment in the case of a student enrolling during the school year, the school district shall provide to the parent of each student:

1. Information on the National School Lunch Program and the Federal School Breakfast Program;
2. An application to apply for the school lunch and school breakfast programs and instructions for completing the application; and
3. Information on the rights of students and their families under N.J.S.A. 18A:22-21 et seq.

The school district may provide the application and information electronically through the means by which the school district communicates with parents electronically. The application and information shall be in a language the parent understands.

The school district's liaison for the education of homeless children shall coordinate with school district personnel to ensure that a homeless student receives free school meals and is monitored according to the school district policies pursuant to N.J.S.A. 18A:33-21c.

The school district may post this Policy on the school district's website provided there is a method in place to ensure this Policy reaches all households without access to a computer or the Internet.

The Superintendent shall develop rules and regulations to supply courtesy transportation for students who must walk to and from school along routes designated by the school district to be hazardous routes. All documented arrangements will be considered permanent for the entire school year. Parents may alter arrangements upon prior written notification to the Principal.

Parents leaving students at school that are to be escorted home will be reported to the proper authorities.

The Superintendent or designee is responsible for keeping a record of the dismissal arrangements and implementing the appropriate dismissal supervision in accommodation of these arrangements.

Notification of Dismissal Protocols

The Superintendent or designee shall ensure that parents are notified of the following:

8613 WAIVER OF STUDENT TRANSPORTATION

The Board of Education is required to provide transportation services for the school year to an elementary student living more than two miles from the public school of attendance or to a secondary school student living more than two and one-half miles from the public school of attendance in accordance with the provisions of N.J.S.A. 18A:39-1 et seq.

The Board shall determine student transportation needs and approve student transportation routes based on all students eligible for transportation in accordance with the provisions of N.J.S.A. 18A:39-1 et seq. and any less than remote, courtesy busing, and/or hazardous route transportation determined by the Board of Education. However, while providing school bus seats for those students eligible for transportation each school year, the Board recognizes certain students eligible for transportation services voluntarily elect not to use the transportation services offered by the Board resulting in empty seats on school buses going to and from school. To assist the Board in operating the school district's transportation system in the most cost-effective manner, the Board may provide a student's parent/guardian the option of waiving transportation services for that school year in accordance with the provisions of N.J.S.A. 18A:39-1c. In the event the Board provides this option, a student's parent/guardian will be required to sign a written statement indicating the student waives transportation services for that school year. The written statement shall be in such form as determined by the New Jersey Department of Education.

In the event a parent/guardian of a student eligible for transportation services waives transportation services for that school year and circumstances change during that school year due to a family or economic hardship, the school district will reinstate the student's eligibility for transportation to and from school.

8635 STUDENT TRANSPORTATION VEHICLES AND SCHOOL BUSES

All student transportation vehicles and school buses will be scheduled to maximize their use while ensuring all routes are scheduled in a safe manner for drivers and passengers.

Student transportation vehicles and school buses will have time periods during the day between scheduled bus routes when they are not in use. These time periods may vary from route to route and vehicle to vehicle depending on issues such as a school's opening and ending times and the location of students transported to and from the school. Based on scheduling issues and the amount of time between transportation routes, the school bus driver may be required to return the school vehicle/bus to the school district transportation facility during the school day. In the event the schedule does not provide adequate time or it is not practical for the vehicle/bus to be returned to the school district's transportation facility between routes during the school day, the school bus driver may be required to park the vehicle/bus at another school building or location in the school district designated by the Supervisor of Transportation.

If the transportation route is for student transportation to and from a school building out-of-district, the driver may be required to return the transportation vehicle/bus to the district's transportation facility or to a school building or location designated by the Supervisor of Transportation for the time period between routes. In the event there is not adequate time or it is not practical for a vehicle/bus to return to the school district between out-of-district transportation routes, the Supervisor of Transportation will authorize the vehicle/bus remain at an approved location between such routes. The Supervisor of Transportation, in consultation with the driver and the out-of-district school, will designate a location for the driver to maintain the vehicle/bus in between the scheduled routes.

The safety and security of the transportation staff and the school vehicle/bus will be the most important consideration in designating an out-of-district location for vehicles that may not return to the transportation facility during the school day.

8651 COMMUNITY USE OF TRANSPORTATION

The Board of Education has made the buildings and grounds of the district's public schools available for nonprofit use, provided that, in the opinion of the Superintendent, such use would not conflict with, impede or negatively affect the operation of any school-related activities. The Board will also make school-owned vehicles available to transport groups of qualified senior or disabled citizens to civic, social, cultural, educational, recreational, nutritional and health programs and activities within the district, or in the immediately surrounding districts, provided the destination is within the district or any contiguous school district. Qualified senior citizens are persons over sixty residing in the area served by this school district and their spouses of less than sixty if they are accompanying them.

Further, the Board will make district buses available to groups of children and adults for transportation to and from municipal programs or events.

The Superintendent shall formulate administrative regulations in conformity with N.J.A.C. 6A:27-7.8 and all other pertinent law. These regulations shall provide for payment by the group of all or part of the costs incurred by the district in such use of its vehicles. The regulations will also refer to, without duplicating, all current regulations governing conduct of the public on and/or using school facilities.

The Board shall approve the use of buses for all non-school purposes.

In placing property insurance coverage, the Board shall be guided by the price of the coverage, the ability of the insurer to meet obligations promptly and fully, the reputation and past performance of the insurer's agent, and the goal of distributing the insurance coverage of the district through various insurance brokers selected by the Board.

Best and Company to be no less than A+; and must derive over fifty percent of their income from insurance premium commissions or receive no less than \$100,000 annually in premium income from sources other than this school district.

The Board of Education recognizes injuries to students may occur from accidents occurring in the course of attendance at school and participation in the athletic and co-curricular programs of the school district.

In accordance with the provisions of N.J.S.A. 18A:43-1, the Board is not required to, but may arrange for, maintain, and may pay the premiums for insurance coverage by a qualified insurer for loss sustained by students through accidental means while participating in those school activities insured by the Board's insurance provider. This insurance coverage, if purchased by the Board, will not cover all school activities and will be secondary insurance requiring all claims be submitted to the student's parent's or legal guardian's insurance provider before being submitted to the school district's insurance provider. All claim decisions and payment amounts will be made by the school district's insurance provider in accordance with the terms of the insurance policy purchased by the Board. The insurance coverage provided under this program will be based on a payment schedule and may not provide for full payment of such claims.

The Board, if such insurance is provided, may require payment to the Board by students to whom the benefit of such insurance is extended, of a proportional share of premiums or any part thereof in accordance with the provisions of N.J.S.A. 18A:43-2. In the event the Board requires such payment, the amount to be paid by students shall be established by a schedule determined by the Board, but no student electing not to participate in the accident insurance coverage shall be required to make any payment toward the cost of the premiums.

The Board may provide parent(s) or legal guardian(s) the opportunity to purchase insurance coverage, at no cost to the Board, for injury resulting from accidents sustained by students occurring in the course of attendance at school and participation in the athletic and co-curricular programs of the school district.

The Superintendent and/or designee will recommend suitable and qualified insurance providers for Board consideration and approval. Parent(s) or legal guardian(s) of students who may be eligible for such insurance coverage will be notified of its availability.

In accordance with the provisions of N.J.S.A. 18A:43-3, in the event the Board elects to provide this student accident insurance, it shall not be construed to impose any liability on the part of the Board for an injury sustained by a student as a result of or in connection with any activities outlined in N.J.S.A. 18A:43-1 or as a result of or in connection with the conduct of the physical education program of the school district.

The Board of Education directs the implementation of a public relations program to foster the continuing and constructive cooperation of this school district with parent(s) or legal guardian(s), community organizations and institutions, representatives of business and industry, and other members of the community served by the school district.

The Superintendent shall consult with representatives of the community in the development of educational goals for the district, objectives and standards for the educational program, and the family life education curriculum. The Board encourages the involvement of community members in the governance of the district through advisory committees, in accordance with Policy No. 9140.

The Board respects the contributions to community life made by business, industry, labor, charitable organizations, cultural institutions, volunteer associations, and other community groups that enrich the educational potential of the community. The Superintendent shall be alert to opportunities for an educational program expanded and enriched by utilization, both within and without the schools, of a diversity of community resources. A file of community resources shall be maintained in each school building.

The Board directs all district employees to acquaint residents with the work of the schools; to give thoughtful and courteous consideration to all inquiries and suggestions and carefully investigate all complaints; to make parent(s) or legal guardian(s) feel welcome in the school and in the classroom; to cooperate with parent organizations and other groups of residents seeking information or offering assistance to the schools; to treat all students with firmness, sensitivity, intelligence, and fairness so as to command their respect and enlist the cooperation of their parent(s) or legal guardian(s); and to work with others in a manner conducive to high morale and meriting the respect of the community.

9120 PUBLIC RELATIONS PROGRAM

The Board of Education believes all reasonable means should be employed to keep the community served by the school district informed on matters of importance regarding district programs, finances, personnel, policies, and operations.

The Board will determine which of its official actions have sufficient community impact and interest to warrant special release; the Board alone will release to the news media information about those matters of importance. The Board President may release information regarding Board actions of lesser importance as they have been recorded in the minutes of the Board meetings and upon the request of media representatives. The release of all other publications, photographs, and documents depicting the accomplishments of the students and staff of the district shall be approved by the Superintendent of Schools or designee.

The school district will not release or publish photographs or release other personal identifying information of an individual district student without the prior written permission of the parent(s) or legal guardian(s) or from the adult student. Written permission slips for such release from each parent(s) or legal guardian(s) or adult student will be obtained by the Principal or designee for the students in their school building or by the Program Administrator for students in programs where a Principal is not assigned. These written permission forms shall be maintained by the Principal or Program Administrator. Group photographs may be released by the district without permission, but in no event will an individual student in a group photograph be identified by name and/or by other personal identifier without written permission from the parent(s) or legal guardian(s) or adult student.

The Superintendent of Schools shall direct an information program designed to acquaint residents of the community and the public generally with the achievements and the needs of the schools. As a minimum, information shall be disseminated regarding the district's educational goals; the district's guarantee of equal educational opportunity; the district's programs for basic skills improvement, special education, bilingual education, and English as a second language; and summary reports of the administration of Statewide assessment tests. Every effort shall be made to foresee and avoid problems caused by misunderstanding or lack of information.

The public information program may include the publication and distribution of a district newsletter, meetings with parent(s) or legal guardian(s) and interested residents, a presentation and interpretation of the proposed annual budget, periodically distributed calendars and notices of events, the Superintendent's annual report, and a student handbook, as well as the release of news and photographs of school activities for publication. Notices, publications, and other written materials may be prepared in languages other than English when necessary and appropriate for understanding.

The Board of Education adopts the following strategies to minimize the cost of public relations as defined in N.J.A.C. 6A:23A-9.3(c)14 in accordance with N.J.A.C. 6A:23A-5.2.

School district publications shall be produced and distributed in the most cost-efficient manner possible that will enable the school district to inform and educate the target community. The use of expensive materials or production techniques where lower cost methods are available and appropriate, such as the use of multi-color glossy publications instead of suitable, less expensive alternatives, is prohibited.

The school district will not distribute, via mass mailings or other means to the district community at large, publications that include the picture(s) of any members of the Board of Education within ninety days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district. Any publication(s) distributed by the Board via mass mailings or other means to the district community at large within sixty days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district must be submitted to the Executive County Superintendent for review prior to distribution to ensure that the public funds are being expended in a reasonable and cost-effective manner.

Public relations activities, such as booths at Statewide conferences, marketing activities and celebrations for opening schools and community events, and TV productions that are not part of the instructional program or do not provide information about district or Board operations to the public, that are excessive in nature are prohibited. All activities involving promotional efforts to advance a particular position on school elections or any referenda are prohibited.

Nothing in N.J.A.C. 6A:23A-5.2 and this Policy shall preclude the school district from accepting donations or volunteer services from community members, local private education foundations and local business owners to conduct or assist in public relations services. Examples include, but are not limited to: providing school district flyers, newsletters, or other materials containing school-related information of public concern to local businesses, public meeting places, or other local organizations to display or make available for dissemination; making school district related information of public concern available to local newspapers to publish related articles; and utilizing volunteered services of local community members, district employees, members of parent organizations or local businesses with expertise in related areas such as printing, advertising, publishing, or journalism.

The Board of Education will establish annually prior to budget preparation, a maximum dollar limit for public relations, as defined in N.J.A.C. 6A:23A-9.3(c)14. In the event it becomes necessary to exceed the established maximum dollar limit for public relations, the Superintendent of Schools shall recommend to the Board of Education an increase in the maximum dollar amount for public relations. Any increase in the maximum dollar amount shall require formal Board action.

9130 PUBLIC COMPLAINTS AND GRIEVANCES

The Board of Education welcomes inquiries about and constructive criticism of the district's programs, equipment, operations, and personnel.

The Superintendent shall develop procedures to investigate and solve problems promptly, and to provide accurate factual information in answer to inquiries. Such procedures shall conform to State law and applicable negotiated agreements.

Parents and students will be informed of the proper avenues to follow in the individual school.

When a Board member is confronted with an issue, they will withhold commitment and/or opinion and refer the complaint or inquiry to the Superintendent.

Only in those cases where satisfactory adjustment cannot be made by the Superintendent and the staff shall communications and complaints be referred to the Board of Education, for resolution.

Any misunderstandings or disputes between the public and school district staff should, whenever possible, be settled by direct, informal discussions among the interested parties. A complaint about a school program or personnel should be addressed to the Building Principal; a complaint about instructional or resource materials should be addressed to the Superintendent or designee.

All signed complaints shall be acknowledged promptly.

9140 CITIZENS ADVISORY COMMITTEES

The success of the school system depends, to a large extent, on open channels of communication between the school community and the community at large. Citizens advisory committees are particularly useful in keeping the Board of Education and the administration informed with regard to community opinion and in representing the community in the study of specific school problems.

The Board may establish advisory committees as standing committees to serve in a liaison function between the local community and the schools, as permanent committees for funded programs as the law requires, and as the need arises.

In creating a new advisory committee, the Board shall appoint members of the community who are able and interested in the subject and concerned about the schools; appoint members who represent a wide range of community interests and backgrounds; appoint a chairperson; and appoint one or more Board members to serve as ex officio members.

In charging a new advisory committee, the Board shall define the committee assignment in writing, set a date for a preliminary and final report, and establish a budget. Expenditures of district funds by advisory committees shall be made only upon the approval of the Superintendent.

Recommendations of an advisory committee shall not reduce the responsibility of the Board, which may accept or reject recommendations in the exercise of its statutory discretion.

Meetings of an advisory committee that are open to or attended by fewer than a majority of the members of the Board are not subject to the Open Public Meetings Act and need not be open to the public, except as expressly permitted by the Board.

9150 SCHOOL VISITORS

The Board of Education welcomes and encourages visits to school by parent(s) or legal guardian(s), other adult residents of the community, and interested educators. In order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, the Board directs the enforcement of rules governing school visits.

The Superintendent and Building Principal each possess the authority to prohibit the entry of any person into a school of this district or to expel any person from the school when there is reason to believe the presence of such person would be inimical to the good order of the school. If such a person refuses to leave the school grounds or creates a disturbance, the Principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Visitors shall be required to register their presence in the school. No staff member shall transact business with or permit the continuing presence in the school of a visitor who has not been duly registered.

No visitor may confer with a student in school without the approval of the Principal; any such conference may take place only in the presence of a teaching staff member and/or administrator.

When the parental rights of a parent have been terminated by a court of appropriate jurisdiction, the legal guardian must inform the school so that the administration may apply appropriate regulations. The Principal shall seek confirmation of legal custodianship where necessary.

The Superintendent shall develop regulations that will protect students and employees of the district from disruption to the educational program and the efficient conduct of their assigned tasks.

The Board directs the Superintendent to prepare regulations for student and public behavior at interscholastic events and to publicly post such regulations and to devise procedures for the control of crowds.

The Board authorizes school officials to have expelled from any district event by the law enforcement officers on duty, any spectator who willfully violates the rules and regulations of the district or whose behavior jeopardizes the safe conduct of the event. Volunteers must be persons of known character, responsibility, and integrity.

Therefore, the Board authorizes a program for the utilization of volunteer athletic coaches and co-curricular activity advisors/assistants in the district.

For the purposes of this Policy, “volunteer athletic coach and co-curricular activity advisor/assistant” is a person who is not paid by the Board of Education, assisting under the direct supervision of an appropriately certified or licensed school district employee, and provides assistance for the school activity.

These volunteers must be persons of known character, responsibility, and integrity and must be recommended by the Superintendent and approved by the Board of Education prior to assuming any responsibilities.

9200 COOPERATION BETWEEN PARENTS AND SCHOOL

The Board of Education believes that the education of children is a joint responsibility that the Board shares with the parent(s) or legal guardian(s) of students. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained.

It is the position of the Board that parent(s) or legal guardian(s) bear the ultimate responsibility for their children's in-school behavior, including the behavior of students who have reached the legal age of majority, but are still for all practical purposes under parental authority.

The Board directs that cooperation be encouraged by parent-teacher conferences that permit two-way communication between home and school; open houses in district schools that provide parent(s) or legal guardian(s) with the opportunity to see the school facilities, meet the faculty, and observe the program on a first hand basis; meetings of staff members and groups of the parent(s) or legal guardian(s) of those students having special abilities, needs, or problems; and special events of a cultural, ethnic, or topical nature, which are initiated by parent groups, involve the cooperative effort of students and parent(s) or legal guardian(s), and are of general interest to the schools or community.

The Board encourages all staff members to become active members of these organizations. The Board directs the Principals and all staff members to work closely and cooperatively with the officers and Directors of such organizations toward the following goals:

1. To involve parents and school personnel in a cooperative manner to provide activities which increase educational opportunities for the children both in school and at home;

9230 PARENTAL RESPONSIBILITIES

The Board of Education believes that children benefit when parent(s) or legal guardian(s) recognize and discharge a responsibility to encourage and support the learning process.

Parent(s) or legal guardian(s) can help children learn by:

1. Requiring that children obey all school rules and by accepting responsibility for a child's improper conduct;
2. Sending children to school with proper attention to health, personal cleanliness, and dress;
3. Maintaining an active interest in each child's daily work and making it possible for the child to complete assigned homework by providing a quiet place and suitable conditions for study;
4. Reading communications from the school and signing and returning them promptly when so requested;
5. Attending conferences arranged for the exchange of information on the child's progress in school; and
6. Scheduling family matters to minimize interference with school time.

Adopted: 07 June 2022

9240 RIGHTS OF PARENTS

The Board of Education recognizes that the parent(s) or legal guardian(s) of each child are ultimately responsible for the care and custody of that child, and that both parent(s) or legal guardian(s) share that responsibility equally. The Board recognizes as well that, where only one parent has legal custody of a child, the rights and responsibilities of the other parent may be limited. The Board believes that the interests of the child are best served by the continuing involvement of both parents in the child's life and well-being.

The Board will presume that each natural or adoptive parent(s) or legal guardian(s) of a student enrolled in this district possesses full parental rights of access to the student and to information about the student, notwithstanding any separation of the parent(s) or legal guardian(s) or dissolution of their marriage. Accordingly, and in the absence of notice to the contrary, the Board directs that school administrators accommodate the needs of both parent(s) or legal guardian(s) for access to their child, to their child's teachers, and to information about their child.

Every parent, except as prohibited by Federal and State law, shall have access to records and information pertaining to their unemancipated child, including, but not limited to, medical, dental, insurance, child care and educational records, whether or not the child resides with the parent, unless that access is found by the court to be not in the best interest of the child or the access is found by the court to be sought for the purpose of causing detriment to the other parent.

The place of residence of either parent shall not appear on any records or information released pursuant to the provisions of this section.

A child's parent(s), guardian(s) or legal custodian(s) may petition the court to have a parent's access to the records limited. If the court, after a hearing, finds that the parent's access to the record is not in the best interest of the child or that the access sought is for the purpose of causing detriment to the other parent, the court may order that access to the records be limited. Proper notice of court action consists of the custodial parent's sworn affidavit or certification supported by a copy of the pertinent portion of a legal agreement or court order that awards custody and establishes the rights and limitation of the noncustodial parent or terminates the parental rights of the noncustodial parent.

Nothing in this policy shall be construed as limiting in any way the rights of the noncustodial parent whose parental rights have not been terminated to full access to their child's records.

9242 USE OF ELECTRONIC SIGNATURES

The New Jersey Uniform Electronic Transactions Act (UETA) authorizes a Board of Education to use electronic forms, filings, and signatures to conduct official business with the public. The use of electronic forms, filings, and signatures may save school district resources and will provide a convenient and cost-efficient option for parents to receive, review, and acknowledge receipt of information from the school district. Therefore, the Board of Education authorizes the use of electronic forms, filings, and signatures in communications between the school district and parents pursuant to the UETA.

For the purposes of this Policy, “electronic” means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

For the purposes of this Policy, “electronic record” means a record created, generated, sent, communicated, received, or stored by electronic means.

For the purposes of this Policy, “electronic signature” means an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

For the purposes of this Policy, “information processing system” means an electronic system for creating, generating, sending, receiving, storing, displaying, or processing information.

The school district may electronically send documents to parents of students enrolled in the school district. These documents may include, but are not limited to: informational notices; school or school related events or activities; periodic updates on a student’s progress; school district forms; requests for information; and any other communications between the school district and home. Some documents electronically sent to parents may require the parent to: acknowledge receipt of a document; provide parental consent for such matters as student compliance with the district’s acceptable use of school district computers and administration of surveys; and/or acknowledge receipt and acceptance of terms of a Board of Education policy, regulation, or practice. Any document sent to parents of students enrolled in the school district must be capable of retention by the recipient. To be capable of retention, the recipient at the time of receipt, must be able to retain and accurately reproduce the document for later reference by all persons who are entitled to retain the record. A record is not capable of retention by the recipient if the sender of its information processing system inhibits the ability of the recipient to print or store the electronic record.

The Board of Education authorizes documents may be electronically sent to parents of students enrolled in the school district only with the approval of the Superintendent of Schools. The Superintendent shall establish an information processing system to include a process for parents to electronically send, sign, and return documents to the school district. The school district shall make accommodations for a parent who is unable or unwilling to conduct business electronically. In addition, a parent may refuse to conduct business electronically for any reason and at any time. In this event, the school district shall make available a hard copy of the document(s) to the parent to review, maintain, and any document(s) requiring signatures to be returned to the district. The Superintendent will only implement an information processing system in accordance with the provisions of the UETA.

Documents that are electronically signed and returned to the school district may be maintained by the school district in electronic or non-electronic form. Documents returned to the district that are not electronically signed shall be maintained by the district in non-electronic form. However, nothing shall prevent the school district from converting a non-electronic document to an electronic document and for such document to be stored in electronic form. All electronic or non-electronic documents returned to the school district shall be maintained by the school district in accordance with the New Jersey Department of the Treasury - Records Management Services - Records Retention Schedules and in accordance with N.J.S.A. 12A:12-12.

9260 PARENTAL LIABILITY FOR VANDALISM

The school property held in trust by this Board of Education represents a substantial investment of the taxpayers of the school district; liability for the willful and malicious destruction of that property should be borne by those directly and indirectly responsible.

The Board further believes that parent(s) or legal guardian(s) are ultimately responsible for the supervision and discipline of students and that the knowledge that they are vicariously liable for the acts of their children and wards will encourage parent(s) or legal guardian(s) to exercise that responsibility more vigorously.

Where any property, real or personal, owned by this Board has been willfully and maliciously damaged by any minor, whether or not the person is enrolled in this district, the Board shall bring civil action against the parent(s) or legal guardian(s) having legal custody and control of the person at the time the damage was caused, for the full amount of the damage.

N.J.S.A. 18A:37-3

Adopted: 07 June 2022

9270 HOME SCHOOLING AND EQUIVALENT EDUCATION OUTSIDE THE SCHOOLS

The Board of Education encourages the enrollment of all children of school age resident in the district in public schools or in approved private schools so that they may enjoy the benefits of a well-planned educational program and the socialization possible in a group environment.

Every parent, legal guardian or other person having custody and control of a child between the ages of six and sixteen years shall cause such child regularly to attend the public school or a day school in which there is given instruction equivalent to that provided in the public schools for children of similar grades and attainments or to receive equivalent instruction elsewhere than at school. The Board recognizes its responsibility for assuring that every child of school age resident in the district is enrolled in a public or private school or is offered an equivalent thorough and efficient education elsewhere than at school. The Board acknowledges that a parent, guardian, or other person having custody and control of a child has a constitutional right to choose the type and character of education they feel is best suited for their child(ren), be it secular or sectarian. Home schooling is an option and when chosen this option will be carried out in the student's home rather than the school.

In the event the Superintendent determines there is credible evidence the parent, legal guardian, or other person having custody and control of a school-aged child is not causing the child to receive equivalent instruction elsewhere than at school, the Superintendent may request a letter of intent from the parent, legal guardian, or other person confirming the child is receiving equivalent instruction elsewhere than at school. The Superintendent may report to the appropriate municipal authorities children whom they have reason to believe are not receiving an education in accordance with N.J.S.A. 18A:38-25. The New Jersey Department of Education encourages the parent, legal guardian, or other person having custody and control of a school-aged child to notify the Superintendent of the intent to educate the child elsewhere than at school to avoid questions with respect to compliance with the compulsory education laws.

The parent or legal guardian or other person having custody and control of a child between the ages of six and sixteen, who fails to comply with any of the compulsory education provisions of N.J.S.A. 18A:38 et seq. relating to their duties, shall be deemed to be a disorderly person and shall be subject to a fine.

If a child seeks admission to this school district from a program of home schooling, the school district will evaluate the work of the child to determine their appropriate grade placement. The Superintendent or designee will objectively evaluate the child's skill and achievement levels, as it would with any transfer student, before making a determination as to the acceptability of credits and/or the appropriate grade level placement.

When children are home schooled and are not enrolled in a school, the school district is not required to provide any of the entitlements or privileges of students enrolled in the school district unless an entitlement or privilege is specifically provided in Board Policy or required by Federal law, or State statute or administrative code. The school district's curriculum and other public record information will be provided to the parent, legal guardian, or other person having custody and control of a child upon request in accordance with the Open Public Records Act and Policy and Regulation 8310.

A child educated at home shall not receive a State endorsed high school diploma from the Board of Education.

9280 PARENT CONFERENCES

The Board of Education endorses the parent-teacher conference as an effective means of permitting parent(s) or legal guardian(s) and teachers to share information about students and the educational program in a constructive setting.

The Superintendent is directed to schedule parent-teacher conferences at such times as will permit the maximum attendance of parent(s) or legal guardian(s), including working parent(s) or legal guardian(s); to encourage the participation of parent(s) or legal guardian(s); and to provide in-service training to teachers to assist them in making most effective use of the conference.

The Board believes that the information exchanged in parent-teacher conferences can be of great importance to the student's ability to profit educationally; such conferences are, therefore, an essential part of the instructional program and an integral part of a teacher's professional responsibility. Accordingly, all teachers are required to attend the parent conferences scheduled for the children assigned to them. A teacher's failure to observe this policy may be cause for discipline.

The Board regards parent-teacher conferences as non-adversarial meetings in which all persons present are united in a common interest in the educational well-being of the student. The parent(s) or legal guardian(s) of the student may bring to the conference additional persons who share that interest and wish to aid the parent(s) or legal guardian(s) and the teacher. When a parent(s) or legal guardian(s) desires the representation of legal counsel at the conference, however, the Board may wish to be similarly represented. Accordingly, the parent(s) or legal guardian(s) who plans to bring legal counsel to a parent-teacher conference shall notify the school Principal of that intention no later than five working days in advance of the conference in order that the Superintendent may secure such legal representation as they may deem advisable.

The purposes of the parent-teacher conference are best served when all persons present share freely and candidly their knowledge of the student's educational progress and information relating to that progress. Any person present may make and preserve notes, for their benefit, of the information shared and may, if permitted, make a tape recording of the conference as an aid to memory or to share with an absent parent or legal guardian. Because the presence of the tape recorder may act to impede the free exchange necessary to an effective conference, however, either the parent(s) or legal guardian(s) or the teacher may refuse the other's request that a tape recorder be used.

9320 COOPERATION WITH LAW ENFORCEMENT AGENCIES

The Board of Education recognizes that keeping students and staff safe and helping children understand and respect the law is best served by a close and cooperative relationship with local law enforcement.

The Board adopts this Policy and Regulation 9320 in accordance with N.J.A.C. 6A:16-6.1. to ensure cooperation between school staff and law enforcement authorities in all matters relating to the unlawful possession, distribution and disposition of controlled dangerous substances, including anabolic steroids, as defined in N.J.S.A. 24:21-2 and N.J.S.A. 2C:35-2, drug paraphernalia as defined in N.J.S.A. 2C:36-1, alcoholic beverages; firearms, as defined in N.J.S.A. 2C:39-1.f.; and other deadly weapons as defined in N.J.S.A. 2C:39-1.r.

The Board adopts Policy and Regulation 9320 in accordance with N.J.A.C. 6A:16-6.1. to ensure cooperation between school district staff and law enforcement authorities in all matters relating to the planning and conduct of law enforcement activities and operations occurring on school grounds, including arrest procedures, undercover school operations, and mandatory reporting the offenses listed in the Memorandum of Agreement between Education and Law Enforcement Officials (MOA).

The Superintendent or designee shall institute a program of such communication and cooperation with law enforcement in accordance with N.J.A.C. 6A:16-6.1.

This Policy and Regulation 9320 shall be submitted for review and approval to the Executive County Superintendent in accordance with N.J.A.C. 6A:16-6.2(a)2.

The Superintendent or designee shall annually review the MOA as adopted by the Board to ensure this Policy and Regulation 9320 are in accordance with the requirements outlined therein.

9324 SEX OFFENDER REGISTRATION AND NOTIFICATION

The Board of Education and administration will comply with the guidelines developed by the New Jersey Attorney General's Office and will work cooperatively with the County Prosecutor's Office and the Princeton Police Department regarding the requirements of N.J.S.A. 2C:7-1 et seq. (Megan's Law).

The Megan's Law notification statute applies to all sex offenders who are required to register pursuant to N.J.S.A. 2C:7-1 et seq. The offenses requiring registration by persons convicted, an adjudicated delinquent or a person acquitted by reason of insanity are as indicated in New Jersey Statutes Annotated.

Definitions

- A. Tier One offenders encompass those that are a "low risk of re-offense", thus constituting a low risk of harm to the community. This offender is one who, because of the type of crime, the lack of violence in their behavior, the lack of a substantial criminal history and the existence of ties to the community presents no more than a possible risk of re-offense.
- B. Tier Two offenders encompass those who are a "moderate risk of re-offense", thus constituting a moderate risk of harm to the community in that the pertinent documents demonstrate that they are reasonably likely to re-offend, warranting limited notice for the protection of the public.
- C. Tier Three offenders encompass those who are a "high risk of re-offense" in that the available record demonstrates that there is a probable risk of re-offense, warranting notice to the community likely to encounter the offender.

The County Prosecutors Office determines the specific schools, community organizations and residences to receive notification.

The School District is automatically included on the notification list and is not required to register to be notified under Tier Two or Tier Three notifications. Where the risk of re-offense is determined by the County Prosecutor's Office to be moderate or high in accordance with the law, the County Prosecutor's Office and/or the appropriate law enforcement office will notify the Superintendent and the Principal of the targeted school(s). The Superintendent should not notify the target school(s), but may contact the Prosecutor's Office if the Superintendent thinks that a

school in the notification area has been inadvertently omitted. The school district is entitled to receive the offender's name and a recent photograph, along with a physical description, the offense of which they were convicted, their address, place of employment and/or schooling, and vehicle license number.

The Board of Education shall take appropriate steps to educate and alert those staff members who are charged with the care and supervision of children, emphasizing that this information is intended to assist such staff members in the protection of their charges, not to provide notification to the community at large. All sex offender notification information to the community must be released by the appropriate law enforcement agency or the County Prosecutor's Office. The school district and/or any school staff member shall keep all sex offender notification information confidential. In the event the school district is notified a student is a Tier One or Two sex offender, the school district will cooperate with the local law enforcement and the County Prosecutor's Office on community notification consistent with the law and guidelines of the New Jersey Attorney General's Office.

The County Prosecutor's Office will be asked to provide guidance to the school district staff members. The Board of Education, working in conjunction with the County Prosecutor's Office and/or a local law enforcement office, will hold meetings and other educational programs at a particular school for staff regarding the safeguarding of the school district's children. There will be a strong emphasis on providing pertinent information, constructive knowledge and guidance to the community, as well as advice concerning the consequences of vigilante activity.

The Building Principal of each school notified by the Prosecutor's Office will have the discretion to make the determination as to which employees within the school should be informed of the notification. The Building Principal should share the notice with any person who in the course of the duties of their employment or assignment is regularly in a position to observe unauthorized persons in or near the property of the notified school. If any persons to be notified by the Building Principal are employees of private contractors, the Principal or the Superintendent will notify the private vendor who will provide notice to the employees.

The Principal shall only notify school appropriate district staff of Tier Two or Tier Three notifications and not to provide notification to the community at large. Guidance to the school district in providing this information to staff members will be obtainable from the County Prosecutor's Office.

9400 MEDIA RELATIONS

The maintenance of a good working relationship with the media is essential to meeting the objectives of the school district's community relations program.

The Board of Education must give formal approval to all basic practices governing relations between the media and the school district and reserves the right to negotiate, on terms most favorable to the school district, for the broadcasting, filming, or sound recording of any school event by an outside agency.

The Superintendent or designee shall be the chief communications representative of the school district. The chief communications representative shall be readily available to: provide media representatives with all appropriate and necessary information; suggest or supply feature articles or stories; prepare information to be released to the media; assist school and parent organizations with media relations; meet periodically with media representatives; protect school personnel from any unnecessary demands on their time by media representatives; and provide additional information as appropriate.

The Superintendent or designee must authorize in advance interviews between staff members and media representatives when the staff member is representing or speaking on behalf of the Board of Education or the school district.

A school district staff member not designated by the Superintendent or designee to assist in any of the media responsibilities outlined in this Policy, including speaking to a representative of the media, is not prohibited from doing so on their own behalf as a private citizen provided the staff member does not indicate or imply they represent or are speaking on behalf of the Board of Education or the school district and indicate they are speaking on their own behalf as a private citizen.

A staff member who is acting on their own behalf as a private citizen should be cognizant of their obligations to protect the privacy and confidentiality of students and school operations in accordance with Federal and State laws.
